INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
IKG Hourly Employees Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of IKG Hourly Employees Pension Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Notes 5 and 7, which was certified by Manufacturers and Traders Trust Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental schedules (1) Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) and (2) Schedule H, Line 4(j) - Schedule of Reportable Transactions as of or for the year ended December 31, 2013, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Manufacturers and Traders Trust Company, the trustee of the Plan. Their report, dated October 14, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations - 2013

The form and content of the information included in the 2013 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following brief description of the IKG Hourly Employees Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit plan providing retirement, death and disability benefits to all eligible union employees of the IKG Industries division (Nashville, Leeds, Carlisle, Long Island, and Channel View locations) of Harsco Corporation (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

As of December 31, 2006, all accrued benefits and credit for continuous service are frozen for all participants except those in the Channel View location.

In September 2010, the Plan was amended to freeze participation and the accrued pension benefit of collectively bargained employees who are members of the Cement, Lime, Gypsum and Allied Workers, Division of the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmith Forgers and Helpers, AFL-CIO-CFL, Local Lodge D546 at the Company's Channel View, Texas facility. The freeze is effective as of the close of business December 31, 2010, and no employee who is hired or rehired by the Company after then shall become a participant in the Plan.

Effective January 1, 2011, credit for past continuous service is frozen as of the close of business on December 31, 2010, and no continuous service earned after that date is taken into account in determining a participant's pension benefit. A basic monthly pension benefit per year of service with a maximum of thirty-five years will be provided and early retirement at age fifty-five with actuarial reduction of benefits is allowed. The accrued pension of any participant who is an employee as of the close of business December 31, 2010, shall be 100% vested and nonforfeitable, regardless of number of years of continuous service.

Although the Company received Board approval as of December 31, 2003, to merge all defined benefit plans maintained by the Company or its subsidiaries in its ERISA controlled group, the Plan has not yet been merged. The merger is planned in order to reduce administrative and funding costs that otherwise will be incurred if these plans continue as separate plans. The merger will be subject to union approval where required.

The Plan evaluated subsequent events for recognition or disclosure through October 8, 2014, the date the financial statements were available to be issued.

(continued)

Pension Benefits

Employees with five or more years of continuous service are entitled to annual pension benefits beginning at normal retirement age (65) amounting to monthly benefits equal to the benefit unit in effect at the time of termination of employment multiplied by benefit accrual service up to a maximum of 35 to 40 years, depending on the plant. The Plan permits early retirement at ages 55-64 and the completion of 5-10 years of service, depending on the location. Employees may receive their pension benefits in the form of a life annuity for unmarried participants, or, for married participants, the actuarial equivalent of the life annuity is paid in the form of a 50% joint and survivor annuity. If the present value of the pension does not exceed $1,000, a lump-sum payment is automatic.

The amount of the monthly benefit, as defined in the Plan document, depends upon, among other things, the years of service of the employee and in which division of the Company the employee worked.

Death and Disability Benefits

The Plan provides for death and disability benefits. In the event of death, the amount of benefit the beneficiary will receive will depend upon, among other things, the employee's status as of the date of death and whether the participant was already receiving normal retirement benefits. In the event a participant becomes totally and permanently disabled, the benefit to be received will depend upon, among other things, the employee's status at the time of disability. Depending on the location, disability retirement is available upon permanent incapacitation with no service requirement or after 15 years of continuous service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. See Note 6 for a discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

(continued)

Funding Policy

The Plan is funded annually by the Company with actuarially determined contributions. The contributions are determined using an actuarial cost method which takes into consideration the present value of benefits expected to accrue during the plan year. The Plan has complied with the minimum funding requirements established by ERISA for 2013 and 2012.

Investment Fees

Net investment returns reflect certain fees paid by the investment funds, as well as the underlying investment funds of the Harsco Pension and Profit Sharing Collective Investment Fund ("CIF"), to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Administrative Expenses

Administrative costs, such as legal, accounting, actuarial, and trustee fees, as well as the Pension Benefit Guaranty Corporation ("PBGC") premium, are paid by the Plan.

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' credited service and the benefit rate in effect at the time of retirement. The accumulated plan benefits for active employees are based on their service rendered and the benefit rates in effect as of December 31, 2012.

(continued)

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary as of January 1, 2013 and 2012, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation and the determination of the present value of accumulated plan benefits as of January 1, 2013 and 2012, are as follows:

Discount rate *	7.00% compounded annually for 2013 and 7.25% compounded annually for 2012.
Mortality basis	RP2000 Combined Healthy Generational Mortality, sex distinct with no collar adjustment, projected with scale AA for 2013 and 2012.
Retirement	30% at age 62 increasing to 100% at age 67 for 2013 and 2012.

* Net of 0.25% for assumed expenses

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

The actuarial present value of accumulated plan benefits is as follows as of January 1, 2013 and 2012 (in thousands):

	2013	2012
Vested benefits		
Participants currently receiving payments	$ 5,488	$ 5,410
Other participants	3,681	3,591
	9,169	9,001
Nonvested benefits	30	28
Total actuarial present value of accumulated plan benefits	$ 9,199	$ 9,029

(continued)

The changes in the actuarial present value of accumulated plan benefits for the year ended January 1, 2013 and 2012, are presented below (in thousands):

	2013	2012
Actuarial present value of accumulated plan benefits at beginning of year	$ 9,029	$ 8,568
Increase (decrease) during the year attributable to		
Interest due to the decrease in the discount period	631	771
Benefits paid	(680)	(630)
Actuarial losses	2	-
Assumption changes	217	320
Net increase	170	461
Actuarial present value of accumulated plan benefits at end of year	$ 9,199	$ 9,029

The effects of the assumption changes disclosed above are the result of changes in the assumed rate of return on investments, the mortality table used to calculate the funding target and target normal cost and the expense assumption used to calculate the target normal cost.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated in accordance with the Plan document and as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated.

a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.

b) Other vested benefits insured by the Pension Benefit Guaranty Corporation (“PBGC”) (a U.S. government agency) up to the applicable limitations (discussed subsequently).

c) All other vested benefits (that is, vested benefits not insured by PBGC).

d) All nonvested benefits.

(continued)

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a ceiling, which is adjusted periodically, on the amount of monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

5. PLAN INTEREST IN THE HARSCO PENSION AND PROFIT SHARING COLLECTIVE INVESTMENT FUND

The Plan invests primarily in the Harsco Pension and Profit Sharing Collective Investment Fund (CIF). The CIF is a unitized pool. Each participant holds units of the pool that represent their pro-rata share of the underlying investments. On a monthly basis, the investment pool is valued and a new pool net asset value (NAV) is calculated to represent this value. All income allocations are processed on a per unit basis.

All income, realized and unrealized gains/losses, are included in/rolled into the monthly NAV.

The following investment information disclosed in the accompanying financial statements and supplemental schedules was obtained or derived from information that has been prepared and certified to as complete and accurate by Manufacturers and Traders Trust Company ("M&T"), the trustee of the Plan, and has not been audited by independent auditors.

The fair value of the net assets held by the CIF and the Plan's allocable portion as of December 31 are summarized as follows (dollars in thousands):

	2013	2012
Assets		
Investments in securities at fair value		
Bonds, debentures and notes		
U.S. Treasury notes and collateralized securities	$ 18,741	$ 22,580
Corporate bonds, notes and convertible debentures	8,250	7,444
Common stocks *	48,869	42,111

(continued)

	2013	2012
Liabilities		
Due to broker for securities purchased	1	479
Due to participants for net units sold and redeemed	-	99
Income due participants	978	1,356
Accrued administrative expenses	116	86
Total liabilities	1,095	2,020
Net assets	$ 229,508	$ 214,137
Plan's allocable portion	4.62%	4.49%

* Includes approximately $12,614 and $10,575 of Harsco Corporation Common Stock, which represents approximately 5.53% and 4.94% of net assets for 2013 and 2012, respectively.

