Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by The Bank of New York Mellon/BNY Mellon, N. A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions as of or for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of the ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

The Plan is a non-contributory, defined benefit pension plan sponsored by ASSA ABLOY Inc. (the “Sponsor”), the parent of Yale Security Inc. (“Yale”), Rixson Firemark Inc. (“Rixson”), Corbin Russwin, Inc. (“Corbin”), Folger Adam Security Inc. (“Folger”), and Yale Residential Security Products, Inc. (“Yale Residential”), the participating companies, (collectively referred to as the “Companies”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is administered by the ASSA ABLOY Inc. Benefits Committee (the “Benefits Committee” and the “Plan Administrator”) which have been appointed by the Sponsor. The Committee has sole authority to control and manage the operation and administration of the Plan, subject to the terms and provisions of the Plan. The Benefits Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. Below are the general provisions of the Plan. Plan participants should refer to the Plan document for a more complete description of the Plan.

Substantially all assets of the Plan are held by the ASSA ABLOY Inc. Master Trust (the “Master Trust”). As of December 31, 2013 and 2012, the Master Trust holds the assets of the Plan as well as the assets of the Yale Security Inc. Bargaining Unit Pension Plan, the Corbin Russwin, Inc. Pension Plan for Hourly Employees, the Retirement Plan for Hourly Employees of Sargent Manufacturing Company and Amstar Electronics Group and the United Automobile, Aerospace and Agricultural Implement Workers of America and Its Local 1242 McKinney Products Company Pension Plan, which are also sponsored by the Sponsor. The assets of the Master Trust are held by The Bank of New York Mellon/BNY Mellon, N.A. (the “Trustee”). The assets are currently managed by Snowden Capital Advisors, LLC, which has been granted discretionary authority concerning purchases and sales of investments. Previous to November 2013, assets were managed by Merrill Lynch Consults Services.

Effective January 1, 1994, salaried employees of Corbin became eligible to participate in the Plan as a result of the acquisition of the Corbin assets by WNA Inc. from Black & Decker on December 31, 1993. Assets attributable to accrued benefits for Corbin employees as of December 31, 1993 were transferred to the Plan from the Black & Decker Pension Plan.

Effective August 1, 1997, Yale Residential became a participating employer in the Plan. Yale Residential employees who met the Plan’s eligibility requirements became participants in the Plan as of that date. Prior periods of employment were included for purposes of determining eligibility and vesting service only.

During 2003, the Corbin Clarksdale, MS facility (“Clarksdale”) was shut down. Certain employees at this facility were participants in the Plan.

As of December 31, 2003, all participants in the Plan ceased to accrue benefits with the exception of the active collectively bargained employees employed by Rixson on or after December 31, 2003.

As of December 31, 2010, the Rixson-Firemark, Franklin Park, IL facility was shut down. Those active collectively bargained employees terminated with full vesting rights.

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

Eligibility

The Plan covers all salaried employees of the Companies who have reached the age of 21 and have completed 12 months of employment, and former participants of the pension plan for bargaining unit employees of the Nutone Inc. Hallmack, Harrisburg, Kentucky Plant (the "Hallmack Plan") which was merged into the Plan in 1998. The Hallmack Plan was frozen upon merger into the Plan. Those employees whose employment is governed by the terms of a collective bargaining agreement are excluded, unless such agreement expressly provides for such coverage under the Plan.

Pension Benefits

The normal retirement benefit is based on a single life annuity, payable monthly for life, commencing on the normal retirement date (age 65) and ending upon the death of the participant. Other forms of payment (such as a joint and survivor annuity) are based upon the normal retirement benefit, actuarially reduced.

Benefit payments are calculated using the maximum annual earnings limitation in accordance with Internal Revenue Service ("IRS") regulations.

Prior to March 28, 2005, if the actuarial equivalent value of the pension benefit otherwise payable under the Plan was \$5,000 or less, it was payable in a single lump sum payment. Such payment was made without the consent of the participant or his or her beneficiary.

Effective March 28, 2005, participants with balances of \$1,000 or less will receive an automatic lump sum distribution upon termination. If the actuarial equivalent value of the pension benefit otherwise payable under the Plan is between \$1,000 and \$5,000, the Plan Administrator will distribute such funds to an individual retirement account as directed by the Plan document.

