The Plan is a defined contribution plan sponsored by Cincinnati Hills Christian Academy (Sponsor) for the benefit of its employees. Employees are immediately eligible to participate in the Plan. Through June 30, 2013, employees who normally worked less than 20 hours per week and students who were employed by the Sponsor were generally excluded from participation in the Plan.

Effective July 1, 2013, the Plan was amended and eligibility requirements were revised. Employees who normally work less than 20 hours per week can now participate in the Plan.

Participants become eligible for matching employer contributions after having completed two years of service and attained the age of 21.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Teachers Insurance and Annuity Association (TIAA) serves as the issuer of the TIAA Traditional Annuity contract and College Retirement Equities Fund (CREF) serves as the issuer of the CREF variable annuities held by the Plan. TIAA-CREF and The Standard are the record-keepers of the Plan. JPMorgan Chase Bank, N.A. and Reliance Trust Company serve as the Plan custodians of non-annuity assets.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Sponsor make annual contributions of up to 100% of eligible compensation. Contributions are subject to certain limitations. Employee rollover and catch-up contributions are also permitted. The Plan allows for special code section 403(b) catch-up contributions for those participants with 15 years of service. Effective July 1, 2013, the Plan also allows for Roth contributions.

The Plan Sponsor makes matching contributions based on the following formula:

- Employees with 2-3 years of service receive a match equal to 25% of deferrals up to 6% of compensation
- Employees with 4-5 years of service receive a match equal to 37.50% of deferrals up to 6% of compensation
- Employees with more than 6 years of service receive a match equal to 50% of deferrals up to 6% of compensation

Participant Investment Account Options

Investment account options available include mutual funds and a common collective fund. Prior to July 1, 2010, the Plan also included various annuity accounts and a pooled separate account issued by TIAA and CREF as investment options. Each participant has the option of directing his or her contributions into any of the investment account options selected by the Sponsor and may change the allocation to the extent permitted by the individual agreements.

The Plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer 3% of eligible compensation unless the participant made an affirmative election otherwise.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's contribution, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and any matching contributions, plus earnings thereon.

Payment of Benefits

Upon termination of service or if the participant becomes disabled, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, an annuity contract (if assets are held in a custodial account) or converted to an income option (if assets are invested in an annuity contract). A participant may also elect to receive installment or partial distributions. A participant may elect to receive a distribution of their rollover contributions at any time. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

Participant Loans

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Plan Termination

Although it has not expressed an intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments.

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed Common Trust Fund

The value of the fund is recorded at contract value, which approximates fair value. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds to pay withdrawal benefits and administrative expenses.

TIAA Traditional Annuity

The TIAA Traditional Annuity is a fixed-dollar annuity and investment product offered by TIAA, an insurance company. The TIAA Traditional Annuity is maintained in the TIAA general account. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participants and are secured by the general assets of TIAA.

Cincinnati Hills Christian Academy Retirement Plan

Notes to Financial Statements

December 31, 2013 and 2012

The TIAA Traditional Annuity account is recorded at contract value which approximates fair value as estimated by TIAA. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus interest at the contract rate, less funds to pay withdrawal benefits and administrative expenses. The investment contract with TIAA contains liquidity restrictions that require withdrawals and transfers from the investment contract to other investment options available to the Plan to be spread over a period of ten annual installments or five annual installments for withdrawals after a participant's termination of employment.

Certain events limit the ability of the Plan to transact at contract value with the issuers of the Guaranteed Common Trust Fund and TIAA Traditional Annuity. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

CREF Variable Annuity Accounts

Participants purchase accumulation units in the variable annuity contracts and their value is calculated daily. Variable annuity accounts, except for the Money Market account, are recorded at their estimated fair value which is based upon the underlying value of the assets. The Money Market account is recorded at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity.

TIAA Real Estate Pooled Separate Account

The TIAA Real Estate Pooled Separate account is valued at the net asset value (NAV) per accumulation unit of the investment. The underlying real estate holdings or other real estate-related investments are valued principally utilizing external appraisals. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA general account provides the Plan with a liquidity guarantee. Transfers out of the pooled separate account are limited to one per calendar quarter. There are no unfunded commitments or redemption notice period. The TIAA Real Estate Pooled Separate account seeks favorable long-term returns primarily through rental income and appreciation of real estate investments owned by the account. The account will also invest in publicly traded securities and short-term higher quality liquid investments that are easily converted to cash to enable the account to meet participant redemption requests, purchase or improve properties or cover other expense needs.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Tax Status

The Plan together with the investment vehicles is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has not requested or obtained a determination letter as the Internal Revenue Service does not currently provide that service for 403(b) plans. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. With a few exceptions, the Plan is no longer subject to U.S. federal examinations by tax authorities for years before 2010.

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Standard Retirement Services, Inc.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Sponsor or the Plan, at the Sponsor's discretion.

