NOTE 1. PLAN DESCRIPTION

The following description of the Red Bull North America, Inc. Retirement Income Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees, as defined by the Plan, who are employed by Red Bull North America, Inc. (the "Company" and the "Plan Sponsor") and participating employers, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation

Eligible employees are those who have attained age 21, have completed three months of service and are expected to complete one year of service, as defined by the Plan. For Company contributions, participants must complete one year of service.

Participant Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, subject to certain limitations under the Internal Revenue Code ("IRC"), as defined in the Plan. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. The Plan also includes an automatic enrollment provision that all eligible employees are automatically enrolled at a deferral rate of four percent of eligible compensation.

Company Contributions

The Plan provides for discretionary Company matching contributions and for the year ended December 31, 2013, the Company matched 50 percent of each participant's deferral up to six percent of compensation. For the year ended December 31, 2013, the Company made discretionary matching contributions of $3,142,170, net of $4,390 in forfeitures.

The Company may also make a discretionary nonelective contribution for eligible participants that are employed on the last day of the Plan year. No discretionary Company nonelective contribution was made for the year ended December 31, 2013.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. PLAN DESCRIPTION (Continued)

Vesting

Participants are vested immediately in their contributions and Company contributions, and any earnings thereon.

Forfeitures

Forfeitures arise from correction of participant accounts. Forfeitures of Company contributions may be used to pay Plan administrative expenses or to reduce future Company contributions. During the year ended December 31, 2013, $368 of forfeitures were used to reduce Company contributions and $24,051 were used to pay for Plan administrative expenses. As of December 31, 2013, $18,692 of forfeitures are available for future use of which $4,022 were used to reduce the 2013 Company contributions made in 2014.

Payment of Benefits

When eligible, participants may elect to receive a lump-sum distribution for the value of the vested interest in his or her account, as permitted under the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by State Street Bank and Trust Company (the “Trustee”) and Transamerica Financial Life Insurance Company Inc. (the “Custodian”).

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are presented at fair value. The investments and changes therein of the funds have been reported to the Plan by the Trustee and Custodian using fair value.

Accounting principles generally accepted in the United States of America require that the amount representing the difference between the fair value of fully benefit-responsive investment contracts and the contract value be presented on the face of the statements of net assets available for plan benefits.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Investments are valued daily and interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of the Trustee, Custodian and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees that reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Diversified Stable Pooled Fund – The Diversified Stable Pooled Fund, held in a common collective trust ("CCT"), is valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The CCT NAV is not a publicly-quoted price in an active market, therefore, the CCT is classified as Level 2 within the valuation hierarchy.

Guaranteed Interest Contract ("GIC") – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer and therefore classified as Level 2 within the valuation hierarchy.

Common Stocks – Common stocks are valued at the closing price reported on the active market on which the individual securities are traded and therefore classified as Level 1 within the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The primary investment objective of the CCT is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. The CCT does not have any unfunded commitments relating to its investments, or any significant restrictions on redemptions. Participant-directed redemptions for in-service withdrawals or termination of employment can be made on any business day and do not have a redemption notice period. Participant-directed exchanges to another investment option may be made on any business day, provided that the exchange is not directed into a competing fund, in which case there is a 90 day holding period in a non-competing investment option.

NOTE 4. PARTY-IN-INTEREST TRANSACTIONS

Transamerica Retirement Solutions Corporation ("Transamerica") manages certain Plan investments. Transactions with Transamerica qualify as party-in-interest transactions for which exemptions exist. During the year ended December 31, 2013, Transamerica received $29,686 in fees, of which $27,575 was paid by participants through the Plan and received indirect compensation from investments based on a formula. In addition, the Plan paid $22,000 for a compliance review from Plan forfeitures.

NOTE 5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' accounts would be distributed in accordance with the Plan document.

NOTE 6. TAX STATUS

The Plan obtained its latest determination letter dated November 20, 2013, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with Employee Plans Compliance Resolution System. Accordingly, the Company believes that the Plan, as amended, currently is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 7. FINANCIAL DATA CERTIFIED BY THE TRUSTEE AND THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and the Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and notes receivable from participants as shown in the accompanying statements of net assets available for plan benefits of $73,817,717 and $2,000,861, respectively, less the adjustment from fair value to contract value of $92,637, as of December 31, 2013 and $56,474,364 and $1,795,676, respectively, less the adjustment from fair value to contract value of $333,903, as of December 31, 2012.

b. Net appreciation of investments of $11,449,376, interest and dividend income on investments of $120 and $968,361, respectively, and interest income on notes receivable from participants of $77,548 as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2013.

c. Investments and participant loans as of December 31, 2013 as listed in the accompanying Schedule of Assets (Held at End of Year).

NOTE 8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their account balance. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 8.75 percent. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 7, 2014, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
