Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditor's Report

To the Plan Administrator
WHX Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the WHX Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - 2012 Financial Statements

The financial statements of the plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated October 11, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2013 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

All other groups

Rates varying by age, applied only to participants eligible for immediate retirement

Percentage retiring during the year

Age	Rate
50	1.0%
51 – 53	1.0
54 – 61	2.0
62	60.0
63 – 64	40.0
65	45.0
66	40.0
67 – 69	20.0
70	100.0

Benefit commencement date:

- ▶ Preretirement death benefit Surviving spouse benefits commence at the later of the death of the active participant or the date the participant would have attained age 55 (or earliest retirement age, if later). However, Steelworker surviving spouse benefits under the WPSC Bargaining provisions are assumed to commence immediately upon the participant's death.
- ▶ Deferred vested benefit Age 65
- ▶ Disability benefit Upon termination of employment. Also, 80% of WPSC Bargaining participants retiring on account of disability will qualify for Social Security benefits.
- ▶ Retirement benefit Upon termination of employment

Form of payment

Normal form for unmarried participant, except that all WPSC Salaried participants are assumed to elect lump sum payments

Percent married

85% of males; 65% of females

Spouse age

Wife three years younger than husband

Administrative expenses

An expense assumption of \$3,190,000 was included in the target normal cost. This assumption is intended to include expected non-investment expenses and PBGC premiums to be paid from the plan trust during 2013. Non-investment expenses are based on an average of similar expenses paid from the plan in prior years.

At-risk assumptions

For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan, which is usually the lump sum form of payment.

Cash flow

- ▶ Timing of benefit payments Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Methods

Valuation date	First day of plan year
Funding target	<p>Present value of accrued benefits</p> <p>The IRC §430 regulations describe the required methodology for attributing benefits among Funding Target, current year Target Normal Cost, and future years' Target Normal Costs for disability benefits, Social Security benefits, death benefits and other ancillary benefits.</p>
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year
Actuarial value of assets	<p>Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2012 plan year.)</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	<p>All benefits described in the Plan Provisions section of this report were valued. Towers Watson has reviewed the plan provisions with Handy & Harman and, based on that review, is not aware of any significant benefits required to be valued that were not.</p> <p>The plan pays small benefits in a single lump sum payment. Such lumps sums are not explicitly valued as such; rather such participants benefits are valued using the benefit choice assumptions described above.</p>
Change in assumptions and methods since prior valuation	<p>The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.</p> <p>The assumed plan-related expenses added to the target normal cost were changed from \$2,790,000 for 2012 to \$3,190,000 for 2013.</p>

WHX Pension Plan (PN 001)

Schedule SB, Part V — Summary of Plan Provisions

Special retirement benefits:

- ▶ Handy & Harman/USWA
Eligibility: Any employee retiring under Normal or Early Retirement or to a beneficiary of a participant scheduled to commence under Normal or Early Retirement.
Benefit: Additional lump sum benefit at date of retirement in the amount of 13 times employee's weekly rate of pay, less any vacation pay received.
- ▶ Martinsburg Automotive
Eligibility: Termination other than death after three years of Vesting Service, and not entitled to a pension benefit from the Plan.
Benefit: Lump sum payment of \$50 times years of Credited Service.

Preretirement spouse benefits

- ▶ Handy & Harman
If a Vested participant dies while active but after meeting the Early Retirement eligibility, spouse receives one-half of Monthly Pension Benefit (NOT reduced for 50% J&S option).
In all other cases where a vested participant dies prior to commencement, spouse receives benefit as though participant commenced on her elected commencement date with a 50% J&S benefit.
- ▶ H&H Tube Company
If a Vested participant dies while active and after the participant attains age 55 and 10 years of vesting service or age 65, surviving spouse receives one-half of Monthly Pension Benefit (NOT reduced for 50% J&S option).
In all other cases where a vested participant dies prior to commencement, spouse receives benefit as though participant commenced on her elected commencement date with a 50% J&S benefit. If participant had 10 years of vesting service, benefit may commence at participant's age 55. Otherwise, benefit commences at participant's age 65.
- ▶ All other locations
Surviving spouse will receive the amount that would have been payable if the former employee had elected a 50% joint and survivor pension. Benefit is payable at the later of the date of death or when the deceased employee would have reached the EBCD, except for MSW Cockeysville (age 55). In all cases, the benefit is reduced for any early commencement of benefits.

The following groups have additional Pre-Retirement Spousal Benefit provisions:

- ▶ Martinsburg Automotive
If a participant dies while active, and the employee has three or more years of service, a lump sum benefit in the amount of \$50 times years of Vesting Service, with a maximum benefit of \$2,000, is payable. If eligible for Normal Retirement at date of death, beneficiary will receive a lump sum death benefit of \$2,000.
- ▶ H&H Tube Company
If a vested participant is not married at date of death, or married less than one year, a lump sum payment will be payable to the beneficiary in the amount of \$50 times the Monthly Pension Benefit at date of termination. A spouse may choose a lump sum benefit equal to \$50 times the Monthly Pension Benefit, in lieu of and in complete substitution for all other pre-retirement spouse benefits

Handy & Harman Ltd. - (EIN 13-3768097)

WHX Pension Plan (PN 001)

Schedule SB, Part V — Summary of Plan Provisions

- Sumco A lump sum option is available if the actuarial equivalent of the spouse's benefit is greater than \$5,000
- Postretirement Surviving Spouse Benefit A single lump sum death benefit is payable to the spouse or otherwise indicated beneficiary. The amount of the single lump sum death benefit is as follows:

<u>Group</u>	<u>Single Lump Sum Death Benefit</u>
Dover Automotive	\$1,000
Martinsburg Automotive	\$2,000
H&H Tube Company	\$5,000*
Indiana Tube	\$2,000
MSW Cockeysville	\$2,000
Strandflex	\$2,500

* \$5,500 after 5/10/2003

For Handy & Harman/USWA participants, a single lump sum death benefit in the amount of \$6,000 is payable to the spouse or otherwise indicated beneficiary. If the former employee had received less than three Monthly Pension payments prior to death, the single sum death benefit will be increased by the product of (a) the Monthly Pension Benefit and (b) three minus the number of pension payments received prior to death.

