Independent Auditor's Report

Report on the Financial Statements

We have audited the accompanying financial statements of Plumbers and Pipefitters National Pension Fund 401(k) Plan, which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan (modified cash basis) as of December 31, 2013 and 2012, and the changes in net assets available for benefits (modified cash basis) for the years then ended, in accordance with the modified cash basis of accounting described in Note B.

Basis of Accounting

We draw attention to Note B to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules (modified cash basis) of Assets Held for Investment Purposes as of December 31, 2013 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

PENSION FUND 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

A. Description of Plan

The following description of Plumbers & Pipefitters National Pension Fund 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined-contribution plan covering all employees of the Plumbers & Pipefitters National Pension Fund. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions. Each year, participants may contribute, up to the dollar limit set by law, a percentage of their pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

3. Participant accounts. Each participant's account is credited with the participant's contribution and allocations of plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are immediately vested in their contributions plus actual earnings thereon.

5. Investment Options. Upon enrollment in the Plan, a participant may direct employee contributions in any percentage in any of fourteen investment options.

- American Funds Capital World G/I A – Funds are primarily invested in common stocks, on a global basis, that are denominated in U.S. dollars or other currencies.

- American Funds New Perspective A – Funds are primarily invested in common stocks of foreign and U.S. companies.

- Calvert Social Investment Equity A – Funds are mainly invested in equities including common stocks, convertible securities, and preferred stocks.

- Columbia Acorn Small Cap – Funds are primarily invested in the stocks of small and medium-sized companies.

- Davis New York Venture – Funds are mainly invested in durable, well-managed businesses that can be purchased at value prices and held for the long term.

- Capital Preservation ISP – Funds are invested in stable value products, including Guaranteed Investment Contracts (GICs) issued by major U.S. and Canadian life insurance companies, synthetic GICs and money market

- Goldman Sachs Mid Cap Value A – Funds are primarily invested at least 80% of assets in equity securities, up to 25% of assets in foreign securities, and up to 20% of assets in companies with market capitalizations.

- Loomis Sayles Investment Grade Bond Fund - Funds are primarily invested in fixed income investment grade issues, with the flexibility to invest up to 10% of its assets in below investment grade issues and up to 20% in foreign securities.

PENSION FUND 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

A. Description of Plan (Continued)

5. Investment Options (Continued)

• Royce Pennsylvania Mutual – Funds are primarily invested in small- and micro-cap companies, those with market capitalizations up to $2.5 billion.

• Vanguard Standard & Poor's 500 Index Fund – Funds are invested in shares of a registered investment company that invests in common stocks of larger issuers to approximate, before fund expenses, the investment results of the Standard & Poor's 500 Index.

• Pioneer Fundamental Value A – The investment seeks capital appreciation; current income is a secondary objective. The fund invests primarily in equity securities. It may invest a significant portion of its assets in equity securities of medium- and large-capitalization companies (generally, market capitalizations of $1.5 billion or more). The fund may invest up to 30% of its total assets in securities of non-U.S. issuers, including up to 10% of its total assets in securities of emerging market issuers. It may also invest in investment grade and below investment grade debt securities (known as "junk bonds") and derivatives.

• Ivy Mid Cap Growth A - The investment seeks to provide growth of capital. The fund invests primarily in common stocks of mid cap companies that the adviser believes offer above-average growth potential. Under normal circumstances, it invests at least 80% of its net assets in the securities of mid-cap companies, which typically are companies with market capitalizations within the range of companies in the Russell Midcap Growth Index at the time of acquisition.

• Mainstay Large Cap Growth A – The investment seeks long-term growth of capital. The fund invests at least 80% of its assets (net assets plus any borrowings for investment purposes) in large capitalization companies, which are companies having a market capitalization in excess of $4 billion at the time of purchase. The Subadvisor invests substantially all of the fund's investable assets in domestic securities. However, the fund is permitted to invest up to 20% of its net assets in foreign securities, which are generally securities issued by companies organized outside the U.S. and traded primarily in markets outside the U.S.

• T. Rowe Price Capital Appreciation Adv - The investment seeks long-term capital appreciation. The fund will invest at least 50% of total assets in the common stocks of established U.S. companies that the managers believe have above-average potential for capital growth. The remaining assets are generally invested in convertible securities, corporate and government debt, bank loans (which represent an interest in amounts owed by a borrower to a syndicate of lenders), and foreign securities, in keeping with the fund's objective. It may invest up to 25% of its total assets in foreign securities. The fund may invest up to 25% of its total assets in below investment-grade debt securities and bank loans.

Participants may change their investment options once a day on any business day.

6. Notes Receivable from Participants. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

A. Description of Plan (Continued)

7. Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time not to exceed the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

B. Summary of Significant Accounting Policies

1. Basis of Accounting - The financial statements of the Plan are prepared using the modified cash method of accounting, which is another comprehensive basis of accounting. Income is generally recorded when received and expenses are generally recorded when spent.

2. Estimates - The preparation of financial statements in accordance with another comprehensive basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year. Interest and dividend income is recorded on the cash basis.

4. Payment of Benefits – Benefits are recorded when paid.

5. Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

6. Subsequent Events – Subsequent events were evaluated through September 15, 2014, which is the date the financial statements were available to be issued.

During 2013, the Plans investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $687,609 as follows:

Registered Investment Companies	$ 687,609

D. Plan Termination

Although it has not expressed any intent to do so, the Fund has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

E. Tax Status

The Internal Revenue Service has determined and informed the P&PNPF by a letter dated February 28, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the plan is qualified and the related trust is tax-exempt.

F. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

G. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

CCT's/Registered Investment Companies – Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
