Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ferring Pharmaceuticals Inc. Defined Contribution Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and December 31, 2012, and the related statement of changes in net assets available for benefits for the period from January 1, 2013 through December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 4, 5 and 6, which was certified or provided by Principal Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 3 to the financial statements, Ferring Pharmaceuticals Inc., the Plan's Sponsor, merged the Ferring Pharmaceuticals Inc. Defined Contribution Plan into the Ferring Pharmaceuticals Inc. 401(k) Savings Plan, effective December 1, 2013. All plan assets were transferred into the Ferring Pharmaceuticals Inc. 401(k) Savings Plan on December 3, 2013. Our disclaimer of opinion has not been modified with respect to this matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Ferring Pharmaceuticals Inc. Defined Contribution Plan

Notes to Financial Statements

Note 1. Description of Plan

General: The Ferring Pharmaceuticals Inc. Defined Contribution Plan (the Plan) was established on March 1, 2009 for the benefit of employees of Ferring Pharmaceuticals Inc. (the Company or the Plan Sponsor) to share in Company discretionary contributions. There are no participant funded contributions under the terms of this Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of the Company. Employees become eligible to participate on January 1 or July 1 of a given year, after completion of twelve months of defined service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Earnings in future periods will accumulate in the Plan with deferral of Federal and state income tax. Principal Trust Company (Principal or the Trustee) is the trustee of Plan assets. The Ferring Pharmaceuticals Retirement Plan Committee is responsible for oversight of the Plan. The Ferring Pharmaceuticals Retirement Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Employer Contributions: The Company may make a discretionary contribution to the Plan each year in an amount equal to a percentage of annual compensation for the Plan year for persons who met the eligibility requirements discussed above. The allocation of the contribution to each employee is based on when the employee was hired. Any employee hired prior to January 1, 2011 receives 6.25%, employees hired on or after January 1, 2011 receive 3% and employees of an adopting employer receive 3%. The contribution is not to exceed the maximum amount per Internal Revenue Service limits.

Participant Accounts: Each participant's account is credited with the participant's pro rata share of the Company's contribution and an allocation of Plan earnings and expenses. A participant may direct Company contributions into a variety of investment funds offered by the Trustee. Participants direct the investments of their own accounts within such investment funds and may periodically change their investment options.

Vesting: Participant account balances are fully vested after three years of defined service. In the event participants leave the Company for any reason and the vested balance is \$5,000 or less, they are required to withdraw their vested account balance. Participants become fully vested in balances upon death, disability, and normal or early retirement. The normal benefit under the Plan is a lump sum payment equal to the participant's vested account balance upon retirement or termination. In addition, terminated employees with vested account balances in excess of \$5,000 may elect to leave their account balance in the Plan and share in future investment results only.

Forfeitures: If a participant terminates employment with the Company and is less than 100% vested in Company contributions, the participant will forfeit the non-vested portion. Any future amounts forfeited would be used to reduce Company discretionary contributions.

Benefit Payments: After participants reach age 59 ½, they may withdraw all or a portion of their vested account balance. Termination withdrawals are a result of termination of employment, retirement, or death. Distributions are paid directly to an eligible retirement plan specified by the participant (or designated beneficiary) in a lump sum payment. Distributions can also be paid in cash, if so elected.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Plan Amendments: Effective January 1, 2012, the Plan clarified the definition of eligibility to exclude members of a bargaining class, nonresident aliens, leased employees and independent contractors. The amendment also clarified the discretionary contribution formula for Ferring International Pharmascience Center U.S. Inc. (FIPCUS) employees.

Effective April 1, 2012, the Plan was amended to include the employees of Ferring Production Inc.

Ferring Pharmaceuticals Inc. Defined Contribution Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Ferring Pharmaceuticals Retirement Plan Committee confirms the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 5 for discussion of fair value measurements.

The Plan invests in a benefit-responsive guaranteed investment contract with Principal Life Insurance Company who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The guaranteed investment contract is included in the statement of net assets available for benefits at fair value. The fair value of the fully benefit-responsive investment contract approximates contract value at December 31, 2012.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to, the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The guaranteed investment contract does not permit Principal Life Insurance Company to terminate the agreement prior to the scheduled maturity date.