Retirement benefits are determined as follows:

1. Yale

The normal annual benefit for participants who retire on or after January 1, 1989 is equal to the sum of: (a) the accrued benefit amount as of December 31, 1988 for service earned prior to 1989; and (b) for credited service earned after 1988, 2% of the participant's annual compensation for each year of credited service. Annual benefits for participants who retired prior to January 1, 1989 are based upon earlier formulas.

Participants are eligible to receive an actuarially reduced early retirement benefit at age 55 with 10 years vesting service.

2. Rixson

The benefit formula is equal to 2% of the participant's annual compensation for each year of credited service since September 17, 1988 or date of hire, if later.

Participants are eligible to receive an actuarially reduced early retirement benefit at age 62 with 10 years vesting service.

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

3. Corbin

The annual benefit for employees who are age 65 and who were hired prior to January 1, 1994 is equal to the sum of:

- a) the accrued benefit amount as of December 31, 1993 for service earned prior to 1994 adjusted to reflect final average compensation, as defined by the Plan document, as of the employee's actual termination of employment;
- b) for credited service earned after 1993, the benefit amount shall be equal to the sum of I and II:
 - I) 1% of final average compensation *times* the credited service completed after December 31, 1993;
 - II) .425% of final average compensation in excess of covered compensation (as defined in the Plan document) *times* the credited service completed after December 31, 1993.

Credited service shall not exceed 35 years.

For employees hired on or after January 1, 1994, the normal annual benefit for retirees is equal to 2% of the participant's annual compensation for each year of credited service. Participants are eligible to receive an actuarially reduced early retirement benefit at age 55 with 10 years vesting service. For prior participants of the Black & Decker Pension Plan, only 5 years vesting service were required.

4. Folger and Yale Residential

The benefit formula is equal to 2% of the participant's annual compensation for each year of credited service since the date the Company became a participating employer.

Participants are eligible to receive an actuarially reduced early retirement benefit at age 55 with 10 years vesting service.

5. Hallmack

Normal monthly retirement benefits are calculated based on the number of years of credited service multiplied by the monthly base amount of \$9. The Hallmack Plan, along with credited service and the monthly base amount, were frozen in 1987.

Participants are eligible to receive an actuarially reduced early retirement benefit at age 60.

The Plan was amended November 1, 2003 such that Yale Security, Rixson, Corbin Russwin and Yale Residential salaried and non-bargained employees who were active on December 31, 2003 ceased to accrue any further credited service on or after January 1, 2004. No new entrants are allowed into the Plan.

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

Death and Disability Benefits

The Plan provides for the payment of benefits to beneficiaries of participants who die prior to the commencement of retirement, if certain requirements have been met. If a participant dies after the commencement of retirement benefit payments, benefits are paid in accordance with the participant's benefit election.

Benefits continue to accrue for any participant who is disabled and is receiving disability benefits under the Companies' long-term disability programs and from Social Security. Yale participants who have completed at least 10 years of service at the time they become disabled may elect to retire and receive disability retirement benefits in accordance with the Plan document.

Employees of Folger, Yale Residential and Rixson, who elect to receive benefits under the Companies' long-term disability programs or Social Security, will not be eligible for disability benefits under the Plan.

Termination Benefits

The Plan provides for benefits to participants whose employment is terminated prior to retirement provided they have completed at least five years of vesting service. For Yale participants, normal retirement benefits for terminated participants begin at age 60 if they were hired prior to January 1, 1989 and at age 65 if they were hired after January 1, 1989. Terminated participants of Yale, Folger, Corbin and Yale Residential with at least 10 years of credited service are eligible at age 55 for early retirement benefits which are actuarially reduced depending upon years of credited service and commencement of benefit payments. Terminated employees of Rixson who participated in the Plan and had at least 10 years of vesting service are eligible at age 62 for early retirement benefits.

Vesting

Participants of the Plan become fully vested at the earlier of age 65 or after five years of service; there is no partial vesting. For Corbin participants, benefits accrued at December 31, 1993 were fully vested.

Effective December 31, 1998, all participants in the Hallmack Plan were terminated and immediately became fully vested in their benefits. All current Hallmack participants, therefore, are either retired employees or vested terminated employees.

Salaried and non-bargained hourly employees who were Plan participants and remained employed until release from employment by Corbin due to the closing of the Clarksdale plant were fully vested as of December 31, 2003.

