BOLTEX MANUFACTURING CO. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 30, 2013 and December 31, 2012

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Boltex manufacturing Co. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Boltex Manufacturing Company, L.P. (the “Company”). Effective July 1, 2013, the Company amended the Plan to allow eligible employees to participate in the Plan on the first day of the month following the completion of one year of service and attainment of age 21. Previously, employees were able to participate in the Plan on the first day of January or July. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger

The Plan was merged with and into the AGC Houston Chapter Multiple Employer 401(k) Plan (the “AGC Plan”) effective December 30, 2013. A blackout period was instituted on December 20, 2013 in which participants could not change investments. Effective December 27, 2013, investments being held by Frontier Trust Company, the custodian of the Plan, were liquidated into cash. There was no activity between December 27, 2013 and December 30, 2013, the date of the transfer. Net assets totaling \$4,429,409 were transferred to the AGC Plan on December 30, 2013.

Contributions

Unless a participant affirmatively elects otherwise, the Company will automatically contribute to the Plan on behalf of each participant as a pre-tax deferral contribution a minimum of 3% of that participant’s eligible compensation. Participants may elect to contribute up to 15% of their annual eligible compensation, subject to certain limitations, deferred on a pre-tax basis. Participants who have attained the age of 50 before the end of the plan year may make additional catch-up contributions.

The Company may make a discretionary matching contribution to the Plan to be determined each plan year. During the period ended December 30, 2013, the Company matched 75% of each participant’s pre-tax contribution, up to a maximum of \$5,000. Matching contributions are calculated annually. The Company may also make a discretionary profit sharing contribution to be determined each plan year. The profit sharing contribution is allocated to participants who have attained age 21 and completed one year of service in the ratio that each participant’s eligible compensation for the plan year bears to the total for the plan year. There was no discretionary profit sharing contribution made during the period ended December 30, 2013.

The Plan allows certain rollover contributions for employees from eligible retirement plans qualified under the appropriate sections of the Internal Revenue Code (IRC). The Plan is participant directed. Participants may change their salary deferral contribution rates and investment options at any time.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. In addition, participants are charged with any applicable administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their contributions and the appreciation or depreciation thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest 20% per year after two years of service and are 100% vested after six years of service. A participant shall be immediately vested upon death, disability, or retirement.

Forfeitures

Forfeitures of nonvested Company matching contributions will be used to pay administrative expenses. Forfeitures of Company profit sharing contributions are allocated to participants in accordance with profit sharing allocations in the year of forfeiture. Forfeitures of excess aggregate contributions will be used to reduce Company contributions. The forfeitures balance at December 31, 2012 was \$7,503. There were no forfeitures utilized or allocated to participants during the period from January 1, 2013 through December 30, 2013.

Payment of Benefits

Upon a participant's termination, disability, death, or retirement, the vested funds in the participant's account are available to be distributed in a lump-sum or partial payment as elected by the participant or beneficiary. Normal retirement age under the Plan is 60. The Plan also allows for in-service and hardship distributions from a participant's vested account balance.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the cash basis of accounting; however, the financial statements have been prepared on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS
December 30, 2013 and December 31, 2012

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to withdrawals are charged directly to the participant's account and are included in administrative expenses. Other investment related expenses are included in net appreciation in fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INVESTMENTS

Investments that represent 5% or more of the Plan's net assets as of December 31, 2012 are separately identified below (there were no investments at December 30, 2013):

<u>Identity of Party Involved</u>	<u>Description</u>	
Mutual Funds:

BlackRock	Total Return Fund	458,282
AllianceBernstein	International Growth Fund	228,065

The Plan's investments in mutual funds (including gains and losses on investments bought, sold, and held during the year) appreciated in fair value during the period from January 1, 2013 through December 30, 2013 by \$681,632.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

As described in Note 1, all of the Plan's investments were transferred to the AGC Plan during 2013. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012:

<u>Description</u>	<u>December 31, 2012</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Total mutual funds	<u>3,163,886</u>			<u>3,163,886</u>
Total investments at fair value	<u>\$3,163,886</u>			<u>\$3,163,886</u>

NOTE 5 - INFORMATION CERTIFIED BY AGENT FOR THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, Inc., as agent for Frontier Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2012 and the related investment activity reflected in the statement of changes in net assets available for benefits for the period from January 1, 2013 through December 27, 2013. There was no investment activity between December 27, 2013 and December 30, 2013, other than the liquidation of the investments and the transfer of the net assets to the AGC Plan.

NOTE 6 - TAX STATUS

The Plan has adopted a standardized prototype plan through Ascensus, Inc., which obtained its latest opinion letter dated March 31, 2008, in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

BOLTEX MANUFACTURING CO. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 30, 2013 and December 31, 2012

NOTE 6 - TAX STATUS (CONTINUED)

Management has become aware of certain operational failures concerning plan administration during the years 2013 through 2009. The Company submitted a Voluntary Compliance Program (VCP) submission for the Plan to the IRS in September 2013. The Company has corrected the operational failures. The Company received notice in July 2014 from the IRS that the submission had been accepted and that the Plan was in compliance. The VCP submission required the Company to make restorative payments to Plan participants of \$152,195. The amount is included in other employer contributions and the receivable from the employer was included in the transfer to AGC Houston Chapter Multiple Employer 401(k) Plan in the statement of changes in net assets available for benefits. The Company is currently working with the AGC Plan service provider to finalize the payment.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 30, 2013 and December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2014, the date the financial statements were available to be issued.
