HULL AND ASSOCIATES, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF RETIREMENT PLAN

General

The Plan is a defined contribution plan covering all eligible employees of Hull and Associates, Inc. (the "Company"). Participants are eligible to make pretax contributions if they have reached the age of 21. Employees meeting the eligibility requirements may enroll in the Plan on the first day of the third month following the month of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Contributions

Participants may elect to contribute a percentage of their compensation to the Plan on a pre-tax basis through payroll deductions subject to limitations under the Internal Revenue Code.

The Plan includes a Safe Harbor matching contribution by the Company. The Company matches 100% of the first 3% of the participant's compensation deferred into the Plan and 50% of the next 2% of their compensation.

The Company may also make discretionary matching or non-elective contributions. Discretionary non-elective contributions are allocated based on an excess integrated allocation formula. To be eligible for any Company contributions, participants must work at least 1,000 hours of service during the Plan year and be employed by the Company on the last day of the Plan year.

The Plan also provides for an employer profit sharing contribution, which is in addition to the employer's matching contribution. Profit sharing contributions totaled \$264,140 and \$0 for the year ended December 31, 2013 and 2012, respectively.

The Plan also allows participants to transfer amounts (rollovers) from other qualified plans to their respective account upon meeting the eligibility requirements to participate in the Plan.

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in the Company's Safe Harbor matching contribution and their voluntary contributions plus actual earnings thereon. Vesting in other Company contribution portions of their accounts plus earnings thereon is based on years of continuous service. A participant is vested as follows: 0% during year 1; 25% after year 1; 50% after year 2; 75% after year 3; and 100% after year 4.

HULL AND ASSOCIATES, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF RETIREMENT PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan terms range from one to five years or up to thirty years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account.

Forfeited Amounts

Forfeitures shall be used to reduce employer contributions and offset Plan expenses. At December 31, 2013 and 2012, there were no unallocated forfeited assets, respectively. During 2013 and 2012, forfeited amounts of \$1,497 and \$2,545 were utilized by the Plan to reduce employer contributions and administrative fees, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates in Financial Statement Preparation

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain plan administrative expenses may be paid for by the Plan as provided in the plan document.

Subsequent Events

Subsequent events have been evaluated through October 7, 2014, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In October 2012, the FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this Update cover a wide range of Topic in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for nonpublic entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The adoption of ASU 2012-04 is not expected to have a material impact on subsequent periods.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2013 and 2012, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Co. (the custodian of the Plan).

American Funds Bond Fund of America	- *	1,116,859

* Does not represent 5% or more of plan assets, shown for comparative purposes only.

NOTE 5: FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

HULL AND ASSOCIATES, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued based on the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

Assets at Fair Value as of December 31, 2013

NOTE 6: RELATED PARTY TRANSACTIONS

The Plan receives administrative services from third parties who qualify as parties-in-interest. Administrative expenses represent fees paid to these service providers.

NOTE 7: PLAN TERMINATION

Although the Plan sponsor has not indicated any intent to do so, it has the right to terminate the Plan at any time. In the event the Plan sponsor terminates the Plan, participants will become fully vested and are entitled to receive the value of their account, including employer contributions and earnings thereon.

HULL AND ASSOCIATES, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8: FEDERAL INCOME TAX STATUS

The Plan has adopted a non-standardized form of a prototype plan. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan, as amended, is currently being operated in compliance with applicable requirements of the Internal Revenue Code and is exempt from Federal income taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

There are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 9: RISKS AND UNCERTAINTIES

The plan invests in various securities that are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with such investments, it is reasonably possible that changes in the values of such investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.
