Severstal Dearborn, LLC Tax-Efficient Savings Plan for Hourly Employees

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description

The following description of the Severstal Dearborn, LLC Tax-Efficient Savings Plan for Hourly Employees (the "Plan") provides only general information. Participants should refer to the plan agreement and related union agreements, if applicable, for a more complete description of the Plan's provisions.

General - The Plan is a voluntary, defined contribution savings plan covering all hourly employees represented under the agreement between Severstal North America, Inc. (the "Company") and the International Union, United Automobile, Aerospace, and Agricultural Implement Workers of America (UAW). Effective September 1, 2012, hourly employees of Mountain State Carbon, LLC, an entity affiliated with the Company through common ownership, who are subject to collective bargaining with the United Steelworkers, were added to the Plan.

Eligible participants are those who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On September 16, 2014, AK Steel Corporation acquired the membership interest of Severstal Dearborn, LLC and Severstal Dearborn, LLC was immediately merged into AK Steel Corporation. As a result of this transaction, AK Steel Corporation has become the Plan Sponsor of the Plan and assumed all outstanding obligations of the Plan as of the date of purchase.

Administration - The Company is the sponsor of the Plan. Fidelity Management Trust Company functions as trustee and investment manager. Investment management fees and trustee fees are paid by the Plan or the Company at the discretion of the plan administrator.

Participant Accounts - Each participant's account is credited with the participant's contributions, if applicable, allocations of the Company's contributions, plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Forfeitures of terminated participants' nonvested accounts are used to pay plan expenses and reduce employer contributions. Allocations are based on a participant's age as outlined in the table included in the contributions section. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Investment Options - Participant and Company contributions may be allocated to investment options in multiples of 1 percent. Participants may change their investment choices for both future contributions and existing account balances and may suspend contributions by contacting Fidelity Management Trust Company.

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description (Continued)

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 3.25 to 8.25 percent, which are commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Contributions - Participants may elect to make pretax contributions to the Plan through payroll deductions from a minimum of 1 percent of eligible earnings, as defined in the plan document, to a maximum of 99 percent of eligible earnings, subject to the maximum allowed under the Internal Revenue Code (IRC). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company makes contributions to the Plan for each hour of service worked by each participant, as defined in the plan document, up to a maximum of 2,080 hours annually by each participant, based on each participant's age, according to the following schedule:

<u>Participant's Age at End of Most Recent Pay Period</u>	<u>Employer Contribution Per Hour</u>
Under 30	\$ 0.50
30 to 39	0.75
40 to 44	1.00
45 to 49	1.30
50 to 54	1.80
55 and over	2.60

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 100 percent after three years of service, as defined in the Plan, upon termination of employment due to death or disability, or at age 65, regardless of service.

Benefit Payments - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description (Continued)

Hardship Withdrawals - Participants may request that a portion of their contribution accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any hardship withdrawals that do not fall within the IRS safe harbor guidelines.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions or to pay administrative expenses of the Plan.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 2, 2014, which is the date the financial statements were available to be issued.

Severstal Dearborn, LLC Tax-Efficient Savings Plan for Hourly Employees

Notes to Financial Statements December 31, 2013 and 2012

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

Investments that exceed 5 percent of end of year net assets are as follows:

	2013	2012
Mutual funds:		
T. Rowe Price Retirement 2015 Fund	\$ 4,405,191	\$ 3,336,245
T. Rowe Price Retirement 2020 Fund	6,168,739	4,481,454
T. Rowe Price Retirement 2030 Fund	4,636,569	3,405,751
Harbor Capital Appreciation Fund	8,181,341	6,353,448
Money market funds - Fidelity Retire Money Market Fund	12,711,041	13,114,714

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2013 and 2012.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

Severstal Dearborn, LLC Tax-Efficient Savings Plan for Hourly Employees

Notes to Financial Statements December 31, 2013 and 2012

Note 4 - Fair Value Measurements (Continued)

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds - Mutual funds are valued at closing quoted prices reported in active markets.

Money Market Fund - Money market funds are valued at closing quoted prices reported in active markets.

Common Collective Trust Funds - The common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(2) This class represents investments in actively managed common collective trust funds that invest in a variety of fixed-income investments which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures. There were no unfunded commitments or redemption restrictions.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period.

Note 5 - Tax Status

The Plan, as adopted, is a volume submitter plan of Fidelity Management and Research Co., which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2008. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2010.

Notes to Financial Statements December 31, 2013 and 2012

Note 6 - Termination of Plan

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the labor agreement and the Employee Retirement Income Security Act of 1974 (ERISA). Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 7 - Plan Transfer

The Company sponsors the Severstal North America, Inc. 401(k) Plan I which covers certain salaried employees of the Company and certain salaried employees of Mountain State Carbon, LLC.

During 2012, the Plan received net transfers of \$1,624,281 from participants who transferred into the Plan from the Severstal North America, Inc. 401(k) Plan I as a result of a collective bargaining agreement provision which moved all labworkers and firefighters from salaried to hourly status. In general, if a participant transfers between salaried and hourly status, the participant will maintain an account in each plan.