Administrative Expenses

The Plan is responsible for payment of the trustee expenses and recordkeeping fees, actuarial services, PBGC premiums, and accounting and auditing services. During the years ended December 31, 2013 and 2012, administrative expenses were \$275,550 and \$263,958, respectively.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

All Plan assets are held by the Trustee. The Master Trust invests in securities traded on national securities exchanges which are valued by the Trustee at the last reported sales price on the last business day of the Plan year, as well as common/collective trusts which are valued by the Trustee at the last reported net asset value. These investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 11 – Fair Value Measurements). The Plan's Benefits Committee and Plan administrator determine the Plan's valuation policies utilizing information provided by its investment advisors and custodians.

The Plan's proportionate interest in the Master Trust is based on beginning of year fair value of the Plan's interest in the Master Trust plus actual contributions and allocated net investment income less actual distributions and allocated and actual administrative expenses. The net investment income from the Master Trust represents the Plan's proportionate share of the total earnings from investments including interest, dividends, and appreciation (depreciation), which are netted with investment advisory fees. Appreciation (depreciation) in the fair value of investments consists of the realized gains and losses and the changes in unrealized appreciation (depreciation) on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded upon distribution.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits, and changes therein, at the dates of the financial statements. Actual results could differ from those estimates.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Plan's sponsor as provided by the Plan document. Expenses that are paid directly by the Plan's sponsor are excluded from these financial statements. Certain administrative expenses of the Plan, such as actuarial, legal, auditing and insurance fees are paid by the Plan. These expenses paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates, compensation, and employee demographics all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Subsequent Events

Subsequent events were evaluated through October 8, 2014, which is the date the financial statements were available to be issued.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances - retirement, death, disability and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits paid under the Plan are based on, in part, employees' compensation.

The actuarial present value of accumulated Plan benefits is determined by Aon Consulting, Inc. (the "Actuary") and is that amount which results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payments (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected payment dates. The accumulated plan benefit information presented is as of the beginning of the 2013 Plan year, as this is the latest available actuarial information. The effect of Plan amendments (if any) on the accumulated plan benefits is recognized during the year in which such amendments become effective.

The significant actuarial assumptions used in the valuations as of December 31, 2013 and 2012 also updated for actuarial assumption used in 2013 and 2012 were (a) life expectancy of participants the RP-2000 healthy combined projected to 2011 with generational projection from the base year 2011 using scale AA for 2012 and projected with scale AA to 2008 for 2011, (b) retirement age assumptions (the assumed average retirement age was 65), and (c) the rate which is used to measure investment return (4% for 2013 and 5.5% for 2012). These actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of Plan benefits.

The benefits accumulated and actuarial experience amount presented in the statement of changes in accumulated Plan benefits includes normal service costs for benefits that have been earned by participants and actuarial gains and losses, as determined by the Actuary.

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

The computations of the actuarial present value of accumulated Plan benefits were made as of January 1, 2013, as this is the latest available actuarial information. Had the valuation been performed as of December 31, there would be no material change.

The interest rates were updated from 2012 to 2013 due to changes in segment rates and adjusted as applicable for the Moving Ahead for Progress in the 21st Century Act.

4. Funding Policy

All contributions made to the Plan are made by the Plan's Sponsor and are based upon the amount required to be funded under ERISA. The annual contribution is calculated using the PPA Cost Method. This method, and the actuarial assumptions referred to previously, have been designed to provide sufficient funds to pay benefits as they become payable under the Plan. For 2013 and 2012, the minimum required contribution was \$1,313,795 and \$1,444,930, respectively which were offset fully by the Plan's available Funding Carry Over Balance.

5. Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the following order:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would have been payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) up to the applicable limitations.
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants would receive their benefits should the Plan terminate at some future time would depend on the sufficiency, at that time, of the Plan's net assets to provide for the accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

6. Related Party Transactions

Plan assets include investments in funds managed by the Trustee of the Plan and, as such, transactions with the Trustee qualify as party-in-interest transactions. Aon Consulting, Inc. provides actuarial services to the Plan, which also qualify as party-in-interest transactions. Personnel and facilities of the Sponsor have been used to perform administrative functions for the Plan at no charge to the Plan.

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

The Plan's proportionate undivided interest in the Master Trust's net assets as of December 31, 2013 and 2012 was 43.9% and 43.6%, respectively. The fair value of the net assets in the Master Trust at December 31, 2013 and 2012 was \$202,915,998 and \$184,383,045, respectively. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan. The Master Trust has been set up to facilitate the investment of the participating plans' pooled assets on a diversified basis in accordance with the applicable ERISA requirements.

