This representation letter is provided in connection with your audits of the financial statements of Laurel Health System Tax Deferred Annuity 403(b) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements, for the purpose of expressing an opinion on whether the financial statements present fairly, in all material respects, the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of October 9, 2014, the following representations made to you during your audits:

Financial Statements

- We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated March 10, 2014, for the preparation and fair presentation of the financial statements in U.S. GAAP, and the notes include all the disclosures required by laws and regulations in which the Plan is subject, including the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").
- We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements, notes and supplemental schedule that are free from material misstatement, whether due to fraud or error.
- We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable. The methods and significant assumptions used to estimate fair values of financial instruments are as follows: Mutual funds were valued

Williamsport Regional Medical Center

700 High Street Williamsport, PA 17701 Phone: 570-321-1000 SusquehannaHealth.org

at the daily closing price as reported by the fund. Mutual funds that were held by the Plan were open-ended mutual funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds that were held by the Plan were deemed to be actively traded. The value of the investment contract with insurance company is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.

- We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represents our best estimate of fair value as of the measurement date in accordance with the requirements of Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurement*. In addition, our disclosure related to fair value measurements are consistent with the objectives outlined in FASB ASC 820.
- Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
- Transactions with parties in interest, as defined in Section 3(14) of the ERISA and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from, or payable to, related parties have been appropriately disclosed.
- All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.
- The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.
- As disclosed in Note 7 to the financial statements, the Plan merged with the SHS 403(b) Retirement Plan effective December 31, 2013. All required filings were made to reflect the merger of the two plans.
- Guarantees, whether written or oral, under which the Plan is contingently liable to a bank or another lending institution, have been properly recorded or disclosed in the financial statements.
- We have properly reported and disclosed amendments to the plan instrument, if any.
- We acknowledge our responsibility for the presentation of the supplementary information in accordance with the applicable criteria and we believe the supplementary information, including its form and content, is fairly presented in accordance with the applicable criteria. The methods of measurement or presentation have not changed from those used in the prior period.

- The Plan has complied with the DOL's regulations concerning the timely remittance of participants' contributions to trusts containing assets for the Plan, except as made known to you and disclosed in the supplemental schedule.
- The Plan has complied with the fidelity bonding requirements of ERISA.
- We have obtained a copy of the relevant Statement on Standards of Attest Engagements ("SSAE") 16 reports that cover the year under audit, related to significant processes and transactions that have been outsourced to those service organizations. In connection with those SSAE 16 reports, we have read the reports, evaluated the impact of the exceptions to relevant tests, identified the complementary controls listed under the user controls section of the reports, and have determined that those user controls have been designed appropriately and have been implemented.
- There are no:
 - *Non-exempt party-in-interest transactions* (as defined in ERISA Section 3(1) and regulations under that section) that were not disclosed in the supplemental schedules or financial statements;
 - Investments in default or considered to be uncollectible that were not disclosed in the supplemental schedules; or
 - *Reportable transactions* (as defined in ERISA section 103(b)(3)(H) and regulations under that section) that were not disclosed in the supplemental schedules.
- Employer matching contributions were 50% of up to 3% of a participant's compensation for 2013 and amounted \$337,575. The employer age-weighted contributions for 2013 were based on the participant's age that ranged from .65% to 4.00% of a participant's eligible compensation and amounted to \$950,633.
- The Plan merged with the SHS 403(b) Retirement Plan on December 31, 2013 with an effective date of January 1, 2014. All assets were transferred on December 31, 2013 to the SHS 403(b) Retirement Plan.
- We have evaluated the plan's covered service providers to ensure compliance with ERISA 408(b)(2), Services Provider Rules, and ERISA 404(a)(5) Participant Disclosures Rules. Each covered service provider has provided the Plan a written contract which complies with the criteria set forth in the 408(b)(2) regulation: disclosure of services to be provided, description of compensation, manner of receipt of such compensation and all conflicts of interest. Communications to participants in accordance with the 404(a)(5) regulation were provided to the participants of the Plan on or before August 30, 2012 and annually thereafter and all expenses of the Plan were presented to the participants of the Plan in a manner which complies with the 404(a)(5) regulation. Plan management has evaluated all fees paid by the Plan for the year ended December 31, 2013 for reasonableness.
- The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. The following four criteria have been met to exclude annuity contracts and custodial accounts as part of the employer's Title I plan or as plan assets for purposes of ERISA's annual reporting requirements:
 - The contract or account was issued to a current or former employee before January 1, 2009
 - The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact ceased making contributions to the contract or account before January 1, 2009
 - All of the rights and benefits under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and

