NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1: DESCRIPTION OF PLAN

The following description of Benefit and Risk Management Services, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only summarized general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 1995, is a defined contribution plan with a 401(k) deferred salary arrangement and profit sharing provision. The Plan is sponsored by Benefit and Risk Management Services, Inc. (the "Plan Sponsor") and covers all eligible employees of the Plan Sponsor. The Plan is designed to comply with Section 401(k) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Lincoln National Life Insurance Company served as custodian of Plan assets and an employee of the Plan Sponsor served as Plan trustee until July 1, 2013, when Plan assets were transferred to Fidelity Management Trust Company. Fidelity Management Trust Company serves as the Plan trustee.

The Plan was amended and restated effective July 1, 2013, and a new volume submitter plan was adopted.

Plan Year

The Plan year begins January 1 and ends December 31.

Eligibility

Employees of the Plan Sponsor who have completed one month of service and have attained the age of twenty-one (21) years are eligible to participate in the Plan. Eligibility is effective the first day of the month coinciding with, or next following, the date eligibility requirements are met.

Contributions

The Plan allows for the following types of contributions:

Employee Salary Deferral 401(k) Contributions

The Plan includes an elective salary deferral arrangement pursuant to section 401(k) of the Code. Upon eligibility, employees are automatically enrolled into the Plan. The automatic enrollment percentage is 3%; however, a participant may voluntarily contribute up to 100% of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Code. Employees may choose to opt out of the automatic enrollment. Employee salary deferrals include pre-tax elective deferrals and Roth after-tax elective deferrals.

Employee Rollover Contributions

Participants may make rollover contributions from another qualified plan.

Discretionary Non-elective Employer Contributions

The Plan Sponsor may make non-elective contributions at its discretion to plan members that were active participants at the end of the Plan year and completed 1,000 hours of service during the Plan year. The non-elective contributions are allocated to the accounts of eligible participants on a pro-rata share based on compensation. The Plan Sponsor elected not to make a non-elective contribution in 2013 or 2012.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Discretionary Employer Matching Contributions
The Plan Sponsor may make matching contributions in an amount as determined by the Plan Sponsor. The Plan Sponsor elected to make matching contributions equal to 100% of a participant's elective deferrals up to 3% of a participant's eligible compensation in 2013 and 2012.

Participant Accounts and Allocations
Each participant's account is credited with the participant's contributions, rollover contributions, the Plan Sponsor's matching and discretionary profit sharing contributions, an allocation of investment earnings, and an allocation of certain plan expenses, as defined by the Plan. The yield (interest, dividends, and net realized and unrealized gains and losses) on investment is allocated to each participant's account based on each participant's pro-rata share of the total investments in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary and rollover contributions and investment gains and losses credited thereon. Discretionary employer contributions and gains/losses credited thereon vest as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Forfeitures
Forfeitures may be used for the payment of administrative expenses of the Plan with any remaining amounts used to reduce the employer's contribution. Forfeitures of $24,041 and $0 were used to reduce employer matching contributions in 2013 and 2012, respectively. Forfeited amounts of $9,973 and $10,257 were available to be used to pay administrative expenses as of December 31, 2013 and 2012, respectively.

Notes Receivable from Participants
The Plan allows participants to borrow against their accounts. Participants may borrow an amount equal to 50% of their non-forfeitable vested balance up to a maximum of $50,000. Borrowings bear interest at rates established by the Plan trustee and are due within five years, or 10 years if used for the acquisition of a principal residence.

Retirement
Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment; 3) death or disability; 4) in-service upon attaining age 59 ½; or 5) demonstration of financial hardship. Benefit payments under the Plan are distributed to participants in a single lump sum or partial withdrawals in accordance with the Plan document.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Administrative Expenses
All administrative costs of the Plan are paid by the Plan or the Plan Sponsor, at the discretion of the Plan Committee. Expenses related to specific participant transactions are charged to the respective participant's account.

Reclassifications
Certain amounts in the 2012 financial statements were reclassified to conform with the 2013 financial statement presentation.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Allocation
Investments in securities are stated at fair market value based on quoted market prices when available. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investments are valued daily.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Income Taxes
The Plan adopted a volume submitter plan which received a favorable opinion letter dated March 31, 2008 in which Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. The Plan has not applied for its own determination letter and has been amended since the opinion letter. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with applicable provisions of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Plan management has determined that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however, there are currently no examinations for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Payment of Benefits
Benefits are recorded when paid.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INFORMATION CERTIFIED BY THE PLAN TRUSTEE AND CUSTODIAN**

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the plan trustee and custodian, Fidelity Management Trust Company and Lincoln National Life Insurance Company, as of and for the years ended December 31, 2013 and 2012, respectively:

NOTE 4: **INVESTMENTS (Continued)**

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	2013	2012
Mutual funds	$ 128,215	$ -
Pooled separate accounts	90,897	166,592
	$ 219,112	$ 166,592

NOTE 5: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 6: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 6: **FAIR VALUE MEASUREMENTS (Continued)**

Pooled Separate Accounts: Valued at the Net Asset Value (NAV) of units of a pooled investment vehicle of an insurance company. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the investment advisor reserves the right to temporarily delay withdrawal from the pooled separate account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money market account: Money market funds have quoted market prices in active markets to preserve their value at $1 per share.

The following table sets for by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013		
	Level 1	Level 2	Level 3

NOTE 7: **RECONCILIATION TO FORM 5500**

The Plan financial statements contain differences from Form 5500 as follows:

	2013	2012
Net assets per Form 5500	$ 2,177,913	$ 1,699,496

Contributions receivable	16,875	-
Employee and employer contributions as reported	$ 364,945	$ 370,174

NOTE 8: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE 9: **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to administration of the Plan and investment advisory fees were paid by the Plan. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

NOTE 10: **SUBSEQUENT EVENTS**

Plan management evaluates events and transactions occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2014, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed.

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1: DESCRIPTION OF PLAN

The following description of Benefit and Risk Management Services, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only summarized general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 1995, is a defined contribution plan with a 401(k) deferred salary arrangement and profit sharing provision. The Plan is sponsored by Benefit and Risk Management Services, Inc. (the "Plan Sponsor") and covers all eligible employees of the Plan Sponsor. The Plan is designed to comply with Section 401(k) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Lincoln National Life Insurance Company served as custodian of Plan assets and an employee of the Plan Sponsor served as Plan trustee until July 1, 2013, when Plan assets were transferred to Fidelity Management Trust Company. Fidelity Management Trust Company serves as the Plan trustee.

The Plan was amended and restated effective July 1, 2013, and a new volume submitter plan was adopted.

Plan Year

The Plan year begins January 1 and ends December 31.

Eligibility

Employees of the Plan Sponsor who have completed one month of service and have attained the age of twenty-one (21) years are eligible to participate in the Plan. Eligibility is effective the first day of the month coinciding with, or next following, the date eligibility requirements are met.

Contributions

The Plan allows for the following types of contributions:

Employee Salary Deferral 401(k) Contributions

The Plan includes an elective salary deferral arrangement pursuant to section 401(k) of the Code. Upon eligibility, employees are automatically enrolled into the Plan. The automatic enrollment percentage is 3%; however, a participant may voluntarily contribute up to 100% of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Code. Employees may choose to opt out of the automatic enrollment. Employee salary deferrals include pre-tax elective deferrals and Roth after-tax elective deferrals.

Employee Rollover Contributions

Participants may make rollover contributions from another qualified plan.

