Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Fortune Plastics, Inc. Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Fortune Plastics, Inc. Retirement Plan, which comprise the statements of net assets available for benefits and accumulated plan benefits as of December 31, 2013 and 2012 and the related statements of changes in net assets available for benefits and changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C to the financial statements, which was certified by Massachusetts Mutual Life Insurance Company (MassMutual) the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2013 and 2012 and for the years then ended that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

Supplementary Information

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FORTUNE PLASTICS, INC. RETIREMENT PLAN
Notes to Financial Statements
December 31, 2013 and 2012

NOTE A - PLAN DESCRIPTION

The following description of the Fortune Plastics, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was established March 1, 1971 and frozen on August 1, 1999, is a noncontributory defined benefit plan covering employees who were employed by Fortune Plastics, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). There were no new entrants after August 1, 1999, and benefit accruals were frozen as of this date. Prior to April 1, 2013 Fortune Plastics, Inc. was a wholly owned subsidiary of the Clondalkin Group, Inc. On April 1, 2013, the Clondalkin Group, Inc. sold the Company in its entirety to an unrelated party. As part of the sales transaction the Clondalkin Group, Inc. assumed all responsibility to fund and administer the Plan.

Plan Benefits

The amount of monthly retirement benefit to be provided for each participant who retires on a normal retirement date (age 65) shall equal the greater of (a) or (b) below:

- a. 0.65 percent of average monthly compensation up to a participant's 1993 covered compensation plus 1.3 percent of average monthly compensation in excess of 1993 covered compensation multiplied by the participant's years of participation (up to 35 years) less any benefits accrued under the Company's hourly pension plan from June 30, 1989 through June 29, 1990.
- b. The benefits accrued under this Plan as of June 30, 1989 plus .65 percent of average monthly compensation up to a participant's 1994 covered compensation, plus 1.3 percent of average monthly compensation in excess of 1994 covered compensation multiplied by the participant's years of participation commencing June 30, 1989, (up to 35 years) less any benefits accrued under the Company's hourly pension plan from June 30, 1989 through June 29, 1990.

After five years of service, each employee is entitled to 100 percent of their accrued benefit. All participants are 100 percent vested. The benefit is payable at the normal retirement date. If employees terminate before rendering 5 years of service, they forfeit the right to receive their accumulated Plan benefits. The Plan permits early retirement at age 55 after completing 10 years of service. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity, life annuity, lump-sum distribution, the purchase of an annuity, or they may elect to receive monthly, quarterly, semiannual or annual installments. If, at the date of a participant's termination of employment, the actuarial equivalent of the participant's entire non-forfeitable benefit is less than \$1,000, a cash settlement in an amount equal to such actuarial equivalent will be paid to the participant.

FORTUNE PLASTICS, INC. RETIREMENT PLAN
Notes to Financial Statements
December 31, 2013 and 2012

Death and disability benefits

If a participant becomes totally and permanently disabled prior to retirement or separation from service, as defined by the Plan, that participant shall be entitled to a fully vested interest in his/her earned pension as of the anniversary date just prior to the date of his/her disability. If the death of a participant occurs before the normal retirement age and the employment requirements have been met, a pre-retirement survivor annuity benefit will be provided for the participant's spouse. The annuity shall equal the amount which would be payable as a survivor annuity under the joint and survivor annuity provisions of the Plan.

Funding policy

The Company's policy is to make annual cash contributions to the Plan in amounts at least equal to the minimum contribution as determined by the Plan's actuary. The contributions of the Company are designed to fund the Plan's current service costs and any unfunded actuarial accrued liability arising from the gains/losses, changes in Plan provisions or changes in actuarial assumptions. The policies relate presently unfunded costs to the average future working lifetime of the Plan's participants. The result is a contribution per participant which, when multiplied by the number of participants and accumulated, will be sufficient to provide earned pension benefits as they become payable. The Plan met the minimum funding requirements of ERISA for the Plan years 2013 and 2012.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes capital gain distributions and the Plan's gains and losses on investments bought and sold during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

FORTUNE PLASTICS, INC. RETIREMENT PLAN

Notes to Financial Statements

December 31, 2013 and 2012

Investment contracts held by a defined benefit plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined benefit plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis.

