CERTIFIED PUBLIC ACCOUNTANTS SINCE 1941

October 1, 2014

Plan Administrator
401(k) Plan for the Employees of
The Decurion Corporation
120 North Robertson Boulevard, 3rd Floor
Los Angeles, California 90048

Members of the Committee:

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the 401(k) Plan for the Employees of The Decurion Corporation (the "Plan") as of and for the year ended December 31, 2013 in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 5 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

Forfeiture Balance (Repeating)

During our audit, we noted that the Plan had a forfeiture balance of $72,692 at December 31, 2013. While this amount is not material to the Plan's financial statements, the Internal Revenue Code does not authorize forfeiture suspense accounts to hold unallocated monies beyond the plan year in which they arise; forfeitures must be used as soon as possible for purposes allowed by the Plan. If not used, these amounts should be allocated to participant's accounts. We recommend that Plan management work with New York Life to monitor its forfeiture balance and apply available forfeitures promptly in accordance with the Plan statutory requirements.

Contributions (Repeating)

We could not reconcile employee and employer contributions shown in the company's payroll records to the amounts reported to the trustee. While the differences were not material to the Plan's financial statements, however they raise the concern that one or more participants' accounts may not have been credited with the correct amounts. We recommend that Plan personnel reconcile the company's payroll records to trustee reports on a regular basis to ensure that contributions are accurately paid and reported.

Vesting of Participant Accounts (Repeating)

During our testing of distributions, we noted one participant who received employer matching contributions in 2007 (prior to the Plan becoming a Safe Harbor Plan), which should have been subject to vesting of 60%; however, the distribution included 100% of the account balance. We recommend that management review and approve all distribution requests to ensure compliance with the terms of the Plan.

Remittance of Participant Contributions

According to Department of Labor regulations, employee deferrals must be remitted to the Plan trustee as of the earliest date they can reasonably be segregated from the general assets of the company, but no later than 15 business days after the end of the month in which they are withheld. During our audit, we noted that employee deferrals, in the amount of $353 were not remitted within the required time period. Failure to remit participant contributions within 15 business days after the month in which they are withheld constitutes a prohibited transaction under Department of Labor regulations. We recommend the plan sponsor to work with the trustee to correct late contributions and prepare appropriate filings.

Internal Controls at New York Life

As a routine part of our audit, we obtained the 2013 report on the suitability of the design and operating effectiveness of controls at New York Life (SSAE 16 report). The independent auditors

expressed a qualified opinion on the operating effectiveness of controls, noting test exceptions related to controls over system access. Since Plan operations depend on transactions performed by New York Life, and the Plan sponsor relies upon the controls at New York Life, it is important that management be aware of the areas where New York Life may not be performing as expected. We suggest that management review the report and discuss the exceptions noted with New York Life as needed.

Employer Matching Contributions

During our audit, we noted one participant did not receive the proper employer matching contribution due to an error in the maximum allowable contribution amount entered into the payroll system. We recommend that Plan personnel review participant data in the payroll system to ensure that proper limits are entered for each participant.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) as of December 31, 2013 and delinquent participant contributions for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The 401(k) Plan for the Employees of The Decurion Corporation (the "Plan") is a defined contribution plan covering substantially all employees of Decurion Corporation (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The assets of the Plan are held in a trust by New York Life Trust Company.

Effective January 1, 2008, (i) The Pacific Theatres Exhibition Corp. Profit Sharing Plan was merged into the Plan; the merged plan had no plan assets, (ii) the Company changed the Plan's trustee from Fidelity Management Trust Company (Fidelity) to New York Life Trust Company (New York Life), (iii) the Plan was amended to call for a safe harbor Company matching contribution of 100% of the first 6% of deferred amount by employees and to change the eligible service requirement from six months to 90 days.

THE PLAN DOCUMENT INCLUDES DETAILED RULES FOR EACH SITUATION. PARTICIPANTS AND OTHER INTERESTED PARTIES SHOULD REFER TO THE PLAN AGREEMENT AND ANY AMENDMENTS REGARDING SPECIFIC PROVISIONS OF THE PLAN.

A. Eligibility

Company employees, except for those covered by a collective bargaining agreement, residents of Puerto Rico and independent contractors, are eligible to participate in the Plan after having completed 90 days of service and attaining age 21.

B. Benefits

Distributions of a participant's account are made upon termination of service, death, disability or retirement. A participant or beneficiary may elect to receive a single lump-sum payment equal to the value of his or her vested interest in their account. Terminated participants with account balances of $5,000 or less can be distributed whether or not requested. Additionally, an in-service distribution can also be made to participants who have attained the age of 59-1/2, upon disability or when experiencing financial hardship.

