ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2013 and 2012

(1) Description of plan

The following description of the Asurion, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on January 1, 1994 to provide retirement benefits for employees of Asurion Corporation (the "Plan Sponsor"). The Plan covers all employees as of their date of hire ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may elect to make after-tax contributions in the form of a Roth 401(k) deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants contributions are permitted up to 100% of compensation.

The Plan Sponsor makes a safe-harbor matching contribution in an amount equal to 100% of each participant's contributions up to 3% of compensation and 50% of the next 2% of compensation contributed to the Plan.

The Plan also provides that the Plan Sponsor may contribute an additional discretionary amount each year as authorized by the Plan Sponsor's Board of Directors; however, an annual discretionary contribution by the Plan Sponsor is not required. No annual discretionary contribution was made by the Plan Sponsor during 2013 or 2012.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, allocations of Plan Sponsor contributions, investment earnings or losses, and administrative expenses allocable to such participants. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2013 and 2012

(d) Vesting

Participants are immediately vested in their elective salary deferrals plus actual earnings or losses thereon. Participants are immediately vested in the Plan Sponsor's safe-harbor matching contributions plus actual earnings (losses) thereon. Vesting in additional discretionary Plan Sponsor contributions plus actual earnings (losses) thereon is based on years of continuous service. Participants vest pro-rata and are fully vested after five years of service.

(e) Notes receivable from participants

Each participant may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balances in the respective participants' accounts and bear interest at fixed rates ranging from 3.25% to 4.25%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are collected through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump sum payment or installments over a specified period equal to his or her entire account balance. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump sum distribution.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor discretionary contribution portion of their accounts. Forfeitures may be used to pay plan expenses or may be used to reduce the Plan Sponsor's contributions to the Plan. At December 31, 2013 and 2012, the forfeiture account balance totaled \$1,423 and \$14,704, respectively. During 2013 and 2012, Plan Sponsor contributions were reduced by \$101,489 and \$244,886, respectively, from forfeited nonvested accounts, and the Plan paid certain administrative expenses totaling \$106,207 and \$18,260, respectively, from forfeited nonvested accounts.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the withdrawing participant's vested account balance. Participants are not permitted to defer withholdings for up to six months following a hardship withdrawal.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2013 and 2012

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

The Plan invests in investment contracts through collective trust funds that includes a benefit-responsive investment contract. The Plan's investments included a guaranteed investment contract in 2012 that also included a benefit-responsive investment contract. The investment contracts are presented at fair value in the statements of net assets available for benefits and the amount representing the difference between fair value and contract value of the investment contracts are presented on the face of the statements of net assets available for benefits. The statements of changes in net assets available for benefits is prepared on a contract value basis.

(b) Investment valuation and income recognition

Investments are reported at fair value or contract value as reported by the custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2013 and 2012

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

Management of the Plan Sponsor has evaluated events and transactions that occurred between December 31, 2013 and October 9, 2014, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by custodian

The following information was certified as by Principal Trust Company, custodian, as of and for the years ended December 31, 2013 and 2012.

	<u>2013</u>	<u>2012</u>
Investments	\$ <u>103,171,344</u>	\$ <u>76,017,847</u>
Notes receivable from participants	\$ <u>3,628,423</u>	\$ <u>2,802,412</u>
Net change resulting from investment activity	\$ <u>16,542,216</u>	\$ <u>8,075,917</u>
Interest income from notes receivable from participants	\$ <u>132,475</u>	\$ <u>94,762</u>

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2013 and 2012

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- (i) *Mutual funds:* Valued at the net asset value of shares held by the Plan at year end based on quoted market prices in an active market.
- (ii) *Pooled separate accounts:* Valued at net asset value, which is based on the market value of the underlying investments held by the pooled separate account at year end. Each pooled separate account provides for daily redemptions by the Plan at reported net asset values per share with no advance notice requirement.
- (iii) *Collective trust funds:* The value of the Plan's interest in the collective trust funds are based upon the current value of and net investment gain or loss relating to the units of participation held by the Plan. Each fund provides for daily redemptions by the Plan at reported net asset values per share with no restrictions on redemption.
- (iv) *Investment contract:* Valued at fair value based on the amount the Plan Sponsor would receive if they terminated the contract at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. See Note 6 for additional provisions of the investment contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Investments and investment income

The fair value of investments that represent 5% or more of the Plan's net assets as of December 31, 2013 and 2012 are as follows:

	<u>2013</u>	<u>2012</u>
Janus Balanced Fund	**	\$ 18,533,268
Oppenheimer Developing Markets Fund	\$ 5,822,447	\$ 5,102,564
PIMCO Total Return Fund	**	\$ 4,968,230

Principal Trust Company Target 2035 Fund	\$ 7,405,151	**
Principal Trust Company Target 2040 Fund	\$ 16,871,332	\$ 9,028,556
Principal Trust Company Target 2045 Fund	\$ 6,180,409	**
Principal Trust Company Target 2050 Fund	\$ 5,991,274	**

** Investment does not represent 5% or more of the Plan's net assets for the respective year.

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	<u>2013</u>	<u>2012</u>
Pooled separate accounts	\$ 4,810,818	\$ 1,231,401
Mutual funds	5,791,334	2,880,620
Collective trust funds	4,182,347	2,288,682
	<u>\$ 14,784,499</u>	<u>\$ 6,400,703</u>

(6) Investment contract

The Plan was party to an investment contract with an insurance company, Principal Life Insurance Company. The insurance company maintained the Plan's contributions in a general account which was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract was included in the financial statements at contract value as reported to the Plan by Principal Trust Company. Contract value represents contributions made under the contract, plus earnings (losses), less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. As of December 31, 2012, the contract value of the investment contract was \$4,779,701. The average yield and crediting interest rates was approximately 2% and 3% for 2013 and 2012, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates were reviewed on a quarterly basis for resetting.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2013 and 2012

(7) Income tax status

The Plan Sponsor adopted a prototype 401(k) plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2008, which stated that the prototype plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received an opinion letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC, and the Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the adopted prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

(8) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions and loan repayments as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. Contributions and loan repayments withheld during 2013 and 2012 of \$32,200 and \$93, respectively, were not remitted to the Plan timely.

(9) Related party transactions

Certain Plan investments are units of pooled separate accounts, collective trust funds, and an investment contract managed by Principal Trust Company, the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees of \$281,696 in 2013 and \$206,000 in 2012 were paid by the Plan to Principal Trust Company. The Plan also holds notes receivable from participants which also qualify as party-in-interest transactions.

(10) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2013 and 2012:

(11) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(12) Subsequent event

Effective January 1, 2014, National Electronics Warranty, LLC ("N.E.W.") became an adopting employer of the Plan. All assets of the N.E.W. Extended Savings Plan were merged into the Plan during January 2014.