The following table presents the net assets for the Master Trust as of December 31:

As of December 31, 2013 and 2012, the Master Trust did not have any holdings that were five percent or more of the Master Trust net assets.

9. Tax Status

The IRS has determined and informed the Sponsor by a letter dated July 2, 2010 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving this letter. However, the Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be not sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

10. Certification by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520-103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Trustee of the Plan, as of and for the years ended December 31, 2013 and 2012, has certified to the Plan administrator the following information as complete and accurate. The information was relied on by the Plan administrator in the preparation of the Plan's financial statements in accordance with ERISA.

- Purchases and sales of investments, including gains or losses on sales, for the years ended December 31, 2013 and 2012.

b. Investment Income

- The Plan's interest in the Master Trust investment income for the years ended December 31, 2013 and 2012.
- The amount of investment advisor fees of the Master Trust, and the Plan's share of the investment advisor fees of the Master Trust, for the years ended December 31, 2013 and 2012.

11. **Fair Value Measurements**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value.

That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Common stocks and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on corporate securities of issues with similar credit ratings.

Cash and cash equivalents and common / collective trusts: Valued at the last reported net asset value ("NAV") of shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The estimated fair value of the common/collective trust is NAV. The use of NAV as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Expenses

In the development of the minimum required contribution, the normal cost is increased for administrative expenses charged directly to the pension trust.

Funding Cost Method – PPA

Accrued benefits payable in the event of death, termination, disability, or retirement were determined for all active participants. The target normal cost is equal to the actuarial present value of the benefits accrued in the current year and the target liability is equal to the actuarial present value of the benefits accrued in years prior to the current year.

The target liability for inactive participants under this cost method is determined as the actuarial present value of the benefits expected to be paid. These participants include retired participants and their beneficiaries currently receiving benefits and terminated vested participants not yet receiving benefits. No target normal costs are now payable with respect to these participants.

Funding Asset Method

The actuarial value of assets is determined by using Market Value.

Dates of Calculations

The funding valuation date is January 1, 2013.

Employees Included in the Calculations

Former employees or their survivors who are receiving or entitled to receive an immediate or deferred benefit under the provisions of the Plan are also included.

Source of Data

Data is as of the valuation date and is supplied to us by ASSA ABLOY.

We rely on ASSA ABLOY to inform us of any former participants who have been rehired and lost prior service because of the length of their break in service. These employees may have participation requirements different from other new employees.

Although we believe these to be accurate and complete, the data and financial information have not been audited by us.

Schedule SB, Part V—Summary of Plan Provisions

Plan Name	ASSA ABLOY, Inc. U.S. Intruder Group Pension Plan for Salaried Employees
Effective Date	ASSA ABLOY assumed plan sponsorship on August 30, 2000 and changed the name of the plan. The Rixson-Firemark, Inc. Retirement Plan was merged into the former Williams Salaried Plan effective January 1, 1992. The Corbin Russwin Salaried portion of the Black & Decker Pension Plan merged with the former Williams Salaried Plan January 1, 1994. The Pension Plan for Bargaining Unit Employees of the Nutone Inc. Hall Mack, Harrodsburg, Kentucky Plan merged with the former Williams Salaried Plan effective December 31, 1998.
Most Recently Amended	The plan was amended effective December 31, 2003 to freeze all future accruals for salaried and nonbargained employees of Yale Security, Corbin Russwin, Yale Residential, and Rixson-Firemark (Affected Employees).
Eligibility	The plan was frozen on December 31, 2003. New employees will not be considered for participation in the plan.
Service	A participant's years of employment with any of the Companies above, beginning with date of employment, and ending with termination, retirement, death or the first anniversary of any other absence. Service also includes an employee's prior employment with Eaton Corporation. Credited service also includes an employee's period of membership in the Rixson-Firemark, Inc. Retirement Plan or the Black & Decker Pension Plan. Credited service excludes employment prior to age 21. Credited service is not earned for Affected Employees' periods of employment after December 31 2003. Service used for determining retirement eligibility and vesting is not affected by the plan freeze.

Corbin Russwin, Inc.

Company Name

Corbin Russwin, Inc.

Final Average Compensation

The highest average of five consecutive calendar years of compensation in the ten-year period prior to the earlier of retirement or December 31, 2003.

