Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Utica Mutual Insurance Company Employee Profit Sharing and Investment Plan as of December 31, 2013, 2012 and 2011, and the changes in its net assets available for benefits for the years then ended in accordance with U.S. generally accepted accounting principles.

The supplemental schedules of Assets (Held At End Of Year) and Reportable Transactions, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Founders participants' annual compensation for contribution limits includes overtime and bonuses. These contributions may be pre-tax or after-tax (Roth). Participants who have attained age 50 are eligible to make additional "catch up" contributions of up to $5,500. Company matching contributions can range between 0% and 125% of the Utica Mutual participants' deferral (not to exceed 4%) based upon certain financial results of the Company. The Company match was approximately $620,000, $600,000 and $-0- in 2013, 2012 and 2011, respectively. The matching formula is as follows:

If the employer's percentage of net income before tax to net written premium for such calendar year is:	The employer's contribution will be the following percentage of his/her Elective Deferral Contribution:
At least 1% but less than 5%	25%
At least 5% but less than 6%	50%
At least 6% but less than 7%	75%
At Least 7% but less than 8%	100%
More than 8%	125%

Additional profit sharing contributions for Utica Mutual employees may be made at the discretion of the Board of Directors. For 2013, 2012 and 2011, no additional profit sharing contributions were made.

NOTE 1 - Description of Plan (Continued)

B) Contributions (Continued)

Utica Mutual employees hired or rehired on or after January 1, 2007, who have completed one year (consisting of 1,000 hours) of service during a plan year and are employed on the last business day of such plan year will be eligible for additional employer contributions. These "pension contributions" are a percent of the participant's compensation based on an actuarial value that takes into account the participant's age and years of service as of the last day of such plan year. "Pension contributions" were approximately $500,000, $400,000 and $300,000 in 2013, 2012 and 2011, respectively.

The Employer Non-Elective Contribution for Founders Employees will equal 3% of compensation (excluding any amounts received from an executive savings plan). The Company's Non-Elective Contribution for Founders Employees was approximately $330,000, $290,000 and $280,000 in 2013, 2012 and 2011, respectively.

The amount of the Employer Profit Sharing Contribution for Founders Employees will be determined annually based on Founders' return on equity. The percentage is determined by using the following table:

Founders' Return on Equity	Profit Sharing Contribution (as a Percentage of Base Pay)
Below 0%	0%
1% to 8%	1% to 5%
8% to 16%	6% to 10%
16% to 20%	11% to 14%
Over 20%	15%

In order to receive a Profit Sharing Contribution, Founders employees must be actively employed on the last day of the Plan year and have completed 1,000 hours of service within that Plan year. The Company Profit Sharing Contribution for Founders employees was approximately $-0-, $85,000 and $85,000 in 2013, 2012 and 2011, respectively.

C) Participant Accounts - Individual separate accounts are maintained for each plan participant. Each participant's account is credited with their contribution, their share of the Company's contributions and actual earnings thereon. Participants direct investment of their account into various mutual funds selected by the Plan's administration.

NOTE 1 - Description of Plan (Continued)

D) Vesting - Participants are immediately 100% vested in their contributions and earnings thereon. Founders participants are immediately 100% vested in Company Non-Elective Contributions. Vesting in the Employer match and "pension" contributions for Utica Mutual employees and Employer Profit Sharing contributions for Founders employees are based on the following five year graded schedule.

Less than 2 years of service	0%
2 years	20%
3 years	40%
4 years	60%
5 years	100%

A participant is also 100% vested upon retirement, death or total and permanent disability.

E) Payment of Benefits - On termination of service other than retirement, a participant will receive a lump-sum amount equal to the total vested account value or if the account balance is over $5,000, may elect to defer distribution until no later than age 70 1/2.

Upon retirement, a participant may elect to receive a lump-sum amount or elect a series of installments or defer distribution until the later of age 65 or one year from the date of retirement.

Upon termination of service, amounts that a participant is not vested in will be forfeited. Forfeited amounts are used to offset future Company matching contributions. Forfeitures in each of 2013, 2012 and 2011 were less than $100,000.