Plan contributions are made and the actuarial present value of the accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable, under the Plan's provisions, to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under the circumstances of retirement, death, disability, and termination of employment are included to the extent they are deemed attributable to creditable, employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary from Pension and Benefits Associates, Inc. The amount is determined by applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and expected date of payment. The actuarial valuation for the Plan's years ended December 31, 2013 and 2012 have been performed by the Plan's actuary as of January 1, 2014 and 2013.

The significant actuarial assumptions used in the valuation for the years ended December 31, 2013 and 2012 were: (a) life expectancy of participants (the 2013 and 2012 Annuitant & Non-Annuitant Tables for Males and Females, respectively); (b) retirement age assumptions (the assumed retirement age was 65 for 2013 and 2012); and (c) investment return (the effective investment return was 6.33% for 2013 and 7.08% for 2012).

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Upon termination of the Plan different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

FORTUNE PLASTICS, INC. RETIREMENT PLAN
Notes to Financial Statements
December 31, 2013 and 2012

There was no adjustment to accumulated plan benefits during the years ended December 31, 2013 and 2012 for changes in actuarial assumptions.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the actuarial present value of accumulated plan benefits as of the date of the financial statements. Actual results could differ from those estimates. The plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses include trustee, actuarial and investment manager fees, as well as Pension Benefit Guarantee Corporation (PBGC) premiums. Administrative expenses are paid by the Plan, unless paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events (events occurring after December 31, 2013) through October 10, 2014, the date the financial statements were available to be issued.

Income Taxes

GAAP requires Plan management to evaluate tax positions taken by the Plan, and to recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that requires adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the US federal, state, or local tax authorities for years before 2010.

NOTE C - INFORMATION CERTIFIED BY MASSMUTUAL (TRUSTEE)

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012, and for the years then ended, included in the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee relating to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

Plan's net assets are separately identified.

	December 31,	
	2013	2012
Guaranteed Investment Contract	\$ 904,674	\$ 954,430
Pooled Separate Accounts:	1,335,733	1,054,780
	<u>\$ 2,240,407</u>	<u>\$ 2,009,210</u>

The trustee also certified to the completeness and accuracy of the following information for the years ended December 31, 2013 and 2012:

	Years Ended December 31,

NOTE D - FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value of measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used attempt to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2013 and 2012.

Guaranteed Investment Contract – Invested in a fixed annuity contract that is fully guaranteed and valued at fair value by MassMutual.

Pooled Separate Accounts – Valued at Net Asset Value (NAV) per unit based on quoted market prices of underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

To assess the approximate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2013 and 2012, there were no transfers into or out of Levels 1, 2, or 3.

The tables below set forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2013 and 2012.

NOTE F - GUARANTEED INVESTMENT CONTRACT

The Plan entered into a benefit-responsive guaranteed investment contract with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The average yields of the guaranteed investment contract for the years ended December 31, 2013 and 2012 are as follows:

<u>Average Yields:</u>	<u>2013</u>	<u>2012</u>
Based on actual earnings	3.3%	3.3%
Based on interest rate and credited to participants	3.3%	3.3%

NOTE G - RELATED PARTY TRANSACTIONS

MassMutual is the trustee of the Plan, therefore, transactions with the trustee qualify as party in-interest transactions. Fees paid by the Plan to the trustee totaled \$10,237 and \$10,002 for the years ended December 31, 2013 and 2012, respectively. The Plan Sponsor also paid certain administrative expenses of the Plan.

NOTE H - INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated June 5, 2012, stating that the Plan is qualified and the trust established under the Plan is tax-exempt, under the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving this determination letter. The Plan Sponsor and Plan Sponsor's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan, as amended, is qualified and the related trust is tax-exempt.

NOTE I - PLAN TERMINATION

On March 19, 2014, the Company's Board of Directors took action to terminate the Plan. The Pension Benefit Guaranty Corporation (PBGC) has been established with the United States Department of Labor by ERISA to insure that participants and beneficiaries covered do not incur a loss of benefits arising from a termination of the Plan. Upon termination, the PBGC will allocate accrued benefits in the following order:

- a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of the annuity under the Plan. The priority amount is limited to the lowest benefits that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding plan termination.
- b) Other vested benefits insured by the PBGC up to the applicable limitations.
- c) All other vested benefits (that is, vested benefits not insured by the PBGC).
- d) All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC upon Plan termination. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Participants do not have any recourse towards satisfaction of their benefits from other than Plan assets or the PBGC. Whether all participants receive their benefits upon Plan termination at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.
