Squire Sanders Retirement Savings Plan

Notes to Financial Statements

December 31, 2013 and 2012

Note 1: Description of Plan

The following description of Squire Sanders Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan’s provisions.

General

The Plan is a defined contribution plan with a cash or deferred arrangement that in the year ending December 31, 2013, covered all employees and partners of Squire Sanders (US) LLP (the “Firm”), except law clerks, non-U.S. citizen employees and partners with no U.S.-source income from the Firm, independent contractors, and persons who have waived participation in the Plan. Each eligible employee and partner may elect to have Tax Deferred Contributions and/or Roth Contributions made on his or her behalf to the Plan as of the first day of any month following his or her employment commencement date. Each eligible employee who is not an associate lawyer and each eligible partner will be credited with annual Firm Basic Contributions with respect to the period beginning with the first entry date (January 1, April 1, July 1, and October 1) after completion of one year of service as defined by the Plan. The Plan complies with Section 401(a) of the Internal Revenue Code of 1986, as amended (the “Code”) and is subject to ERISA.

Effective June 1, 2014, the Firm merged with Patton Boggs LLP, the name of the Firm was changed to Squire Patton Boggs (US) LLP, and the name of the Plan was changed to Squire Patton Boggs Retirement Savings Plan. No significant changes in Plan provisions are expected as a result of the merger.

The Plan is administered by the Firm’s Retirement Plan Committee (the “Committee”). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, as Tax Deferred Contributions that comply with the requirements of the Code as well as a percentage of their post-tax annual compensation as Roth Contributions that comply with the requirements of Section 402A of the Code. Participants who have attained age 50 before the end of the Plan year are also eligible to make tax-deferred Catch-up Contributions. The Firm makes annual Firm Basic Contributions for eligible employee participants, who are not associate lawyers, equal to 8% of each such participant’s compensation, as defined in the Plan, for such year. The Firm also makes Firm Basic Contributions for eligible partner participants that are age-based and generally calculated as follows:

Age as of December 31	Percentage of Adjusted Distributable Net Income	Maximum Annual Firm Basic Contribution
Under 32 years	5.00%	\$ 11,250
32 through 34 years	8.00%	\$ 18,000
35 through 39 years	11.00%	\$ 24,750
40 years and older	15.25%	\$ 33,500
		\$ 34,500 (effective January 1, 2014)

Notes to Financial Statements

December 31, 2013 and 2012

Note 1: Description of Plan (continued)

Contributions (continued)

Participants may rollover amounts representing distributions from other qualified defined benefit or defined contribution plans to their Plan accounts and prior to January 1, 2010, each non-highly compensated participant, who was not a partner, could have made Voluntary After Tax Contributions to the Plan in an amount up to 6% of his or her compensation, as defined in the Plan. Participants direct the investment of the contributions allocated to their Plan accounts into various investment options offered by the Plan. The Plan currently offers a wide range of mutual funds, a set of Lifecycle funds, and a BrokerageLink option as investment options for participants. The BrokerageLink option allows participants to actively manage their Plan accounts and invest in stocks, bonds, and other securities traded on national securities exchanges.

Participant Accounts

Each participant's Plan account is credited with his or her Tax Deferred Contributions, Roth Contributions, Catch-up Contributions, Voluntary After Tax Contributions (if any), Rollover Contributions, any Firm Basic Contributions, and any transfers from related plans, as well as earnings attributable to his or her Plan accounts. Each Plan account is charged with an allocation of transaction costs and certain service charges, which are based on the investment options selected and certain transactions. The benefit to which a participant is entitled under the Plan is the benefit that can be provided from such participant's vested Plan account.

Vesting

Participants are vested immediately in their Tax Deferred Contributions, Roth Contributions, Catch-up Contributions, Voluntary After Tax Contributions (only made prior to January 1, 2010), Rollover Contributions, and related plan transfers. Vesting in the Firm Basic Contributions allocated to Plan accounts is based on years of continuous service. A participant is 100% vested in the Firm Basic Contributions allocated to his or her Plan account after being credited with three years of service.

Notes Receivable from Participants

A participant may borrow from his or her Plan account an amount equal to the lesser of (1) \$50,000 minus his or her highest outstanding loan balance in the last 12 months, or (2) 50% of his or her account balance. Such borrowings are secured by the balance in the participant's account and bear a reasonable interest rate (generally, prime plus 1%) as determined by the Plan Administrator. Principal and interest is paid ratably through regular payroll deductions.

Payment of Benefits

Upon separation from service due to death, disability, retirement, or termination of employment, a participant or beneficiary, may elect to receive either a lump-sum amount equal to the vested balance of his or her Plan account, or over a series of installments, as set forth in the Plan.

Note 1: Description of Plan (continued)

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$128,304 and \$80,979, respectively. Forfeitures are to be used to reduce future Firm contributions. In 2013, employer contributions were reduced by \$93,228 from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Basis of Presentation

The Plan follows authoritative guidance issued by the Financial Accounting Standards Board ("FASB") which established the FASB Accounting Standards Codification ("ASC") as the single source of authoritative accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Squire Sanders Retirement Savings Plan

Notes to Financial Statements

December 31, 2013 and 2012

Note 2: Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The administrative expenses of the Plan are paid from the Plan assets, unless the Firm elects to pay them. Fees related to the administration of notes receivable from participants and certain distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 26, 2014, the date the financial statements were available to be issued.

Note 3: Trustee Certification

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Notes to Financial Statements

December 31, 2013 and 2012

Note 4: Investments (Unaudited) (continued)

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Registered investment companies	\$ 61,508,506
Stocks	2,399,384
Corporate bonds	(9,017)
Municipal bonds	(3,744)
Government bonds	(65,442)
Cash and cash equivalents	(4,466)
Other	<u>(16,684)</u>
	\$ <u>63,808,537</u>

Note 5: Fair Value Measurements

The framework measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy of an asset or liability is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2013 and 2012

Note 5: Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Shares of registered investment companies: Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

BrokerageLink accounts: Contained within participant directed BrokerageLink accounts are shares of stock, corporate and government bonds, options, and cash equivalents and short-term investments. Shares of stock and options are valued at quoted market prices. Bonds are reported at estimated fair market value based on readily observable inputs. Investments in cash equivalents and short-term investments are valued at amortized cost, which approximates fair value. Other investments represent units of membership in various entities.

The following table sets forth by level the Plan's assets at fair value as of December 31, 2013:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Note 6: Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies managed by an affiliate of Fidelity Management Trust Company. Since Fidelity Management Trust Company is the trustee of the Plan assets, these transactions qualify as party-in-interest transactions.

Certain Plan investments are shares of registered investment companies managed by an affiliate of Wells Fargo & Company. Additionally the Plan holds shares of Wells Fargo & Company. Since an affiliate of Wells Fargo Advisors is an investment advisor to the Plan, these transactions qualify as party-in-interest transactions. The investment advisor received \$25,000 during the year ended December 31, 2013, as compensation for services received by the Plan.

Certain administrative functions are performed by partners or employees of the Firm. No such partner or employee receives compensation from the Plan; however, the Firm may receive reimbursement for a portion of the employees' compensation related to Plan administration duties.

Notes to Financial Statements

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their Firm contributions.

Note 8: Tax Status

The Internal Revenue Service has determined and informed the Firm by a letter dated November 3, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions. During the year ended December 31, 2012, the Internal Revenue Service undertook an audit of the 2010 plan year. The inquiry was completed and a satisfactory closing letter was issued on January 15 2014. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10: Transfer from a Related Plan

The Plan allows for the transfer of certain participant account balances from the Squire Sanders Cash Balance Pension Plan ("CBPP"). During 2013, transfers from the CBPP for 2012 totaling \$3,373,670 were received by the Plan. Subsequent to December 31, 2013, transfers for 2013 totaling \$3,148,252 were received from the CBPP.