Other Plan Provisions

- Forms of payment
- Normal Form:
- Single participants — Straight life annuity (ten-year certain and life annuity for H&H Tube Company)
- Married participants — Actuarially reduced 50% joint and survivor annuity with spouse as beneficiary
- Optional Forms:
- Ten-year certain and life annuity or, if married, 100% joint and survivor (if retirement is other than a deferred vested retirement) or life annuity (with spousal consent)
- Maximum on benefits and pay
- All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

The Indiana Tube Corporation froze all benefits on June 30, 2011. No future benefit service will be used in the calculation of their accrued benefit.

Final Average Annual Compensation

For purposes of computing the benefits provided under the Plan, Final Average Annual Compensation is defined as the average annual compensation earned during the highest five consecutive years during the ten year period preceding retirement. In determining the compensation to be counted in a particular year, Management Incentive Compensation (MIC) shall be included in an amount up to 50% of the employee's basic rate of pay as of the December 31st of the preceding calendar year.

The partial year's compensation earned during the employee's last year of employment may be included in the Final Average Annual Compensation if it would be to his advantage. In such an instance, a fraction of the fifth preceding year's compensation must be included in the averaging for the period of time in which the employee did not work during his final year. However, no more than five year's bonuses may be included. In the event an employee completes less than five years of Credited Service, average compensation shall be based on all his periods of Credited Service. Only Compensation prior to March 31, 2006 is counted for benefit accrual purposes.

Retirement Dates

- ▶ Normal

The first day of the month coincident with or next following a participant's 65th birthday
- ▶ Early

The first day of any month following age 55 and completion of ten years of Credited Service
- ▶ Disability

The first day of any month coincident with or next following the date on which the participant has completed ten years of Credited Service and has been approved for Social Security disability benefits
- ▶ Deferred

The first day of any month coincident with or next following a participant's termination of service after his Normal Retirement Date

Handy & Harman Ltd. - (EIN 13-3768097)

WHX Pension Plan (PN 001)

Schedule SB, Part V — Summary of Plan Provisions

Retirement Benefits

► Normal

A monthly benefit equal to 1/12th of the greater of (1), (2), and (3):

- 1) The sum of 1.3% of Final Average Annual Compensation and 0.65% of Final Average Annual Compensation in excess of participant's "covered compensation"; multiplied by years of Credited Service (to a maximum of 25) adjusted, if applicable, to reflect a participant's prior plan benefit
- 2) The accrued benefit as of December 31, 1993, plus a benefit based on (1) above and Credited Service after December 31 1993, with total Credited Service not in excess of 25 years
- 3) The annual accrued benefit as of December 31, 1988, based on Plan in effect at that time

All benefit accruals were frozen as of March 31, 2006

► Early

A deferred pension equal to the pension computed as at Normal Retirement Date but based on Final Average Annual Compensation at actual date of retirement. Such pension shall be reduced by a fraction, the numerator of which is the number of years of Credited Service at the Early Retirement Date and the denominator of which is the number of years of Credited Service at the Normal Retirement Date; or an immediate pension equal to the pension payable just described, reduced for each month by which the Early Retirement Date precedes the Normal Retirement Date.

The early retirement reduction factors are illustrated below for select ages:

<u>Age</u>	<u>Factor</u>	<u>Age</u>	<u>Factor</u>
64	.923	59	.654
63	.846	58	.615
62	.769	57	.577
61	.731	56	.529
60	.692	55	.486

► Deferred

Same as payable at Normal Retirement Date, but based on Final Average Annual Compensation and Credited Service at Deferred Retirement Date

► Disability

A deferred pension based on service to Normal Retirement Date and based on Final Average Annual Compensation as of the date of disability

WHX Pension Plan (PN 001)

Schedule SB, Part V — Summary of Plan Provisions

Death Benefits

► Active employees

Joint and 50% Survivor death benefit is standard for active members who meet the service requirement for vesting and have an eligible spouse

Benefit payable to the spouse is equal to the benefit that would have been payable had the employee separated from service at the date of his death, survived to the earliest retirement age, retired with an immediate Joint and 50% Survivor benefit at that age and then died

Members who were participants in the Pittsburgh-Erie Saw Corporation Pension Plan are entitled to the lump sum equivalent of their Prior Plan benefits computed as of May 1, 1968 and accumulated to the date of their death with interest at 3% compounded annually

Members who were participants in any Plan to which this Plan becomes successor and who were entitled to a vested benefit upon death under such prior Plan shall receive such vested benefit upon death

► Retired employees

None, unless an optional form of retirement benefit is elected, which provides a death benefit

Deferred vested benefit

► Eligibility

Completion of 5 years of Credited Service

► Benefits

The benefit is determined as for Normal Retirement but based on Credited Service to the Date of Termination. The benefit commences at the Normal Retirement Date.

An employee may elect to commence benefit payments on the first day of any month following his Early Retirement Date if he has 10 years of Credited Service. If benefit payments commence prior to his Normal Retirement Date, this will be actuarially reduced.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Towers Watson is not aware of any future plan changes which are required to be reflected.