F) Participant Loans - Participants may borrow from their account the lesser of 50% of their vested account value or $50,000. They are required to repay the loan over a period not to exceed 60 months with an interest rate of prime plus one percent. The maximum amount of loans outstanding at any time is five.

G) Withdrawals - The Plan allows for hardship withdrawals for uninsured medical expenses, tuition payments, purchase of a primary residence or to prevent eviction from or foreclosure of a primary residence.

NOTE 2 - Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make certain estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest.

D. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (See Note 3). Changes in fair value are included in changes in net assets. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

E. Payment of Benefits

Benefit payments are recorded upon distribution.

F. Fully Benefit-Responsive Contracts Held

The Plan purchases from Vanguard contracts for those participants receiving benefits in the form of an annuity. These contracts are considered Fully Benefit - Responsive Contracts.

Generally accepted accounting principles require investments held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant value for the Plan because that is the amount participants will receive. The statement of net assets available for benefits presents the fair value of these investment contracts as well as the adjustment from fair value to contract value.

G. Subsequent Events

The Company did not have any subsequent events through September 2, 2014 (the date the financial statements were available to be issued) requiring recording or disclosure in the financial statements for the year ended December 31, 2013.

NOTE 3 - Fair Value Measurement

In accordance with generally accepted accounting principles, the Plan established a hierarchy that prioritizes the inputs used to measure fair value. The hierarchy consists of three broad levels as listed below:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of observable inputs other than quoted prices for the identical assets.
- Level 3 inputs consist of unobservable inputs, have the lowest priority and should be used only when Level 1 and 2 inputs are unavailable.

When available, the Plan measures Fair Value using Level 1 inputs because they generally provide the most reliable evidence of Fair Value.

Level 1 - Fair Value Measurement

The Fair Value of Mutual Funds are based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 - Fair Value Measurement

The Common Collective Trust (fully benefit-responsive contract with Vanguard) is valued using other significant observable inputs including quoted prices for similar securities, interest rates, etc.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits and are summarized below.

		Fair Value Measurements Using:	
December 31, 2013	Fair Value	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)

NOTE 4 - Investments

The Plan's investments are all participant-directed and are held and administered by Vanguard Fiduciary Trust Company, the Plan's Trustee.

The following table presents the fair value of investments that represent 5% or more of the Plan's net assets at December 31,:

	2013	2012	2011

During 2013, 2012 and 2011, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in value as follows:

	2013	2012	2011
Mutual Funds	$22,667,067	$11,600,558	$(4,047,347)

NOTE 5 - Investment Contract with Insurance Company

The Plan entered into benefit-responsive investment contracts held by Vanguard Retirement Savings Trust.

As described in Note 2(E), contract value is the relevant value for the Plan because contract value is the amount participants will receive under the contract.

Contract value, as reported by Vanguard, represents contributions made, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contracts at December 31, 2013, 2012 and 2011 was $24,970,706, $25,052,367 and $24,492,715.

Certain events could limit the Plan's ability to transact at contract value. Such events may include but are not limited to the following: (a) amendments to the Plan (including Plan termination or merger with another Plan), (b) transfers to other investment options, (c) events that cause a significant withdrawal from the Plan, (d) the failure to qualify for exemption from federal income taxes, or (e) a prohibited transaction under ERISA. The Company does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value, is probable.

Average yields:	2013	2012	2011
Based on actual earnings	2.06%	2.37%	2.94%
Based on interest rate credited to participants	1.68%	2.29%	2.97%

NOTE 6 - Tax Status

The Plan constitutes a qualified trust under Section 401(k) of the Internal Revenue Code (IRC) and is therefore exempt from Federal income taxes.

The Internal Revenue Service has determined by letter dated February 4, 2003, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements.

The Plan's tax status is subject to audit. Generally, years after January 1, 2011 are open to audit.

NOTE 7 - Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate it at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 8 - Party-in-Interest

Certain Plan investments are shares of a collective trust fund and mutual funds managed by Vanguard Fiduciary Trust Co. Vanguard Fiduciary Trust Co. is the Trustee of the Plan and therefore, these qualify as party-in-interest transactions.

