Report on the Financial Statements

We have audited the accompanying financial statements of Trans-West Security Services, Inc. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits at December 31, 2013 and 2012, and the related statement of change in net assets available for benefits for the year ended December 31, 2013 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Trans-West Security Services, Inc. 401(k) Profit Sharing Plan at December 31, 2013 and 2012, and the change in net assets available for benefits for the year ended December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1. Plan Description

The following description of the Trans-West Security Services, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a 401(k) profit sharing plan covering all employees of Trans-West Security Services, Inc. (the Company) who are 18 years of age or older, and have completed one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participating employees are allowed to make contributions of their pretax annual compensation as defined in the Plan, pursuant to Section 401(k) of the Internal Revenue Code. The employer contribution is a discretionary amount that is determined by Plan management each Plan year. For the year ended December 31, 2013, the employer contribution was $-0-. Contributions are funded annually.

Forfeitures of terminated employees' nonvested account balances are used to offset employer contributions. For the year ended December 31, 2013 forfeitures used to offset employer contributions were $-0-. The forfeiture balance at December 31, 2013 and 2012 was $-0-.

Participant accounts:

Separate accounts are kept for each participant. Each participant account is credited with the participant's contributions, allocation of the Company's matching contribution, Plan earnings and expenses. The allocation of earnings is based on account balances, as defined by the Plan. All amounts in participant accounts are participant-directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant is 100% vested after six years in employer contributions, based on a graduated vesting schedule.

Notes receivable, participants:

A participant may obtain a loan from the Plan for a minimum of $1,000 up to a maximum of 50% of the participant's nonforfeitable account balance. The maximum aggregated dollar amount of loans outstanding to a participant may not exceed $50,000. The loans are secured by 50% of the participant's nonforfeitable account balance. The loans bear interest at rates and interest are paid ratably through monthly payroll deductions.

Benefit payments and withdrawals:

Upon termination of service, participants may elect to receive a lump-sum distribution equal to the vested value of their account or leave the value of the account on deposit until normal retirement (age 65). Distribution of vested value will also occur in the case of death or disability. Participants may elect payments in the form of a lump-sum, installments, or a combination thereof.

Amounts allocated to accounts of participants who at December 31, 2013 have elected to withdraw, but have not been paid are $-0-.

Note 2. Significant Accounting Policies

Basis of accounting:

The Plan uses the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition:

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Participant loans are valued at cost which approximates fair market value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported on the statements of net assets available for benefits.

Notes receivable, participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as benefits paid to participants based upon the terms of the Plan document.

Plan expenses:

During the year ended December 31, 2013, the Company paid a significant amount of the Plan's other expenses.

Tax status:

The Plan has qualified under Section 401(k) of the Internal Revenue Code and, accordingly, the income of the Plan is exempt from Federal and state income taxes. The Plan obtained its latest determination letter on March 8, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 3. Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Payment of such amounts will be made to participants by the Trustee as directed by the Plan Committee.

Note 4. Fair Value Disclosures

The Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB are described as follows: Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access; Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means; Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies (mutual funds): The fair values of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	December 31, 2013			
	Fair Value Measurements Using:			
	Fair Value	***Level 1***	***Level 2***	***Level 3***

Total assets at fair value	$ 106,392	$ 106,392	$ -	$ -

Note 5. Investments

The Plan held the following investments which represent five percent or more of net assets available for benefits at December 31, 2013 and/or 2012:

	2013	***2012***
American Funds New Economy Fund	$ 25,410	$ 17,892
American Funds Growth Fund of America	$ 25,241	$ 19,642
American Funds Money Market	$ 343,349	$ 346,528

Note 6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by American Funds Service Company, a subsidiary of Capital Bank and Trust Company, the Plan's asset custodian. Fees paid by the Plan for administrative fees amounted to $2,270 for the year ended December 31, 2013. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

Note 7. Reconciliation of Financial Statements to Form 5500

Certain balances included on Schedule H Part II on the Annual Return/Report of Employee Benefits Plan (Form 5500) have been reclassified for the purpose of presentation in the financial statements.

Note 8. Subsequent Events

The Plan has evaluated events and transactions subsequent to December 31, 2013 through September 30, 2014, the date of the independent auditors' report, noting no significant items requiring further discussion.
