Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Wells Fargo, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

The financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets Held for Investment at End of Year which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

401(k) PROFIT SHARING PLAN
DECEMBER 31, 2013 and 2012
NOTES TO FINANCIAL STATEMENTS

NOTE A – Plan Description

The following description of the Javitch, Block & Rathbone, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established on January 1, 1985. The Plan covers all full-time employees of Javitch, Block & Rathbone, LLC who have one year of service and are age twenty-one or older. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to the IRS maximum of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. As of January 1, 2005, the Trustees amended the plan to a nonelective contribution equal to 3% of the Participant’s Compensation for the Plan Year. Additional amounts may be contributed at the discretion of the Trustees.

Participant Accounts

Each participant’s account is credited with the employer’s contributions and allocations of (a) Plan earnings and (b) administrative fees. Allocations are based on provisions of the Plan. Forfeitures are maintained by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits

Upon death, disability, retirement, financial hardship or termination of employment, a participant may elect to receive benefits. The benefit amount the participant receives depends upon specific qualifications outlined in the Plan provisions.

NOTE B – Summary of Significant Accounting Policies

Accounting Method

The accounts of the plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis: investment income is recognized when received, disbursements are recognized when made and contributions are accrued at year-end. Additionally, securities investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets and changes of net assets of the plan in conformity with generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

DECEMBER 31, 2013 and 2012

NOTE B – Summary of Significant Accounting Policies (continued)

Investments' Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant notes receivable are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses are calculated based on participant average costs. Dividend income is recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

In 2013 and 2012, forfeited non-vested accounts totaled \$0, and therefore were not used to reduce employer contributions.

NOTE C – Investments

NOTES TO FINANCIAL STATEMENTS

Note F - Investments

The Plan follows accounting guidance related to fair value measurements which establishes fair value measurement framework, provides a single definition of fair value, and requires expanded disclosure summarizing fair value measurements. Fair value is a market based measurement, not an entity specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing an asset or liability.

The fair value measurements topic of the Accounting Standards Codification (ASC) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable input be used when available. Observable inputs are those that market participants would use in measuring investments at fair value based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about the inputs market participants would use in measuring investments at fair value based on the best information available in the circumstances. Investments are measured and disclosed in of the three levels based on the reliability of inputs:

- Level 1 – quoted prices in active markets for identical investments
- Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rate, prepayment speeds, credit risk, etc.)
- Level 3 – significant unobservable inputs (including the Investment Portfolio's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing an investment are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used to value the Fund's investments as of December 31, 2013:

<u>Valuation Inputs</u>	<u>Investment in Securities</u>
Level 1 – Quoted Prices	\$ 4,959,715
Level 2 – Other Significant Observable Inputs	708,639
Level 3 – Significant Unobservable Inputs	162,124
Total	<u>\$ 5,830,478</u>

The following is a reconciliation of the beginning and ending balances for investments measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the year ended December 31, 2013.

Securities listed on a United States securities exchange for which market quotations are readily available are valued at the last quoted sale price as of the close of the exchange on the day the valuation is made or, if no sale occurred on such day, at the bid price on such day. Over-the-counter and unlisted securities are valued at the current bid prices. Short-term investments that have remaining maturities of sixty days or less at the time of purchase are valued at amortized cost, which approximates market value. The value of other assets and securities for which no quotations are readily available is determined in good faith at fair value using methods determined by the Investment Adviser.

Investments in mutual funds are valued at their net asset value as of the close of the New York Stock Exchange on the date of valuation.

Note G – Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that change in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Note H – Subsequent Events

Subsequent events were evaluated through October 3, 2014, which is the date the financial statements were available to be issued.