NOTE 9 - Fees

The Company pays audit and other expenses of the Plan. Investment fees for the mutual funds are paid by the Plan and are included in the net investment returns of the various funds.

NOTE 10 - Risks, Uncertainties and Concentrations

The Plan's investments are exposed to various risks such as interest rate, credit and overall market risks. Due to the level of risk associated with investment securities, it is likely that changes in the values of its investment will occur in the near term and possible that such changes could materially affect the net assets.

The Plan's assets, although diversified through investments in several different mutual funds, are all held by Vanguard Fiduciary Trust Company. The Plan is dependent on this Custodian for safeguarding of its assets.

NOTE 11 - Reconciliation of Financial Statements to Form 5500

NOTE 12 - Legal Proceedings/Contingencies

The Plan may engage legal counsel to defend it against such potential litigation matters whether asserted or anticipated as the Plan's management judges necessary in the circumstances. The Plan does not believe that there are any current actions that are either not covered by insurance or would have a material effect on its financial condition.

Note 13 - Plan Amendments

Effective January 1, 2013, the Plan was amended to allow commissions to be included in eligible compensation.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Utica Mutual Insurance Company Employee Profit Sharing and Investment Plan as of December 31, 2013, 2012 and 2011, and the changes in its net assets available for benefits for the years then ended in accordance with U.S. generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets (Held At End Of Year) and Reportable Transactions, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - Description of Plan

The following brief description of the Utica Mutual Insurance Company ("Company") Employee Profit Sharing and Investment Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Employees of Founders Insurance Company (a wholly owned subsidiary) (Founders) are subject to a different employer contribution schedule.

A) General - The Plan is a defined contribution plan covering substantially all employees of the Company who have attained age eighteen and are scheduled to work or have completed 1,000 hours or more. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B) Contributions - Subject to Internal Revenue Code contribution limits, (maximum of $17,500 for the 2013 plan year) Utica Mutual participants may elect to contribute up to 50% of their annual compensation, before overtime and bonuses. Founders participants' annual compensation for contribution limits includes overtime and bonuses. These contributions may be pre-tax or after-tax (Roth). Participants who have attained age 50 are eligible to make additional "catch up" contributions of up to $5,500. Company matching contributions can range between 0% and 125% of the Utica Mutual participants' deferral (not to exceed 4%) based upon certain financial results of the Company. The Company match was approximately $620,000, $600,000 and $-0- in 2013, 2012 and 2011, respectively. The matching formula is as follows:

If the employer's percentage of net income before tax to net written premium for such calendar year is:	The employer's contribution will be the following percentage of his/her Elective Deferral Contribution:
At least 1% but less than 5%	25%

Additional profit sharing contributions for Utica Mutual employees may be made at the discretion of the Board of Directors. For 2013, 2012 and 2011, no additional profit sharing contributions were made.

NOTE 1 - Description of Plan (Continued)

B) Contributions (Continued)

Utica Mutual employees hired or rehired on or after January 1, 2007, who have completed one year (consisting of 1,000 hours) of service during a plan year and are employed on the last business day of such plan year will be eligible for additional employer contributions. These "pension contributions" are a percent of the participant's compensation based on an actuarial value that takes into account the participant's age and years of service as of the last day of such plan year. "Pension contributions" were approximately $500,000, $400,000 and $300,000 in 2013, 2012 and 2011, respectively.

The Employer Non-Elective Contribution for Founders Employees will equal 3% of compensation (excluding any amounts received from an executive savings plan). The Company's Non-Elective Contribution for Founders Employees was approximately $330,000, $290,000 and $280,000 in 2013, 2012 and 2011, respectively.

The amount of the Employer Profit Sharing Contribution for Founders Employees will be determined annually based on Founders' return on equity. The percentage is determined by using the following table:

Founders' Return on Equity	Profit Sharing Contribution (as a Percentage of Base Pay)
Below 0%	0%
1% to 8%	1% to 5%
8% to 16%	6% to 10%
16% to 20%	11% to 14%
Over 20%	15%

In order to receive a Profit Sharing Contribution, Founders employees must be actively employed on the last day of the Plan year and have completed 1,000 hours of service within that Plan year. The Company Profit Sharing Contribution for Founders employees was approximately $-0-, $85,000 and $85,000 in 2013, 2012 and 2011, respectively.