	2013	2012
Based on actual earnings	2.1%	2.5%
Based on interest rate credited to participants	2.1%	2.5%

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Employer discretionary contributions are recognized upon authorization as the underlying compensation is recognized. All contributions are participant-directed.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Investment-related and recordkeeping expenses are paid from the Plan's assets. The Company pays all other expenses attributable to establishing and maintaining the Plan.

Income Taxes: GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more-likely-than-not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

Accounting Pronouncement Adopted: In October 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of topics in the Accounting Standards Codification (ASC), including plan accounting. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The adoption of this update was not significant to these financial statements.

Note 3. Plan Merger

Ferring Pharmaceuticals Inc., the Plan's Sponsor, merged the Ferring Pharmaceuticals Inc. Defined Contribution Plan into the Ferring Pharmaceuticals Inc. 401(k) Savings Plan, effective December 1, 2013. All plan assets were transferred to the Ferring Pharmaceuticals, Inc. 401(k) Savings Plan on December 3, 2013. The Ferring Pharmaceuticals Inc. 401(k) Savings Plan is administered by Fidelity Workplace Services, LLC (Fidelity).

Note 4. Information Certified or Provided by Principal Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included in the Plan's financial statements, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements related to the following assets:

	2013	2012
Investments		
Registered investment companies	\$ -	\$ 3,506,354
Guaranteed investment contract	-	12,372
	<u>\$ -</u>	<u>\$ 3,518,726</u>

Principal Trust Company also certified to the completeness and accuracy of \$750,075 of net appreciation in fair value of investments and \$9,886 of interest and dividends related to the aforementioned plan assets for the year ended December 31, 2013.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. As the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in different fair value measurements at the reporting date.

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Registered investment companies				
High yield bond	\$ 47,031	\$ -	\$ -	\$ 47,031
Large-cap blend	3,059,641	-	-	3,059,641
Small-cap blend	79,074	-	-	79,074
Mid-cap value	19,429	-	-	19,429
Mid-cap blend	30,553	-	-	30,553
Small-cap value	-	-	-	-
Mid-cap growth	37,167	-	-	37,167
Large-cap growth	59,624	-	-	59,624
Large-cap value	27,599	-	-	27,599
Intermediate-term bond	146,236	-	-	146,236
Total registered investment companies, at fair value	3,506,354	-	-	3,506,354
Guaranteed investment contract	-	-	12,372	12,372
Total investments at fair value	\$ 3,506,354	\$ -	\$ 12,372	\$ 3,518,726

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period from January 1, 2013 through December 3, 2013, there were no significant transfers in or out of Levels 1, 2, or 3.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the period from January 1, 2013 through December 3, 2013:

	Level 3 Assets
	Guaranteed Investment Contract
Balance, beginning of period	\$ 12,372
Interest	516
Purchases	41,094
Sales	(53,982)
Balance, end of period	\$ -

Ferring Pharmaceuticals Inc. Defined Contribution Plan

Notes to Financial Statements

Note 6. Investments

The current value of individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2012 are as follows:

Principal Global Investors Lifetime 2030 Fund	\$ 731,749
Principal Management Corp. Lifetime 2035 Fund	540,519
Principal Global Investors Lifetime 2040 Fund	444,660
Principal Management Corp. Lifetime 2045 Fund	475,775

Note 7. Plan Termination

While the Company intends to continue the Plan, it reserves the right to change or terminate the Plan at any time. In the event the Plan should terminate, the Company will facilitate the distribution of account balances under the provisions of the Plan and Trust Agreement until all assets have been distributed by the Trustee. Upon completion of such distributions, the Trust will terminate, the Trustee will be relieved of all liability under the Trust Agreement, and no participant or other person will have claims thereunder, except as required by applicable law.

