NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Protingent, Inc. 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Protingent, Inc. and Protingent Franchise, LLC who are 21 years of age and have completed a month of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees have adopted a Volume Submitter 401(k) Profit Sharing Plan with CODA, as provided by Paychex, Inc. The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions - Each year, participants may elect to contribute a percentage of their compensation to the Plan as defined in the Plan. The company may make a discretionary matching contribution. The company may also make a discretionary profit sharing contribution to the Plan. Participants must be actively employed on the last day of the Plan year to share in the allocation of the discretionary employer contributions. No matching or profit sharing contributions were made for 2013 or 2012. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain IRS limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of the company's contribution and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the company matching contribution and company profit sharing contribution is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Notes Receivable from Participants - Participants may borrow from their accounts, a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loans are secured by the balance in the participant's account and bear a reasonable rate of interest. A participant may only have one loan outstanding at any time.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN, continued

Forfeited Accounts - Forfeitures reduce employer contributions. Forfeitures for 2013 and 2012 were \$0 and \$0, respectively.

Payment of Benefits - Due to death, disability, retirement, or termination of employment, a participant will receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum amount or a transfer to another qualified retirement account, or individual retirement account. If the value of a participant's vested account balance is \$5,000 or less on the valuation date coincident with or immediately following the participant's termination of employment, the company can distribute the participant's entire vested account balance. The Plan does not allow hardship distributions.

Investment Options - The assets of the Plan, both employee and employer, are allocated to the various funds at the direction of the participant. The following investment options are available for the investment of participants' elective and employer matching and discretionary contributions: Equity, International, Fixed Income, Balanced and Money Market Funds.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows:

- a. *Basis of Accounting* - The financial statements of the Plan are prepared on the accrual basis of accounting.
- b. *Investment Valuation and Income Recognition* - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

PROTINGENT, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

- c. *Use of Estimates* - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.
- d. *Payment of Benefits* - Benefits are recorded when paid.
- e. *Risks and Uncertainties* - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.
- f. *Date of Management's Review* - Subsequent events were evaluated through September 25, 2014, which is the date the financial statements were available to be issued.
- g. *Expenses* - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurement and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in inactive markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed Paychex, Inc., holder of the Volume Submitter Profit Sharing Plan with CODA, by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Company adopted the plan. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 7 - PROHIBITED TRANSACTIONS

For the year ended December 31, 2012, Protingent Inc., failed to transmit participant contributions to the plan timely. The amount of participant contributions not timely transmitted was \$3,777. Lost earnings and interest on lost earnings was \$44. All contributions and lost earnings have been paid.

NOTE 8 – SUBSEQUENT EVENTS

On January 1, 2014, the plan changed its third party administrator from Paychex, Inc. to Future Benefits of America.