C) Participant Accounts - Individual separate accounts are maintained for each plan participant. Each participant's account is credited with their contribution, their share of the Company's contributions and actual earnings thereon. Participants direct investment of their account into various mutual funds selected by the Plan's administration.

NOTE 1 - Description of Plan (Continued)

D) Vesting - Participants are immediately 100% vested in their contributions and earnings thereon. Founders participants are immediately 100% vested in Company Non-Elective Contributions. Vesting in the Employer match and "pension" contributions for Utica Mutual employees and Employer Profit Sharing contributions for Founders employees are based on the following five year graded schedule.

Less than 2 years of service	0%
2 years	20%
3 years	40%
4 years	60%
5 years	100%

A participant is also 100% vested upon retirement, death or total and permanent disability.

E) Payment of Benefits - On termination of service other than retirement, a participant will receive a lump-sum amount equal to the total vested account value or if the account balance is over $5,000, may elect to defer distribution until no later than age 70 1/2.

Upon retirement, a participant may elect to receive a lump-sum amount or elect a series of installments or defer distribution until the later of age 65 or one year from the date of retirement.

Upon termination of service, amounts that a participant is not vested in will be forfeited. Forfeited amounts are used to offset future Company matching contributions. Forfeitures in each of 2013, 2012 and 2011 were less than $100,000.

F) Participant Loans - Participants may borrow from their account the lesser of 50% of their vested account value or $50,000. They are required to repay the loan over a period not to exceed 60 months with an interest rate of prime plus one percent. The maximum amount of loans outstanding at any time is five.

G) Withdrawals - The Plan allows for hardship withdrawals for uninsured medical expenses, tuition payments, purchase of a primary residence or to prevent eviction from or foreclosure of a primary residence.

NOTE 2 - Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make certain estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest.

D. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (See Note 3). Changes in fair value are included in changes in net assets. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

E. Payment of Benefits

Benefit payments are recorded upon distribution.

F. Fully Benefit-Responsive Contracts Held

The Plan purchases from Vanguard contracts for those participants receiving benefits in the form of an annuity. These contracts are considered Fully Benefit - Responsive Contracts.

Generally accepted accounting principles require investments held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant value for the Plan because that is the amount participants will receive. The statement of net assets available for benefits presents the fair value of these investment contracts as well as the adjustment from fair value to contract value.

G. Subsequent Events

The Company did not have any subsequent events through September 2, 2014 (the date the financial statements were available to be issued) requiring recording or disclosure in the financial statements for the year ended December 31, 2013.

NOTE 3 - Fair Value Measurement

In accordance with generally accepted accounting principles, the Plan established a hierarchy that prioritizes the inputs used to measure fair value. The hierarchy consists of three broad levels as listed below:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of observable inputs other than quoted prices for the identical assets.
- Level 3 inputs consist of unobservable inputs, have the lowest priority and should be used only when Level 1 and 2 inputs are unavailable.

When available, the Plan measures Fair Value using Level 1 inputs because they generally provide the most reliable evidence of Fair Value.

Level 1 - Fair Value Measurement

The Fair Value of Mutual Funds are based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 - Fair Value Measurement

The Common Collective Trust (fully benefit-responsive contract with Vanguard) is valued using other significant observable inputs including quoted prices for similar securities, interest rates, etc.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits and are summarized below.

		Fair Value Measurements Using:	
December 31, 2013	Fair Value	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)

NOTE 4 - Investments

The Plan's investments are all participant-directed and are held and administered by Vanguard Fiduciary Trust Company, the Plan's Trustee.

The following table presents the fair value of investments that represent 5% or more of the Plan's net assets at December 31,:

	2013	2012	2011

During 2013, 2012 and 2011, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in value as follows:

	2013	2012	2011
Mutual Funds	$22,667,067	$11,600,558	$(4,047,347)

NOTE 5 - Investment Contract with Insurance Company

The Plan entered into benefit-responsive investment contracts held by Vanguard Retirement Savings Trust.

As described in Note 2(E), contract value is the relevant value for the Plan because contract value is the amount participants will receive under the contract.

Contract value, as reported by Vanguard, represents contributions made, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contracts at December 31, 2013, 2012 and 2011 was $24,970,706, $25,052,367 and $24,492,715.

Certain events could limit the Plan's ability to transact at contract value. Such events may include but are not limited to the following: (a) amendments to the Plan (including Plan termination or merger with another Plan), (b) transfers to other investment options, (c) events that cause a significant withdrawal from the Plan, (d) the failure to qualify for exemption from federal income taxes, or (e) a prohibited transaction under ERISA. The Company does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value, is probable.

Average yields:	2013	2012	2011
Based on actual earnings	2.06%	2.37%	2.94%
Based on interest rate credited to participants	1.68%	2.29%	2.97%

NOTE 6 - Tax Status

The Plan constitutes a qualified trust under Section 401(k) of the Internal Revenue Code (IRC) and is therefore exempt from Federal income taxes.

The Internal Revenue Service has determined by letter dated February 4, 2003, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements.

The Plan's tax status is subject to audit. Generally, years after January 1, 2011 are open to audit.

NOTE 7 - Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate it at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 8 - Party-in-Interest

Certain Plan investments are shares of a collective trust fund and mutual funds managed by Vanguard Fiduciary Trust Co. Vanguard Fiduciary Trust Co. is the Trustee of the Plan and therefore, these qualify as party-in-interest transactions.

NOTE 9 - Fees

The Company pays audit and other expenses of the Plan. Investment fees for the mutual funds are paid by the Plan and are included in the net investment returns of the various funds.

NOTE 10 - Risks, Uncertainties and Concentrations

The Plan's investments are exposed to various risks such as interest rate, credit and overall market risks. Due to the level of risk associated with investment securities, it is likely that changes in the values of its investment will occur in the near term and possible that such changes could materially affect the net assets.

The Plan's assets, although diversified through investments in several different mutual funds, are all held by Vanguard Fiduciary Trust Company. The Plan is dependent on this Custodian for safeguarding of its assets.

NOTE 11 - Reconciliation of Financial Statements to Form 5500

NOTE 12 - Legal Proceedings/Contingencies

The Plan may engage legal counsel to defend it against such potential litigation matters whether asserted or anticipated as the Plan's management judges necessary in the circumstances. The Plan does not believe that there are any current actions that are either not covered by insurance or would have a material effect on its financial condition.

Note 13 - Plan Amendments

Effective January 1, 2013, the Plan was amended to allow commissions to be included in eligible compensation.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Utica Mutual Insurance Company Employee Profit Sharing and Investment Plan as of December 31, 2013, 2012 and 2011, and the changes in its net assets available for benefits for the years then ended in accordance with U.S. generally accepted accounting principles.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets (Held At End Of Year) and Reportable Transactions, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - Description of Plan

The following brief description of the Utica Mutual Insurance Company ("Company") Employee Profit Sharing and Investment Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Employees of Founders Insurance Company (a wholly owned subsidiary) (Founders) are subject to a different employer contribution schedule.

A) General - The Plan is a defined contribution plan covering substantially all employees of the Company who have attained age eighteen and are scheduled to work or have completed 1,000 hours or more. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B) Contributions - Subject to Internal Revenue Code contribution limits, (maximum of $17,500 for the 2013 plan year) Utica Mutual participants may elect to contribute up to 50% of their annual compensation, before overtime and bonuses. Founders participants' annual compensation for contribution limits includes overtime and bonuses. These contributions may be pre-tax or after-tax (Roth). Participants who have attained age 50 are eligible to make additional "catch up" contributions of up to $5,500. Company matching contributions can range between 0% and 125% of the Utica Mutual participants' deferral (not to exceed 4%) based upon certain financial results of the Company. The Company match was approximately $620,000, $600,000 and $-0- in 2013, 2012 and 2011, respectively. The matching formula is as follows:

If the employer's percentage of net income before tax to net written premium for such calendar year is:	The employer's contribution will be the following percentage of his/her Elective Deferral Contribution:
At least 1% but less than 5%	25%
At least 5% but less than 6%	50%
At least 6% but less than 7%	75%
At Least 7% but less than 8%	100%
More than 8%	125%

Additional profit sharing contributions for Utica Mutual employees may be made at the discretion of the Board of Directors. For 2013, 2012 and 2011, no additional profit sharing contributions were made.

NOTE 1 - Description of Plan (Continued)

B) Contributions (Continued)

Utica Mutual employees hired or rehired on or after January 1, 2007, who have completed one year (consisting of 1,000 hours) of service during a plan year and are employed on the last business day of such plan year will be eligible for additional employer contributions. These "pension contributions" are a percent of the participant's compensation based on an actuarial value that takes into account the participant's age and years of service as of the last day of such plan year. "Pension contributions" were approximately $500,000, $400,000 and $300,000 in 2013, 2012 and 2011, respectively.

The Employer Non-Elective Contribution for Founders Employees will equal 3% of compensation (excluding any amounts received from an executive savings plan). The Company's Non-Elective Contribution for Founders Employees was approximately $330,000, $290,000 and $280,000 in 2013, 2012 and 2011, respectively.

The amount of the Employer Profit Sharing Contribution for Founders Employees will be determined annually based on Founders' return on equity. The percentage is determined by using the following table:

Founders' Return on Equity	Profit Sharing Contribution (as a Percentage of Base Pay)
Below 0%	0%
1% to 8%	1% to 5%
8% to 16%	6% to 10%
16% to 20%	11% to 14%
Over 20%	15%

In order to receive a Profit Sharing Contribution, Founders employees must be actively employed on the last day of the Plan year and have completed 1,000 hours of service within that Plan year. The Company Profit Sharing Contribution for Founders employees was approximately $-0-, $85,000 and $85,000 in 2013, 2012 and 2011, respectively.

C) Participant Accounts - Individual separate accounts are maintained for each plan participant. Each participant's account is credited with their contribution, their share of the Company's contributions and actual earnings thereon. Participants direct investment of their account into various mutual funds selected by the Plan's administration.

NOTE 1 - Description of Plan (Continued)

D) Vesting - Participants are immediately 100% vested in their contributions and earnings thereon. Founders participants are immediately 100% vested in Company Non-Elective Contributions. Vesting in the Employer match and "pension" contributions for Utica Mutual employees and Employer Profit Sharing contributions for Founders employees are based on the following five year graded schedule.

Less than 2 years of service	0%
2 years	20%
3 years	40%
4 years	60%
5 years	100%

A participant is also 100% vested upon retirement, death or total and permanent disability.

E) Payment of Benefits - On termination of service other than retirement, a participant will receive a lump-sum amount equal to the total vested account value or if the account balance is over $5,000, may elect to defer distribution until no later than age 70 1/2.

Upon retirement, a participant may elect to receive a lump-sum amount or elect a series of installments or defer distribution until the later of age 65 or one year from the date of retirement.

Upon termination of service, amounts that a participant is not vested in will be forfeited. Forfeited amounts are used to offset future Company matching contributions. Forfeitures in each of 2013, 2012 and 2011 were less than $100,000.

F) Participant Loans - Participants may borrow from their account the lesser of 50% of their vested account value or $50,000. They are required to repay the loan over a period not to exceed 60 months with an interest rate of prime plus one percent. The maximum amount of loans outstanding at any time is five.

G) Withdrawals - The Plan allows for hardship withdrawals for uninsured medical expenses, tuition payments, purchase of a primary residence or to prevent eviction from or foreclosure of a primary residence.

NOTE 2 - Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make certain estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest.

D. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (See Note 3). Changes in fair value are included in changes in net assets. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

E. Payment of Benefits

Benefit payments are recorded upon distribution.

F. Fully Benefit-Responsive Contracts Held

The Plan purchases from Vanguard contracts for those participants receiving benefits in the form of an annuity. These contracts are considered Fully Benefit - Responsive Contracts.

Generally accepted accounting principles require investments held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant value for the Plan because that is the amount participants will receive. The statement of net assets available for benefits presents the fair value of these investment contracts as well as the adjustment from fair value to contract value.

G. Subsequent Events

The Company did not have any subsequent events through September 2, 2014 (the date the financial statements were available to be issued) requiring recording or disclosure in the financial statements for the year ended December 31, 2013.

NOTE 3 - Fair Value Measurement

In accordance with generally accepted accounting principles, the Plan established a hierarchy that prioritizes the inputs used to measure fair value. The hierarchy consists of three broad levels as listed below:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of observable inputs other than quoted prices for the identical assets.
- Level 3 inputs consist of unobservable inputs, have the lowest priority and should be used only when Level 1 and 2 inputs are unavailable.

When available, the Plan measures Fair Value using Level 1 inputs because they generally provide the most reliable evidence of Fair Value.

Level 1 - Fair Value Measurement

The Fair Value of Mutual Funds are based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 - Fair Value Measurement

The Common Collective Trust (fully benefit-responsive contract with Vanguard) is valued using other significant observable inputs including quoted prices for similar securities, interest rates, etc.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits and are summarized below.

		Fair Value Measurements Using:	
December 31, 2013	Fair Value	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)

	2013	2012	2011
Mutual Funds	$22,667,067	$11,600,558	$(4,047,347)

NOTE 5 - Investment Contract with Insurance Company

The Plan entered into benefit-responsive investment contracts held by Vanguard Retirement Savings Trust.

As described in Note 2(E), contract value is the relevant value for the Plan because contract value is the amount participants will receive under the contract.

Contract value, as reported by Vanguard, represents contributions made, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contracts at December 31, 2013, 2012 and 2011 was $24,970,706, $25,052,367 and $24,492,715.

Certain events could limit the Plan's ability to transact at contract value. Such events may include but are not limited to the following: (a) amendments to the Plan (including Plan termination or merger with another Plan), (b) transfers to other investment options, (c) events that cause a significant withdrawal from the Plan, (d) the failure to qualify for exemption from federal income taxes, or (e) a prohibited transaction under ERISA. The Company does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value, is probable.

Average yields:	2013	2012	2011
Based on actual earnings	2.06%	2.37%	2.94%
Based on interest rate credited to participants	1.68%	2.29%	2.97%

NOTE 6 - Tax Status

The Plan constitutes a qualified trust under Section 401(k) of the Internal Revenue Code (IRC) and is therefore exempt from Federal income taxes.

The Internal Revenue Service has determined by letter dated February 4, 2003, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements.

The Plan's tax status is subject to audit. Generally, years after January 1, 2011 are open to audit.

NOTE 7 - Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate it at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 8 - Party-in-Interest

Certain Plan investments are shares of a collective trust fund and mutual funds managed by Vanguard Fiduciary Trust Co. Vanguard Fiduciary Trust Co. is the Trustee of the Plan and therefore, these qualify as party-in-interest transactions.

NOTE 9 - Fees

The Company pays audit and other expenses of the Plan. Investment fees for the mutual funds are paid by the Plan and are included in the net investment returns of the various funds.

NOTE 10 - Risks, Uncertainties and Concentrations

The Plan's investments are exposed to various risks such as interest rate, credit and overall market risks. Due to the level of risk associated with investment securities, it is likely that changes in the values of its investment will occur in the near term and possible that such changes could materially affect the net assets.

The Plan's assets, although diversified through investments in several different mutual funds, are all held by Vanguard Fiduciary Trust Company. The Plan is dependent on this Custodian for safeguarding of its assets.

NOTE 11 - Reconciliation of Financial Statements to Form 5500

NOTE 12 - Legal Proceedings/Contingencies

The Plan may engage legal counsel to defend it against such potential litigation matters whether asserted or anticipated as the Plan's management judges necessary in the circumstances. The Plan does not believe that there are any current actions that are either not covered by insurance or would have a material effect on its financial condition.

Note 13 - Plan Amendments

Effective January 1, 2013, the Plan was amended to allow commissions to be included in eligible compensation.