Note 8. Income Tax Status

The Plan is intended to be qualified under Section 401(a) of the Internal Revenue Code (the Code) and is intended to be exempt from taxation under 501(a) of the Code. The Company adopted a non-standardized prototype plan which received an Internal Revenue Service (IRS) opinion letter dated July 9, 2013. The Company believes the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9. Related Party Transactions

Certain Plan investments are shares of mutual funds and an investment contract managed by the Principal Financial Group. Principal is the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 10. Subsequent Events

The Plan has evaluated subsequent events (events occurring after December 3, 2013) through September 29, 2014, the date the financial statements were available to be issued.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ferring Pharmaceuticals Inc. Defined Contribution Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and December 31, 2012, and the related statement of changes in net assets available for benefits for the period from January 1, 2013 through December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 4, 5 and 6, which was certified or provided by Principal Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 3 to the financial statements, Ferring Pharmaceuticals Inc., the Plan's Sponsor, merged the Ferring Pharmaceuticals Inc. Defined Contribution Plan into the Ferring Pharmaceuticals Inc. 401(k) Savings Plan, effective December 1, 2013. All plan assets were transferred into the Ferring Pharmaceuticals Inc. 401(k) Savings Plan on December 3, 2013. Our disclaimer of opinion has not been modified with respect to this matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Ferring Pharmaceuticals Inc. Defined Contribution Plan

Notes to Financial Statements

Note 1. Description of Plan

General: The Ferring Pharmaceuticals Inc. Defined Contribution Plan (the Plan) was established on March 1, 2009 for the benefit of employees of Ferring Pharmaceuticals Inc. (the Company or the Plan Sponsor) to share in Company discretionary contributions. There are no participant funded contributions under the terms of this Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of the Company. Employees become eligible to participate on January 1 or July 1 of a given year, after completion of twelve months of defined service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Earnings in future periods will accumulate in the Plan with deferral of Federal and state income tax. Principal Trust Company (Principal or the Trustee) is the trustee of Plan assets. The Ferring Pharmaceuticals Retirement Plan Committee is responsible for oversight of the Plan. The Ferring Pharmaceuticals Retirement Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Employer Contributions: The Company may make a discretionary contribution to the Plan each year in an amount equal to a percentage of annual compensation for the Plan year for persons who met the eligibility requirements discussed above. The allocation of the contribution to each employee is based on when the employee was hired. Any employee hired prior to January 1, 2011 receives 6.25%, employees hired on or after January 1, 2011 receive 3% and employees of an adopting employer receive 3%. The contribution is not to exceed the maximum amount per Internal Revenue Service limits.

Participant Accounts: Each participant's account is credited with the participant's pro rata share of the Company's contribution and an allocation of Plan earnings and expenses. A participant may direct Company contributions into a variety of investment funds offered by the Trustee. Participants direct the investments of their own accounts within such investment funds and may periodically change their investment options.

Vesting: Participant account balances are fully vested after three years of defined service. In the event participants leave the Company for any reason and the vested balance is \$5,000 or less, they are required to withdraw their vested account balance. Participants become fully vested in balances upon death, disability, and normal or early retirement. The normal benefit under the Plan is a lump sum payment equal to the participant's vested account balance upon retirement or termination. In addition, terminated employees with vested account balances in excess of \$5,000 may elect to leave their account balance in the Plan and share in future investment results only.

Forfeitures: If a participant terminates employment with the Company and is less than 100% vested in Company contributions, the participant will forfeit the non-vested portion. Any future amounts forfeited would be used to reduce Company discretionary contributions.

Benefit Payments: After participants reach age 59 ½, they may withdraw all or a portion of their vested account balance. Termination withdrawals are a result of termination of employment, retirement, or death. Distributions are paid directly to an eligible retirement plan specified by the participant (or designated beneficiary) in a lump sum payment. Distributions can also be paid in cash, if so elected.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Plan Amendments: Effective January 1, 2012, the Plan clarified the definition of eligibility to exclude members of a bargaining class, nonresident aliens, leased employees and independent contractors. The amendment also clarified the discretionary contribution formula for Ferring International Pharmascience Center U.S. Inc. (FIPCUS) employees.

Effective April 1, 2012, the Plan was amended to include the employees of Ferring Production Inc.

Ferring Pharmaceuticals Inc. Defined Contribution Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Ferring Pharmaceuticals Retirement Plan Committee confirms the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 5 for discussion of fair value measurements.

The Plan invests in a benefit-responsive guaranteed investment contract with Principal Life Insurance Company who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The guaranteed investment contract is included in the statement of net assets available for benefits at fair value. The fair value of the fully benefit-responsive investment contract approximates contract value at December 31, 2012.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to, the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The guaranteed investment contract does not permit Principal Life Insurance Company to terminate the agreement prior to the scheduled maturity date.