Note 3: Investments

The Plan's investments are held by Reliance Trust Company, JPMorgan Chase, N.A. and TIAA-CREF. Crediting interest rates on the common trust fund are determined semi-annually, with a minimum rate of 1%. Crediting interest rates on the TIAA Traditional Annuity are determined quarterly by the issuer with a minimum rate of 3%, subject to limitations relating to Plan termination, early retirement, etc. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The Plan's investments (including investments bought, sold and held during the year) appreciated in fair value as follows:

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2013. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See Note 2 for definition of inputs utilized to determine fair value.

Fair value determinations for Level 3 measurements of securities are the responsibility of the Plan Administrator. The Plan Administrator contracts with TIAA to generate fair value estimates on a quarterly basis. The Plan Administrator challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompany statements of net assets available for benefits using significant unobservable (Level 3) inputs:

	TIAA Traditional Annuity Contract
Balance, January 1, 2012	\$ 1,963,770
Investment income	77,056
Purchases	25,196
Settlements	(95,588)
Balance, December 31, 2012	1,970,434
Investment income	79,622
Purchases	151,515
Settlements	(245,409)
Balance, December 31, 2013	\$ 1,956,162

As the TIAA Traditional Annuity Contract is valued at contract value, which approximates fair value, there are no realized or unrealized gains or losses for this investment included in the net increase in net assets available for benefits.

Unobservable (Level 3) Inputs

The following table presents quantitative information about unobservable inputs used in recurring Level 3 fair value measurements.

	Fair Value December 31, 2013	Valuation Technique	Unobservable Inputs	Range (Weighted Average)
TIAA Traditional Annuity Contract	\$ 1,956,162	Discounted Cash Flow	Contracted Interest Rate	3.50%

Note 5: Guaranteed Common Trust with Insurance Company

In 2010, the Plan entered into a fully benefit-responsive investment contract with Prudential Retirement Insurance Company, held by Reliance Trust Company, custodian. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

Because the guaranteed common trust fund is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed common trust fund. Contract value, as reported to the Plan by Reliance, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012 was \$462,882 and \$380,482, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than one percent. Such interest rates are reviewed on a semi-annual basis for resetting.

The guaranteed common trust fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields		
Based on actual earnings	2.10%	2.70%
Based on interest rate credited to participants	2.10%	2.70%

Note 6: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are units of variable annuity accounts or a pooled separate account that are managed by an entity related to TIAA, which is the recordkeeper for the Plan. The Plan's traditional annuity contract is maintained in TIAA-CREF's general account.

The Plan paid \$36,897 and \$27,886 of recordkeeping fees to The Standard during 2013 and 2012, respectively. The Sponsor provides certain administrative services at no cost to the Plan.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

The Department of Labor (DOL) recently announced a new EFAST2 signature option. As you recall, DOL requires electronic filing of Form 5500 for plan years beginning on or after January 1, 2009. As part of the EFAST2 electronic filing process, plan administrators, and plan sponsors were required to register for filing signer credentials with DOL in order to be able to electronically “sign” the Form 5500.

The recent announcement by DOL allows for BKD, LLP, as preparer of the Form 5500, to electronically “sign” the Form 5500 on your behalf before transmitting the Form 5500 electronically to DOL. Under the new signature option, the plan administrator and plan sponsor will not be required to register for filing signer credentials. You would be required to sign the Form 5500 by hand on paper and return pages one and two of the signed Form 5500 to BKD, LLP. BKD, LLP will attach the signed pages one and two to the electronic file before transmitting it to DOL.

There are a few points to note regarding the new EFAST2 signature option.

1. The plan administrator must authorize BKD, LLP in writing to electronically sign and submit the return on his or her behalf.
2. In addition to any other required schedules and attachments, the electronic filing includes a copy of pages one and two of Form 5500 bearing the manual signature of the plan administrator and/or plan sponsor under penalties of perjury.
3. By selecting this electronic signature option, an image of the plan administrator’s and/or plan sponsor’s manual signature will be included with the rest of the Form 5500. The complete Form 5500, including an image of the signature, will be posted on the internet for public disclosure by the DOL.
4. BKD, LLP will communicate to the plan administrator and/or plan sponsor any inquiries and information received from EFAST2, DOL, IRS, or PBGC regarding the return.

If you choose not to authorize BKD, LLP to electronically sign and transmit Form 5500 on your behalf, the plan administrator and/or plan sponsor must electronically sign the Form 5500.

On the following authorization page, please select an option, sign and date where indicated, and return it to us as soon as possible. Please contact me if you have any questions.

Regards,
Aaron Hershberger, CPA
Senior Manager

3. By selecting this electronic signature option, an image of the plan administrator's and/or plan sponsor's manual signature will be included with the rest of the Form 5500. The complete Form 5500, including an image of the signature, will be posted on the internet for public disclosure by the DOL.