Discretionary Non-elective Employer Contributions

The Plan Sponsor may make non-elective contributions at its discretion to plan members that were active participants at the end of the Plan year and completed 1,000 hours of service during the Plan year. The non-elective contributions are allocated to the accounts of eligible participants on a pro-rata share based on compensation. The Plan Sponsor elected not to make a non-elective contribution in 2013 or 2012.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Discretionary Employer Matching Contributions
The Plan Sponsor may make matching contributions in an amount as determined by the Plan Sponsor. The Plan Sponsor elected to make matching contributions equal to 100% of a participant's elective deferrals up to 3% of a participant's eligible compensation in 2013 and 2012.

Participant Accounts and Allocations
Each participant's account is credited with the participant's contributions, rollover contributions, the Plan Sponsor's matching and discretionary profit sharing contributions, an allocation of investment earnings, and an allocation of certain plan expenses, as defined by the Plan. The yield (interest, dividends, and net realized and unrealized gains and losses) on investment is allocated to each participant's account based on each participant's pro-rata share of the total investments in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary and rollover contributions and investment gains and losses credited thereon. Discretionary employer contributions and gains/losses credited thereon vest as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Forfeitures
Forfeitures may be used for the payment of administrative expenses of the Plan with any remaining amounts used to reduce the employer's contribution. Forfeitures of $24,041 and $0 were used to reduce employer matching contributions in 2013 and 2012, respectively. Forfeited amounts of $9,973 and $10,257 were available to be used to pay administrative expenses as of December 31, 2013 and 2012, respectively.

Notes Receivable from Participants
The Plan allows participants to borrow against their accounts. Participants may borrow an amount equal to 50% of their non-forfeitable vested balance up to a maximum of $50,000. Borrowings bear interest at rates established by the Plan trustee and are due within five years, or 10 years if used for the acquisition of a principal residence.

Retirement
Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment; 3) death or disability; 4) in-service upon attaining age 59 ½; or 5) demonstration of financial hardship. Benefit payments under the Plan are distributed to participants in a single lump sum or partial withdrawals in accordance with the Plan document.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Administrative Expenses
All administrative costs of the Plan are paid by the Plan or the Plan Sponsor, at the discretion of the Plan Committee. Expenses related to specific participant transactions are charged to the respective participant's account.

Reclassifications
Certain amounts in the 2012 financial statements were reclassified to conform with the 2013 financial statement presentation.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Allocation
Investments in securities are stated at fair market value based on quoted market prices when available. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investments are valued daily.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Income Taxes
The Plan adopted a volume submitter plan which received a favorable opinion letter dated March 31, 2008 in which Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. The Plan has not applied for its own determination letter and has been amended since the opinion letter. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with applicable provisions of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Plan management has determined that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however, there are currently no examinations for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Payment of Benefits
Benefits are recorded when paid.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INFORMATION CERTIFIED BY THE PLAN TRUSTEE AND CUSTODIAN**

	2013	2012
Mutual funds	$ 128,215	$ -
Pooled separate accounts	90,897	166,592
	$ 219,112	$ 166,592

NOTE 5: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 6: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 6: **FAIR VALUE MEASUREMENTS (Continued)**

Pooled Separate Accounts: Valued at the Net Asset Value (NAV) of units of a pooled investment vehicle of an insurance company. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the investment advisor reserves the right to temporarily delay withdrawal from the pooled separate account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money market account: Money market funds have quoted market prices in active markets to preserve their value at $1 per share.

The following table sets for by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013		
	Level 1	Level 2	Level 3

NOTE 7: **RECONCILIATION TO FORM 5500**

The Plan financial statements contain differences from Form 5500 as follows:

	2013	2012
Net assets per Form 5500	$ 2,177,913	$ 1,699,496

Contributions receivable	16,875	-
Employee and employer contributions as reported	$ 364,945	$ 370,174

NOTE 8: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE 9: **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to administration of the Plan and investment advisory fees were paid by the Plan. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

NOTE 10: **SUBSEQUENT EVENTS**

Plan management evaluates events and transactions occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2014, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed.