Death Benefits

► Active employees

Spouses Benefit – The spouse of an employee who dies in active service after attaining age 50 and completing 10 years of Credited Service will receive a monthly benefit equal to 75% of the employee's accrued benefit or the employee's contributions with interest if greater in value. The 75% figure is reduced by 1/2% for each year in excess of five (5) by which the employee's age exceeds the spouse's age.

The Spouse of any employee who dies in active service with a vested benefit is entitled to a benefit equal to 50% of the amount he could have received if he had retired early and elected a joint and 50% survivor annuity.

Return of Contributions – An employee who dies in active service but is ineligible for benefits above will receive a return of contributions with interest. Interest will be credited at 5% compounded annually. Employee contributions were returned however, to all participants employed on October 4, 1980.

Deferred vested benefit

► Eligibility

Completion of 5 years of Credited Service

► Benefits

The benefit is determined as for Normal Retirement but based on Credited Service to the Date of Termination. The benefit commences at the Normal Retirement Date.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Plan Name	WHX Pension Plan
Valuation Date	January 1, 2013
Enrolled Actuary	Thomas DeFilippo
Enrollment Number	14-06419

The actuarial assumptions that are not mandated by IRC § 430 and regulations, represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Item 18 of Schedule SB were listed in reliance on information provided by the plan administrator and/or trustee.

Schedule SB, line 22 - Description of Weighted Average Retirement Age

The retirement assumption varies by age and affiliate. The average retirement age was determined as a weighted average of the age at retirement, with weights calculated for each individual participant, according to the retirement assumption. Illustrated below is an example based on a hypothetical group of 1,000 Handy & Harman participants, the plan's largest group, who are first eligible to retire at age 55.

	Number of employees	Percent assumed	Number	Product of age and
56	980	2.00%	20	1,098
57	960	2.00%	19	1,095
58	941	2.00%	19	1,092

Benefit commencement date:

- ▶ Preretirement death benefit Surviving spouse benefits commence at the later of the death of the active participant or the date the participant would have attained age 55 (or earliest retirement age, if later). However, Steelworker surviving spouse benefits under the WPSC Bargaining provisions are assumed to commence immediately upon the participant's death.
- ▶ Deferred vested benefit Age 65
- ▶ Disability benefit Upon termination of employment. Also, 80% of WPSC Bargaining participants retiring on account of disability will qualify for Social Security benefits.
- ▶ Retirement benefit Upon termination of employment

Form of payment

Normal form for unmarried participant, except that all WPSC Salaried participants are assumed to elect lump sum payments

Percent married

85% of males; 65% of females

Spouse age

Wife three years younger than husband

Administrative expenses

An expense assumption of \$3,190,000 was included in the target normal cost. This assumption is intended to include expected non-investment expenses and PBGC premiums to be paid from the plan trust during 2013. Non-investment expenses are based on an average of similar expenses paid from the plan in prior years.

At-risk assumptions

For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan, which is usually the lump sum form of payment.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Cash flow

- ▶ Timing of benefit payments Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Methods

Valuation date	First day of plan year
Funding target	<p>Present value of accrued benefits</p> <p>The IRC §430 regulations describe the required methodology for attributing benefits among Funding Target, current year Target Normal Cost, and future years' Target Normal Costs for disability benefits, Social Security benefits, death benefits and other ancillary benefits.</p>
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year
Actuarial value of assets	<p>Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2012 plan year.)</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	<p>All benefits described in the Plan Provisions section of this report were valued. Towers Watson has reviewed the plan provisions with Handy & Harman and, based on that review, is not aware of any significant benefits required to be valued that were not.</p> <p>The plan pays small benefits in a single lump sum payment. Such lumps sums are not explicitly valued as such; rather such participants benefits are valued using the benefit choice assumptions described above.</p>
Change in assumptions and methods since prior valuation	<p>The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.</p> <p>The assumed plan-related expenses added to the target normal cost were changed from \$2,790,000 for 2012 to \$3,190,000 for 2013.</p>

Benefit: Additional lump sum benefit at date of retirement in the amount of 13 times employee's weekly rate of pay, less any vacation pay received.
- ▶ Martinsburg Automotive
Eligibility: Termination other than death after three years of Vesting Service, and not entitled to a pension benefit from the Plan.
Benefit: Lump sum payment of \$50 times years of Credited Service.

Preretirement spouse benefits

- ▶ Handy & Harman
If a Vested participant dies while active but after meeting the Early Retirement eligibility, spouse receives one-half of Monthly Pension Benefit (NOT reduced for 50% J&S option).
In all other cases where a vested participant dies prior to commencement, spouse receives benefit as though participant commenced on her elected commencement date with a 50% J&S benefit.
- ▶ H&H Tube Company
If a Vested participant dies while active and after the participant attains age 55 and 10 years of vesting service or age 65, surviving spouse receives one-half of Monthly Pension Benefit (NOT reduced for 50% J&S option).
In all other cases where a vested participant dies prior to commencement, spouse receives benefit as though participant commenced on her elected commencement date with a 50% J&S benefit. If participant had 10 years of vesting service, benefit may commence at participant's age 55. Otherwise, benefit commences at participant's age 65.
- ▶ All other locations
Surviving spouse will receive the amount that would have been payable if the former employee had elected a 50% joint and survivor pension. Benefit is payable at the later of the date of death or when the deceased employee would have reached the EBCD, except for MSW Cockeysville (age 55). In all cases, the benefit is reduced for any early commencement of benefits.

