KOERNER DISTRIBUTOR, INC. 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

The following description of the Koerner Distributor, Inc. 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(K) feature sponsored by Koerner Distributor, Inc. (the "Company") covering all non-union employees who have at least one year of service and are age twenty-one or older. Entry dates are the first of any month following the date eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is governed by its Board of Trustees. Fifth Third Bank serves as the Plan trustee.

Contributions

Each year, participants may contribute up to the maximum limitation set by the Internal Revenue Service. The Plan has a 2% automatic deferral amount unless the participant makes a contrary election. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions among any or all of the investment options offered by the Plan.

The Company makes a 3% safe harbor nonelective contribution each year. The Company can also make a discretionary nonelective contribution to all eligible participants without regard to employee contributions. Such contributions, if any, are allocated to participants in the ratio that each participating employees' compensation bears to the total compensation of all participants. All contributions are invested as directed by each individual participant. Contributions are subject to certain limitations under the Internal Revenue Code. The Company's discretionary contribution was 2% for 2013.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. **PLAN DESCRIPTION** (Continued)

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. Loan terms generally range from two to five years, but may be extended for the purchase of a primary residence. The loans are secured by the participant's vested account balance and bear a reasonable rate of interested as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period of time, not exceeding a participant's life expectancy or joint life expectancy of a participant and participant's designated beneficiary. An eligible rollover distribution is also permitted. If the value of a participant's account is less than $1,000, a lump sum distribution will be made without regard to the consent of the participant as soon as administratively feasible.

The Plan also allows for in-service distributions once a participant has attained age 59 1/2.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Uses of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes reinvested dividend and interest income, and the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses had been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses and Participant Transaction Fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to Plan administration are charged directly to the participants account. Distribution and loan fees are charged to the individual participant's account incurring the distribution or loan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Company has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 10, 2014, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE

Fifth Third Bank, (the "Trustee"), has certified the completeness and accuracy of certain information which management used in preparing the financial statements, supplemental schedule and accompanying notes. Accordingly, this information was not audited. The following is a summary of information, which was furnished:

a. Investments as reported in the statements of net assets available for benefits at December 31, 2013, and 2012.
b. All items of income and expense related to Plan investments and all transaction for the year ended December 31, 2013.
c. Investments as reported in the supplemental schedule of assets (held at end of year) as of December 31, 2013.

4. INVESTMENTS

The following presents investments held by the Plan that represent 5% or more of the Plan's net assets at December 31:

	2013	2012
American Funds Capital World G/I Fund	$ 629,089	$ 698,330
Dodge & Cox International Stock Fund	720,579	*
Columbia Large-Cap Index Fund	1,686,282	1,174,297
Franklin Income Fund	*	570,467
T Rowe Price Mid-Cap Value Fund	697,609	537,765
PIMCO Total Return Fund	1,354,677	2,093,824
Fifth Third Stable Value Fund	*	684,008
Touchstone Conservative Allocation Fund	904,395	*
Goldman Sachs Stable Value Fund	1,515,312	*

* Represents less than 5% of the Plan's net assets available for benefits as of this date.

During 2013, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated as follows:

Life insurance	$ 6,262
Mutual funds	1,318,052
	$1,324,314

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractural) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. **FAIR VALUE MEASUREMENTS** (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end

Common collective trust: Valued at fair value based on the underlying assets and liabilities held in the funds. The funds seek to maximize total return through both current income and price appreciation, consistent with the preservation of capital and prudent risk taking. The funds have no restrictions on redemptions and have no unfunded commitments.

Insurance contracts: Valued at cash surrender value based on premiums paid and accumulated dividends.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

There were no significant transfers between Level 1, Level 2 and Level 3 investments during the year ended December 31, 2013.

The following table sets forth a summary of changes in fair value of the plan's Level 3 assets for the year ended December 31, 2013.

Balance, beginning of year	$ 81,251
Distributions	(7,319)
Unrealized gains relating to instruments still held at the reporting date	6,262
Balance, end of year	$ 80,194

5. FAIR VALUE MEASUREMENTS (Continued)

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The insurance contracts are presented at fair value of $80,194 which was valued based on the amount available in cash upon the cancellation of the insurance policy before maturity as of the reporting period. The fair value is determined by the insurer and represents the exit price from the perspective of the Plan. However, since the valuation is considered unobservable, the cash surrender value calculation is classified as a Level 3 input.

6. COMMON COLLECTIVE TRUST

The Plan invests in a stable value fund held in a common collective trust. The common collective trust (CCT), Goldman Sachs Stable Value Fund, invests primarily in benefit-responsive investment contracts such as conventional and synthetic guaranteed investment contracts issued by insurance companies and other financial institutions.

The Goldman Sachs Stable Value Fund issued an annual report for the year ended December 31, 2013, which contains the required disclosures for the fully benefit-responsive investment contracts.

7. INSURANCE CONTRACTS

The Plan invests in whole life insurance contracts on behalf of seven participants. Four of these policies are still active while the other three policies have been converted to reduced paid-up policies. The total face amount of all insurance held by the Plan is $242,513.

8. PLAN TERMINATION

The Plan was established January 1, 1990. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

9. PLAN AMENDMENT

Effective September 1, 2013, the Plan was amended to include a predecessor employer's (Orange and Blue Distributing Co., Inc.) service as service for the Plan.

10. TAX STATUS

The Internal Revenue Service has determined and informed the prototype sponsor, by a letter dated January 1, 2009, that the Plan, as then designed, is in accordance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by a plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

12. ROLLOVER CONTRIBUTIONS

On August 23, 2013, Koerner Distributor, Inc. acquired Orange & Blue Distributing Co., Inc. and approved an amendment to terminate the Orange & Blue Distributing Co., Inc. 401(K) P/S Plan effective September 1, 2013. All participants in the Orange & Blue Distributing Co., Inc. 401(K) P/S Plan became 100 percent vested in that plan upon termination and were provided the option to have their account balanced rolled into any qualified plan (including the Plan) or IRA, receive a lump sum distribution, or be paid through an annuity contract. An aggregate of $579,608 was rolled into the Plan during the year ended December 31, 2013, and is included in rollovers on the statement of changes in net assets available for benefits.

13. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of mutual funds managed by Fifth Third Bank who is the trustee of the Plan, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

The Plan incurs expenses related to general administration and record keeping. The Plan Sponsor pays a portion of these expenses and certain accounting and auditing fees relating to the Plan.

14. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 at December 31:
