We were engaged to audit the accompanying financial statements of AMS – A Medical Service, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2013 and June 30, 2013, and the related statements of changes in net assets available for benefits (modified for cash basis) for the twelve and six month periods then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by State Street Bank and Trust Company and Great West Life & Annuity Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that State Street Bank and Trust Company held the Plan's investment assets and executed investment transactions from December 19, 2013 to December 31, 2013, and that Great West Life & Annuity Insurance Company held the Plan's investment assets and executed investment transactions as of June 30, 2013, and for the period July 1, 2012 to December 18, 2013. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2013 and June 30, 2013, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Other Matter

The supplemental schedules of Assets Held for Investment Purposes and Assets Acquired and Disposed of Within the Plan Year as of the years ended December 31, 2013 and June 30, 2013, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A – DESCRIPTION OF PLAN

The following description of the AMS – A Medical Service, Inc. Employee 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan established for the benefit of the employees of the following companies:

Nurses That Care Home Health Services, Inc.
Nurses That Care – Sitter Services, Inc.
Nurses That Care Consulting Services, Inc.
Sun Valley Adult Health Center
Sun Valley Adult Day Care II

The original effective date of the Plan was October 1, 1994. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On December 12, 2013, the Plan elected to change its year end from June 30 to a calendar year basis ending on December 31 in order to have the Plan on the same basis as its payroll system, therefore creating time and administrative efficiencies.

In October 2013, the Plan elected to change third party administrators from Great West Life & Annuity Insurance Company to ADP Retirement Services. (ADP). With the exception of the Guaranteed Fixed Interest Account, assets were transferred from Great West Life & Annuity Insurance Company to ADP Retirement Services on December 19, 2013. The custodian of the assets is State Street Bank and Trust Company.

2. Plan Amendments

A plan amendment became effective on July 1, 2011, adding the following provisions:

a) A Roth provision in which participants are now allowed to make Roth contributions into their 401(k) Plans;
b) The forfeiture allocation method now allows all contributions to reduce either nonelective and/or matching contributions; and
c) The limit for mandatory distributions was raised to $5,000 from the previous $1,000 to participants who incur a severance from employment and who will receive a distribution from attaining the later of age 62 or normal retirement age.

3. Eligibility

Employees are eligible to begin participation in the Plan once they have completed six consecutive months of service, during which they must have completed at least 500 hours of service and reached the age of 21. If the 500 hours of service has not been met during the first six months of service, then eligibility becomes effective once a year of service has been completed.

NOTE A – DESCRIPTION OF PLAN (*Continued*)

A year of service is considered complete if, at the end of the first twelve consecutive months of employment, at least 1,000 hours of service has been completed. If the 1,000 hours of service by the end of the first twelve consecutive months of employment is not met, then an employee is considered to have completed a year of service at the end of any following Plan year during which the employee is credited with at least 1,000 hours of service.

An employee's entry date into the Plan is the first day of the next month following the date in which the eligibility requirements described above have been met.

4. Contributions

Participants may contribute up to the maximum allowable limit of $17,000 in 2012 and $17,500 in 2013 of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may elect to make a discretionary matching contribution of 10% of the first 6% of compensation that a participant contributes to the Plan. This contribution was credited to all participants actively employed for each pay period of the Plan year. Employee and employer contributions are invested according to the employee investment elections. The employer may also elect to make a discretionary profit sharing contribution determined by the employer each year. Contributions are subject to certain IRS limitations.

5. Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, an allocation of the Company's contribution, Plan earnings, and an allocable portion of the Plan's forfeitures credited based on the employer matching contribution made during the previous period. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Vesting

Each participant is 100% vested in his or her voluntary contribution account plus actual earnings thereon. Employer matching contributions and profit sharing contributions are discretionary contributions and are vested according to the following schedule:

NOTE A – DESCRIPTION OF PLAN (*Continued*)

Vesting Schedule	
Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

7. Notes Receivable from Participants

Under the provisions of the Plan, participants may borrow from their accounts a minimum of $1,000. The maximum loan amount that a participant may request is the lesser of $50,000 or 50% of the vested account balance. The number of loans a participant may have outstanding at one time is two, so long as loan repayments are submitted via payroll deduction and are identified separately. Loan terms generally have a term of twelve to sixty months. Interest rates are based on the Prime Rate (currently 3.25%) plus 1%.

8. Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive all or portion of their vested account balance as a lump-sum amount, a series of scheduled payments from the plan, or paid as a direct rollover to another qualified retirement plan or IRA. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows for hardship distributions not to exceed the amount of the immediate financial need if the withdrawal request is for a purpose delineated in the Plan document. The Plan document explains more detailed specifics on the payment of benefits.

