Independent Auditor's Report

To the Plan Participants and Plan Administrator of the
59 Wall Street Capital Accumulation Plan
New York, NY

We have audited the accompanying financial statements of 59 Wall Street Capital Accumulation Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the year ended December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2013 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description of Plan

The following represents a brief description of the 59 Wall St. Capital Accumulation Plan (the "Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that permits eligible employees and partners of Brown Brothers Harriman & Co. ("BBH&Co." or "Sponsor"), the Plan's sponsor and administrator, and its domestic subsidiaries to save voluntarily through payroll deductions, subject to certain limitations under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan allows investment in various investment options offered by the Plan. The Plan permits participants to transfer investments both between funds and among funds continuously throughout the year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective April 4, 2013, Fidelity Workplace Services LLC ("Fidelity") replaced Wells Fargo Retirement Plan Services as the recordkeeper of the Plan. Fidelity Management Trust Company replaced Wells Fargo Bank, N.A. as Trustee of the Plan on March 28, 2013.

The Plan established the BBH Investment Committee to oversee the Plan's investment structure. Overall responsibility for managing the administration of the Plan rests with the BBH Administration Committee comprised of no fewer than three members appointed by the Plan Sponsor.

Eligibility

Under the terms of the Plan, employees and partners are eligible to become participants in the Plan on the first payroll start date following the date of hire.

Contributions

Effective April 1, 2013, participants can contribute up to 75% of their base salary and 75% of their bonus on a pre-tax or Roth basis, up from 50% in prior periods, subject to certain limitations. After maximum pre-tax and Roth contributions are made, participants can also contribute an additional amount aggregating up to 50% of their base salary on an after-tax basis, subject to IRC limitations. The IRC annual maximum for pre-tax contributions is $17,500 for 2013. After-tax contributions are allowed up to the 2013 IRC 415(c) limits, $51,000 in total retirement contributions. Participants who reach age 50 at anytime during 2013 are eligible to contribute an additional pre-tax or Roth catch-up contribution of $5,500 after the $17,500 limit is met. Salary and bonus combined are limited to $255,000 for 2013 for purposes of determining employee contributions.

BBH&Co. will match pre-tax and Roth contributions in the amount of 50% of the first 6% of contributions made by participants. Matching contributions are not made on after-tax contributions. Effective January 31, 2013, general partners of the firm are eligible for matching contributions under the Plan.

Profit Sharing Contributions

Each year, based on its profits, BBH&Co. may make a profit sharing contribution to participant accounts. To be eligible for the profit sharing contributions, salaried employees have to be employed by BBH&Co. on or before November 1 and their employment must continue through December 31 or the last business day of the year for which the profit sharing contributions are made. BBH&Co. paid the 2013 profit sharing contributions to the Plan in February 2014.

1. Description of Plan (Cont'd)

During the first quarter of each year, BBH&Co. will determine and announce its profit sharing performance criteria for the year, that is, the levels for target and maximum contributions, and the threshold below which no profit sharing contributions will be made.

Retirement Contribution Account
Effective January 1, 2013, a Retirement Contribution Account ("RCA") was added to this Plan for each salaried employee or partner who is eligible to participate. Generally, employees or partners will be eligible for the RCA after one year of service and current employees' or partners' prior service will be counted towards eligibility. An employee or partner is not required to make any contributions to the Plan to receive the RCA contributions. The Sponsor will generally contribute bi-weekly a percentage of the employee's eligible compensation (subject to IRS limits) to the employee's RCA account as follows:

Age as of January 1	RCA Percentage of Eligible Pay
Less than 40	2%
At least 40, but less than 50	2.5%
50 or more	3.5%

Participant Accounts
Participants may direct the investment of their accounts into various mutual funds or a money market fund. Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and Plan earnings or losses. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting
Participants always are 100% vested in their contributions to the Plan. Employer matching and profit sharing contributions made on or after January 1, 2002 vest as follows:

Years of Service	**% Vested**
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	67%
5 or more years	100%

The RCA will vest 20% after two years of service and 100% after three years. Service earned prior to December 31, 2012 will count toward the vesting requirement.

Payment of Benefits
Distributions can be made without penalty upon the participant's retirement, disability, or attainment of age 59-1/2. Distribution of vested balances must be made in the event of a participant's death. Benefit distributions must generally commence on or before the first of April of the calendar year following the later of the year in which the participant reaches age 70-1/2, or the participant terminates his/her employment with BBH&Co. The required minimum distribution is calculated for each account by dividing the prior December 31 balance by the published IRS life

1. Description of Plan (Cont'd)

expectancy factor. All distributions are made in lump-sum payments or as otherwise permitted under the Plan document.

Notes Receivable from Participants
The Plan allows active employees to borrow up to the lesser of 50% of their vested account balance or $50,000. Notes under the Plan bear interest at .5% above the prime lending rate in effect at inception of the note and mature over a period not greater than five years; and not to exceed ten years for loans used for the purchase of a primary residence. Notes must be repaid ratably through payroll deductions.

Any participant with a loan on which payments are delinquent will have the opportunity to repay the loan in full, to resume current status of the loan by paying any missed payment, including principal and interest or, if distribution is available under the Plan, to request distribution of his or her account prior to the end of the calendar quarter following the calendar quarter in which the delinquent payment was due.

The following events will constitute default of an existing loan:

(1) If the participant fails to make a payment when due, the loan shall be treated as in default no later than the last day of the calendar quarter following the calendar quarter in which the payment was not made.

(2) In the event of the participant's termination of employment or the death of the participant, the outstanding loan balance shall be due and payable in full and shall be treated as in default as soon as administratively feasible but no later than the last day of the calendar quarter following the calendar quarter in which a payment was not made.

Upon the event of default, to the extent a distribution to the participant is permissible under the Plan, the Plan Administrator shall foreclose on the participant's vested account balance and offset such by the outstanding loan balance. A loan offset reduces the participant's account by the amount of the outstanding loan balance and becomes a taxable distribution from the Plan. The Plan Administrator will treat the loan as repaid to the extent of any permissible offset.

Upon the event of default, to the extent a distribution to the participant is not permissible under the Plan, the outstanding loan balance, including accrued interest, will be treated as a "deemed distribution". A loan that is treated as a "deemed distribution" will be reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs for the participant. The loan remains an outstanding obligation for the participant and, only for purposes of determining the amounts available for future loans, continues to accrue interest until repaid or offset upon a future distributable event.

A deemed distributed loan may be repaid in full. No partial repayments are allowed.

Notes receivable from participants in default and not accruing interest at December 31, 2013 and 2012 amount to $111,573 and $62,764, respectively, which were reported as deemed distributions on the Plan's Form 5500.

1. Description of Plan (Cont'd)

Forfeitures

Forfeiture of BBH&Co. contributions to the accounts of participants that terminate employment (either voluntarily or involuntarily) prior to being fully vested are retained in the Plan and will be used to reduce current or future employer contributions. In 2013, employer contributions were reduced by $739,452 from the forfeiture account. At December 31, 2013, the remaining balances in the forfeited non-vested account totaled $234,367.

Death in Service

The Plan requires all participants to designate a beneficiary in the event of their death. If a participant dies, the beneficiary is entitled to receive a distribution of the participant's vested account balance. The beneficiary can take a distribution as a lump sum, subject to income taxes, or as a rollover distribution to another qualified plan or an IRA in accordance with the applicable sections of the IRC.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Notes Receivable from Participants

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Investments in mutual funds are valued at quoted market prices representing the net asset value of the shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with the policy of stating investments at fair value, the annual net appreciation or depreciation in the fair value of investments is reflected in the statement of changes in net assets available for plan benefits. Net appreciation or depreciation in the fair value of investments consists of realized and unrealized gains and losses on those investments.

Purchases and sales of investments are recorded as of the trade date.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

2. Summary of Significant Accounting Policies (Cont'd)

Contributions
Contributions from eligible participants and matching company contributions are recorded in the accounting period the related payroll deductions are made provided that the corresponding payroll period ends in the same accounting period. Profit sharing contributions are recorded in the period for which the corresponding employee compensation was earned.

Benefits Paid to Participants
Benefits are recorded when paid.

Expenses
The costs of administering the Plan and managing the Plan's Trust Fund ("Fund") are borne by BBH&Co., in accordance with the Plan document to the extent such costs are not paid by the Fund.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan provides for investment options in various mutual funds and other securities. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

3. Investments

The Plan's investments (including investments bought and sold, as well as those held at year-end) appreciated in value in 2013 as follows:

	2013
Mutual funds	$ 67,050,080

The following presents the fair value of investments that represent five percent or more of the Plan's net assets at:

	December 31,	
	2013	2012
BBH Core Select (Class N)	$ 83,016,928	$ 56,984,355
BlackRock Global Allocation (I)	$ 80,621,669	$ 76,485,575
Columbia Acorn Fund (Class Z)	$ 29,758,952	$ 22,877,127
Pimco Total Return (Inst)	*	$ 23,046,511
Vanguard Prime Money Market Fund (Inst)	$ 46,188,750	$ 40,127,436
Vanguard Total Stock Market Index Fund (Inst)	$ 83,226,875	$ 63,560,195

* Investment represents less than five percent of the Plan's net assets

4. Plan Termination

BBH&Co. intends to continue the Plan indefinitely, but reserves the right to amend or terminate it, if necessary. In the event of plan termination, the net assets would be allocated among the participants in proportion to their respective account balances in accordance with the provisions of ERISA.

5. Tax Status

The Plan obtained its latest determination letter on December 29, 2011 in which the Internal Revenue Service ("IRS") stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, "Income Taxes", requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

6. Fair Value Measurements

FASB ASC 820, "Fair Value Measurements," establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC No. 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

6. Fair Value Measurements (Cont'd)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The Plan invests in various mutual funds which are valued at the closing net asset value as reported daily on recognized securities exchanges.

The Plan's policy is to recognize transfers in and transfers out between levels as of the date of the event or change in circumstances that caused the transfer.

The Plan's investment assets recorded at fair value have been categorized based upon a fair value hierarchy in accordance with FASB ASC 820. The following tables present information about the Plan's assets measured at fair value as of December 31, 2013 and December 31, 2012:

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the Plan's financial statements at December 31, 2013 and 2012 to Form 5500:

	December 31,	
	2013	2012
Net assets available for benefits per the financial statements	$ 550,250,696	$ 442,170,737
Amounts allocated to deemed distributed loans	(111,573)	(62,764)
Net assets per Form 5500	$ 550,139,123	$ 442,107,973

	For the Year Ended December 31, 2013
Net increase in net assets available for benefits per the financial statements	$ 108,079,959
Increase in amounts allocated to deemed distributed loans	(48,809)
Net income per Form 5500	$ 108,031,150

8. Related Party Transactions and Party-in-Interest Transactions

Certain investments of the Plan are invested in mutual funds that are managed by the Plan sponsor, BBH&Co. Therefore, these transactions qualify as party-in-interest transactions. As of December 31, 2013 and 2012, the Plan's investments managed by BBH&Co. amounted to $83,016,928 and $56,984,355, respectively. Notes receivable from participants also qualify as party-in-interest transactions.

9. Subsequent Events

Subsequent events have been evaluated by management through October 10, 2014, the date on which the financial statements were available to be issued.