The following groups have additional Pre-Retirement Spousal Benefit provisions:

- ▶ Martinsburg Automotive
If a participant dies while active, and the employee has three or more years of service, a lump sum benefit in the amount of \$50 times years of Vesting Service, with a maximum benefit of \$2,000, is payable. If eligible for Normal Retirement at date of death, beneficiary will receive a lump sum death benefit of \$2,000.
- ▶ H&H Tube Company
If a vested participant is not married at date of death, or married less than one year, a lump sum payment will be payable to the beneficiary in the amount of \$50 times the Monthly Pension Benefit at date of termination. A spouse may choose a lump sum benefit equal to \$50 times the Monthly Pension Benefit, in lieu of and in complete substitution for all other pre-retirement spouse benefits

WHX Pension Plan (PN 001)

Schedule SB, Part V — Summary of Plan Provisions

- Sumco A lump sum option is available if the actuarial equivalent of the spouse's benefit is greater than \$5,000
- Postretirement Surviving Spouse Benefit A single lump sum death benefit is payable to the spouse or otherwise indicated beneficiary. The amount of the single lump sum death benefit is as follows:

<u>Group</u>	<u>Single Lump Sum Death Benefit</u>
Dover Automotive	\$1,000
Martinsburg Automotive	\$2,000
H&H Tube Company	\$5,000*
Indiana Tube	\$2,000
MSW Cockeysville	\$2,000
Strandflex	\$2,500

* \$5,500 after 5/10/2003

For Handy & Harman/USWA participants, a single lump sum death benefit in the amount of \$6,000 is payable to the spouse or otherwise indicated beneficiary. If the former employee had received less than three Monthly Pension payments prior to death, the single sum death benefit will be increased by the product of (a) the Monthly Pension Benefit and (b) three minus the number of pension payments received prior to death.

Other Plan Provisions

- Forms of payment
- Normal Form:
- Single participants — Straight life annuity (ten-year certain and life annuity for H&H Tube Company)
- Married participants — Actuarially reduced 50% joint and survivor annuity with spouse as beneficiary
- Optional Forms:
- Ten-year certain and life annuity or, if married, 100% joint and survivor (if retirement is other than a deferred vested retirement) or life annuity (with spousal consent)
- Maximum on benefits and pay
- All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

The Indiana Tube Corporation froze all benefits on June 30, 2011. No future benefit service will be used in the calculation of their accrued benefit.

Continuous service	Service from employment date through the severance of service date
Vesting service	Same as Continuous Service
Average monthly earnings	The average of the highest 60 consecutive calendar months of earnings out of the last 120 consecutive calendar months ending on the earliest of termination, early retirement or normal retirement dates
Earnings	W-2 pay excluding certain fringe benefits and expenses
Covered compensation	The average of the Social Security (OASDI) Taxable Wage Bases for the 35-year period ending with the last day of the calendar year in which the participant attains Social Security Retirement Age, rounded to the nearest whole multiple of \$1
Normal retirement date (NRD)	Age 65
Monthly pension benefit	0.75% of average monthly earnings plus 0.5% of average monthly earnings in excess of Social Security covered compensation, multiplied by years of Continuous Service

Eligibility for Benefits

Normal retirement	Retirement on NRD
Early retirement	Retirement before NRD and on or after both attaining age 55 and completing five years of vesting service
Postponed retirement	Retirement after NRD
Deferred vested	Termination for reasons other than death or retirement after completing five years of vesting service
Disability	Total and permanent disablement

WHX Pension Plan (PN 001)

Schedule SB, Part V — Summary of Plan Provisions

Benefits Paid Upon the Following Events

Normal retirement	Monthly pension benefit determined as of NRD
Early retirement	Monthly pension benefit determined as of early retirement date, actuarially reduced if payments begin prior to age 62 with 10 years of Continuous Service
Postponed retirement	Monthly pension benefit determined as of actual retirement date
Termination with deferred vested benefit	Monthly pension benefit determined as of termination date, actuarially reduced if payments begin prior to age 62 and the participant had less than ten years of Continuous Service at termination
Disability	Monthly pension benefit is available immediately based on service and earnings as of date of disability.
Death with preretirement spouse benefits	50% of monthly pension benefit determined as of the date of death, payable for the lifetime of the spouse. If the participant was over age 55 payment will commence on the first day of the month coincident with or immediately following the participant's death; otherwise, payment will commence on the first day of the month the participant could have elected immediate benefits had he survived ("earliest retirement date".) The surviving spouse may elect to defer receipt of the annuity past the earlier available date.
Forms of payment	All benefits other than death benefits are payable for the lifetime of the retired participant. A married participant is deemed to have elected a 50% joint and survivor option.
Maximum on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

There were no changes in benefits valued since the prior year.

Final Average Annual Compensation

For purposes of computing the benefits provided under the Plan, Final Average Annual Compensation is defined as the average annual compensation earned during the highest five consecutive years during the ten year period preceding retirement. In determining the compensation to be counted in a particular year, Management Incentive Compensation (MIC) shall be included in an amount up to 50% of the employee's basic rate of pay as of the December 31st of the preceding calendar year.

The partial year's compensation earned during the employee's last year of employment may be included in the Final Average Annual Compensation if it would be to his advantage. In such an instance, a fraction of the fifth preceding year's compensation must be included in the averaging for the period of time in which the employee did not work during his final year. However, no more than five year's bonuses may be included. In the event an employee completes less than five years of Credited Service, average compensation shall be based on all his periods of Credited Service. Only Compensation prior to March 31, 2006 is counted for benefit accrual purposes.