Past Service Benefit

The past service benefit for participants of the prior Black & Decker Plan as of December 31, 1993 will be an accrued benefit as of December 31, 1993 under that plan.

Covered Compensation

The average of the Social Security Taxable Wage Bases, defined in IRC section 3121(x)(I) for the 35-year period ending with the year in which a participant is entitled to unreduced Social Security benefits.

Pension Formula

For prior participants of the Black & Decker Pension Plan:

The sum of (a) and (b):

(a) The past service benefit multiplied by a fraction (not less than 1.0), the numerator of which is the final average compensation as of the earlier of termination/retirement date and December 31, 2003 and the denominator of which is the final average compensation as of December 31, 1993.

(b) The sum of (1) and (2) subject to (3):

(1) 1.0% of the final average compensation as of the earlier of termination/retirement and December 31, 2003 multiplied by credited service after December 31, 1993.

(2) 0.425% of the final average compensation in excess of covered compensation as of the earlier of termination/retirement and December 31, 2003 multiplied by credited service after December 31, 1993.

(3) Credited service in (2) is limited to 35 years. This limit is reduced by the period of service prior to December 31, 1993. If credited service without the limits mentioned in the preceding sentence is less than 35 years and

Schedule SB Attachment (Form 5500)—2013 Plan Year

years of employment is greater than 35 years, the multiplier in (1) above is increased to 1.333% for years of credited service up to 35 years. Credited service is not earned for periods of employment after December 31, 2003.

For participants hired subsequent to December 31, 1993:

2% of compensation earned for each year of credited service. Credited service is not earned for periods of employment after December 31, 2003.

Early Retirement Eligibility

Age 55 with ten years of service.

Benefit

The benefit determined above based on age when payments begin. If payments begin before age 65, the benefit is reduced by 1/2 of 1% for each month by which commencement of benefit precedes age 65. For prior participants of the Black and Decker Pension Plan, the benefit determined above reduced by 1/4 of 1% for each month between age 65 and age 60 and by 1/3 of 1% for each month between age 60 and age 55 that the commencement precedes age 65. If the sum of a participant's age and vesting service equals 90, the benefit is reduced by 1/4 of 1% for each month between age 62 and age 60 and by 1/3 of 1% for each month between age 60 and age 55 that the commencement precedes age 62.

Vested Termination Eligibility

Completion of five years of service or attainment of age 65.

Benefit

The benefit determined above assuming payments commence at age 65. If payments commence prior to age 65, the benefit is reduced according to the early retirement provisions.

Effective Date

January 1, 1970. Restated January 1, 1982. Latest amendment effective January 1, 1992.

Eligibility for Participation

Plant shutdown occurred May 22, 1987. No active participants thereafter.

Credited Service/Vesting Service

Credited service and vesting service prior to January 1, 1976 are based on full time continuous service on an hourly-paid basis with the Company.

Subsequent to January 1, 1976, an employee shall receive one year of credited service for each calendar year in which his number of creditable hours is at least 1,700. In the event that his number of hours creditable in a year is less than 1,700, service credit shall be determined by dividing his number of creditable hours by 1,700 with the result taken to the nearest one-tenth year. After January 1, 1976 a Member shall receive one year of vesting service for vesting purposes for each year he receives credit for at least 1,000 hours.

Normal Retirement Eligibility

Age 65 with ten years of credited service.

Normal Retirement Benefit

Effective January 1, 1985, the monthly benefit payable to an employee at normal retirement will be equal to the amount provided by multiplying \$9.00 by years of credited service.

Early Retirement Eligibility

Age 60 with ten years of credited service.

Early Retirement Benefit

Commencing at age 65, a member who retires early may receive an amount computed as for normal retirement, based on credited service to early retirement; or commencing at early retirement, a member may receive an amount equal to his deferred benefit reduced by $\frac{1}{2}$ of 1% for each month by which he is under age 65.

Schedule SB Attachment (Form 5500)—2013 Plan Year

Special Payment

Effective January 30, 1981, an employee who retires at a normal, early, deferred or disability retirement date will receive the single sum of \$800 in lieu of the first three monthly payments as otherwise determined above. Such payment shall be made only once regardless of subsequent reemployment and retirement.

Termination Benefit

All active participants as of June 1987 are fully vested.

Commencing at age 65, a member may receive his vested benefit, an amount equal to his accrued normal retirement benefit at termination. If a member has 10 years of credited service such benefit may commence at or after age 60 reduced by $\frac{1}{2}$ of 1% for each month by which the member is under age 65.

Preretirement Death Benefit
Eligibility

Married for 12-month period ending on date of death.

Benefit

The death benefit payable to a member's surviving spouse shall commence on the first of the month following the later of (a) the member's date of death or (b) the date on which the member would have reached age 55, and shall be an amount equal to the benefit which the spouse would have received had the member retired on that date and elected a 50% Contingent Annuity, reduced by $\frac{1}{2}$ of 1% for each complete month by which the commencement date precedes the member's 65th birthday.

Expenses

In the development of the minimum required contribution, the normal cost is increased for administrative expenses charged directly to the pension trust.

Funding Cost Method – PPA

Accrued benefits payable in the event of death, termination, disability, or retirement were determined for all active participants. The target normal cost is equal to the actuarial present value of the benefits accrued in the current year and the target liability is equal to the actuarial present value of the benefits accrued in years prior to the current year.

The target liability for inactive participants under this cost method is determined as the actuarial present value of the benefits expected to be paid. These participants include retired participants and their beneficiaries currently receiving benefits and terminated vested participants not yet receiving benefits. No target normal costs are now payable with respect to these participants.

Funding Asset Method

The actuarial value of assets is determined by using Market Value.

Dates of Calculations

The funding valuation date is January 1, 2013.

Employees Included in the Calculations

Former employees or their survivors who are receiving or entitled to receive an immediate or deferred benefit under the provisions of the Plan are also included.

Source of Data

Data is as of the valuation date and is supplied to us by ASSA ABLOY.

We rely on ASSA ABLOY to inform us of any former participants who have been rehired and lost prior service because of the length of their break in service. These employees may have participation requirements different from other new employees.

Although we believe these to be accurate and complete, the data and financial information have not been audited by us.

Schedule SB, Part V—Summary of Plan Provisions

Plan Name	ASSA ABLOY, Inc. U.S. Intruder Group Pension Plan for Salaried Employees
Effective Date	ASSA ABLOY assumed plan sponsorship on August 30, 2000 and changed the name of the plan. The Rixson-Firemark, Inc. Retirement Plan was merged into the former Williams Salaried Plan effective January 1, 1992. The Corbin Russwin Salaried portion of the Black & Decker Pension Plan merged with the former Williams Salaried Plan January 1, 1994. The Pension Plan for Bargaining Unit Employees of the Nutone Inc. Hall Mack, Harrodsburg, Kentucky Plan merged with the former Williams Salaried Plan effective December 31, 1998.
Most Recently Amended	The plan was amended effective December 31, 2003 to freeze all future accruals for salaried and nonbargained employees of Yale Security, Corbin Russwin, Yale Residential, and Rixson-Firemark (Affected Employees).
Eligibility	The plan was frozen on December 31, 2003. New employees will not be considered for participation in the plan.
Service	A participant's years of employment with any of the Companies above, beginning with date of employment, and ending with termination, retirement, death or the first anniversary of any other absence. Service also includes an employee's prior employment with Eaton Corporation. Credited service also includes an employee's period of membership in the Rixson-Firemark, Inc. Retirement Plan or the Black & Decker Pension Plan. Credited service excludes employment prior to age 21. Credited service is not earned for Affected Employees' periods of employment after December 31 2003. Service used for determining retirement eligibility and vesting is not affected by the plan freeze.

Corbin Russwin, Inc.

Company Name

Corbin Russwin, Inc.

Final Average Compensation

The highest average of five consecutive calendar years of compensation in the ten-year period prior to the earlier of retirement or December 31, 2003.

Past Service Benefit

The past service benefit for participants of the prior Black & Decker Plan as of December 31, 1993 will be an accrued benefit as of December 31, 1993 under that plan.

Covered Compensation

The average of the Social Security Taxable Wage Bases, defined in IRC section 3121(x)(I) for the 35-year period ending with the year in which a participant is entitled to unreduced Social Security benefits.

Pension Formula

For prior participants of the Black & Decker Pension Plan:

The sum of (a) and (b):

(a) The past service benefit multiplied by a fraction (not less than 1.0), the numerator of which is the final average compensation as of the earlier of termination/retirement date and December 31, 2003 and the denominator of which is the final average compensation as of December 31, 1993.

(b) The sum of (1) and (2) subject to (3):

(1) 1.0% of the final average compensation as of the earlier of termination/retirement and December 31, 2003 multiplied by credited service after December 31, 1993.

(2) 0.425% of the final average compensation in excess of covered compensation as of the earlier of termination/retirement and December 31, 2003 multiplied by credited service after December 31, 1993.

(3) Credited service in (2) is limited to 35 years. This limit is reduced by the period of service prior to December 31, 1993. If credited service without the limits mentioned in the preceding sentence is less than 35 years and

Schedule SB Attachment (Form 5500)—2013 Plan Year

years of employment is greater than 35 years, the multiplier in (1) above is increased to 1.333% for years of credited service up to 35 years. Credited service is not earned for periods of employment after December 31, 2003.

For participants hired subsequent to December 31, 1993:

2% of compensation earned for each year of credited service. Credited service is not earned for periods of employment after December 31, 2003.

Early Retirement Eligibility

Age 55 with ten years of service.

Benefit

The benefit determined above based on age when payments begin. If payments begin before age 65, the benefit is reduced by 1/2 of 1% for each month by which commencement of benefit precedes age 65. For prior participants of the Black and Decker Pension Plan, the benefit determined above reduced by 1/4 of 1% for each month between age 65 and age 60 and by 1/3 of 1% for each month between age 60 and age 55 that the commencement precedes age 65. If the sum of a participant's age and vesting service equals 90, the benefit is reduced by 1/4 of 1% for each month between age 62 and age 60 and by 1/3 of 1% for each month between age 60 and age 55 that the commencement precedes age 62.

Vested Termination Eligibility

Completion of five years of service or attainment of age 65.

Benefit

The benefit determined above assuming payments commence at age 65. If payments commence prior to age 65, the benefit is reduced according to the early retirement provisions.

Hall Mack

Company Name

Hall Mack

Effective Date

January 1, 1970. Restated January 1, 1982. Latest amendment effective January 1, 1992.

Eligibility for Participation

Plant shutdown occurred May 22, 1987. No active participants thereafter.

Credited Service/Vesting Service

Credited service and vesting service prior to January 1, 1976 are based on full time continuous service on an hourly-paid basis with the Company.

Subsequent to January 1, 1976, an employee shall receive one year of credited service for each calendar year in which his number of creditable hours is at least 1,700. In the event that his number of hours creditable in a year is less than 1,700, service credit shall be determined by dividing his number of creditable hours by 1,700 with the result taken to the nearest one-tenth year. After January 1, 1976 a Member shall receive one year of vesting service for vesting purposes for each year he receives credit for at least 1,000 hours.

Normal Retirement Eligibility

Age 65 with ten years of credited service.

Normal Retirement Benefit

Effective January 1, 1985, the monthly benefit payable to an employee at normal retirement will be equal to the amount provided by multiplying \$9.00 by years of credited service.

Early Retirement Eligibility

Age 60 with ten years of credited service.

Early Retirement Benefit

Commencing at age 65, a member who retires early may receive an amount computed as for normal retirement, based on credited service to early retirement; or commencing at early retirement, a member may receive an amount equal to his deferred benefit reduced by $\frac{1}{2}$ of 1% for each month by which he is under age 65.

Schedule SB Attachment (Form 5500)—2013 Plan Year
U.S. Intruder Group Pension Plan
EIN: 93-0925319 PN: 004

Special Payment

Effective January 30, 1981, an employee who retires at a normal, early, deferred or disability retirement date will receive the single sum of \$800 in lieu of the first three monthly payments as otherwise determined above. Such payment shall be made only once regardless of subsequent reemployment and retirement.

Termination Benefit

All active participants as of June 1987 are fully vested.

Commencing at age 65, a member may receive his vested benefit, an amount equal to his accrued normal retirement benefit at termination. If a member has 10 years of credited service such benefit may commence at or after age 60 reduced by $\frac{1}{2}$ of 1% for each month by which the member is under age 65.

Preretirement Death Benefit
Eligibility

Married for 12-month period ending on date of death.

Benefit

The death benefit payable to a member's surviving spouse shall commence on the first of the month following the later of (a) the member's date of death or (b) the date on which the member would have reached age 55, and shall be an amount equal to the benefit which the spouse would have received had the member retired on that date and elected a 50% Contingent Annuity, reduced by $\frac{1}{2}$ of 1% for each complete month by which the commencement date precedes the member's 65th birthday.
