Report on the Financial Statements

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Pearson Dental Supplies, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan established on January 1, 1998 by Pearson Dental Supplies, Inc. ("Company"), to provide benefits to eligible employees. The plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Plan Administration and Expenses

The Company appointed a 401(k) Plan Investing Committee to manage the Plan operation. Qualified Benefits is the third-party administrator who maintains the records of participant data. Great-West Life & Annuity Insurance Company ("Great-West") serves as custodian of Plan assets.

Fund operating expenses and management and administrative fees are charged directly to the fund and are factored into each fund as a reduction of investment return. Other costs incurred for administering the Plan may be paid by the Plan or the Company at the direction of the Plan Investing Committee.

C. Eligibility

The Plan covers substantially all employees of the Company age 21 or older except for leased employees, non-resident aliens, self-employed individuals and those covered by a collective bargaining agreement. Employees become eligible upon completing six months of service. Plan entry is the first day of the quarter after attaining eligibility.

D. Participant Contributions

Participants may elect to have the Company contribute up to 100% of their eligible pre-tax compensation to the Plan, subject to applicable Code limits. Participants of age 50 or older may elect to make additional catch-up contributions up to $5,500 annually for 2013. Participants who make pre-tax contributions to the Plan receive an equivalent reduction in taxable compensation. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans.

E. Employer Contributions

The Company is allowed to make discretionary matching and profit sharing contributions, as defined in the Plan. No discretionary matching or profit sharing contributions were made for the year ended December 31, 2013.

F. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, and an allocation of Company contributions, if any, and the participant's share of Plan earnings or losses and expenses. Participant accounts are invested based solely on a participants' direction.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

G. Vesting

Participants are immediately 100% vested in their contributions, rollovers and related earnings. Participants vest in Company contributions and related earnings allocated to their accounts, if any, over six years. Company contributions are vested as follows:

Vesting Service (Years)	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

H. Notes Receivable from Participants

Participants may borrow from their accounts up to the lesser of $50,000 or 50% of the vested account balance. The minimum loan is $1,000. The interest rate will be determined from time to time by the Plan Trustee with the intention of providing the Plan with a return commensurate with the interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Until otherwise determined by the Plan Trustee, the interest rate will be the prime rate of interest published by banks as of the date of the loan plus two percent. The rate of interest will be constant throughout the term of the loan. Loans must be repaid within five years, except for the loans for the purchase of a principal residence may be repaid over a period not to exceed 30 years.

I. Forfeitures

Any portion of a participant's account that is not vested shall be forfeited as of the date of distribution of the vested portion. Forfeitures will be used to reduce Company contributions. At December 31, 2013 and 2012, $3,850 and $3,362, respectively, in unallocated forfeitures were included in the net assets available for benefits; forfeitures totaled $443 in 2013.

J. Payment of Benefits

Normal retirement date under the Plan is age 65 or the fifth anniversary of plan participation. Upon termination of service, death, disability, retirement or attainment of age 59½, a participant or beneficiary may choose to leave his or her account balance in the Plan or to receive vested benefits in a lump sum or installments. Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Basis of Accounting (Continued)

Benefit-responsive investment contracts held by a defined contribution plan are required to be reported at fair value. The Plan's investment in the Great-West Guaranteed Portfolio Fund meets the definition of a fully benefit-responsive contract (Note 7).

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Investing Committee to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Participants select how their share of plan assets will be invested among those investment vehicles made available.

GAAP establishes a fair value hierarchy that prioritized valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 – Inputs are quoted prices in an active market.

Level 2 – Inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data.

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The following tables summarize Plan investments at December 31 based on the inputs used to value them:

	December 31, 2013			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts:				
Equities	$ -	$ 3,099,750	$ -	$ 3,099,750
Fixed Income	-	682,094	-	682,094
Balanced Asset Allocation	-	1,780,036	-	1,780,036
General Account - Guaranteed Portfolio Fund	-	1,687,768	-	1,687,768
	$ -	$ 7,249,648	$ -	$ 7,249,648

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

C. Investment Valuation and Income Recognition (Continued)

	December 31, 2012			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts:				
Equities	$ -	$ 2,513,139	$ -	$ 2,513,139
Fixed Income	-	473,620	-	473,620
Balanced Asset Allocation	-	1,422,208	-	1,422,208
General Account - Guaranteed Portfolio Fund	-	1,637,867	-	1,637,867
	$ -	$ 6,046,834	$ -	$ 6,046,834

Level 2 investments are pooled separate accounts valued at their quoted market prices for the underlying securities and the guaranteed portfolio fund valued at contract value, which approximates fair value. Shares of the pooled separate accounts may be redeemed at any time at net asset value. There are no restrictions on redemptions and no unfunded commitments to purchase additional shares of the pooled separate accounts. Dividend income is recognized on the ex-dividend date. Net appreciation (depreciation) in fair value of investments is as follows:

Pooled Separate Accounts	$ 989,398
Guaranteed Account	(488)
	$ 988,910

D. Risks and Uncertainties

Plan investments include a variety of securities that are exposed to various investment risks such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 3 - INCOME TAX STATUS

The Company adopted a prototype plan that has received an opinion letter from the Internal Revenue Service stating that the form of the plan qualifies under applicable provisions of the Code. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from Federal income and state franchise taxes.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The Plan Investing Committee believes the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with provisions of this guidance. As of December 31, 2013 information returns for years subsequent to 2009 are subject to examination by authorities.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. The accounts of the participants affected by a partial or complete termination of the Plan are non-forfeitable and will be determined as of the termination date, which will be treated as the valuation date.

NOTE 5 - RELATED PARTY TRANSACTIONS

Certain investments offered under the Plan are issued by the custodian or its affiliates. Transactions in these funds, while considered party-in-interest transactions under ERISA regulations, are permitted under provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 - 5% INVESTMENTS

The following investments represent 5% or more of the Plan's net assets available for benefits as of December 31:

	Fair Value
Guaranteed Portfolio Fund	$ 1,687,768
Great West Aggressive Profile II	820,311
Great West Moderate Profile II	766,143
Great West S&P 500 Index	450,256

NOTE 7 - GREAT-WEST GUARANTEED PORTFOLIO FUND

Plan investments in the Great-West Guaranteed Portfolio Fund are maintained in a general account by Great-West. Great-West is contractually obligated to repay principal and a specified interest rate to the Plan. Because the fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to this fund. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment in the fund at contract value.

Fair value of the fund is equal to contract value absent a Plan level event resulting in premature cancellation of the contract which is subject to restrictions and may result in market value adjustments and/or redemption charges. The plan administrator does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring. The crediting interest rate of the fund is based on a formula. The average yield of the fund was 1.26% and 1.45% for the 2013 and 2012 plan years, respectively.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

Failure to remit or untimely remittances of participant contributions constitute a prohibited transaction under Department of Labor regulations.