Retirement Dates

- ▶ Normal

The first day of the month coincident with or next following a participant's 65th birthday
- ▶ Early

The first day of any month following age 55 and completion of ten years of Credited Service
- ▶ Disability

The first day of any month coincident with or next following the date on which the participant has completed ten years of Credited Service and has been approved for Social Security disability benefits
- ▶ Deferred

The first day of any month coincident with or next following a participant's termination of service after his Normal Retirement Date

Handy & Harman Ltd. - (EIN 13-3768097)

WHX Pension Plan (PN 001)

Schedule SB, Part V — Summary of Plan Provisions

Retirement Benefits

► Normal

A monthly benefit equal to 1/12th of the greater of (1), (2), and (3):

- 1) The sum of 1.3% of Final Average Annual Compensation and 0.65% of Final Average Annual Compensation in excess of participant's "covered compensation"; multiplied by years of Credited Service (to a maximum of 25) adjusted, if applicable, to reflect a participant's prior plan benefit
- 2) The accrued benefit as of December 31, 1993, plus a benefit based on (1) above and Credited Service after December 31 1993, with total Credited Service not in excess of 25 years
- 3) The annual accrued benefit as of December 31, 1988, based on Plan in effect at that time

All benefit accruals were frozen as of March 31, 2006

► Early

A deferred pension equal to the pension computed as at Normal Retirement Date but based on Final Average Annual Compensation at actual date of retirement. Such pension shall be reduced by a fraction, the numerator of which is the number of years of Credited Service at the Early Retirement Date and the denominator of which is the number of years of Credited Service at the Normal Retirement Date; or an immediate pension equal to the pension payable just described, reduced for each month by which the Early Retirement Date precedes the Normal Retirement Date.

The early retirement reduction factors are illustrated below for select ages:

<u>Age</u>	<u>Factor</u>	<u>Age</u>	<u>Factor</u>
64	.923	59	.654
63	.846	58	.615
62	.769	57	.577
61	.731	56	.529
60	.692	55	.486

► Deferred

Same as payable at Normal Retirement Date, but based on Final Average Annual Compensation and Credited Service at Deferred Retirement Date

► Disability

A deferred pension based on service to Normal Retirement Date and based on Final Average Annual Compensation as of the date of disability

Handy & Harman Ltd. - (EIN 13-3768097)

WHX Pension Plan (PN 001)

Schedule SB, Part V — Summary of Plan Provisions

Death Benefits

► Active employees

Joint and 50% Survivor death benefit is standard for active members who meet the service requirement for vesting and have an eligible spouse

Benefit payable to the spouse is equal to the benefit that would have been payable had the employee separated from service at the date of his death, survived to the earliest retirement age, retired with an immediate Joint and 50% Survivor benefit at that age and then died

Members who were participants in the Pittsburgh-Erie Saw Corporation Pension Plan are entitled to the lump sum equivalent of their Prior Plan benefits computed as of May 1, 1968 and accumulated to the date of their death with interest at 3% compounded annually

Members who were participants in any Plan to which this Plan becomes successor and who were entitled to a vested benefit upon death under such prior Plan shall receive such vested benefit upon death

► Retired employees

None, unless an optional form of retirement benefit is elected, which provides a death benefit

Deferred vested benefit

► Eligibility

Completion of 5 years of Credited Service

► Benefits

The benefit is determined as for Normal Retirement but based on Credited Service to the Date of Termination. The benefit commences at the Normal Retirement Date.

An employee may elect to commence benefit payments on the first day of any month following his Early Retirement Date if he has 10 years of Credited Service. If benefit payments commence prior to his Normal Retirement Date, this will be actuarially reduced.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Towers Watson is not aware of any future plan changes which are required to be reflected.

Changes in Benefits Valued Since Prior Year

There were no changes in benefits valued since the prior year.

Death Benefits

► Active employees

Spouses Benefit – The spouse of an employee who dies in active service after attaining age 50 and completing 10 years of Credited Service will receive a monthly benefit equal to 75% of the employee's accrued benefit or the employee's contributions with interest if greater in value. The 75% figure is reduced by 1/2% for each year in excess of five (5) by which the employee's age exceeds the spouse's age.

The Spouse of any employee who dies in active service with a vested benefit is entitled to a benefit equal to 50% of the amount he could have received if he had retired early and elected a joint and 50% survivor annuity.

Return of Contributions – An employee who dies in active service but is ineligible for benefits above will receive a return of contributions with interest. Interest will be credited at 5% compounded annually. Employee contributions were returned however, to all participants employed on October 4, 1980.

Deferred vested benefit

► Eligibility

Completion of 5 years of Credited Service

► Benefits

The benefit is determined as for Normal Retirement but based on Credited Service to the Date of Termination. The benefit commences at the Normal Retirement Date.

An employee may elect to commence benefit payments on the first day of any month following his Early Retirement Date. If benefit payments commence prior to his Normal Retirement Date, this will be actuarially reduced.

Independent Auditor's Report

To the Plan Administrator
WHX Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the WHX Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - 2012 Financial Statements

The financial statements of the plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated October 11, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2013 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2013 and 2012

1. GENERAL AND PLAN FORMATION

General

The WHX Pension Plan (the “Plan”) is sponsored by Handy & Harman Ltd. (the “Company”) (formerly WHX Corporation) for the benefit of certain employees and former employees (and their beneficiaries) of certain of its current and former subsidiaries. Effective January 3, 2011, WHX Corporation changed its name to Handy & Harman Ltd.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Company’s plan administrative committee is responsible for the administration of the Plan.