Benefits are recorded when paid.

C. Vesting

Participants are 100% vested in their salary deferral contribution and Company safe harbor matching contributions and rollover contributions, plus actual earnings thereon. Participants actively employed by the Company after December 31, 2007 are 100% vested in any Company matching contributions. Other Company contributions, or if employment terminated prior to January 1, 2008, any Company matching contributions, plus actual earnings thereon is based on years of vested service as follows:

Years of Service	Vesting Percentage (%)
Less than 1	0
1	20
2	40
3	60
4	80
5 or more	100

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

D. Contributions

Participants may contribute up to 60% of eligible compensation, as defined in the Plan, subject to Internal Revenue Code (IRC) limitations.

The Plan calls for a Company safe harbor matching contribution equal to 100% of the first 6% of deferred amount by employees. Safe harbor Employer matching contributions for the year ended December 31, 2013 were $668,476.

E. Notes Receivable from Participants

The Plan allows participants to borrow not less than $1,000 up to the lesser of $50,000 or 50% of their vested account balance. A loan is secured by a participant's vested account balance, bears interest at available market financing rates and must be repaid to the Plan in five years unless the loan is used for the purchase of a principal residence, in which case the maximum repayment period is 10 years. The plan administrator establishes the specific terms and conditions of loans to participants. Notes receivable from participants at December 31, 2013 carry interest rates ranging from 4.00% to 11.00%. A loan set up fee of $100 will be deducted from the participant's account for each loan.

F. Forfeitures

Forfeitures, which arise as a result of a participant's termination prior to full vesting are used to reduce future contributions by the Company or to pay Plan expenses. Forfeitures totaled $54,716 for the year ended December 31, 2013. As of December 31, 2013 and 2012, accumulated forfeitures totaling $72,692 and $17,186, respectively, were available for future use.

G. Administrative Expenses

Most administrative expenses are paid by the Company. Investment fees paid by the Plan totaled $2,036 in 2013.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

GAAP requires benefit-responsive investment contracts held by a defined contribution plan to be reported at fair value. The Plan's investment in the New York Life Trust Company Anchor Account II, an unallocated investment contract, meets the definition of a fully benefit-responsive investment contract. The statements of net assets available for benefits present the fair value of the unallocated investment contract as well as the adjustment of the investment from fair to contract value.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

C. Investment Valuation and Income Recognition

The participants select how their share of plan assets will be invested among those investment vehicles made available.

The following are the major categories of assets and liabilities measured at fair value on a nonrecurring basis during the years ended December 31, 2013 and 2012, using the following fair value hierarchy and related valuation methodologies:

Level 1 – Inputs are quoted prices in active markets.

Level 2 – Inputs are based on quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data.

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The following tables summarize the Plan's investments based on the inputs used to value them, at December 31:

	2013			
	Level 1	Level 2	Level 3	Total

C. Investment Valuation and Income Recognition (Continued)

	2012			
	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Income/Fixed Income	$ 3,147,308	$ -	$ -	$ 3,147,308
Age-based	3,745,001	-	-	3,745,001
Real Estate	698,983	-	-	698,983

	$ 15,721,357	$ 3,072,657	$ -	$ 18,794,014

Level 1 investments consist of mutual funds reported at fair value based on quoted market prices. Level 2 investments consist of pooled separate accounts, which are valued and reported at net asset value based on market prices for the underlying securities as determined by trades for identical or similar securities. The investment objectives of pooled separate accounts is to provide a low risk, stable investment offering competitive yields. Pooled separate account investments may be redeemed any time at net asset value. There are no restrictions on redemptions and no unfunded commitments to purchase additional shares for any of the pooled separate accounts.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments relates to mutual funds.

D. Risks and Uncertainties

The Plan provides for various investment options in any combination of investments offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with investments, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

NOTE 3 - INCOME TAX STATUS

The Plan has received an opinion letter dated September 20, 2012 from the Internal Revenue Service which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 3 - INCOME TAX STATUS (Continued)

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The plan administrator believes that the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. Certain information returns filed by the Plan are subject to examination by authorities. As of December 31, 2013, information returns for Plan years subsequent to 2009 were subject to examination by authorities.

NOTE 4 - PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts and Plan assets will be distributed based upon the participants' account balances at the time.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information regarding investments held at December 31, 2013 and 2012, and investment income for the year ended December 31, 2013 that is disclosed in the accompanying financial statements and supplemental schedules, other than fair value of the New York Life Insurance Trust Company Anchor Account II and the related adjustment of this fund from fair value to contract value, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by New York Life Trust Company, the trustee of the Plan.
