DAYTON GASTROENTEROLOGY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of the Dayton Gastroenterology, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The plan is a defined contribution plan covering substantially all full-time employees of the Employer. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. *Eligible Participants.* Eligible participants are those employees who are over age 21 and have a minimum twelve months of service.
3. *Contributions.* Eligible participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, limited to the statutory maximum contribution (\$17,500 for participants under the age of 50 and \$23,000 for participants ages 50 and over). The Plan allows eligible participants to make Roth 401(k) (after-tax) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Employer has a discretionary match provision, which is determined by the Board of Trustees. The Employer also has a discretionary profit sharing provision, which is determined annually by the Board of Trustees. Contributions are subject to certain limitations. Participants direct the investment of their contributions into various investment options offered by the plan.
4. *Participant Accounts.* Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution, (b) plan earnings, and (c) charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
5. *Vesting.* Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.
6. *Notes Receivable From Participants.* Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 7.00 percent, which are commensurate with reasonable rates offered by financial institutions. Principal and interest are paid ratably through bi-weekly payroll deductions.
7. *Payment of Benefits.* On termination of service, the participant will receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. The plan allows in-service distributions as follows: on the Employer's contributions, once they have attained the Plan's normal retirement age; on participant's rollover contributions, there is no restriction; on participant's pretax deferrals, once they have attained age 59 1/2. The plan does not allow in-service distributions on Roth 401(k) contributions.

A. DESCRIPTION OF PLAN (Continued):

8. *Forfeitures.* Forfeitures of non-vested money shall first be used to pay plan administrative expense. To the extent any forfeitures remain, they will then be used to reduce any Employer contributions for the plan year in which the forfeiture occurred. Unallocated forfeitures at December 31, 2013 and 2012 were \$36,129 and \$28,323, respectively.
9. *Plan Expenses.* Expenses of maintaining the Plan are absorbed by the plan sponsor or paid through forfeitures. Investment management expenses are paid by the participants.

B. SUMMARY OF ACCOUNTING POLICIES:

1. *Basis of Presentation.* The accompanying financial statements of the plan are prepared on the accrual basis of accounting.
2. *Use of Estimates.* The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.
3. *Investment Valuation and Income Recognition.* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Net appreciation in fair value of investments is reflected in the statement of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Acquisition costs are included in the cost of investments purchased and sales are recorded net of selling expenses.

4. *Payment of Benefits.* Benefits are recorded when paid.

F. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Inputs to the valuation methodology include -- quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets.

Level 2 - Inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds/Common stock/Preferred stock/CDs: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value of yields currently available on comparable securities of issuers with similar credit ratings.

Partnership: Valued at net estimated realizable value, which approximates fair value.

Common/Collective trusts: Valued at the closing price or net asset value (NAV) of the underlying readily marketable securities depending on the classification of the underlying securities - closing price for money market funds, government securities, corporate bonds, and equity securities, and NAV for mutual funds.

Notes receivable from participants: Valued at amortized cost, which approximates fair value.

G. COMMON/COLLECTIVE TRUSTS:

The Plan invests in the Balanced Managed Account, Moderate Growth Managed Account, Ameritrade Self Directed Managed Account, Health Care REIT Inc, Healthcare Trust of America, and Landmark Apartment Trust of America, which are common/collective trusts that invest in various readily marketable securities with quoted market prices. The portfolios consist of mutual funds, money market funds, government securities, corporate bonds, and equity securities. The Plan's interest in the trusts is calculated by applying the Plan's ownership percentage in the trust to the total fair value of the trust.

H. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

I. TAX STATUS:

The Plan is a prototype plan designed by their third party administrator. The Internal Revenue Service has determined and informed the third party administrator by a letter dated March 31, 2008, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

NOTES TO FINANCIAL STATEMENTS

J. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

K. SUBSEQUENT EVENTS:

Subsequent events have been evaluated through October 7, 2014, which is the date the financial statements were available to be issued.

Effective January 1, 2014, once an employee is eligible to participate in the Plan, elective deferrals in the amount of 3% of compensation will be withheld automatically. On an annual basis each January 1, the participant's elective deferrals will be increased 1% by the employer and communicated to the participant in a timely manner.