Plan Formation

Effective December 1, 1997, the Wheeling-Pittsburgh Steel Corporation (“WPSC”) Bargaining Unit Pension Plan (the “WPSC Plan”) was established to provide defined benefits to certain United Steelworkers of America (“USWA”) bargaining employees of WPSC. The WPSC Plan was amended on February 1, 1998 to include salaried employees of WPSC. The WPSC Plan was again amended on May 31, 1998 to include employees of Handy & Harman, Inc. (“H&H”) and USWA represented employees of Canfield Metal Coating Corporation. This amendment also changed the name of the WPSC Plan to WHX Pension Plan. An additional amendment was made to the Plan on April 1, 2000 to include the employees of Ohio Coatings Company (“OCC”). The Company, a diversified global industrial company, is the ultimate parent company of H&H and Canfield Metal Coating Corporation and through August 1, 2003 was the ultimate parent company of WPSC and had a joint venture interest in OCC. Effective June 2, 2008, the Bairnco Retirement Plan and the Hourly Employees’ Pension Plan of Kasco Corporation, St. Louis, Missouri Plan were merged in to the WHX Pension Plan.

2. DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. As of December 31, 2012 or such earlier effective date applicable to a respective group, all future benefit accruals under the Plan were frozen. The Plan includes five primary benefit structures related to the specific employee groups as discussed below:

WPSC Bargaining Employees and Ohio Coatings Company

Employees with 5 years of continuous service are entitled to a benefit equal to the the USWA-Pittsburgh-Canfield Corporation Retirement Security Plans (“RSP Plans”) (“RSP”) Benefit, as defined in the Plan document, or a monthly pension benefit at normal retirement age of 65 equal to \$40 times their years of continuous service offset by other pension benefits such as benefits from the Pension Benefit Guaranty Corporation (“PBGC”) and benefits attributable to vested balances in the RSP Plans.

Benefits are payable as early as age 55 provided minimum service requirements are met. Employees who are permanently incapacitated with at least 15 years of continuous service are eligible for a monthly pension benefit as explained above. Surviving spouses of retirees receive reduced benefits. Surviving spouses are

WHX PENSION PLAN

Notes to Financial Statements

December 31, 2013 and 2012

also eligible for additional reduced benefits based on the deceased's pension type election at the time of retirement. Surviving spouses of active employees are eligible to receive reduced benefits provided the deceased was an active employee with at least 15 years of service.

WPSC Salaried Employees

Employees who were employees as of February 1, 1998 and have at least 5 years of continuous service are entitled to monthly pension benefits at normal retirement age of 62 equal to 1.3% of the highest average three-year compensation multiplied by years of continuous service offset by public pension benefits such as benefits from the PBGC and benefits attributable to vested balances in the Salaried Employees Pension Plan of WPSC. Reduced benefits are payable as early as age 55 provided minimum service requirements are met. Surviving spouses of retirees are eligible for reduced benefits as determined by the deceased's pension type election at the time of retirement. Surviving spouses of active employees are eligible to receive reduced benefits provided the deceased was an active employee with at least 5 years of service.

H&H Employees

Employees are entitled to monthly pension benefits at the normal retirement age of 65. Benefits are payable as early as age 55 provided minimum service requirements are met. Participants are fully vested at the completion of 5 years of continuous service or normal retirement. For certain employees, the accrued monthly pension is generally equal to 28.75% or 38.75%, depending on the division in which the employee works, of monthly average basic pay (determined by taking the average basic pay as of the beginning of the Plan year for each of the five most recent years) plus 11.25% of such average monthly pay in excess of \$833.33. For certain other employees, monthly pension benefits are determined based on credited service multiplied by factors ranging from \$6 to \$25, depending on the division in which the employee works. Employees who are permanently incapacitated with 2-15 years of continuous service, depending on the division in which the employee worked, are eligible for a monthly pension benefit as explained above. In certain cases this benefit is subject to a minimum amount based on a percentage of the total projected pension benefit they would have received at normal retirement age.

Surviving spouses of retirees are eligible for actuarially reduced benefits as determined by the deceased's pension election. Spouses may decline surviving spouse benefits at retirement. Surviving spouses of vested active employees are eligible to receive benefits starting at the time the employee would have been eligible to retire. Participants may elect to receive their accumulated plan benefits as a life annuity, joint and survivor annuity, or other optional form of pension in an amount equal to the actuarial equivalent of the life annuity. In addition, certain one-time death benefits are available to surviving spouses of certain employees.

Bairnco Retirement Plan

Employees who commenced employment subsequent to March 31, 2006, were excluded from participation in the Bairnco Plan. Participants in the Bairnco Plan included all nonunion employees of the Bairnco Corporation and the union employees of the Arlon, East Providence, Rhode Island location. During the year ended December 31, 2004, the Arlon, East Providence, Rhode Island location was closed. On February 16, 2000, Bairnco Corporation purchased certain assets of the materials business of SignTech USA, Ltd ("SignTech"). On March 15, 2000, Bairnco's Board of Directors (the "Board") elected to include the employees of SignTech in the Bairnco Plan, effective March 1, 2000, at which time the employees of SignTech began participating in the Bairnco Plan. On January 10, 2001, Bairnco purchased selected net assets of Viscor, Inc. ("Viscor"). On January 27, 2001, the Board elected to include the employees of

