We were engaged to audit the accompanying financial statements of FAA Credit Union Capital Accumulation Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified or provided by MG Trust Company, LLC the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Supplemental Schedule of Investments (Held at End of Year) as of December 31, 2013, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

FAA CREDIT UNION CAPITAL ACCUMULATION PLAN

December 31, 2013

NOTE A--PLAN DESCRIPTION

The following description of the FAA Credit Union Capital Accumulation Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of FAA Credit Union (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees are eligible to participate in the Plan after completing six months of service and attaining the age of 21.

Contributions: Participants may make voluntary contributions to the Plan up to the annual limitations imposed by the Internal Revenue Service. Plan participants age 50 and older were eligible to make a catch-up contribution of an additional \$5,500 to the Plan during the year ended December 31, 2013. The participants eligible to make the catch-up contributions may do so only after making the total elective deferral contributions allowed by the Internal Revenue Service. Rollover contributions are permitted under the Plan agreement.

The Company will match contributions on pre-tax elective deferrals equal to 100% of a participant's salary reductions up to 5% of the participant's compensation. In addition, the Company may make a discretionary profit sharing contribution which is determined annually by the Board of Directors. A participant must complete a year of service and be actively employed at the end of the year to share in the allocation of the profit sharing contribution.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) company contributions, if any, and (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on a participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants can direct employer contributions and their own contributions, in whole number amounts from 1% up to the maximum contributions in one or more of several investment options among collective trust funds, mutual funds, and a stable value account.

Vesting: Participants are immediately vested in their contributions and rollover accounts plus actual earnings and losses thereon. After two years of service, participants are 20% vested in employer contributions plus actual earnings thereon, 40% vested after three years of service, and 100% vested after four years of service. Participants become 100% vested regardless of years of service upon death, disability, the age of 65, or the termination of the Plan.

FAA CREDIT UNION CAPITAL ACCUMULATION PLAN

December 31, 2013

NOTE A--PLAN DESCRIPTION--Continued

Administrative Expenses: Essentially all of the administrative expenses of the Plan are paid by the Plan Sponsor.

Withdrawals: Subject to certain limitations prescribed by the Plan and the Internal Revenue Code, terminated participants may elect retirement or other termination withdrawals in either a lump sum or in a joint and 50% survivor annuity, which is the normal form of distribution. Hardship distributions are permitted from a participant's elective deferrals.

Forfeitures: Matching contributions that are forfeited because of termination prior to vesting are used to reduce future employer matching contributions. Forfeitures of profit sharing contributions will be added to future profit sharing contributions. Forfeitures utilized to offset profit sharing contributions were approximately \$4,500 during 2013. As of December 31, 2013 and 2012, approximately \$19,000 and \$17,000, respectively, were available to reduce future contributions or allocate to participants.

Notes Receivable from Participants: Participants, under certain circumstances, are permitted to borrow a minimum of \$500 from their participant accounts. Subject to certain Internal Revenue Code and Plan limits, a participant may not borrow more than the lesser of 50% of his or her vested interest in the Plan, or \$50,000, adjusted for prior loans. The maximum number of loans a participant may have outstanding at any one time is two.

Plan Termination: Although it has not expressed any intent to do so, the Company may elect to terminate the Plan or discontinue its contributions at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting. Assets of the Plan have been maintained and accounted for by the Plan's custodians, MG Trust Company, LLC.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS--Continued

FAA CREDIT UNION CAPITAL ACCUMULATION PLAN

December 31, 2013

NOTE B--SIGNIFICANT ACCOUNTING POLICIES--Continued

Payment of Benefits: Benefit payments are recorded when paid.

Investment Valuation and Income Recognition: Investment transactions are accounted for on the trade date (date the investment securities are purchased or sold). Both the average cost and specific identification methods are used in determining the cost of investment securities sold. Interest income is accounted for on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

Investments in mutual funds and collective trusts are stated at fair value as certified by the Plan's custodian, which represents the net asset value of shares held by the Plan at year end.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a stable value account. The statement of net assets available for benefits ordinarily presents the fair value of investment contracts as well as the adjustment of fully benefit-responsive investment contracts from fair value to contract value; however, at year-end, contract value approximates fair value. The contract value of the stable value account represents contributions plus earnings or losses, less participant withdrawals and administrative expenses.

See Note E for further discussion of fair value measurements.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Income Tax Status: The Internal Revenue Service has determined and informed the Company by a letter dated January 4, 2011 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

FAA CREDIT UNION CAPITAL ACCUMULATION PLAN

December 31, 2013

NOTE B--SIGNIFICANT ACCOUNTING POLICIES--Continued

Income Tax Status--Continued: Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

Subsequent Events: Management has evaluated subsequent events through October 9, 2014, the date the financial statements were available to be issued. There were no subsequent events requiring recognition or disclosure.