9. Forfeited Accounts

At December 31, 2013 and June 30, 2013, forfeited nonvested accounts totaled $1,299 and $3,986 respectively. These accounts will be used to reduce future employer matching contributions or employer nonelective contributions. For the six months ended December 31, 2013 and the year ended June 30, 2013, employer nonelective contributions were reduced by $28,358 and $3,302, respectively from forfeited nonvested accounts.

10. Investment Options

Upon enrollment into the Plan, participants may allow the third party administrator to direct or self-direct their salary deferral contributions to selected investments as made available. These investment options are more fully described in the Plan's literature. Participants may change their investment options periodically.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

2. Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles, requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Notes Receivable from Participants

In accordance with FASB ASU No. 2010-25, loans to participants are classified as notes receivables and are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2013 and June 30, 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

4. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits

Benefits are recorded when paid.

6. Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are deducted from the loan taken out by the participant. Fees related to benefit withdrawals are deducted from the benefit payment. Managed accounts are assessed a monthly fee charged directly to the participant's account.

7. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are not recorded until paid since the financial statements are prepared on the modified cash basis of

7. Excess Contributions Payable (Continued)

accounting. The Plan distributed the excess contributions as of December 31, 2013 to the applicable participants prior to March 15, 2014.

NOTE C – CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2013 and June 30, 2013, and net appreciation in fair value of investments, interest, and dividends for the six months ended December 31, 2013 and the year ended June 30, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great West Life & Annuity Insurance Company (custodian of the Plan as of June 30, 2012 and for the period of July 1, 2012 through December 18, 2013) and State Street Bank and Trust Company (custodian of the Plan as of December 31, 2013 and the period of December 19, 2013 through December 31, 2013), respectively. The contract value of the guaranteed investment contract was certified by Great West Life & Annuity Insurance Company.

NOTE D – INVESTMENTS

The fair values of investments that represent five percent or more of the Plan's net assets available for benefits as of December 31, 2013 and June 30, 2013 are as follows:

NOTE D – INVESTMENTS (*Continued*)

During the six month period ended December 31, 2013 and the year ended June 30, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $141,399 and $150,149, respectively as follows:

	December 31	June 30
Mutual funds	22,893	$ -
Collective trust funds	2,831	-
Pooled separate accounts	115,674	150,149
	$ 141,399	$ 150,149

NOTE E – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted market prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE E – FAIR VALUE MEASUREMENTS (*Continued*)

Level 3 Fair Value Measurements

Inputs that are unobservable inputs for the assets or liabilities, which are typically based on the Plan's own assumptions, as there is little, if any, related market value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and June 30, 2013.

Pooled Separate Accounts. Pooled separate accounts are invested in mutual fund investments. These are variable annuity investment contracts. Prices/unit values for these variable annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract. The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract.

Mutual Funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds. Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. The collective trust funds are subject to withdrawal risk if a significant withdrawal of capital from the portfolio occurs. In cases such as these, the portfolio may be required to sell its more liquid portfolio investments to meet a large redemption, which could result in the portfolio's remaining assets being less liquid, more volatile, and more difficult to price. The trustee (State Street Global Advisors) has the authority to limit redemptions from the portfolio. Any limitation on redemptions may be imposed in response to market factors or actual or anticipated redemption activity, which may occur suddenly or unpredictably. Therefore, in these situations, the Plan may not be able to redeem its investment in the portfolio at any particular time or on the terms it might otherwise expect.

Guaranteed Interest Accounts. These accounts provide a guarantee of principal and a guaranteed quarterly interest rate. The entire general account assets of Great West Life & Annuity Insurance Company back these guarantees. These are fixed annuity investment contracts. A provision exists in the investment contract that prevents the immediate and full payout of the contract value for plan-initiated transactions. Therefore, this contract is not considered to be fully benefit responsive.

NOTE E – FAIR VALUE MEASUREMENTS (*Continued*)

Fair value is determined using a discounted cash flow valuation methodology where the interest rate for the investment contract is reset at least as frequently as annually. Fair value of the investment contract, prior to contract termination, is equal to contract value, which was certified by the custodian.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and June 30, 2013:

	Assets at Fair Value as of December 31, 2013

Total assets at fair value	$ -	$ 1,334,152	$ 1,334,152

NOTE F – TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain plan investments are variable and fixed annuity contracts and common/collective trusts managed by Great West Life & Annuity Insurance Company and State Street Corporation. Great West and State Street are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services such as investment management and recordkeeping are included in net appreciation in the value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan administrator pays directly any other fees related to the Plan's operations.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to change, amend or discontinue the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE I – FEDERAL INCOME TAX STATUS

The Plan has adopted a prototype standardized plan and the prototype sponsor has received a determination letter on the acceptability of the form of the plan dated March 31, 2008 indicating that the Plan is a qualified plan meeting the applicable requirements of applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would be sustained upon examination by relevant taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to June 30, 2011.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K – SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 8, 2014, which is the date the financial statements were available to be issued.
