Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Malco Products, Inc. Incentive Savings Plan and Trust, which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2013 and 2012, the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Wilmington Trust Company and Massachusetts Mutual Life Insurance Company, the trustee and custodian of the Plan, respectively, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Wilmington Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2013, and for the period January 1, 2013 to December 31, 2013 and

that Massachusetts Mutual Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2012, and for the period January 1, 2012 to December 31, 2012. The Plan administrator has obtained certifications from the trustee and custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the custodian and trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Assets (Held at End of Year) and Delinquent Participant Contributions are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

MALCO PRODUCTS, INC. INCENTIVE SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of the Plan

The following description of the Malco Products, Inc. Incentive Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Malco Products, Inc. (the Company) who are not leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective, January 1, 2013 the Malco Products, Inc. Independent Union Employees' Incentive Savings Plan and Trust (Union Plan) was merged into the Plan. Assets of \$2,419,187 were transferred into the Plan as a result of this merger. This merger will not impact participant benefits as the benefit provisions of these plans will be incorporated into the merged plan.

Effective January 1, 2013 Wilmington Trust Company became the trustee of the Plan.

Contributions

Participants can elect to have from 1% to 50% of their pre-tax and/or post-tax annual compensation contributed to the Plan, subject to limits set by the Internal Revenue Service (IRS). The Company currently makes a discretionary matching contribution equal to 50% of a participant's contribution, up to 7% of the participant's base compensation. The Company may, at the discretion of its board of directors, make additional voluntary profit sharing contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their vested account balance. Note transactions are treated as a transfer between the investment fund and the note account. Note terms range from one to five years or more for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator.

MALCO PRODUCTS, INC. INCENTIVE SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of the Plan, continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 years or more	100%

Payment of benefits

Upon death, disability, retirement or termination of services, a participant or beneficiary may receive a lump-sum amount equal to the vested value of the participant's account, or receive installment payments.

Forfeited accounts

Forfeitures relating to employer matching contributions remain within the Plan and are used to reduce future employer contributions and administrative expenses. Total amounts forfeited during the years ended December 31, 2013 and 2012, amounted to \$2,622 and \$3,852, respectively. At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$35,715 and \$29,755 and were reallocated to participants' accounts during 2014 and 2013, respectively.

Plan expenses

Substantially all Plan expenses are paid by the Company.

NOTE B - Summary of significant accounting policies

Basis of presentation

The accompanying financial statements have been prepared using the modified cash basis of accounting. The modified cash basis of accounting reports financial information on a cash basis, except that investments are adjusted to fair value. The modified cash basis of accounting, which is permitted under the Department of Labor's Rules and Regulations, is a comprehensive basis of accounting other than accounting principles generally accepted in the United States.

MALCO PRODUCTS, INC. INCENTIVE SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE B - Summary of significant accounting policies, continued

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received.

Investment contracts held by a defined-contribution plan are required to be reported at fair market value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully-benefit responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Events occurring after reporting date

The Company has evaluated subsequent events through September 30, 2014, the date the financial statements were available to be issued. In compliance with applicable accounting standards, all material subsequent events have been either recognized in the financial statements or disclosed in the notes to the financial statements.

NOTE C - Investments (unaudited)

MALCO PRODUCTS, INC. INCENTIVE SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE D - Fair value measurements

Accounting Standards Codification (ASC) 820 Fair Value Measurement and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobserved inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Shares of registered investment companies: Valued at the net asset value of shares held by the Plan at year-end.

NOTES TO FINANCIAL STATEMENTS

NOTE D - Fair value measurements, continued

Common collective trust: Valued at the net assets value (NAV) of the units held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The investment objective of the underlying investments is to simulate the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: The fair values of participation units in the pooled separate accounts are based upon the net asset values of such accounts provided by the custodian. The net asset value is based on the underlying assets owned by the account less liabilities and then divided by the number of shares outstanding. The investment objectives and underlying investments of the pooled separate accounts vary, yet most invest primarily in common stock of U.S. and foreign companies. The accounts can be redeemed at the discretion of the Plan, and do not require a specific notice period for redemption.

Guaranteed interest account: The fair value of the guaranteed investment contract is calculated using a Market Value Formula approach determined by MassMutual. The market value of the guaranteed interest account is determined to be the estimated liquidation value of the contract. The liquidation value is determined by applying a liquidation factor to the guaranteed interest account. The liquidation value is derived considering factors such as:

- The observable interest rate being earned by investments underlying the contract;
- The unobservable “assumed interest rate” obtainable by Mass Mutual on new investments where a proxy is the Barclays Capital U.S. Aggregate Index (excluding treasuries) with an adjustment made to duration; and
- The unobservable comparison between investments supporting the contract and current market rates where historic investments are either at a premium or discount to current market rates, i.e. the “experience rate”.

In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

NOTE D - Fair value measurements, continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurement

The following table presents certain quantitative information about the significant unobservable inputs used in the level 3 fair value measurements as of December 31, 2012:

<u>Instrument</u>	<u>Fair Value</u>	<u>Principal Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>Interest Rates</u>
Guaranteed investment account	\$3,638,857	Market Value Formula	Assumed interest rate Experience rate	.85% 3.88%

NOTE E - Investment contract with insurance company

The Plan entered into a benefit-responsive investment contract with MassMutual. MassMutual maintained the contributions in a guaranteed interest account which was backed by MassMutual general assets. The account was credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. This contract was terminated effective January 1, 2013 when Wilmington Trust Company became the trustee of the Plan.

As described in Note B, because the guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by MassMutual, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

At December 31, 2012 there were no reserves against the contract value for credit risk of the contract issuer or otherwise. The average crediting interest rate was 3.00% for 2012. The crediting interest rate was based on a formula agreed upon with the issuer, but could not be less than 3.00% during 2012. Such interest rates were reviewed on a semi-annual basis for resetting. During the year ended December 31, 2012, the account earned interest income of \$87,689.

NOTES TO FINANCIAL STATEMENTS

NOTE E - Investment contract with insurance company, continued

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included but were not be limited to the following: an employee's (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business. The Plan administrator did not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, was probable.

Upon termination of the contract with MassMutual, the Plan could select various options for liquidation of investments. The value of the investment contract received by the Plan was dependent upon the option selected by the Plan.

<i>Average yields:</i>	<u>2013</u>	<u>2012</u>
Based on actual earnings	-	2.45%
Based on interest rate credited to participants	-	2.45%

NOTE F - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE G - Income tax status

The Internal Revenue Service ruled on March 31, 2008, that the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust was not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

MALCO PRODUCTS, INC. INCENTIVE SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE G - Income tax status, continued

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE H - Transactions with parties-in-interest

During 2012, certain Plan investments were shares of pooled separate accounts managed by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company was the custodian as defined by the Plan and, therefore, transactions therewith qualified as party-in-interest.

NOTE I - Prohibited transactions

During 2013, the Plan Sponsor failed to deposit participant contributions totaling \$169,235 within the required time frame stated by the United States Department of Labor (the DOL). The DOL considers late deposits to be prohibited transactions. The late contributions were remitted to the Plan during 2013. As noted in the Schedule of Delinquent Participant Contributions, the Plan Sponsor will file a Form 5330, pay applicable excise tax and remit interest on the late contributions to the Plan as soon as practicable.

NOTE J - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
