NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE A - DESCRIPTION OF PLAN

The following description of the Jim Beam Brands Company Union 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering non-salaried, union employees of Jim Beam Brands Co. (the “Company”), a subsidiary of Beam Inc., who are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The trustee of the Plan is Fidelity Management Trust Company (“Fidelity”).

Contributions

Participants may contribute to the Plan the lesser of 50% of their eligible annual compensation or the limits provided by the Internal Revenue Code (“IRC”), which in 2013 were \$17,500 for participants under 50 years of age and \$23,000 for participants 50 years of age and over. A participant may contribute a rollover contribution subject to approval, provided it represents a balance from a qualified plan under the IRC, and it is contributed to the Plan within 60 days of the original distribution. A participant has, at all times, a fully vested and non-forfeitable interest in his or her contributions.

The Company provides a matching contribution and a non-elective employer contribution as defined by the Plan. New program participants are eligible for benefits on one of the following dates, depending on the participant and the applicable union: (a) date of employees’ hire or rehire, (b) election effective date, (c) date of employment transfer, (d) later of the date of hire/rehire or December 1, 2008.

Participants are permitted to designate the proportion of their contributions and Company contributions to be credited to the various investment funds under the Plan.

NOTE A - DESCRIPTION OF PLAN – Continued

Vesting and Forfeitures

Participants are immediately vested in their contributions and rollover contributions plus earnings thereon. Participants are vested in Company contributions and earnings as outlined below. If a participant becomes disabled or dies while employed by the Company, the participant becomes 100% vested in his or her total account balance.

Matching contributions		Non-elective contribution	
Years of service	Vested percent	Years of service	Vested percent
Less than 1 year	0%	Less than 3 years	0%
1 year	100	3 years	100

Any amounts forfeited will be used to pay administrative expenses and then to reduce future employer contributions. As of December 31, 2013 and 2012, the forfeiture account balance was \$6,928 and \$1,354, respectively. During 2013, no forfeited nonvested accounts were used to pay plan expenses or to reduce employer contributions.

Participant Accounts

Participant account balances are increased by participant contributions, including rollovers from other plans, Company contributions, and allocations of Plan earnings or losses. Certain fees are charged to participant accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their accounts in the available investment funds under the Plan. In the absence of participant direction, the participant's accounts shall be invested in the applicable Fidelity Freedom Fund (target date funds) based on the participant's date of birth as outlined in the Plan.

Payment of Benefits

The amount distributed from a participant's account upon a participant's retirement, termination of employment, death or disability may be in the form of a lump-sum payment or annual installments, not to exceed 10 years, as elected by the participant. Vested balances less than \$1,000 are distributed as a lump sum and do not require the participant's consent. Normal retirement age under the Plan is 65. Participants may also withdraw their contributions in the event of a financial hardship, as described in the Plan, or upon their attainment of age 59 ½.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period. Participants may only have one loan outstanding at any given time. The loans are collateralized by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan administrator based on prevailing interest rates. Principal and interest are paid ratably through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are reflected at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date in the principal or most advantageous market for the asset or liability. Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk.

The Plan uses a three-tiered hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Valuation of Investments - Continued

The three levels of the fair value hierarchy are as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management uses the following methods and significant assumptions to estimate fair value of investments. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: are valued at the quoted net asset value of the shares held by the Plan at year end, which is obtained from an active market.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Valuation of Investments - Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables present the Plan's investments by level within the fair value hierarchy as of December 31:

Notes Receivable from participants

Notes Receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Income

In accordance with the policy of stating investments at fair value, the Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Security transactions are accounted for on the trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income from securities is recorded on the accrual basis.

Administrative Expenses

All Trustee fees and administrative expenses of the Plan, except for individual participant transaction based fees, are paid by the Company. Investment fees are included as part of the cost of the related investments.

Payment of Benefits

Benefits are recorded when paid.

NOTE D - INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2013 and 2012.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2013.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2013.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E - TAX STATUS

The Plan is a Fidelity Volume Submitter Plan. The Internal Revenue Service (“IRS”) has determined and informed Fidelity by letter that the Fidelity Volume Submitter Plan is designed in accordance with the applicable sections of the IRC. The Plan administrator applied for a separate determination letter for the Plan, which it received August 2, 2011. The IRS determined and informed the Company that the Plan and related trust are designed in accordance with the applicable section of the IRC. The Plan has been amended since that date. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and that the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax years in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity or an affiliate thereof. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. All accounts will be valued as of the termination date and account balances will be distributed to each participant in accordance with Plan provisions.

NOTE I - SUBSEQUENT EVENT

Management of the Plan has evaluated subsequent events from December 31, 2013 through October 9, 2014, the date these financial statements were available to be issued. Other than as disclosed below, there were no subsequent events that require recognition or additional disclosure in these financial statements.

On January 13, 2014, the Company announced it was being acquired by Suntory Holding Limited (Suntory). Suntory completed the acquisition of Beam's shares on April 30, 2014 and the Company was renamed Beam Suntory Inc.
