December 31, 2013 and 2012

1. PLAN DESCRIPTION

The following description of the Covestic, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides general information only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Covestic, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration - Covestic, Inc. is the Plan's sponsor and administrator. The Plan's trustee is Reliance Trust Company (the Trustee). The Plan's third party administrator is Automatic Data Processing, Inc. (ADP). The Plan's Investment Committee, maintained by the Employer, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility - Employees who are 21 years of age or older are eligible to participate in the Plan, including receiving Employer discretionary profit sharing contributions, on the first day of the month following commencement of employment.

Employee contributions - An employee participates by making voluntary contributions to the Plan through payroll deductions. These contributions are funded to the Plan following each pay date. Participants may contribute up to 50% of eligible compensation subject to certain limitations as defined by the Internal Revenue Code (the Code). Participants may elect to categorize a portion or all of their contribution under the Plan's Roth deferral feature on a post-tax basis subject to certain limitations as defined by the Code. Participants who meet certain criteria may also make additional "catch-up" contributions, subject to certain limitations as defined by the Code. Participants may also make rollover contributions from other qualified plans.

Employer contributions - The Employer may elect, at its discretion, to make profit sharing contributions to the Plan. There have been no profit sharing contributions to the Plan from inception through 2013.

Participants' accounts - Each participant's account is credited with the participant's contributions, the Employer's contributions, if any, as well as plan earnings. In addition, participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may direct the investment of their account balances to any combination of the Plan's investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. PLAN DESCRIPTION, continued

Vesting - Participants are vested immediately with respect to their contributions and actual earnings thereon.

Payment of benefits - Upon termination of service, including termination due to death, disability, or attainment of retirement age, a participant (or beneficiary) with vested benefits of \$5,000 or less will be paid out in a lump-sum distribution. Vested benefits larger than \$5,000 will be distributed either in a lump-sum payment or installments. Distributions may also be made in installments to comply with minimum distribution rules required by the Code. The Plan permits in-service withdrawals to participants meeting certain requirements.

Notes receivable from participants - Participants may borrow a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are presented on the accrual basis of accounting.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year as well as those held at year-end.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit payments - Benefits are recorded when paid.

2. SIGNIFICANT ACCOUNTING POLICIES, continued

Administrative expenses - Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Administrative expenses consist of fees charged on notes receivable from participants and withdrawal fees and are charged directly to the participant's account. In addition, investment related expenses are deducted directly from each participant's investment returns.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events - The Plan has evaluated subsequent events through October 2, 2014, the date the financial statements were available to be issued.

3. CERTIFIED INFORMATION

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information certified by the Trustee to information included in the Plan's financial statements.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants held by the Plan are party-in-interest transactions as defined by ERISA. In addition, expenses paid by the Plan are to parties-in-interest as defined by ERISA. Furthermore, as described in Note 9, the Employer has adopted a prototype plan sponsored by ADP.

6. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the Plan's investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts as reported in the financial statements.

8. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2:* Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted market prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

9. TAX STATUS

The Plan has adopted a prototype profit sharing plan sponsored by ADP. The Internal Revenue Service (IRS) has determined and informed ADP by an opinion letter dated March 31, 2008, that the profit sharing plan on which the Plan is based, as then designed, complied with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

10. RECONCILIATION TO FORM 5500

The Plan's financial statements are prepared on the accrual basis of accounting. The Form 5500 is prepared on the cash basis. Accordingly, the following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to the Form 5500:

Net assets available for benefits:
