Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Smithfield Foods Salaried Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 4 and 6, which was certified by Wells Fargo Bank, N.A. and The Bank of New York Mellon/BNY Mellon N.A., the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that The Bank of New York Mellon/BNY Mellon N.A. held the Plan's investment assets and executed investment transactions from March 1, 2012 to December 31, 2013 and Wells Fargo Bank, N.A. held the Plan's investment assets and executed investment transactions for the period January 1, 2012 to February 29, 2012. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2013 and 2012 that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Smithfield Foods Salaried Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 4 and 6, which was certified by Wells Fargo Bank, N.A. and The Bank of New York Mellon/BNY Mellon N.A., the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that The Bank of New York Mellon/BNY Mellon N.A. held the Plan's investment assets and executed investment transactions from March 1, 2012 to December 31, 2013 and Wells Fargo Bank, N.A. held the Plan's investment assets and executed investment transactions for the period January 1, 2012 to February 29, 2012. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2013 and 2012 that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SMITHFIELD FOODS SALARIED PENSION PLAN

Notes to Financial Statements December 31, 2013 and 2012

(1) Description of Plan

The following description of the Smithfield Foods Salaried Pension Plan (the Plan) provides general information only. Participants should refer to the plan agreement for a more complete description of the plan provisions.

General

The Plan was created effective January 1, 1994 as a result of a merger of the Smithfield Foods, Inc. Pension Plan, Smithfield Packing Company Pension Plan, Gwaltney of Smithfield Ltd. Pension Plan, Patrick Cudahy Incorporated Pension Plan and the Schluderberg Kurdle Company, Inc. Pension Plan. The Plan is a defined benefit plan covering substantially all salaried employees of Smithfield Foods, Inc. (Smithfield) and all affiliated employers who have adopted the Plan (collectively, the Company). Employees must have completed 1,000 hours of service and attained age 21 to participate in the Plan. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

During 2007, Premium Standard Farms, LLC (PSF) was acquired by Smithfield. Effective January 1, 2008, PSF adopted the Plan and certain employees are now covered by the Plan and granted past vesting service. Effective December 31, 2009, John Morrell & Co. Salaried Employees Pension Plan merged with the Plan.

The majority of the Plan's investments are in the Smithfield Foods Master Trust (the Master Trust). The Master Trust was created to hold investment assets of the Plan as well as investment assets of several other plans sponsored by Smithfield or its subsidiaries (collectively, the Participating Plans).

Plan Administration

Overall responsibility for administering the Plan rests with Smithfield. Effective March 1, 2012, the plan administrator entered into a trust agreement with The Bank of New York Mellon/BNY Mellon N.A. (Mellon), the current trustee of the Plan, replacing Wells Fargo Bank, N.A. (Wells Fargo), the former trustee of the Plan. The Smithfield Foods, Inc. Administrative Committee and Investment Committee (the Committees) are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment holdings, monitor investment performance, and control and manage the operation and administration of the Plan. The Committees report directly to the audit committee of the Board of Directors.

(1) Description of Plan, Continued

Funding Policy

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in the amount required under government regulations, plus amounts necessary to maintain an 80% funded status in order to avoid benefit restrictions under the Pension Protection Act. The Company met the minimum funding requirements of ERISA for the years ended December 31, 2013 and 2012.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Pension Benefits

Generally, employees with 5 or more years of service are entitled to monthly pension benefits beginning at normal retirement age (65) based on the number of full years of service, except as otherwise provided, times the sum of (a) 0.8% of final average earnings and (b) 0.9% of final average earnings in excess of Social Security covered compensation. Refer to the plan documents for minimum and maximum benefit provisions. The Plan permits early retirement at ages 55 to 64 with reduced benefits.

Former Participants of John Morrell & Co. Salaried Employees Pension Plan

Employees with 5 or more years of service are entitled to monthly pension benefits beginning at normal retirement age (65) equal to the greater of (a) 1.8% of final average earnings times years of credited service (up to 25 years), adjusted for Social Security benefits, or (b) \$180 times years of credited service. The Plan permits early retirement at ages 55 to 64 with reduced benefits.

Death and Disability Benefits

The spouse of an active participant who dies with at least five years of service is eligible for a death benefit. The benefit is payable at early retirement as if the participant had survived to retirement and elected the joint and 50% survivor benefit.

A participant, with ten years of service who has reached the age of forty-five, and is totally and permanently disabled is eligible for a benefit equal to normal retirement benefit based on service to termination.

The benefit is payable at early retirement as if the participant had survived to retirement and elected the joint and 50% survivor benefit. The Plan does not provide for disability benefits.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committees determine the Plan's valuation policies utilizing information provided by its investment advisors and trustee. See Notes 5 and 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(2) Summary of Significant Accounting Policies, Continued

Smithfield Foods Master Trust

The fair value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses.

Net investment income from the Master Trust includes the Plan's share of interest, dividends, and net realized and unrealized appreciation (depreciation) of the fair value of the Master Trust's investments. Although the investment assets of the Participating Plans are commingled in the Master Trust, the trustee maintains supporting records for the purpose of allocating the net investment income of the Master Trust to the Participating Plans. All interest, dividends, and net appreciation (depreciation) of the Master Trust are allocated in accordance with the Master Trust's investment asset pools.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses of maintaining the Plan were paid by the Company during 2013 and 2012.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2014, the date the financial statements were available to be issued.

(4) Financial Information Certified by the Trustees

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Mellon and Wells Fargo, the trustees of the Plan, as complete and accurate, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedule. The trustees have certified the following as complete and accurate:

- The investments at fair value at December 31, 2013 and 2012.

(5) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(5) Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Plan's interest in the Master Trust: See Note 6 for valuation methodology.

Smithfield Foods Inc. common stock: Valued at the closing price reported on the New York Stock Exchange.

Pooled separate accounts: Valued at the net asset value (NAV) of units held by the Plan at year end based on the market value of its underlying investments. Although the pooled separate accounts are not available in an active market, the NAV of the units are approximated based on the quoted prices of the underlying investments that are traded in an active market. The Company has no unfunded commitments related to any of these investments and there are no Plan initiated redemption restrictions on these investments. There are no redemption restrictions on participant's holdings in the investments and the Plan can redeem these investments daily.

Insurance contract: Represents investment in an insurance contract valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Registered investment company: Valued at the daily closing price as reported by the fund. The registered investment company held by the Plan is an open end investment that is registered with the Securities and Exchange Commission. This investment is required to publish its daily NAV and to transact at that price. The investment held by the Plan is deemed to be actively traded.

Level 3 Gains and Losses

The following tables illustrates the activity of the level 3 assets held outside of the Master Trust measured at fair value on a recurring basis for the years ended December 31, 2013 and 2012:

	Insurance Contract

Ending balance	\$ 534,668	\$ 656,402

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(6) Interest in Master Trust (Unaudited)

The Plan invests the majority of its plan assets in the Master Trust. The Master Trust was created to hold the investment assets of the Participating Plans. The assets of the Master Trust are held by Mellon as of and for the years ended December 31, 2013 and 2012. The Plan's interest in the net assets of the Master Trust was approximately 35% and 36% at December 31, 2013 and 2012, respectively.

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Mellon and Wells Fargo, the trustees of the Master Trust, as complete an accurate, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedule.

Following is a description of the valuation methodologies used for assets measured at fair value held by the Master Trust.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

(6) Interest in Master Trust (Unaudited), Continued

Limited partnerships: The valuation of limited partnership investments requires the use of significant unobservable inputs due to the absence of quoted market prices, inherent lack of liquidity and long-term nature of such assets and are classified as level 3. These investments are initially valued at cost with quarterly valuations performed utilizing available market data to determine the fair value of these investments. Such market data consists primarily of the observations of trading multiples of public companies considered comparable to the investments with adjustments for investment-specific issues, the lack of liquidity and other items. In connection with these investments, the Master Trust has entered into capital commitments, of which approximately \$17,100,000 remains outstanding as of December 31, 2013.

Alternative investments: The fair values of alternative investments are obtained from pricing services, broker quotes or other model-based valuation techniques with observable inputs and classified as level 2. The nature of these alternative investments include instruments for which quoted prices are available but traded less frequently, instruments whose fair value has been derived using a model where inputs to the model are directly observable in the market, or can be derived principally from or corroborated by observable market data and securities that are valued using other financial instruments, the parameters of which can be directly observed. Level 2 alternative investments include diversified investment funds, domestic options contracts and futures contracts.

Registered investment companies: Valued at the daily closing price as reported by the registered investment company. Registered investment companies held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission. These investments are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Corporate debt: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings, recently executed transactions, market price quotations (where observable), bond spreads or credit default swap spreads.

Foreign exchange funds: Valued using pricing models based on the prevailing forward exchange rate of the underlying currencies taking into account the counterparties' creditworthiness.

Cash equivalents: Valued at the closing price reported on the active market on which the individual securities are traded.

Preferred stock: Represents investments in preferred stock valued at fair value using recent activity for similar instruments.

(7) Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Participant benefits are based on a set dollar amount multiplied by years of benefit service, as defined in the plan document.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary, Mercer Human Resource Consulting, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions underlying the valuations as of January 1, 2013 and 2012 were as follows:

Interest rate	7.75%
Discount rate	4.45% (4.75% as of January 1, 2012)
Mortality:	
Healthy Participants	RP-2000 mortality tables projected with mortality improvement to the valuation year plus 7 and 15 years based on Scale AA
Disabled Participants	Revenue Ruling 96-7 tables for disabled participants
Retirement age	Attained age 65
Funding method	Unit Credit Actuarial Cost Method

The actuarial present value of accumulated plan benefits is as follows as of January 1:

	2013	2012
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Active participants	\$ 106,247,087	\$ 110,726,579
Inactive participants with deferred benefits	68,341,128	69,623,448
Inactive participants receiving benefits	140,070,035	128,312,741
	314,658,250	308,662,768
Nonvested benefits	9,557,277	11,425,729

(7) Actuarial Present Value of Accumulated Plan Benefits, Continued

The change in the actuarial present value of accumulated plan benefits is as follows for the years ended January 1:

	2013	2012
Actuarial present value of accumulated plan benefits at beginning of year	\$ 320,088,497	\$ 289,394,062
Increase (decrease) during the year attributable to:		
Benefits accumulated and (gains) losses	(906,450)	18,533,180
Increase for interest due to decrease in discount period	24,021,385	21,786,908
Benefits paid	(18,711,023)	(15,272,628)
Change in actuarial assumptions	580,405	5,646,975
Change in methods	(857,287)	-
Actuarial present value of accumulated plan benefits at end of year	\$ 324,215,527	\$ 320,088,497

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2013 and 2012. Had the valuations been performed as of December 31, there would be no material differences.

(8) Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.

Continued...

SMITHFIELD FOODS SALARIED PENSION PLAN

Notes to Financial Statements December 31, 2013 and 2012

(8) Plan Termination, Continued

3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits, should the Plan be terminated at some future time, will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

(9) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated October 23, 2008, that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

SMITHFIELD FOODS SALARIED PENSION PLAN

Notes to Financial Statements December 31, 2013 and 2012

(10) Related Party Transactions and Party-In-Interest Transactions

The Plan invests in the Master Trust, which is managed by Smithfield. The Master Trust invests in a money market fund managed by the trustee, common stock of the trustee, and Smithfield common stock. The Plan held 1,294,060 shares of Smithfield common stock outside the Master Trust at December 31, 2012 with a fair value of \$27,912,878. All such holdings were liquidated during 2013, and for the year ended December 31, 2013, no dividend income related to the stock was recorded by the Plan.

The Master Trust pays fees to various parties-in-interest on behalf of the Participating Plans. Fees paid to parties-in-interest for 2013 and 2012 were as follows:

	2013	2012
Investment management	\$ 3,995,305	\$ 2,661,459
Consulting	12,500	37,500
	<u>\$ 4,007,805</u>	<u>\$ 2,698,959</u>

(11) Transfer from Other Plan

Effective January 1, 2012, the Tar Heel Turkey Hatchery Employee's Pension Plan merged with the Plan. As a result, assets of \$3,030,517 were transferred from the Tar Heel Turkey Hatchery Employee's Pension Plan.

(12) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Actuarial methods

Asset methods

The asset valuation method is an average of the adjusted market value for each year during the last 2 years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants. Participants who have not yet satisfied participation requirements have been excluded for the January 1, 2013 valuation.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum funding methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, Part V — Summary of Plan Provisions**Benefits included or excluded**

Unless noted below, all benefits provided by the plan, as restated January 1, 2011, are included in this valuation.

- **Most recent plan amendments included:** All amendments through December 31, 2012 have been reflected in this valuation.
- **Plan amendments excluded:** None.
- **Late retirement increases:**
 - *Active participants:* The plan applies late retirement actuarial increases for all participants who defer retirement beyond their normal retirement date and this valuation includes those increases.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Sections 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60 percent of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.
- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Summary of major plan provisions

Effective date and plan year

Original plan: January 1, 1994

Restated plan: January 1, 2011

Plan year: January 1 through December 31

Schedule SB, Part V — Summary of Plan Provisions

Status of the plan	The plan has ongoing benefit accruals and new employees are eligible to participate in the plan once they satisfy the participation requirements.
Significant events that occurred during the year	None

Smithfield Foods Salaried Employees**Definitions**

▪ Covered employees	All salaried employees of Smithfield Foods, Inc. (and any affiliated employer who adopts this plan) or hourly employees of Carroll's Foods of Virginia, Inc., Central Plains Farms Inc., Circle Four Corporation and Murphy Family Farms.
▪ Participation	Employees must have completed 1,000 hours of service or attained age 21 to participate in the plan.
▪ Employee contributions	None required or permitted.
▪ Vesting service	Employment from hire date to termination date measured in whole and fractional years.
▪ Credited service	Employment from hire date to termination date measured in whole and fractional years.
▪ Pensionable earnings	The total compensation paid to an employee by the employer during any calendar year as reported on Internal Revenue Service Form W-2, Box 1 or such successor box which describes "wages, tips, other compensation" and any amount which is contributed by the employer to a plan pursuant to a salary reduction agreement and which is not included in the gross income of the participant. This plan shall not consider a participant's annual compensation for any plan year in excess of the Section 401(a)(17) Limitation.
▪ Final average earnings	The participant's average annual compensation received during the five (5) highest consecutive calendar years during which the participant completes 1,000 Hours of Service out of the ten (10) calendar years prior to or including his termination of employment which produce the highest average; or if the participant has fewer than five (5) consecutive calendar years during which the participant completes 1,000 Hours of Service, the average annual compensation received from the employer during all calendar years during which the participant completes 1,000 hours of service prior to his termination of employment; provided however, that for a participant who transfers to this plan from a reciprocal plan, final average earnings shall be determined based on the average annual compensation received only while a participant in this plan.

Schedule SB, Part V — Summary of Plan Provisions

▪ Covered compensation	Shall mean for a plan year the average of the taxable wage bases in effect for each calendar year during the thirty-five (35) year period ending in the year which the participant attains (or will attain) Social Security Retirement Age. In determining a participant's covered compensation for a plan year, the taxable wage base for the current plan year and any subsequent plan year shall be assumed to be the same as the taxable wage base in effect as of the beginning of the plan year in which the participant terminated employment.
▪ Accrued benefit	Shall mean a participant's earned benefit, commencing at the participant's normal retirement age in the form of a life annuity, determined in the same manner as the participant's normal retirement pension and based on the participant's years of benefit service, final average earnings and covered compensation at the date the accrued benefit is being calculated. A participant's accrued benefit shall never be less than the accrued benefit on any prior date.
Normal retirement²	
▪ Eligibility	Age 65

² The benefit otherwise payable shall be reduced by the benefit provided under the Smithfield Packing Company Pension Plan that terminated on December 31, 1984.

Schedule SB, Part V — Summary of Plan Provisions

Benefit

A lifetime benefit payable at age 65 and equal to the product of (a) and (b), but not less than (c) and no more than (d):

- (a) The number of full years of benefit service. No credit shall be given for benefit service prior to September 27, 1992 for employees of Valleydale Foods, Inc., January 1, 1993 for employees of Carolina Food Processors, Inc., and January 1, 1994 for employees of Brown's of Carolina. For employees who were participants in a salaried plan maintained by the Company prior to January 1, 1994, benefit service as of December 31, 1993 shall not be greater than benefit service under the prior plan as of December 31, 1993.
- (b) The sum of (i) 0.8% of Final Average Earnings and (ii) 0.9% of Final Average Earnings in excess of Social Security Covered Compensation.
- (c) Minimum Benefit – An individual's accrued benefit will not be less than their accrued benefit, determined as of the earlier of their separation from service or December 31, 1994, under the provisions of any prior salaried plan as it existed on December 31, 1993. In addition, the annual retirement benefit of a Participant who completes an Hour of Service on or after January 1, 1994 shall not be less than \$900.
- (d) Maximum Benefit – If the annual benefit is greater than \$10,000, the maximum benefit will be the lesser of (i) 100% of the average compensation for the highest three consecutive years of participation in the Plan or (ii) \$135,000 for benefits payable at the Social Security retirement age, automatically increased as permitted by Section 415(d) of the Internal Revenue Code, so that the limitation shall at all times be the maximum permitted by law; provided if the Participant has fewer than 10 years of benefit service, the above amount, as automatically increased, shall be multiplied by the ratio of benefit service to 10 years.

Participants covered under the Carroll's Foods Employees Pension Plan on September 30, 2000 and who immediately thereafter became a participant in this plan are eligible to receive a lifetime benefit payable at age 65 and equal to the greater of (e) and (f):

- (e) The product of (a) and (b), but not less than (c) and no more than (d), with service credited from original Carroll's date of hire.
- (f) The sum of (i) and (ii); but not less than (c) and no more than (d):
 - (i) The product of (a) and (b), with service
 - (ii) The participant's accrued benefit under the Carroll's Foods Employee Pension Plan on September 30, 2000.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