The CIF's investment income (including gains and losses on investments bought and sold, as well as held during the year) for each significant class of investments consists of the following for the years ended December 31 (in thousands):

	2013	2012
Investment income		
Net realized and unrealized appreciation (depreciation) in fair value of investments		
U.S. Treasury notes and collateralized securities	$ (3,028)	$ (297)
Corporate bonds, notes and convertible debentures	(968)	337
Common stocks	12,679	6,462
Mutual funds - equity	23,670	14,085
Mutual funds - bonds	(4,459)	2,560
	27,894	23,147
Interest	1,024	1,849
Dividends	3,507	3,732
	4,531	5,581
Less investment advisory fees	(612)	(563)
Net investment income	$ 31,813	$ 28,165

Financial instruments, which potentially subject the CIF to a concentration of credit risk, consist principally of investments. The CIF limits this risk by diversifying the CIF's investment portfolio. The degree and concentration of credit risk varies depending upon the type and diversity of investments within the portfolio.

(continued)

6. FAIR VALUE MEASUREMENTS

The Plan measures its investments at fair value on a recurring basis in accordance with accounting principles generally accepted in the United State of America. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

Level 1 – Fair value is based on unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 – Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in inactive markets for identical or similar assets, and other observable inputs.

Level 3 – Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows, and similar techniques.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31 (in thousands):

	2013			
		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3
M&T money market fund	$ 82	$ 82	$ -	$ -

	2012			
		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3
M&T money market fund	$ 76	$ 76	$ -	$ -

The M&T money market fund is stated at cost, which approximates fair value.

Following is a description of the valuation methodologies used for CIF investments measured at fair value.

Level 1 Fair Value Measurements

Investments in interest-bearing cash are stated at cost, which approximates fair value. The fair values of money market accounts and certain mutual funds are based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks and corporate bonds, notes, and convertible debentures are valued at the closing price reported in the active market on which the individual securities are traded.

(continued)

Level 2 Fair Value Measurements

The fair values of investments in mutual funds for which quoted net asset values in an active market are not available are valued by the investment advisor based on the current market values of the underlying assets of the mutual fund based on information reported by the investment consistent with audited financial statements of the mutual fund. Further information concerning these mutual funds may be obtained from their separate audited financial statements. Investments in U.S. Treasury notes and collateralized securities are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

Plan assets are allocated among various categories of equities, fixed income, cash and cash equivalents with professional investment managers whose performance is actively monitored. The primary investment objective is long-term growth of assets in order to meet present and future benefit obligations. The Company periodically conducts an asset/liability modeling study and accordingly adjusts investments among and within asset categories to ensure the long-term investment strategy is aligned with the profile of benefit obligations.

There are no unfunded commitments or redemption restrictions on units of the CIF.

For both Plan and CIF investments, there have been no significant changes in the methodologies used during the years ended December 31, 2013 and 2012.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

7. INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2013 and 2012. Accordingly, M&T, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2013 and 2012, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2013, the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2013 and 2012, and the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2013.

Investments that represent five percent or more of the Plan's net assets available for benefits consist of the following as of December 31 (in thousands):

	2013	2012
Plan interest in the CIF	$ 10,593	$ 9,612

(continued)

8. TAX STATUS

The Plan obtained its latest determination letter on March 4, 2013, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable regulations of the IRC and believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

