Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Maguire Flex$aver Plan (The "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management' Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Great-West Trust Company, LLC and Fidelity Management Trust Company, the Trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Great-West Trust Company, LLC held the Plan's investment assets and executed investment transactions from July 1, 2013 to December 31, 2013 and that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2012 and for the period January 1, 2013 to June 30, 2013. The Plan administrator has obtained certifications from the Trustees as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A. Description of the Plan

The following description of the Maguire Flex$aver Plan ("The Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

General

The Plan is a defined contribution plan covering all full-time employees of CDR Maguire, Inc. (the "Company") (formerly known as Maguire Group, Inc.). All non-resident aliens and temporary employees are excluded from participation.

In July 2013, the plan sponsor changed the plan's trustee from Fidelity Management Trust Company to Great-West Trust Company, LLC. The change was primarily due to less administrative fees, a broader investment portfolio and more conservative investment options.

Great-West Trust Company, LLC ("Great-West" or the "Trustee") is the trustee and custodian of the Plan. Great-West Life & Annuity Insurance Company is the record keeper of the Plan. Management of the Company controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is also intended as a plan described in Section 401(k) of ERISA.

Contributions

Each year, participants may contribute up to one hundred percent (100%) of their annual compensation, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers thirty (30) mutual funds, one (1) common/collective trust, and one (1) fixed annuities as investment options for participants. The employer matching contribution is discretionary. During the year ended December 31, 2013 and 2012, the Company matched thirty-five cents ($0.35) for each dollar contributed by an eligible participant up to the first four percent (4%) of eligible compensation.

Participant Account

Each participant's account was credited with the participant's contributions and allocations of the Company's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is vested in the Company's contribution in accordance with the following schedule:

Less than three years of service	0%
Three or more years of service	100%

Note A. Description of the Plan - continued

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their vested account balance. The loans are secured by the balance in the participant's account and bear interest of 1% over the Prime Rate published in the Wall Street Journal on the first business day of the month before the loan is originated, which was commensurate with local prevailing rates at the time the loans were initiated. Principal and interest loan repayments are made through payroll deductions for current employees.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reason, a participant, or beneficiary in case of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments.

Forfeited Accounts

If a participant terminates employment prior to becoming fully vested, the non-vested portion of the participant's account, as defined by the Plan, is forfeited. Participant forfeitures for the year ended December 31, 2013 and 2012 amounted to $14,567 and $2,109, respectively. The forfeitures may be used to pay administrative expenses and to reduce future employer contributions. At December 31, 2013 and 2012 forfeited non-vested accounts totaled $14,903 and $3,128, respectively. During the year ended December 31, 2013 and 2012 forfeited amounts were used to pay Plan recordkeeping expenses in the amount of $8,300 and $2,700, respectively.

Note B. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and stable value funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. During the year ended December 31, 2013 and 2012, the fair value of investments appreciated by $2,023,237 and $1,731,388, respectively, due to expected market changes related to

Note B. Summary of Accounting Policies - continued

Risks and Uncertainties - continued

economic conditions. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The Plan provides investment options that hold securities of foreign companies, which may involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Common collective trust funds are stated at fair value based on the fair market value of the underlying investments. Common collective trust funds with underlying investments in investment contracts are valued at fair market value of the underlying investments and then adjusted to contract value. Contract Value is principal plus accrued interest. The notes receivable from participants are secured by vested account balances of borrowing participants, are valued at amortized cost, which approximates fair value. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses assessed by the Trustees to the Plan consist primarily of fees charged for loan transactions and other miscellaneous transaction fees. The Company has elected to pay substantially all other administrative costs.

Note B. Summary of Accounting Policies - continued

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2014 the date the financial statements were available to be issued.

Note C. Stable Value Fund

The Plan invests in the Fidelity Managed Income Portfolio (the "Fund"), which is a stable value fund that is a common collective trust. It is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans and is managed by Fidelity. The Fidelity Managed Income Portfolio and the Fidelity Advisor Stable Value Portfolio are generally comprised of the same underlying investments and have similar operating characteristics.

