DEVICOR MEDICAL PRODUCTS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and December 31, 2012

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Devicor Medical Products, Inc. 401(K) Plan (Plan) is provided for general information purposes only. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan document for more complete information.

General

The Plan was established January 1, 2009, was amended and restated July 9, 2010, and restated on September 1, 2013. All employees of Devicor Medical Products, Inc. ("Company") who have reached age 21 are eligible to participate in the Plan. Normal retirement age is 65 years.

Contributions

A participant may authorize contributions up to the annual maximum amount permitted by the Internal Revenue Service through payroll deductions. The Company will make a safe-harbor matching contribution of 100% of the participant's contribution up to 3% of their total eligible compensation, plus 50% of the participant's contribution that exceed 3% of the participants compensation but that do not exceed 6% of their eligible compensation. Profit sharing contributions are discretionary and can be made up to a percentage of the participant's total eligible compensation as long as the participant was employed at the end of the year and completed 1,000 hours of service during the Plan year. Participants may allocate contributions made to their account in any of the investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the Company's safe harbor matching contribution, plus earnings thereon. Vesting in the Company's discretionary profit sharing contribution plus earnings thereon is based on years of service. A participant is fully vested after 5 years of service. Participants whose employment is terminated because of death or disability, or who have reached 65 years of age are 100% vested in the Company's contributions.

Payment of Benefits

On termination of service for any reason other than death, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. There are special rules for distributions when termination was due to death.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% plus the Prime Interest Rate. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses

Certain expenses for administering the Plan are paid by the Company. The Company provides the Plan with certain accounting and administrative services for which no fee is charged.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2013 and December 31, 2012

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Asset management and investment advice fees are allocated to participants based on the specific investments they are invested in and the balance of those investments. Fees incurred for processing distributions and new loans were deducted from the participants account who made the request. All other expenses for maintaining the Plan are paid by the Company.

Forfeitures

Forfeited nonvested accounts totaled \$30,616 at December 31, 2013 and \$32,732 at December 31, 2012. These accounts may be used to reduce employer contributions or pay administrative expenses, at the employer's discretion. Forfeitures of \$30,060 were used to pay administrative expenses for the year ended December 31, 2013.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivables from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2013 and December 31, 2012

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 4 - INCOME TAX STATUS

The Company adopted a prototype plan which has received an opinion letter dated May 11, 2009 from the Internal Revenue Service (IRS) stating that the prototype document, in form only, meets the requirements under the applicable sections of the Internal Revenue Code (IRC) and is therefore qualified. The Plan has not obtained a determination letter from the IRS, nor is it required to do so. The Company and the plan administrator believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC as of December 31, 2013. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2010. There are currently no audits for any tax periods in progress.

NOTE 5 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are units of pooled separate accounts managed by Mass Mutual Retirement Services ("Mass Mutual"). Mass Mutual is the trust administrator and recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services amounted to \$64,977 for the year ended December 31, 2013.

NOTE 6 - INVESTMENTS

The fair value of individual investments that represent 5.0 percent or more of the Plan's net assets are as follows:

	<u>December 31, 2013</u>	<u>December 31, 2012</u>
Identity of Issue:

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee (Lincoln National Life Insurance Co) at December 31, 2012, and the recordkeeper/trust administrator (Mass Mutual) at December 31, 2013.

	<u>December 31,</u> <u>2013</u>	<u>December 31,</u> <u>2012</u>
Investments at fair value:		
Pooled separate accounts	\$ 8,627,126	\$ 7,607,048
Fixed accounts	\$ 96,477	\$ 0
Investment income (loss)	\$ 897,588	\$ 0

NOTE 9 - FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 1 inputs were available to the Plan at December 31, 2013 or 2012.

Level 2 Fair Value Measurements

The fair value of pooled separate accounts is based on the unit price reported by the sponsoring insurance company. Generally, the unit price is based on quoted market prices of the underlying investments owned, less any accrual of fees and expenses borne by the account, and divided by the number of shares outstanding.

NOTE 9 - FAIR VALUE MEASUREMENT (Continued)

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract with Mass Mutual (Note 10) is valued based on the inputs and actuarial formula under the terms of the contract.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and December 31, 2012:

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2013 and December 31, 2012

NOTE 10 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2010, the Plan entered into a benefit-responsive guaranteed investment contract with The Lincoln National Life Insurance Company. In 2013, the Plan changed providers and entered into a benefit-responsive guaranteed investment contract with Mass Mutual Life Insurance Company ("Mass Mutual"). Mass Mutual maintains the contributions in a separate account from Mass Mutual's General Investment Account which is used solely to satisfy the claims of the contract holder. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 was \$96,477. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Mass Mutual. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 11 - CORRECTIVE ACTIONS

The Plan is currently in the process of taking corrective actions to correct the handling of: 1) proper identification of employees that are eligible to participate in the Plan, 2) proper application of deferrals on the Plan definition of compensation, and 3) the period of time used to calculate Safe Harbor contributions. The Plan has started the process of correcting these errors.
