BOXER PROPERTY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

Note 1 – Description of Plan

The following description of Boxer Property 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was formed and adopted by Boxer Property Management Corporation (the "Company" or "Plan Sponsor"), effective January 1, 1999. The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age 21 or older. It is also a salary reduction plan or 401(k) plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to Internal Service Revenue (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan's custodian, American United Life Insurance Company ("AUL" or "Custodian"). The Plan currently offers a guaranteed investment contract or general account (AUL Fixed Fund) and pooled separate accounts as investment options for participants. The Company, at its discretion, may make contributions to the Plan, and amounts are determined by the Company's board of directors. No Company contributions have been made to the Plan for 2013.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if any), (b) Plan earnings and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is granted 20% for each year, becoming fully invested after five years of credited service.

Note 1 – Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. No note receivable from participants shall exceed the participant's vested interest in the Plan. A participant cannot have more than one outstanding loan at any given time. The loans are secured by the balance in the respective participant's account and bear interest at 5.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator and fixed as of the loan origination date. Principal and interest is paid ratably, through monthly payroll deductions, over a period generally not extending beyond five years from the date of the loan.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payment in the form of a life or joint and survivor annuity. For termination of service for other reasons and for amounts less than $5,000, a participant must receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeitures represent the portion of non-vested benefits remaining from employees who have withdrawn from the Plan before becoming fully vested. Forfeitures shall be used to reduce future Company contributions. Currently, there are no Company contributions in the Plan. Since participants are 100% vested in their contributions and earnings thereon, there were no forfeited non-vested account balances at December 31, 2013 and 2012.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from these estimates.

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The units of the pooled separate accounts are determined at the close of each business day and are directly related to the net asset value of the underlying investment adjusted for dividends or distributions received by the Custodian and the daily equivalent of any fees charged. The guaranteed investment contract ("GIC") is not actively traded and significant other observable inputs are not available. It has no liquid market value and there are no defined maturities of the cash flows. The GIC's contract value approximates its fair value.

Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation of these investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. No adjustment was necessary at December 31, 2013 and 2012 as contract value approximates fair value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as a distribution based upon terms of the plan document.

Benefit Payments

Benefit payments are recorded upon distribution.

Plan Expenses

A participant with a loan is directly charged a processing fee upon origination of the loan. Other administrative costs of the Plan charged by AUL are generally paid by the Company.

Concentrations of Credit Risk

The Plan's investments potentially subject the Plan to concentrations of credit risk. The Plan has not experienced any credit losses associated with these instruments.

Note 3 – Investments

Unaudited Information Certified as Complete and Accurate by the Plan Custodian

The December 31, 2013 and 2012 statements of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2013, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Custodian in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified as complete and accurate includes total investments and notes receivable from participants totaling $2,522,502 and $1,823,985 at December 31, 2013 and 2012, respectively, and related investment and interest income of $381,304 for the year ended December 31, 2013.

Investments that represent 5% or more of Plan assets at December 31, 2013 and 2012 are as follows:

	2013	2012
AUL Fixed Fund	$ 194,137	$ 174,843
Fidelity VIP Growth	$ 199,783	$ 161,271
Fidelity VIP Asset Manager	$ *	$ 95,197
Amcent Small Cap Value	$ 133,929	$ 100,708
Amcent Strategic Allocation Aggressive	$ 201,046	$ 138,971
AmerFds Growth Fund of America	$ 136,274	$ *
Janus Aspen Series Flex Bond	$ *	$ 95,850
SSGA S&P 500 Flagship	$ 213,676	$ 128,259

*Investment balance represents less than 5% of Plan assets for the respective year.

During 2013, the Plan's pooled separate accounts (including gains and losses on investments bought, sold, and held during the year) appreciated in fair value by $372,340.

Note 4 – Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled Separate Accounts: The units of the pooled separate accounts are determined at the close of each business day and are directly related to the net asset value of the underlying investment adjusted for dividends or distributions received by the Custodian and the daily equivalent of any fees charged. *Guaranteed investment contracts:* Valued at contract value, which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants would receive upon termination of the contract. The custodian considers contract value to be a reasonable measurement of fair value since liquidation of the entire contract is a contingent event, which cannot be initiated by the plan participants and can only be initiated by the plan sponsor upon termination of the Plan or complete termination of the contract.

Note 4 – Fair Value Measurements (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

Assets at Fair Value as of December 31, 2013

	Level 1	Level 2	Level 3	Total

Note 4 – Fair Value Measurements (Continued)

Level 3 – Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year-ended December 31, 2013.

	Guaranteed Investment contract
Balance, beginning of year	$ 174,843
Interest income	7,225
Purchases	32,617
Sales	(20,548)
Settlements	-
Balance, end of year	$ 194,137

Note 5 – Investment Contract with Insurance Company

In 1999, the Plan entered into an unallocated group annuity contract with AUL. AUL maintains the contributions in both a general account (AUL Fixed Fund) and pooled separate accounts.

The fully benefit-responsive general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The general account is included in the financial statements at contract value as reported to the Plan by AUL. Contract value represents contributions made to the general account, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value (which approximates fair value) of the general account at December 31, 2013 and 2012 was $194,137 and $174,843, respectively. The average yield and crediting interest rates were approximately 4% for 2013 and 2012. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 4%. Such interest rates are reviewed on an annual basis for resetting.

Note 6 – Related Party and Party-in-Interest Transactions

The Plan Sponsor provides the Plan with certain accounting and administrative services for which no fees are charged. AUL is considered a party-in-interest, as defined by ERISA, since it provides services to the Plan as investment custodian. Administrative fees paid to the custodian by the Plan during 2013 were $192. These transactions are exempt from being prohibited transactions by ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2013	2012
Net assets available for benefits per financial statements	$ 2,395,988	$ 1,795,324
Add: Excess contributions refundable to participants-end of year	126,514	57,388
Less: Corrective contributions	-	(28,727)
Net assets available for benefits per Form 5500	$ 2,522,502	$ 1,823,985

The following is a reconciliation of participant contributions per the financial statements for the year ended December 31, 2013 to Schedule H of Form 5500:

	2013
Participant contributions per financial statements	$ 478,910
Add: Prior year corrective contribution	28,727
Participant contributions per Form 5500	$ 507,637

The Plan received corrective contributions of $28,727 during 2013. These corrective contributions were made via the Employee Plans Compliance Resolution System, as the result of a 2012 coding error identified, relating to participant's deferral and contribution calculations.

The following is a reconciliation of corrective distributions per the financial statements for the year ended December 31, 2013 to Schedule H of Form 5500:

	2013
Corrective distributions per financial statements	$ 126,514
Add: Prior year corrective distributions	57,388
Less: Current year corrective distributions	(126,514)
Corrective distributions per Form 5500	$ 57,388

Note 8 – Reconciliation of Financial Statements to Schedule H of Form 5500 (Continued)

The Plan made corrective distributions of $57,388 to certain participants during 2013. These corrective distributions were required in order to correct the failure of certain 2012 IRS nondiscrimination tests in the Plan.

The Plan failed certain IRS non-discrimination tests for the year ended December 31, 2013. Excess contributions amounting to $126,514 are recorded as a liability in the accompanying statement of net assets available for benefits and as a reduction of participant-directed contributions for the year. The Plan refunded these excess contributions to affected Participants during 2014.

Note 9 – Tax Status

The Plan is currently operating under a national IRS approved prototype plan sponsored by AUL that has received a favorable determination letter dated March 31, 2008, under the applicable provisions of the Internal Revenue Code ("IRC"). Plans who adopted this prototype plan without changes could rely on the Custodian's determination letter. The Company adopted the AUL prototype plan without any changes. However, the Plan has been amended since the latest determination letter. The plan administrator and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 – Delinquent Participant Contributions

Pursuant to the Department of Labor Reg. 29 CFR 2510.3-102, an employer is required to segregate participant contributions from its general assets as soon as practicable, but in no event later than the 15th business day following the end of the month in which amounts are contributed by participants or withheld from their wages. During the year ended December 31, 2013, the Company failed to segregate employee contributions totaling $73,317, in a timely manner. The Company is aware of the occurrences and is taking appropriate steps to correct the situation subsequent to year end.

Note 12 - Subsequent Events

Effective January 14th, 2014, the Plan was amended to allow for participants to enter into the plan with lower service requirements, including provisions for automatic enrollment and earlier entry dates. Management has evaluated subsequent events through September 30, 2014 the date the financial statements were issued, and, except as noted above, has determined there are no subsequent events to be reported in the accompanying financial statements.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
