World Media Enterprises Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2013

1. Plan Description

The following brief description of the World Media Enterprises Inc. 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 2013 to provide retirement benefits for the employees of World Media Enterprises, Inc. (WME). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). During 2013, WME acquired the employees of four additional companies (see Note 9). Two of the acquisitions resulted in plan assets of the former employers' plans being merged into the Plan. Effective March 25, 2013 and July 15, 2013, respectively, the Plan was amended to name Greensboro News & Record, LLC and Times-World LLC as participating employers.

Effective December 31, 2013, the Omaha World-Herald 401(k) Plan was terminated and merged into the Plan. The plan was amended to name the following as participating employers: BH Media Group Holdings, Inc.(formerly World Media Enterprises, Inc.), Omaha World-Herald Company, World Marketing, Inc., World Technologies, Inc., Lee Distributing Service, Inc., Mail Tech, Ltd. and Ace Mailing Service, Inc.

Effective January 1, 2014, the Plan name was changed to the BH Media Group 401(k) Plan, which covers the employees of BH Media Group, Inc. and its subsidiaries (the Companies).

Effective May 11, 2014, the plan was amended to name WPLG, Inc. as a participating employer as a result of an acquisition by a related company.

Effective July 1, 2014 the assets of World Technologies, Inc. were sold and the employees were acquired by the purchaser.

Effective September 1, 2014, the assets of the following subsidiaries were sold and the employees were acquired by the purchaser as of October 1, 2014: Lee Distributing Service, Inc., Mail Tech, Ltd. and Ace Mailing Service, Inc. The Plan assets of all active employees of the sold subsidiaries are scheduled to be transferred out of the plan and settled on November 3, 2014.

Employees are eligible to make salary reduction and after-tax Roth contributions and receive discretionary matching and profit sharing contributions after completing one month of service. Eligible employees become Plan participants on the first day of the month following the date on which the entry requirements are fulfilled.

Notes to Financial Statements

Contributions

Participants may make voluntary salary contributions up to 100% of their annual compensation, subject to the maximum dollar amounts allowable by law. Participants are automatically enrolled with an initial 3% deferral contribution (4% effective January 1, 2014). At any time, a participant can elect not to contribute or may increase or decrease his or her deferral rate to any rate allowed under Plan provisions. Participants may also contribute amounts representing distributions from other qualified plans. The Companies' discretionary matching contributions for 2013 were 50% of the employee's elective deferral up to 3% of the participant's annual eligible compensation. Additional profit sharing contributions may be made at the discretion of the Companies. No discretionary profit sharing contributions were made for the year ended December 31, 2013. All participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year are eligible to make catch up contributions, subject to the maximum dollar amounts allowable by law.

Participant Accounts

Each participant's account is credited or debited with the participant's contributions and an allocation of a) the Companies' discretionary matching contributions, b) the Companies' discretionary profit sharing contributions c) Plan earnings or losses d) transaction based fees and e) plan administration fees. The Companies' discretionary matching contributions are allocated among participants based on each eligible participant's elected salary deferral. The Companies' discretionary profit sharing contributions are allocated based upon eligible compensation of eligible participants. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Transaction based fees for optional services offered under the Plan are allocated to Participants who opt for these services. Plan administration fees not paid by forfeitures (see note below) are allocated pro-rata to participant accounts. Investments are maintained in individual member accounts managed by Fidelity Management Trust Company (Fidelity).

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Companies' discretionary matching and discretionary profit sharing contributions credited to participants' accounts are based on years of continuous service. A participant is 50% vested after two years of credited service and fully vested after three years of credited service. Other certain vesting schedules were retained from plans merged in.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in their account during the prior twelve month period. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. Principal and interest are paid through payroll deductions. Participants pay a loan origination fee and an annual loan maintenance fee which is deducted from the participant's account.

Notes to Financial Statements

December 31, 2013

Payment of Benefits

Upon normal retirement, disability, or death, the participant or beneficiary may elect to receive a lump sum or annual installment payments, equal to the value of the vested funds allocated to the participant's account. Upon termination of service for other reasons, the participant may receive a lump sum payment equal to the value of the vested funds allocated to the participant's account. If the value of the vested funds allocated to the participant's account is greater than \$5,000, participants have the option of leaving their funds in the Plan. If the value of the vested funds allocated to the participant's account is between \$1,000 and \$5,000 the participant's account will be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. Distributions under \$1,000 will be paid out to the participant in the event the participant does not elect a payout option. Benefits are recorded when paid.

Forfeitures

Upon a participant's termination of employment before normal retirement, disability or death, the portion of their Companies' contributions not then vested shall be forfeited. The forfeited portion of any participant's account may be used to pay Plan expenses and to reduce the Companies' discretionary contributions. At December 31, 2013, there was \$46,606 of forfeited, non-vested amounts available. During 2013, \$44 of forfeited, non-vested amounts was used to pay Plan expenses.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through common collective trusts. The statement of net assets available for benefits presents the fair value of the investment in the common collective trusts as well as the adjustment of the investment in the common collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards codification (ASC) 962, Plan Accounting – Defined Contribution Pension Plans.

World Media Enterprises Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2013

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Expenses

Certain legal fees of the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Recordkeeping and audit fees are paid by the Plan and are included in administrative expenses.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through October 13, 2014. See Note 1 "General" and "Contributions" sections and Note 9 for descriptions of subsequent events.

3. Information Certified by Fidelity

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

The following table presents the value of the participant-directed investments in this Plan that were certified by Fidelity. Single investments representing more than 5% of the Plan's net assets December 31, 2013 are separately identified.

JP Morgan SmartRetirement 2025 Select Fund	\$ 12,366,695

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the funds. The funds held are open-end funds and are registered with the Securities and Exchange Commission. These funds are required to publish its daily net asset value (NAV) and to transact at that price. These funds are deemed to be actively traded.

Common Collective Trusts: Valued at the NAV of units of the collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. Participant transactions (purchased and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

World Media Enterprises Inc. 401(k) Plan

Notes to Financial Statements

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013.

Common Collective Trusts	\$ -	\$ 6,394,496	\$ -	\$ 6,394,496

The following table summarizes Level 2 Trust investments measured at fair value based on the NAV per share at December 31, 2013:

Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
\$ 6,394,496	None	Daily	1 Day

5. Tax Status

The Plan is qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested. Distribution to participants of the account balances would be made as soon as practicable after the termination date.

7. Related Party Transactions

Certain Plan investments are mutual funds and managed by Fidelity. Fidelity is the trustee and custodian as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2013 to the Form 5500:
