We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

NORMAN NOBLE, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2013 AND 2012

1. DESCRIPTION OF PLAN

The following description of the Norman Noble, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Norman Noble, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' Account – Each participant's account is credited with an allocation of (a) his or her elective deferral, (b) the Company's contribution, if applicable, (c) Plan earnings, (d) forfeitures of terminated participants' non vested accounts, and (e) charged with an allocation of administrative expenses, if any. Allocations by the Plan are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Funding Policy – The Company's funding policy is to make the contributions to the Plan as soon as administratively feasible.

Investments – Upon enrollment in the Plan, a participant may direct contributions among investment options and may change their investment options on any normal business day.

Contributions – Participants may make pre-tax contributions in 1% increments of their compensation or a flat dollar amount per pay period under the 401(k) plan provisions up to the maximum amount set by law. The Plan allows for "catch-up contributions" as set by the law for participants that attain the age 50 before year end. The Company contributed \$.25 for each \$1 contributed by participants up to 4% of the employees' salary. In addition, each year the Company determine, at their discretion, the amount to be contributed out of current and accumulated profits. Contributions are subject to maximum annual limits as defined by various laws and regulations.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.75%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. All expenses associated with the establishment and administration of the loan will be paid by or charged to the participant's account. Repayments of principal and interest are credited to the participant's separate accounts within the funds as elected by the participants. Until such repayments are received, the loan receivable is accounted for in the participant's loan fund.

Payment of Benefits – Benefits will be paid from the Plan upon the occurrence of any of the following events:

Retirement - a participant, upon retirement from employment with the Company, at either normal retirement date or at any time thereafter, shall be entitled to receive the entire balance in his or her account.

Disability - In the event a participant becomes totally disabled, the participant shall be entitled to receive the entire balance in his or her account.

Death - upon death of a participant, the beneficiary of the participant shall be entitled to receive the entire balance in his or her account remaining at death.

Termination of Employment - upon termination of employment with the Company for any reason other than death or total disability, a participant shall be entitled to the vested balance in his or her account.

Hardship - A participant shall be entitled to a hardship withdrawal of the participant's share of salary deferrals after maximum participant loans have been withdrawn, the participant will not be allowed to make salary deferral contributions for a period of twelve months after receiving a hardship distribution.

Administrative Expenses - All expenses of the Plan related to legal, accounting, record keeping and general administration are paid by the Plan or by the Company, at the Company's option.

Vesting - A participant has a 100% non-forfeitable vested interest in his or her portion of contributions. Vesting in the participants' matching and profit sharing accounts is based on years of continuous service according to a six year graduated scale. The participant will be 20% vested after two years of service and will vest an additional 20% for each year thereafter. A participant is 100% vested after six years of credited service or in the event of death, disability, or retirement of the participant.

Forfeitures - The Company have the option to use forfeited non-vested unallocated accounts to reduce the employer's discretionary contribution or to reallocate these funds to participants in the same manner as Company's contributions. At December 31, 2013 and 2012, forfeited unallocated accounts totaled \$15,657 and \$6,093 respectively. These forfeited non-vested amounts have been re-allocated to participants in the same manner as the Company's contributions for 2013 and 2012.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value (See Note 5) which is based on the quoted market values on the last business day of the Plan year. The change in the difference between current value and the cost of investments and gain or loss on the sale of investments are reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The cost of investments sold is based on the average cost of the investments.

Notes receivable from participants - Participant loans are measured as receivables at their unpaid principal balance plus any accrued but unpaid interest which approximates estimated fair value. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31 2013 or 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reclassified as distributions based upon the Plan document.

Benefit Payments - Benefits are recorded when paid.

Accounting Estimates - Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of changes in net assets. Actual results could vary from the estimates that were used.

3. INVESTMENTS

The following table presents the fair market value of the investments that represent five percent or more of the Plan's net assets.

<u>Investments</u>	<u>2013</u>	<u>2012</u>
PNC Income Advantage Fund	\$ 4,215,824	\$ 3,985,307
T. Rowe Price Mid-Cap Value Advantage	1,457,450	1,126,150
Janus Twenty Fund	1,397,794	1,394,061
American Funds Growth Fund of America	1,375,841	1,122,162
American Funds Balanced Fund	1,068,696	852,838
Robertson Stephens Midcap Opportunities	832,545	689,031

During 2013, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,717,479.

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

PNC Bank, NA, current trustee of the Plan, held the Plan's investment assets and executed transactions therein as of and for the year ended December 31, 2013 and 2012. The following is a summary of the Plan's financial information certified by the Trustee as complete and accurate in accordance with section 2520.103-8 of the Department of Labor's rules and regulations for reporting and disclosure under the Employee Retirement Income Security Act of 1974. Also, the information included in the supplementary schedule, Schedule of Assets (Held at End of Year) was certified by PNC Bank, NA.

	<u>2013</u>	<u>2012</u>
Value of interest in registered investment companies	\$15,224,420	\$ 13,070,021

Changes in net assets for the year ended December 31, 2013, not audited, include the following:

Net investment gain from registered investment companies	\$ 1,717,479
Dividends from registered investment companies	\$ 719,286

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. VALUATION OF INVESTMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active market;
- Inputs other than quoted prices that are observable for assets or liabilities;
- Inputs that are derived principally from or corroborated by observable inputs for substantially the full term of the asset or liability.

If the assets or liabilities has a specified (contractual term), the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds – Valued at the net asset value of shares held by the Plan at year-end.

Corporate Debt Obligation Funds – The common collective trust fixed contracts are not actively traded but significant other observable inputs are available. The fixed contract is not a fully benefit responsive contract and therefore, the value of the fund for financial statement purposes is recorded at the fair market value.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

A summary of the Plan's investments showing their year-end valuations and valuation source is as follows:

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>December 31, 2013</u>			
Mutual funds	\$ 10,427,887	\$ 10,427,887	\$ -
Corporate debt instruments	4,796,533	-	4,796,533
Total	<u>\$ 15,224,420</u>	<u>\$ 10,427,887</u>	<u>\$ 4,796,533</u>
<u>December 31, 2012</u>			
Mutual funds	\$ 8,506,200	\$ 8,506,200	\$ -
Corporate debt instruments	4,563,821	-	4,563,821
Total	<u>\$ 13,070,021</u>	<u>\$ 8,506,200</u>	<u>\$ 4,563,821</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

6. PLAN TERMINATION

Although they have not expressed an intent to do so, the Company has the right, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by PNC Bank. PNC Bank is the trustee of the Plan as defined by the Plan agreement and, therefore, these transactions qualify as party-in-interest. Administrative fees related to the administration of the Plan are paid by the Plan. Other administrative fees are paid by the Plan Sponsor on behalf of the Plan.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. TAX MATTERS

The Plan obtained its latest determination letter on February 8, 1993, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. The Summary Plan Description as amended has been submitted to ERISA for their review and filing.

Accounting principles generally accepted in the United State of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has determined that the Plan does not have any uncertain tax positions and the associated unrecognized benefits that materially impact the financial statements or related disclosures. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

10. SUBSEQUENT EVENTS

Subsequent events are those events or transactions that occur following the Statement of Financial Position date, but before the financial statements are issued, or are available to be issued. ASC Section 855, *Subsequent Events*, requires disclosure regarding the date through which subsequent events have been evaluated and the basis for determining that date. Subsequent events have been evaluated through October 13, 2014, which is the date the financial statements were available to be issued.
