Atrium Health System 401(k) Savings Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description

The following description of Atrium Health System 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Atrium Health System (the "Plan Sponsor") and several organizations that are affiliated with the Plan Sponsor, including Middletown Regional Hospital, Atrium Medical Center Foundation, MiddCare Inc., CareView Corporation, Partnership EAP, Inc., Midwest Behavior Health Connections, and Miami Senior Health Services, Inc. (collectively, the "Company"). All employees who have attained the age of 21 and have completed at least 12 months and 1,000 hours of service are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants can contribute a portion of their compensation as a pretax contribution to the Plan, up to the maximum allowed under the Plan and the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan Sponsor makes matching contributions equal to 50 percent of the participant's pretax contributions for the first 2 percent of compensation deferred, and 25 percent of the participant's pretax contributions for the next 4 percent of compensation deferred. All matching contributions are also participant-directed.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants' contributions and employer matching contributions and related earnings thereon are fully vested at all times and are not subject to forfeiture for any reason.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Account balances less than \$1,000 are paid in a single lump sum upon termination without consent; however, participants always have the option, when applicable, to roll over their vested account balance and avoid any premature distribution penalties.

Atrium Health System 401(k) Savings Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description (Continued)

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Bank of America, N.A. or its affiliates. Bank of America, N.A. is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments, including the money market funds and mutual funds, are stated at fair value, based on quoted market values.

See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 22, 2014, which is the date the financial statements were available to be issued.

Atrium Health System 401(k) Savings Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 3 - Unaudited Information

Bank of America, N.A. (the "Trustee") holds the Plan's investments and executes all related transactions. The investment balances and related investment results included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

Significant investments of net assets held at end of year are as follows:

	2013	2012
Mutual funds:		
Davis New York Venture Fund	\$ 4,715,163	\$ 3,768,934
BlackRock Global Allocation Fund	4,776,125	4,281,090
BlackRock S&P 500 Index Fund	2,461,073	1,931,724
PIMCO Total Return Fund A	3,734,620	4,161,836
Templeton Foreign Fund	2,455,876	2,099,143
Aston/Montag & Caldwell Growth Fund	2,655,743	2,330,566
Money market fund - Retirement Reserves Money Fund	4,421,100	4,919,282

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2010.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2013 and 2012 and the valuation techniques used by the Plan to determine those fair values

Level I - Fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Atrium Health System 401(k) Savings Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 5 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2013

	Level 1	Level 2	Level 3	Balance at December 31, 2013
Mutual funds - Equity investments	\$ 22,058,568	\$ -	\$ -	\$ 22,058,568
Money market funds - Short-term investments	4,487,008	-	-	4,487,008

Total	<u>\$ 24,568,114</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 24,568,114</u>

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.
