LINEN KING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2013

Note 1 – Description of the Plan

Linen King (the Company or Employer) sponsors the Linen King 401(k) Plan (the Plan), which was established January 1, 2013. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the Company's employees, except for collective bargaining employees and nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Company. Transamerica Life Insurance Company (the Custodian) serves as the custodian of the Plan and also processes and maintains the records of the participant data and holds the Plan's assets. David K. Young Consulting, LLC serves as a third party administrator of the Plan.

Eligibility

Nonexcluded employees who have reached 18 years of age and have completed six months of service, as defined by the Plan, are eligible to participate in the Plan. Participants are enrolled in the Plan on the first day of the quarter after satisfying eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pre-tax and post-tax (Roth) compensation, as defined. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants.

Eligible employees are automatically enrolled in the Plan with a 3% employee deduction. Eligible employees may elect a different contribution percentage, or they may elect to opt out of automatic enrollment. On an annual basis, the deferral rate will increase by 1% up to a maximum of 10%, unless the participant opts out or elects a different percentage.

The Plan also provides for discretionary Employer matching contributions. During 2013, there were no Employer matching contributions.

Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of the Employer's contributions, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the discretionary Employer contributions is based upon years of continuous service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than two years	0%
Two, but less than three	20%
Three, but less than four	40%
Four, but less than five	60%
Five, but less than six	80%
Six years or more	100%

Participants automatically become 100% vested upon normal retirement (attainment of age 65). Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Notes receivable from participants

Participant loans are not allowed by the Plan.

Payments of benefits

Upon retirement, termination, disability or death, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, participants may take an in-service distribution upon reaching the age of 59½. Upon termination, automatic distributions are required for balances of less than \$5,000. Automatic distributions above \$1,000 made without the participant's consent are rolled into an individual retirement account designated by the Custodian. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 70½.

The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Forfeitures

Forfeitures are used first to pay administrative expenses and then to reduce Employer contributions. The Plan did not have forfeitures as of or during the year ended December 31, 2013.

Administrative expenses

The Plan allows administrative expenses to be paid from the Plan's assets.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

Subsequent events

The Plan Administrator has evaluated subsequent events through October 10, 2014, the date the financial statements were available to be issued.

Note 3 – Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown on the statement of net assets available for benefits as of December 31, 2013;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2013;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2013.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Investments

The following table presents investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

Investment	2013
American Century One Choice 2025	\$ 11,236
American Century One Choice 2035	10,888
American Century One Choice 2040	10,749
American Century One Choice 2015	9,059
American Century One Choice 2030	8,043
American Century One Choice 2020	7,962
American Century One Choice 2045	5,524
American Century One Choice 2050	4,117

For the year ended December 31, 2013, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held, during the year) appreciated in value by \$4,906.

Note 5 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodology used at December 31, 2013. During the year ended December 31, 2013, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodology used for assets measured at fair value:

Pooled separate accounts – Valued at net asset value as determined by the issuer of the pooled separate accounts based on the fair market value of the underlying investments. There are no restrictions on redemptions from the pooled separate accounts, and there are no unfunded commitments as of December 31, 2013.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

	Fair Value Measurements as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Balanced	\$ -	\$ 69,406	\$ -	\$ 69,406
Fixed income	-	526	-	526
Growth	-	1,512	-	1,512
Value	-	926	-	926
Total pooled separate accounts and investments at fair value	\$ -	\$ 72,370	\$ -	\$ 72,370

Note 6 – Party-in-Interest Transactions

Certain administrative expenses, totaling \$2,050, were paid by the Company on behalf of the Plan for the year ended December 31, 2013. The Company does not expect reimbursement from the Plan for these expenses. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contribution portion of their account.

Note 8 – Tax Status

The Company adopted a nonstandardized prototype plan (the Prototype Plan) sponsored by Dataair Employee Benefit Systems, Inc. The Internal Revenue Service has determined and informed the

Prototype Plan sponsor by a favorable opinion letter dated March 31, 2008, that the Prototype Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the Code). The Prototype Plan's opinion letter is being relied on by the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan's management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