- The individual owner of the contract is fully vested in the contract or account

As a result of the above criteria being met, the annuity and custodial accounts issued to current and former employees prior to January 1, 2009 have met the criteria for exclusion under the Department of Labor's Field Assistance Bulletin 2009-02, Annual Reporting for 403(b) Plans.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Laurel Health System Tax Deferred Annuity 403(b) Plan, (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions. Also, as described in Note 9, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's ("DOL") Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2013, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Laurel Health System Tax Deferred Annuity 403(b) Plan

Notes to Financial Statements
December 31, 2013 and 2012

1. Description of the Plan

The following description of the Laurel Health System Tax Deferred Annuity 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering substantially all employees of Laurel Health System and those affiliated corporations which adopted the Plan (collectively, the "Plan Sponsor"). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan has evaluated subsequent events for recognition or disclosure through October 9, 2014, the date the financial statements were available to be issued.

On December 31, 2013, all of the assets in the Plan were transferred to the SHS 403(b) Retirement Plan (the "Susquehanna Plan"). See Note 7 for further details about the transfer of the Plan assets to the Susquehanna Plan. All assets were transferred or paid out by December 31, 2013.

Contributions

Each year, participants could contribute up to 100% of pretax annual compensation, as defined by the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants who had completed 15 years of service could also make additional contributions in accordance with the plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions to the Plan were recorded in the period that payroll deductions are made from participants. The Plan Sponsor, at its discretion, contributed to the Plan a basic contribution based on the participant's age and a percentage of compensation ranging from .65% to 4.00%, as defined in the plan document. The Plan Sponsor, at its discretion, could also make matching contributions to the Plan. For 2013, matching contributions were equal to 50% of up to 3% of a participant's compensation. Matching contributions were \$337,575 for 2013. Participants directed the investment of all contributions into various investment options offered by the Plan. Contributions were subject to certain limitations.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and (b) the Plan's earnings, and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Notes to Financial Statements
December 31, 2013 and 2012

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution was based on years of continuous service. Participants are fully vested after three years of credited service. Participants became fully vested upon death or disability.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant could receive, in the form of a rollover, or a lump-sum amount or installments, equal to the value of the participant's vested interest in their account. The participant could also elect that the participant's vested account be used to purchase an annuity. In addition, the Plan allowed for hardship distributions if certain criteria are met.

Forfeited Accounts

Forfeited non-vested accounts totaled \$38,789 at December 31, 2012. These accounts will be used to pay plan administrative expenses and then to reduce future employer contributions. Forfeitures of \$300 were used to pay plan administrative expenses during 2013. The remaining balance in the forfeiture account of \$71,417 transferred to the Susquehanna Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive contracts from fair value to contract value. At December 31, 2012, no adjustment was recorded as contract value approximates fair value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements
December 31, 2013 and 2012

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administration of Plan Assets

Prior to the transfer of assets to the Susquehanna Plan, the Plan's assets were administered under a contract with Massachusetts Mutual Life Insurance Company ("Mass Mutual"), the custodian of the Plan. The custodian invested funds received from contributions, investment sales, interest, dividend income, and made distribution payments to participants. Certain administrative expenses of maintaining the Plan were paid by the Plan Sponsor, and were excluded from these financial statements.

Payment of Benefits

Benefits were recorded when paid.

3. Fair Value Measurements

The Plan measured its investments at fair value on a recurring basis in accordance with accounting principles generally accepted in the United States of America. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

Level 1 - Fair value is based on unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 - Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in inactive markets for identical or similar assets, and other observable inputs.

Laurel Health System Tax Deferred Annuity 403(b) Plan

Notes to Financial Statements
December 31, 2013 and 2012

Level 3 - Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows, and similar techniques

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Mutual funds were valued at the daily closing price as reported by the fund. Mutual funds that were held by the Plan were open-ended mutual funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds that were held by the Plan were deemed to be actively traded.

The value of the investment contract with insurance company was calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (Note 5). Because the participants transact at contract value, fair value was determined annually for financial statement reporting purposes only. Certain unobservable inputs were assessed through review of contract terms while others were substantiated utilizing available market data.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

Assets at Fair Value as of December 31, 2012

5. Investment Contract with Insurance Company

Prior to the transfer of the Plan's assets to the Susquehanna Plan, the Plan invested in a fully benefit-responsive investment contract with Mass Mutual. Mass Mutual maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Mass Mutual, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer, but could not be less than zero. Such interest rates were reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. On December 31, 2013, all assets of the Plan were transferred to the Susquehanna Plan. The guaranteed investment contract were terminated and all remaining Plan assets were liquidated and distributed. Because the termination of the Plan was considered a distributable event, there were no surrender charges to the plan participants.

The average yields of the guaranteed investment contract were as follows for the plan year ended December 31, 2013 and 2012:

	2013	2012
Based on actual earnings	1.40 %	1.62 %
Based on interest rate credited to participants	1.40 %	1.62 %

6. Related Party and Party In Interest Transactions

Prior to the transfer of Plan assets to the Susquehanna Plan, certain plan investments were managed by the custodian, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services were included in net appreciation in the fair value of the investment, as they were paid through revenue sharing, rather than a direct payment.

Certain administrative functions of the Plan were performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan.

7. Transfer of Plan Assets

The assets in the Plan were transferred to the Susquehanna Plan effective on December 31, 2013 totaling \$40,641,544, which included an employer contribution receivable in the amount of \$246,187 and which represented all the Plan assets at the close of the business on that date.

8. Tax Status

The Plan had been designed to qualify under Section 403(b) of the IRC. The plan administrator believed the Plan was operating in accordance with the applicable requirements of Section 403(b) of the IRC and therefore believe the plan was qualified and the related custodial accounts were tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

9. Custodial Accounts Excluded From Financial Statements

As permitted by the FAB 2009-02, the plan administrator has elected to exclude certain custodial accounts from the Plan's financial statements. These custodial accounts were limited to employee contributions held under a voluntary 403(b) plan arrangement prior to January 1, 2009. The amount of the excluded custodial accounts at December 31, 2013 and 2012 could not be determined. The plan administrator has concluded that the custodial accounts have met the criteria required under FAB 2009-02 and as such, have been excluded from the Plan's financial statements.

10. Affiliation with Susquehanna Health

Effective September 1, 2012, Laurel Health System (LHS) affiliated with Susquehanna Health System ("SHS"). SHS is a Pennsylvania nonprofit, nonmember corporation that has been recognized by the IRS as an organization described in Section 501(c)(3) of the IRC. SHS's mission is to promote health by acting as the parent of a fully integrated health care delivery system located in Lycoming county, and now Tioga County, in North Central Pennsylvania. As a result of the affiliation, SHS became the sole member of Laurel Health System and related entities with the exception of North Penn Comprehensive Health Services, ("NPCHS"). As the sole member, SHS has control of the Laurel Health entities, excluding NPCHS. As disclosed in Note 7 as a result of this affiliation plan assets were transferred into the Susquehanna Plan on December 31, 2013.

11. Delinquent Participant Contributions

For the year ended December 31, 2013, the Plan Sponsor did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled \$63,158, will be corrected in 2014. Additionally, the Plan Sponsor will compensate participants for lost earnings resulting from the delay in contributions.