	2013	2012
Based on actual earnings	2.1%	2.5%
Based on interest rate credited to participants	2.1%	2.5%

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Employer discretionary contributions are recognized upon authorization as the underlying compensation is recognized. All contributions are participant-directed.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Investment-related and recordkeeping expenses are paid from the Plan's assets. The Company pays all other expenses attributable to establishing and maintaining the Plan.

Income Taxes: GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more-likely-than-not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

Accounting Pronouncement Adopted: In October 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of topics in the Accounting Standards Codification (ASC), including plan accounting. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The adoption of this update was not significant to these financial statements.

Note 3. Plan Merger

Ferring Pharmaceuticals Inc., the Plan's Sponsor, merged the Ferring Pharmaceuticals Inc. Defined Contribution Plan into the Ferring Pharmaceuticals Inc. 401(k) Savings Plan, effective December 1, 2013. All plan assets were transferred to the Ferring Pharmaceuticals, Inc. 401(k) Savings Plan on December 3, 2013. The Ferring Pharmaceuticals Inc. 401(k) Savings Plan is administered by Fidelity Workplace Services, LLC (Fidelity).

Note 4. Information Certified or Provided by Principal Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included in the Plan's financial statements, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements related to the following assets:

Investments		
Registered investment companies	\$ -	\$ 3,506,354
Guaranteed investment contract	-	12,372

Principal Trust Company also certified to the completeness and accuracy of \$750,075 of net appreciation in fair value of investments and \$9,886 of interest and dividends related to the aforementioned plan assets for the year ended December 31, 2013.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. As the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in different fair value measurements at the reporting date.

Ferring Pharmaceuticals Inc. Defined Contribution Plan

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Registered investment companies				
High yield bond	\$ 47,031	\$ -	\$ -	\$ 47,031
Large-cap blend	3,059,641	-	-	3,059,641
Small-cap blend	79,074	-	-	79,074
Mid-cap value	19,429	-	-	19,429
Mid-cap blend	30,553	-	-	30,553
Small-cap value	-	-	-	-
Mid-cap growth	37,167	-	-	37,167
Large-cap growth	59,624	-	-	59,624
Large-cap value	27,599	-	-	27,599
Intermediate-term bond	146,236	-	-	146,236
Total registered investment companies, at fair value	3,506,354	-	-	3,506,354
Guaranteed investment contract	-	-	12,372	12,372
Total investments at fair value	\$ 3,506,354	\$ -	\$ 12,372	\$ 3,518,726

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period from January 1, 2013 through December 3, 2013, there were no significant transfers in or out of Levels 1, 2, or 3.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the period from January 1, 2013 through December 3, 2013:

	Level 3 Assets
	Guaranteed Investment Contract
Balance, beginning of period	\$ 12,372
Interest	516

Ferring Pharmaceuticals Inc. Defined Contribution Plan

Notes to Financial Statements

Note 6. Investments

The current value of individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2012 are as follows:

Principal Global Investors Lifetime 2030 Fund	\$ 731,749
Principal Management Corp. Lifetime 2035 Fund	540,519
Principal Global Investors Lifetime 2040 Fund	444,660
Principal Management Corp. Lifetime 2045 Fund	475,775

Note 7. Plan Termination

While the Company intends to continue the Plan, it reserves the right to change or terminate the Plan at any time. In the event the Plan should terminate, the Company will facilitate the distribution of account balances under the provisions of the Plan and Trust Agreement until all assets have been distributed by the Trustee. Upon completion of such distributions, the Trust will terminate, the Trustee will be relieved of all liability under the Trust Agreement, and no participant or other person will have claims thereunder, except as required by applicable law.

Note 8. Income Tax Status

The Plan is intended to be qualified under Section 401(a) of the Internal Revenue Code (the Code) and is intended to be exempt from taxation under 501(a) of the Code. The Company adopted a non-standardized prototype plan which received an Internal Revenue Service (IRS) opinion letter dated July 9, 2013. The Company believes the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9. Related Party Transactions

Certain Plan investments are shares of mutual funds and an investment contract managed by the Principal Financial Group. Principal is the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 10. Subsequent Events

The Plan has evaluated subsequent events (events occurring after December 3, 2013) through September 29, 2014, the date the financial statements were available to be issued.