WHX PENSION PLAN

Notes to Financial Statements

December 31, 2013 and 2012

Viscor in the Bairnco Plan, effective February 1, 2001, at which time the employees of Viscor began participating in the Bairnco Plan. All employees employed prior to January 1, 1995, were eligible to participate in the Bairnco Plan at the later of January 1, 1989, or January 1 following their first date of employment. All employees employed after January 1, 1995, were eligible to participate in the Bairnco Plan on January 1 following the completion of one year of service. A year of service with respect to employment on or after January 1, 1976, is defined, for eligibility and vesting purposes, as a plan year during which a participant is credited with at least 1,000 hours of service, allocated pro rata for the first and last plan year of a participant's employment. Participants are entitled to annual pension benefits beginning at normal retirement (age 65) equal to 1.3% of final average compensation up to covered compensation levels plus 0.65% of final average earnings, which are in excess of covered compensation levels, multiplied by years of service up to a maximum of 25 years. A participant's benefits are 100% vested in the Bairnco Plan at the earliest of either: (a) the participant attains age 65, provided the participant is an employee of the Corporation on the date the participant becomes 65, or (b) upon completion of five years of credited service. Upon retirement, benefits are paid monthly during the lifetime of the retiree and, if applicable, during the lifetime of a surviving annuitant. A participant with an eligible spouse will have the benefits paid in the form of a joint and survivor annuity unless the participant elects not to receive it in this form. The amount of the monthly benefit is based on the participant's compensation, years of service, and other factors as defined in the Bairnco Plan agreement.

Bairnco Hourly Kasco Employees

The Hourly Employees Pension Plan of Kasco Corporation, St. Louis, Missouri Plant (the "Kasco Plan") is a defined benefit plan. Participants in the Kasco Plan include all individuals employed by Kasco Corporation ("Kasco") who have completed three months of service, are represented by the International Association of Machinists and Aerospace Workers, District No. 9 (the "Union"), and are covered by the collective bargaining agreement between the Kasco Corporation and the Union. Effective January 1, 2004, the Union was terminated and the Kasco Plan was no longer accepting new active participants. As such, all participants are considered terminated vested employee's from that date forward. Participants receive a monthly benefit for each year of credited service in accordance with the benefit rate in effective per the Collective Bargaining Agreement in effect at the time of their termination of employment. Upon retirement, benefits are paid monthly during the lifetime of the retiree and, if applicable, during the lifetime of a surviving annuitant. A participant with an eligible spouse will have the benefits paid in the form of a joint and survivor annuity unless the participant elects not to receive it in this form. The amount of the monthly benefit is based on years of service and other factors, as defined in the Kasco Plan agreement.

3. SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP") as applied to employee benefit plans, and in accordance with the Plan agreement.

WHX PENSION PLAN

Notes to Financial Statements

December 31, 2013 and 2012

Investment Valuation and Income Recognition

The investment in the Master Trust (see Note 7) is valued at fair market value, which is determined by the current fair value of the underlying assets as reported by State Street Bank and Trust Company ("State Street" or the "Trustee") as of December 31, 2013 and 2012. The Master Trust invests in certain securities and other investments, including limited partnerships, joint ventures and hedge funds, for which no publicly quoted market value is readily available. The Trustee reported the fair value of these investments based upon the valuation techniques discussed in Note 8.

Purchases and sales of securities are recognized on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of the Plan's financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amount of net assets available for benefits at the date of the financial statements, the actuarial present value of accumulated plan benefits as of the benefit information date, the changes in net assets available for benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual amounts could differ from these estimates.

Actuarial Present Value of Accumulated Plan Benefits under Defined Benefit Portion of Plan

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on years of service and the benefit rate in effect at the time of termination. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

Towers Watson is the Plan's actuary. The actuarial present value of accumulated plan benefits is discounted to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, or retirement) between the valuation date and the expected date of payment. Accumulated plan benefits are valued net of benefits to be paid from other sources such as the PBGC or the defined contribution portion of the Plan.

The significant actuarial assumptions used in the valuation as of December 31, 2013 are:

Life expectancy of participants	RP-2000 Combined Healthy Blue/No Collar projected to 2021 no phase-out
Retirement age assumptions	Age 62
Assumed rate of return, net of 0.50% of administrative expenses	7.00%

The significant actuarial assumptions used in the valuation as of December 31, 2012 were:

WHX PENSION PLAN
Notes to Financial Statements
December 31, 2013 and 2012

Life expectancy of participants	RP-2000 Combined Healthy Blue/No Collar projected to 2020 no phase-out
Retirement age assumptions	Age 62
Assumed rate of return, net of 0.50% of administrative expenses	7.50%

The foregoing actuarial assumptions are based on the presumption that the Plan will continue to operate. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

RSP Benefits

The RSP Benefits represent the current value of the USWA-Wheeling-Pittsburgh Steel Corporation and the USWA-Pittsburgh-Canfield Corporation Retirement Security Plans ("RSP Plans") participant accounts that were merged into the Plan. The net assets available for plan benefits include RSP Benefits totaling \$20,053,673 and \$23,446,256 at December 31, 2013 and 2012, respectively. The assets related to the RSP Benefits can only be utilized to fund all or a portion of the former RSP Plan participant's total pension benefit as determined by the Plan's benefit formula.

Contributions

The Company contributes such amounts as are necessary on an actuarial basis to provide sufficient assets to meet benefit payments to Plan members. Contributions to the defined benefit portion of the Plan are recorded as additions to the Plan on an accrual basis.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain employees of the Company provide services to the Plan. Neither these individuals nor the Company receives any compensation from the Plan. Certain plan expenses, including consulting, legal, accounting, actuary and investment manager fees, were paid by the Master Trust and allocated to the

WHX PENSION PLAN
Notes to Financial Statements
December 31, 2013 and 2012

respective plans based on their interest in the Master Trust or, if the fees were applicable to a particular plan, allocated directly to such plan.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2014, the date the financial statements were available to be issued.

4. FUNDING POLICY FOR THE DEFINED BENEFIT PORTION OF THE PLAN

The Company's funding policy is to make annual contributions to the Plan in amounts needed to meet the minimum funding requirements of ERISA as amended. For the Plan years ended December 31, 2013 and 2012, the Company met the minimum the funding requirements.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan, subject to certain collective bargaining agreements, to discontinue or adjust its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of termination, all participants would become 100% vested. After all expenses of administration and liquidation are paid, benefits shall be distributed to vested participants in accordance with statutory priorities as defined by Title IV of ERISA. The participants' vested benefits shall be paid in accordance with the individual benefit structures, as defined generally in Note 2 above. If assets remain following the complete distribution of all benefit payments and plan liabilities, they shall be returned to the Company. To the extent that unfunded vested benefits exist, ERISA provides that such benefits are payable by the PBGC to participants, up to specified limitations.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

6. CERTIFIED FINANCIAL DATA

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, State Street has certified that the following data included in the accompanying financial statements are complete and accurate:

- Plan's interest in the Master Trust as shown in the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012.
- Net investment income from the Plan's interest in the Master Trust as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013.

WHX PENSION PLAN
Notes to Financial Statements
December 31, 2013 and 2012

The Plan's independent certified public accountant did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

7. WHX MASTER PENSION TRUST

The Trustee maintained all records of investment transactions and determined the valuation of the investment portfolio for the Plan's interest in the Master Trust. The Master Trust was established for the investment of assets for the Plan and several other retirement plans sponsored by the Company or its subsidiaries. Each participating plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by State Street Bank and Trust Company. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2013 and 2012, the Plan's interest in the net assets of the Master Trust was approximately 99.39% and 99.04% respectively. Income related to the Master Trust is allocated to the individual plans based upon average monthly balances invested by each plan. The Plan's investment in the Master Trust is included in Plan interest in the WHX Master Trust in the accompanying Statements of Net Assets Available for Benefits.

The following table presents the net assets, including investments, of the Master Trust, as of December 31:

	<u>2013</u>	<u>2012</u>
Cash & cash equivalents	\$ 94,148,452	\$ 134,168,740

8. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Equities and Preferred Stocks: When available, quoted market prices to determine the fair value of investment securities, and they are included in Level 1. Level 1 securities primarily include publicly-traded equity securities. When unobservable, valuation methodologies are used, including

WHX PENSION PLAN
Notes to Financial Statements
December 31, 2013 and 2012

utilization of the Company's financial statements and industry comparisons. These investments are held in the Plan's name.

Fixed Income Securities: When available, observable market data, including pricing on recent closed market transactions to value loans. When this data is unobservable, valuation methodologies are used including current market interest rate data adjusted for inherent credit risk.

Common Trust Funds: Common trust funds are comprised of shares or units in commingled funds that are not publicly traded. The underlying assets in these funds are primarily publicly traded equity securities, fixed income securities, and commodity-related securities and are valued at their net asset values ("NAVs") that are calculated by the investment manager or sponsor of the fund and have daily or monthly liquidity.

Fund of Funds: Consist of fund-of-fund LLC or commingled fund structures. The underlying assets in these funds are primarily publically traded equity securities, fixed income securities, and commodity-related securities. The LLCs are primarily valued based on NAVs calculated by the fund and are not publicly available. In most cases, the liquidity for the LLCs is quarterly with advance notice and is subject to liquidity of the underlying funds. In some cases, there may be extended lock-up periods greater than 90 days or side-pockets for non-liquid assets.

Shorts: Shorts which are traded either on exchanges or liquid over-the-counter markets, are valued at closing prices and included in Level 1. Shorts included in Level 2 primarily represent shorts of corporate bonds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Master Trust assets and liabilities at fair value as of December 31, 2013:

Valuation Processes Used in Level 3 Measurements

The Plan administrator discusses and assesses fair value measurements with internally responsible personnel as well as with State Street Bank and Trust Company, investment managers of separately managed funds, and an independent investment advisor.

Changes in Fair Value Levels

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the year ended December 31, 2013, there were no transfers in or out of Levels 1, 2 or 3.

** As of December 31, 2013, the Master Trust had an unfunded commitment for additional capital of approximately \$39.0 million to an event driven hedge fund. The commitment was funded in January 2014 through an in-kind transfer from one of the Plan's separately managed funds.

9. RELATED PARTY TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are managed by the Trustees. Transactions related to those investments qualify as party-in-interest transactions. State Street Bank and Trust Company was the Trustee of the Plan for the years ended December 31, 2013 and 2012. The Plan pays fees for investment management services and other exempt services provided by the Trustees. For the year ended December 31, 2013, the amount of administrative fees incurred and paid by the Plan to State Street Bank and Trust Company was approximately \$43,000. Certain investments in the Master Trust are managed by State Street Bank and Trust Company or affiliates, and are therefore considered exempt party-in-interest transactions.

10. RISKS AND UNCERTAINTIES

Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported on the basis of certain assumptions pertaining to interest rates, investment return, inflation rates and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements.

The Plan invests in insurance contracts and a master trust, which in turn invests in various equity and debt securities, mutual funds, derivatives, and hedge funds. These investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

11. TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated March 24, 2009 that the Plan is qualified under the Internal Revenue Code (“IRC”) and therefore the related trust is exempt from taxation. The letter expires on January 31, 2013. On January 30, 2013 an Application for Determination (IRS Form 5300) for the Plan was filed with the Internal Revenue Service. A new IRS determination letter dated February 25, 2014 has been received by the Plan.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.