The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant net asset value (NAV) of $1 per unit. Distribution to the Fund's unit holders are declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable net asset value of $1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

In accordance with ASC 962 Plan Accounting – Defined Contribution Pension Plans (formerly FASB Staff Position AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit Responsive Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans), the stable value fund is included at fair value in the statements of net assets available for benefits, and an additional line item is presented representing the adjustment from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis.

All investment contracts and fixed income securities purchased for the pools must satisfy the credit quality standards of Fidelity and the Plan. The average yield for the Fidelity Managed Income Portfolio for the years ended December 31, 2013 and 2012 was 1.09% and 1.28%, respectively.

Note D. Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, the Trustee for the Plan, has certified as to the completeness and accuracy of all the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2013, the supplemental Schedule H, Part IV, Line 4(i) - Schedule of Assets

Note D. Investments – continued

(Held at End of Year) as of December 31, 2013, and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013. Fidelity Management Trust Company, the Trustee for the Plan through June 30, 2013, certified as to the completeness and accuracy of all the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2012, the supplemental Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2012, and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012.

The following investments represent five percent (5%) or more of the Plan's net assets available for benefits at December 31:

MF - Ridgeworth Large Cap Value Equity I	834,891	-
MF - Great-West Lifetime 2025 Fund I T1	819,873	-

During 2013 and 2012, the Plan’s investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $2,023,237 and $1,731,388, respectively.

Fair Value Measurements

The Financial Accounting Standard Board Accounting Standards Codification provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level l

Inputs to the valuation methodology are unadjusted quoted prices for identical unrestricted assets or liabilities in active markets that the Plan has the ability to access. An active market for the assets or liability is a market in which the transaction for the asset or liability occurs with sufficient frequency and volume to provide pricing information on an ongoing basis.

Note D. Investments – continued

Fair Value Measurements – continued

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments that are measured at fair value on a recurring basis, such as money market funds, mutual funds, and equity securities are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets. The Plan also invests in a stable value fund held within a common collective trust for which the valuation is based on the value of the underlying investments. Based on the nature of the underlying investments in the common collective trust, the investment asset has been classified as Level 2. The stable value fund has an investment objective to maintain a constant net asset value while generating a slightly higher yield than the money market fund.

Generally, there are no restrictions on a participant's ability to redeem their investment in common collective trust at the investment's net asset value (NAV). However, withdrawals prompted by certain events (e.g., termination of the managed income portfolio, changes in laws and regulations) may restrict a participant's ability to redeem the investment at its NAV.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2013.

Mutual funds and Fixed Annuities: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Notes Receivable from Participants: Valued at amortized cost, which approximates fair value.

Note D. Investments – continued

Fair Value Measurements - continued

Common/collective trust: Valued at fair market value of the underlying investments and then adjusted to contract value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total

Fair Value Measurements - continued

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31:

	2013	2012
Balance, beginning of year	$ 139,899	$ 173,909
Purchases, sales, issuances, and settlements (net)	901	(34,010)
Balance, end of year	$ 140,800	$ 139,899

Note E. Benefits Paid to Participants

During 2013 the Plan Sponsor changed the trustee, as detailed above in Note A. During this process a few participants moved their accounts out of the plan. Additionally, several participants reached retirement age during the year and withdrew the balance in their accounts.

Note F. Related Party Transactions

The Plan invests in shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company was the trustee as defined by the Plan from January 2013 to June 2013 and, therefore, these transactions qualify as party-in-interest transactions. During the year ended December 31, 2013 and 2012, the Plan paid $3,071 and $4,006, respectively, in administrative expenses to Fidelity.

The Plan invest in shares of mutual funds managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC is the trustee as defined by the plan and, therefore these transactions qualify as party-in-interest transactions. During the year ended December 31, 2013, the Plan paid $10,603, respectively in administrative expenses to Great-West.

Note G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

Note H. Tax Status

The Company adopted a Prototype Standardized 401(k) Plan, which received a favorable opinion letter from the IRS on March 31, 2008, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note J. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:
