EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Evergreen 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan's adoption agreement (the Adoption Agreement) for more complete information on the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1998. The Plan covers all employees of Evergreen Convalescent Hospital and Rehabilitation Center, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was amended at various dates through December 31, 2013 to comply with applicable laws and regulations.

Plan Administration

The Company is the plan administrator and is responsible for managing the day-to-day operations of the Plan. The Plan's trustee, State Street, is responsible for the management and custody of the Plan's assets. Automatic Data Processing, Inc. (ADP), is the Plan's recordkeeper.

Contributions

An employee must have completed three months of service with the Company to be eligible to participate in the Plan. Eligible employees may contribute from 2% to 15% of their compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Plan participants over age 50 may defer additional catch-up contributions, subject to the IRC limitations. Participants may also contribute rollovers representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Currently, the Plan offers a number of investment options in common/collective trust funds and mutual funds managed by State Street.

The Company may elect each year to make a discretionary matching contribution equal to a percentage of total employee savings contributions. The Company made no matching contributions to the Plan for the year ended December 31, 2013.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Contributions - Continued

The Company may also elect each year to make discretionary profit sharing contributions on behalf of all eligible participants. The Company did not elect to make discretionary profit sharing contributions for the year ended December 31, 2013.

Vesting

Participants are fully vested in their contributions and the earnings thereon. Vesting in the Company's matching and discretionary profit sharing contributions portion of their accounts plus earnings thereon is based on years of continuous service. The Plan provides for vesting of Company matching and discretionary profit sharing contributions as follows:

<u>Years of Service</u>	<u>% Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more years	100%

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are first applied against administrative expenses of the Plan. Any remaining forfeitures may be used to reduce the Company's matching contributions. No forfeitures were available for future use at December 31, 2013 and 2012.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution or installment payments equal to the participant's vested account balance, if the vested account balance is more than \$5,000. If the vested account balance is \$5,000 or less, the entire balance will be paid out. For balances between \$1,000 and \$5,000, the participant may elect to either directly transfer vested account balance to an individual retirement annuity (IRA) or another qualified plan or receive the vested benefits in a lump-sum payment. If no election is made, vested benefits are transferred to a separate IRA established by the Company. Payments of account balances in excess of \$5,000 may be deferred until age 70½. In addition, hardship distributions are permitted if certain criteria are met.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN – CONTINUED

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions (including those rolled over from another qualifying plan), related matching and profit sharing contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations are based on the proportion that each participant's account balance bears to the total of all participants' account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum limited to the lesser of: (1) \$50,000 or (2) 50% of the participant's vested account balance. Each loan bears a reasonable rate of interest, which is determined by the trustee of the Plan. Loans must be repaid in level payments generally through after-tax payroll deductions over a period not to exceed five years, unless such loan is used by the participant to acquire a personal residence. Should employment with the Company be terminated prior to the full repayment of the loan, all remaining unpaid principal and interest shall be considered an immediate distribution of benefits under the Plan and reported as taxable income to the participant.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan. Audit fees and other administrative expenses are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements, and the reported amounts of additions and deductions during the reporting periods. The most important of these estimates and assumptions relate to fair value measurements of the Plan's investments. These and other estimates and assumptions are based on the best available information but actual results could be materially different from those estimates.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Valuation of Investments

In accordance with GAAP, all assets of the Plan are stated at fair value or amounts approximating fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 6). GAAP also requires the statements of net assets available for plan benefits present the adjustment from fair value to contract value for the fully benefit-responsive investment contracts, if material, and the statement of changes in net assets available for plan benefits to be prepared on a contract value basis for the fully benefit-responsive investment contracts.

Fully benefit-responsive investment contracts are the contracts that guarantee that (1) the crediting rate provided under the contract will not fall below zero and (2) participant-initiated withdrawals from the fund (i.e., withdrawals as the result of death, disability, retirement, termination of employment, hardship withdrawal, loan, and transfers to a non-competing fund) will be covered at contract value.

Stable Return Fund

The Plan invests in Invesco Stable Asset Fund (the Fund), which is a stable return fund that is a common/collective trust held by State Street. The objective of the Fund is to protect the principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit.

