Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the MJW Consolidated, Inc. Employee Stock Ownership Plan's net assets available for benefits as of December 31, 2013 and 2012 and changes therein for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 PLAN DESCRIPTION

The following description of the MJW Consolidated, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for complete information.

General - MJW Consolidated, Inc (the Company) established the Plan September 1, 2000. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by a Benefits Committee appointed by the MJW Consolidated, Inc. Board of Directors.

Administration of Plan Assets - The Company has appointed Horizon Trust and Investment Management, N.A. to serve as Trustee. Plan assets, which consist principally of MJW Consolidated, Inc. common shares, are held by the Trustee.

Funding - The Plan purchased Company common shares using the proceeds of loans from the Company. See Note 4. Borrowings are generally repaid by Company contributions to the Plan. As the Plan makes each payment of principal, an appropriate percentage of stock is allocated to eligible employees' accounts.

Accordingly, the financial statements of the Plan present separately the assets, liabilities and changes therein pertaining to:

1. Accounts of employees with vested rights in allocated stock (Allocated)
2. Stock not yet allocated to employees (Unallocated)

Eligibility - Employees of the Company are eligible to participate in the Plan on the first day of January after obtaining age 21 and credited with at least 1,000 hours during a 12 month consecutive period.

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Payment of Benefits - Distributions are made when a participant retires, dies or otherwise terminates employment with the Company. Employees become 100% vested after 5 years or more of service. Participant shares are purchased by the Plan based upon the prior year's estimated fair value.

Participants are entitled to a benefit at normal retirement age (65), death, total and permanent disability or early retirement. Account balances are paid in five annual installments. Payments begin no later than 60 days after the end of the plan year in which the qualifying event occurs.

NOTE 1 PLAN DESCRIPTION (continued)

If an employee terminates employment for circumstances other than listed above, distributions are paid in annual installments of three or five years based upon the participant's account balance.

Account balances of $1,000 or less are paid in a single sum distribution.

Plan Termination - The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the interest of each participant account will become fully vested and non-forfeitable. The share value will be determined as of the effective date of the termination. Each participants account will be adjusted proportionately to reflect any charges or fees resulting from the termination of the Plan.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

This summary of accounting policies of the MJW Consolidated, Inc. Employee Stock Ownership Plan is presented to assist in understanding the Plan's financial statements.

Method of Accounting – The accounts of the Plan are maintained on the accrual basis for financial reporting purposes.

Investment Valuation and Income Recognition – The common shares of the Company are valued at estimated fair value. See Note 3.

MJW Consolidated, Inc. has elected to be taxed under the provisions of Subchapter S of the Internal Revenue Code. In lieu of corporation income taxes, the shareholders of an S corporation are taxed on their proportionate share of the Company's taxable income. The Plan's proportionate share of federal income taxes are allocated to participants as a result of the change in valuation of MJW Consolidated, Inc. common stock and paid upon shareholder distribution.

Income Taxes – The Internal Revenue Service has determined and informed the Company by a letter dated February 10, 2010, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Management has evaluated the tax positions taken by the Plan and concluded that as of December 31, 2013 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Operating Expenses - Expenses of maintaining the Plan are generally paid by the Plan. Certain administrative functions are performed by officers or employees of the Company or its subsidiaries without compensation from the Plan.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES (continued)

Use of Estimates – The presentation of financial statements in conformity with United States of America generally accepted accounting principles requires the Trustees to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events - In preparing these financial statements, the impact of events and transactions for potential recognition or disclosure through October 7, 2014 were evaluated.

NOTE 3 INVESTMENTS

Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active or non-active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other that quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3 INVESTMENTS (continued)

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

The fair value of the MJW Consolidated, Inc. common stock is determined by an annual independent appraisal. This appraisal was based on a combination of the market and income valuation methods consistent with prior years.

The following table provides further details of this Level 3 fair value measurement at December 31, 2013 and 2012:

MJW Consolidated, Inc. common stock:	
Beginning Balance - December 31, 2011	$ 13,826,022

Distribution of 23,068 shares	(393,543)
Ending Balance - December 31, 2013	$ 15,612,326

NOTE 3 INVESTMENTS (continued)
