INTERGRO RESOURCES, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 1 – Description of the Plan

The following description of the Intergro Resources, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers eligible employees of the Company who have completed twelve months of service and are age twenty-one or older. Union employees and nonresident aliens are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan. The Plan administrator works with the Plan's investment advisers who review and determine the appropriateness of the Plan's investment offerings, monitor investment performance and report to the Plan administrator.

Contributions

Each year, participants may elect to make pre-tax contributions up to 100% of participants' 415 Safe Harbor compensation, as defined in the Plan. After-tax contributions are not permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers interest-bearing cash accounts and numerous mutual funds as investment options for participants. The Company contributes a Safe Harbor matching contribution of 100% of the first 4% of base compensation that a participant contributes, pre-tax, to the Plan. The Company may also make a qualified nonelective contribution and a profit sharing contribution. In order to be eligible for the profit sharing contribution, participants must complete 1,000 hours of service and be employed with the Company at the end of the plan year, unless employment termination is due to death, disability or retirement. During the year ended December 31, 2013, the Company did not make any qualified nonelective or profit sharing contributions. Contributions are subject to certain IRS limitations.

NOTE 1 – Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's Safe Harbor matching contributions, as well as allocations of the Company's qualified nonelective and profit sharing contributions, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, Safe Harbor matching contributions, and qualified nonelective contributions, plus actual earnings thereon. Vesting in the Company's discretionary and profit sharing contribution portions of their accounts plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 4.25%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of Benefits

On termination of service for reasons other than death, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account in the form of a cash or in-kind distribution. For termination of service due to death, the participant's vested account balance will be paid by the end of the fifth year for all beneficiaries.

Withdrawals by participants from their accounts are permitted in accordance with the Plan's provisions.

NOTE 1 – Description of the Plan (Continued)

Forfeited Accounts

At December 31, 2012, forfeited nonvested accounts totaled $120. There were no forfeited nonvested accounts as of December 31, 2013. Forfeitures of Company matching contributions related to excess elective deferrals and of profit sharing contributions may be used to restore forfeitures, reduce Company contributions or reallocate as Company contributions. During the year ended December 31, 2013, employer contributions were reduced by $135 from forfeited nonvested accounts.

NOTE 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – Summary of Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value investments.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2014, the date the financial statements were available to be issued.

NOTE 3 – Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2013	2012
PIMCO RealRetirement 2040 R	$ 944,943	*
PIMCO RealRetirement 2025 R	$ 228,143	*
PIMCO RealRetirement 2045 R	$ 181,482	*
PIMCO RealRetirement 2035 R	$ 252,798	*
PIMCO RealRetirement 2030 R	$ 189,176	*
Eaton Vance Worldwide Health Sciences A	$ 513,491	$ 284,527
Eaton Vance Flrt A	*	$ 1,417,094

* Not applicable, investment amount is below 5%.

During 2013, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $364,211.

NOTE 4 – Certified Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PAi Trust Company, Inc., the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest
- Schedule of assets held at end of year

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

NOTE 5 – Fair Value Measurements (Continued)

Interest-bearing cash: Valued on a trade-date basis with accrued interest.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value measurements at December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Interest-bearing Cash	$ 142	$ –	$ –	$ 142
Mutual Funds:

Income Funds	69,913	–	–	69,913
Global/International Equity	537,647	–	–	537,647
Domestic Equity	308,766	–	–	308,766
Total assets at fair value	$ 2,850,438	$ –	$ –	$ 2,850,438

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Interest-bearing Cash	$ 76	$ –	$ –	$ 76
Mutual Funds:				
Balanced Fund	12,172	–	–	12,172
Income Funds	1,468,296	–	–	1,468,296
Global/International Equity	305,118	–	–	305,118
Domestic Equity	153,241	–	–	153,241
Total assets at fair value	$ 1,938,903	$ –	$ –	$ 1,938,903

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 - Tax Status

On March 31, 2008, the Internal Revenue Service (IRS) stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2010.

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