NOTE C--INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2013 and 2012.
- Investment income and interest income from notes receivable, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2013.
- Schedule H, Line 4i--schedule of assets (held at end of year) as of December 31, 2013.

The Plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D--INVESTMENTS

The following table represents the fair value of investments that represent 5% or more of the Plan's net assets at December 31:

	2013	2012
Collective investment funds:		
CUNA Mutual Lifestyle Aggressive	\$ 3,182,274	\$ 2,569,141
CUNA Mutual Lifestyle Moderate	1,723,764	1,524,816
CUNA Mutual Lifestyle Conservative	*	411,252
Mutual funds:		
Vanguard Extended Market Index	874,596	518,053
Vanguard Value Index	657,791	505,673

* Investment is less than 5% at indicated year end.

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE E--FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels, described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTES TO FINANCIAL STATEMENTS--Continued

FAA CREDIT UNION CAPITAL ACCUMULATION PLAN

December 31, 2013

NOTE E--FAIR VALUE MEASUREMENTS--Continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- Investments in mutual funds are valued using quoted market prices, as all have active markets.
- Collective investment fund units are valued using the net asset value per share ("NAV") of the fund. NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a collective investment is calculated based on a compilation of primarily observable market information. The number of units of the trust that are outstanding on the calculation date is derived from observable purchase and redemption activity in the trust. Accordingly, the unit value for a collective investment is classified within Level 2 of the valuation hierarchy.

The Plan invests in the following collective trust funds. Each fund pursues its objective by investing primarily in a professionally managed portfolio of mutual funds and collective investment trusts, which in turn, invest in the targeted mix of equity securities and fixed income securities:

Lifestyle Conservative Fund - The fund seeks to provide a high level of interest income and long-term growth of capital. The fund may invest between 32% and 40% of its portfolio in equity securities.

Lifestyle Moderate Fund - The fund seeks to provide long-term growth of capital and a moderate level of interest income. The fund may invest between 54% and 66% of its portfolio in equity securities.

NOTES TO FINANCIAL STATEMENTS--Continued

FAA CREDIT UNION CAPITAL ACCUMULATION PLAN

December 31, 2013

NOTE E--FAIR VALUE MEASUREMENTS--Continued

Lifestyle Aggressive Fund - The fund seeks to provide long-term growth of capital and income from dividends. The fund may invest between 72% and 88% of its portfolio in equity securities.

Lifestyle Income Fund - The fund seeks to provide long-term growth of capital while minimizing the risk of principal loss. The fund may invest between 16% and 24% of its portfolio in equity securities.

Diversified Equity Fund - The fund seeks to provide capital growth with minimal current income. The fund may invest between 96% and 100% of its portfolio in equity securities.

- The stable value account is valued at fair value representing the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination, or retirement. The amount a participant would receive is valued using a discounted cash flow model and approximated contract value (see Note F). The account seeks a high level of current income consistent with preservation of capital by investing primarily in corporate bonds, mortgage-backed securities, collateralized mortgage obligations, high quality commercial mortgage loans, municipal bonds and other high-grade fixed income securities.

There have been no changes to the valuation methodologies at December 31, 2013 and 2012.

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent):

Name	Fair Value	Valuation Technique	Unobservable Inputs	Range of Input Values/ (Weighted Avg)
Stable Value Account	\$ 230,069	Discounted Cash Flow	Interest rates Duration	1.95% Evergreen contract

NOTE F--STABLE VALUE ACCOUNT

The stable value account is a deposit administration group annuity contract. The contract is with CUNA, who maintains contributions to the contract in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value, as reported to the Plan by CUNA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTES TO FINANCIAL STATEMENTS--Continued

FAA CREDIT UNION CAPITAL ACCUMULATION PLAN

December 31, 2013

NOTE F--STABLE VALUE ACCOUNT--Continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The crediting rate on this product is typically fixed for the life of the investment. The crediting interest rate for the stable value account was 1.95% and 2.35% at December 31, 2013 and 2012, respectively. The average yield for 2013 was 2.20%.

NOTE G--TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments include shares of registered investment company and collective trust funds managed by CUNA Mutual Group. Transactions with this entity qualify as exempt party-in-interest transactions. Fees paid by the Plan for administration and investment management services were approximately \$64,000 for the year ended December 31, 2013.