9. RELATED PARTY TRANSACTIONS

The Plan's investments are managed by M&T Investment Group, an affiliate of M&T. The Plan invests in certain funds (directly and within the CIF) owned by M&T. M&T is the trustee as defined by the Plan, and therefore, transactions in these funds qualify as party-in-interest transactions. Fees charged to the Plan for the trustee fees amounted to $9,914 and $9,101 and for the years ended December 31, 2013 and 2012, respectively. CIF transactions in Harsco Corporation common stock also qualify as party-in-interest transactions. There were no purchases or sales of Harsco Corporation common stock in the CIF during 2013 and 2012. All other transactions which may be considered parties-in-interest transactions relate to normal plan management and administrative services, and the related payment of fees.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

10. RISKS AND UNCERTAINTIES

Investments of the Plan are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the Statement of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Summary of plan provisions

Plan Provisions

Covered Employees	Employees in a bargaining unit covered by any Labor Agreement referenced in the plan document, who have attained age 21 and completed 1,000 hours of service during 12 consecutive months.

Definitions

Vesting service	One year of service for 1,000 hours in a plan year, beginning at the later of date of hire or age 18
Benefit service	One year of service for 1,000 hours in a plan year, beginning at the later of date of hire or age 21. Benefit service was frozen for Leeds participants effective December 31, 2006 and for Channelview participants effective December 31, 2010.

Maximum benefit service

Division	Maximum Service
Carlisle (closed)	35
Channelview	35
Leeds	35
Long Island (closed)	40
Nashville (closed)	40

Benefits

Monthly pension benefit	Monthly benefit unit times benefit service, limited to maximum benefit service
Monthly benefit unit	See table of monthly benefit amounts

Benefit	Age	Vesting Service	Benefit Service	Description
Normal retirement	65	5		Accrued benefit payable immediately
Early retirement				
Carlisle	62		5	Benefit actuarially reduced for commencement prior to 65
Channelview	55		5	Benefit actuarially reduced for commencement prior to 65
Leeds	55		5	Benefit actuarially reduced for commencement prior to 65
Long Island	60	10		Benefit reduced 0.6% for each month prior to 65
	62	30		Unreduced accrued benefit payable immediately

Nashville	55	10		Benefit reduced 0.6% for each month prior to 65
Postponed retirement	> 65	5		Accrued benefit payable immediately
Vested termination			5	Accrued benefit payable unreduced at normal retirement, or reduced as detailed above for early retirement.
Disability retirement				
Carlisle		15		$180 per month, payable after 6 consecutive months of disability.
Channelview	< 65			Temporary benefit payable until age 65 equal to the greater of the participant's monthly accrued benefit calculated with a dollar per month multiplier of $15, or $200 per month ($255 per month effective July 1, 2006, and $270 per month effective July 1, 2008). For this purpose, benefit service is computed as of the end of the six month period following the onset of disability, subject to the benefit service freeze date.
Leeds	< 65			Temporary benefit payable until age 65 equal to the greater of the participant's monthly accrued benefit (effective July 1, 2006 calculated with a dollar per month multiplier $1 higher than the current amount), or $300 per month. For this purpose, the participant's monthly accrued benefit is determined based on benefit service as of the end of the six month period following the onset of disability, subject to the benefit freeze date.
Long Island		15		Accrued benefit payable immediately, determined based on benefit service as of the end of the six month period following the onset of disability.
Nashville		15		Prior to normal retirement, $250 per month, payable after 6 consecutive months of disability. Upon reaching normal retirement, the benefit payable is the normal retirement benefit based on benefit service as of the end of the six month period following the onset of disability.
Pre-retirement survivor's benefit			5	If married, the pre-retirement survivor annuity is payable for the life of the spouse. The amount of the death benefit is 50% of the amount that would have been payable to the participant at his earliest retirement date if he elected a 50% joint and survivor annuity, reduced for early commencement, prior to his death.

Maximum pension benefits	All benefits for any calendar year may not exceed the maximum limitation for that year as defined in the Internal Revenue Code.

Forms of Payment

Normal forms	Single participant: Life annuity Married participant: 50% joint and survivor annuity
Optional forms	
Annuities	Optional forms of payment available under the plan include a single life annuity, and 50% and 75% joint and survivor annuities.
Lump Sums	Automatic cashouts are made in the event the present value of benefits is less than $5,000.
Optional form conversion basis	1983 Group Annuity Mortality Table for Males, with an age setback of one year for the Participant and five years for the co-pensioner or spouse, and an annual interest rate of 6%.

Future Plan Changes

No future plan changes were reflected.

Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

Actuarial Assumptions and Methods — Contributions

Economic Assumptions

Interest rate basis:

- Applicable month: September 2012
- Yield curve basis: Segment Rates
- HATFA applied for funding: No
- HATFA applied for benefit restriction: No

Interest rates:	Reflecting Corridors	Not Reflecting Corridors
First segment rate	4.94%	1.75%
Second segment rate	6.15%	4.62%
Third segment rate	6.76%	5.72%
Effective interest rate	6.29%	4.87%

Demographic Assumptions

Inclusion date

The valuation date coincident with or next following the date on which the employee becomes a participant.

Mortality

- Healthy and Disabled

Separate tables of rates for non-annuitants (based on RP-2000 "Employees" table without collar or amount adjustments, projected to 2028 using Scale AA) and annuitants (based on RP-2000 "Healthy Annuitants" table without collar or amount adjustments, projected to 2020 using Scale AA).

Termination

Rates varying by age

Representative termination rates are shown below:

Terminations per 1,000 participants	
Age	Rate
20	300
25	271
30	241
35	212
40	182
45	153
50	123
55	94
60+	50

Participants commence benefits at age 63.

Disability

Representative rates at which participants become disabled by age and gender are shown below:

Disablements per 1,000 participants		
Age	Males	Females
30	0.71	0.85
35	0.99	1.75
40	1.62	3.15
45	2.70	4.65
50	4.93	6.26
55	9.14	8.05
60	14.70	11.25

Retirement

For purposes of determining the Funding Target and Target Normal Cost (both disregarding at-risk assumptions), the rates at which participants retire by age are shown below:

Retirements per 1,000 participants	
Age	Rate
60	50
61	100
62	300
63	250
64	300
65	500
66	500
67+	1,000

Form of payment: Life annuity for single participants and 31.25% of married participants, 50% J&S for 68.75% of married participants.

Percent married: 80%

Spouse age: Wife two years younger than husband

Administrative expenses: Estimated based on actual expenses during the prior year (adjusted for expected changes in current year expenses). The assumption for 2013 was $130,176.

Timing of benefit payments: Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Methods

Valuation date: First day of plan year (January 1)

Funding target: Present value of accrued benefits

Target normal cost: Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year

Actuarial value of assets: Average of the fair market value of assets on the valuation date and the four immediately preceding semi-annual periods, adjusted for contributions, benefits, administrative expenses and expected earnings of 6.75% during the 12 month period preceding the valuation date (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2012 plan year.)

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. Towers Watson has reviewed the plan provisions and, based on that review, is not aware of any significant benefits required to be valued that were not.
Change in assumptions and methods since prior valuation and other disclosures	The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of September 2011 to September 2012 (with applicable MAP-21 corridors). The required mortality tables used to calculate the funding target and target normal cost were updated to include one additional year of projected mortality improvements. The expense assumption used to calculate the target normal cost was updated to reflect recent experience.

SCHEDULE SB, LINE 22 -- Description of Weighted Average Retirement Age
Harsco Corporation
IKG Hourly Employees Pension Plan
EIN 23-1483991 / PN 019

Retirement rates varying by age are listed below:

Retirements per 1,000 participants:

Age	*Number of Retirements*
60	50
61	100
62	300
63	250
64	300
65	500
66	500
67+	1,000

For 1,000 hypothetical participants, an expected retirement age was calculated, weighted in proportion to the probability that the individual would remain an active participant to each age and then retire at that age. The Plan's weighted average retirement age is 63.