This objective is achieved by investing in instruments that are not expected to experience significant price fluctuations in most economic or interest rate environments, such as investment contracts, including traditional guaranteed investment contracts (GICs) and security-backed contracts issued by insurance companies and other financial institutions.

Investments held by the Fund are deemed fully benefit responsive as withdrawals from these investment contracts may be made at contract value for qualifying benefit payments, including participant-directed transfers, and reported at contract value.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Stable Return Fund - Continued

Contract value represents contributions made by participants, plus earnings, less participant withdrawals and administrative expenses. The Plan's management has determined that the estimated fair values of the Plan's fully benefit-responsive investment contract as of December 31, 2013 and 2012 approximated contract value, and the difference between fair value and contract value was immaterial.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events may include, but are not limited to: (1) amendments to the Plan's documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan's sponsor or other Plan's sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event is probable.

During 2013 and 2012, the yield earned by the Fund was 1.22% and 0.91%, respectively. The yield earned by the Fund with an adjustment to reflect the actual interest rate credited to participants in the Fund at December 31, 2013 and 2012 was 1.30% and 1.62%, respectively.

Recognition of Income

Sales and purchases are accounted for on a trade date basis, and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net change in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Benefit claims are accrued when they have been processed and approved for payment by the Plan. The amounts allocated to accounts of terminated employees who have also terminated their participation in the Plan, including involuntary cash-outs, as a component of net assets available for plan benefits, was \$3,590 and \$7,203 at December 31, 2013 and 2012, respectively.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Recent Accounting Pronouncements

In the normal course of business, the Plan evaluates all new accounting pronouncements to determine the potential impact they may have on its financial statements. Based upon this review, the Plan does not expect any of the recently issued accounting pronouncements, which have not already been adopted by the Plan, to have a material impact on its financial statements.

Subsequent Events

In accordance with GAAP, events occurring between December 31, 2013 and October 1, 2014 (the date these financial statements were available to be issued) were evaluated, and no material subsequent events that required recognition or disclosure in these financial statements were noted.

NOTE 3 - TAX STATUS

The Plan has adopted a Prototype Profit Sharing Plan and received a favorable opinion letter from the Internal Revenue Service (IRS) dated November 6, 2001, which stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with GAAP, the Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there were no uncertain positions taken or expected to be taken. As a result, the Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - PLAN AMENDMENT AND TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for plan benefits as of December 31, 2013 and 2012, the supplemental Schedule H, line 4i – Schedule of assets (Held at End of Year) as of December 31, 2013, and the related investment activity reflected in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2013.

NOTE 6 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (an exit price). The fair value hierarchy prioritized the inputs to valuation techniques used to measure fair value into three levels, with the highest priority given to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority given to unobservable inputs (Level 3).

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies used for the Plan's assets measured at fair value on a recurring basis are as follows:

Mutual funds: These investments are stated at fair value determined using the net asset value (NAV) provided by investment managers, which is a quoted price in an active market (Level 1).

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - FAIR VALUE MEASUREMENTS – CONTINUED

Common/Collective trust funds: These investments are valued using the NAV provided by State Street. The NAV is quoted on a private market that is not active; however, it's based on the values of underlying investments, which are traded on an active market (Level 2).

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the measurement date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one level to another. In such instances, the transfer is reported at the end of the reporting period. There have been no changes in the valuation methodologies used at December 31, 2013 and 2012 to value the Plan's assets at fair value, and there were no significant transfers in or out of Levels 1, 2, or 3.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2013 and 2012:

NOTES TO FINANCIAL STATEMENTS

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by State Street, the trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest and are denoted as such in the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year). However, these party-in-interest transactions are exempt pursuant to applicable ERISA regulations.

NOTE 8 - INVESTMENTS

The fair values of individual investments that represent 5% or more of the Plan's net assets are as follows at December 31:

	<u>2013</u>	<u>2012</u>
Invesco Stable Asset Fund	\$ 104,076	\$ 103,984
SSGA S&P 500 Index Fund	46,154	32,726

During 2013, the Plan's investments (including interest, dividends, and gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$44,085.
