INDEPENDENT AUDITOR'S REPORT

To the ESOP Committee of
RE/SPEC Inc. Employee Stock Ownership Plan
Rapid City, South Dakota

Report on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of **RE/SPEC INC. EMPLOYEE STOCK OWNERSHIP PLAN** (the Plan) as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above represent fairly, in all material respects, the net assets available for benefits of **RE/SPEC INC. EMPLOYEE STOCK OWNERSHIP PLAN** as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the year ended December 31, 2013 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes included with the Form 5500, referred to as supplemental information, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

RE/SPEC INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012

(1) Plan Description

The following brief description of the RE/SPEC Inc. (the Company) Employee Stock Ownership Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for complete information.

RE/SPEC Inc. (the Company) is a consulting and services firm with expertise in mining and energy, water and natural resources, and information technologies. Work is regularly performed for clients throughout the United States, Canada and other foreign countries. RE/SPEC Inc. provides solutions to both governmental and commercial entities through time-and-materials, cost plus fixed fee, fixed price and deliverable type contracts.

The Company, through its wholly owned subsidiary POD, Inc. (POD), provides solutions for the development, integration, and support of information systems to both government agencies and commercial entities. POD's contracts are provided under time-and-materials, cost plus fixed fee, fixed price and deliverable type contracts. In addition, POD provides computer support services under monthly fixed price service level agreements.

Eligibility

Employees of the Company and its participating subsidiaries are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours as of their first anniversary date. Plan entry is offered to eligible employees on January 1 and July 1 of each year. Participants must also have 1,000 hours of credited service during the Plan year and be employed on the last day of the Plan year to participate in the allocation of contributions for such year. Employees classified as Staff Augmentation Employees are not eligible to participate in the Plan.

Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representative), becomes disabled, or otherwise terminates employment with the Company or its participating subsidiaries, unless an election to diversify is made. Distributions are made in cash. Vested benefit payments to terminated employees scheduled to be paid during the following plan year totals \$2,885,984 and dollar value of shares eligible to be diversified in the following plan year total \$901,281.

Through December 31, 2012, the Plan document provides for the following, distributions for retirement will be made in a lump sum for amounts up to \$25,000 or five substantially equal annual installments over a five-year period for amounts in excess of \$25,000 with the minimum annual installment being the lesser of the participant's remaining balance or \$25,000. For distributions due to death or disability, the lump sum distribution amount increases to \$50,000. Distributions due to termination will be made in a lump sum for amounts up to \$10,000 or in five substantially equal annual installments over a five-year period for amounts in excess of \$10,000, with the minimum annual installment being the lesser of the participant's remaining balance or \$10,000. The period in which installments may be distributed may be extended up to an additional five years, for each \$185,000 or fraction thereof by which the participant's aggregate account exceeds \$935,000.

The Plan was amended effective January 1, 2013 providing the following, distributions will be made in a lump sum for amounts up to \$50,000 or five substantially equal annual installments over a five-year period for amounts in excess of \$50,000 with the minimum annual installment being the lesser of the participant's remaining balance or \$50,000. The period in which installments may be distributed may be extended up to an additional five years, for each \$205,000 or fraction thereof by which the participant's aggregate account exceeds \$1,035,000. Upon termination of employment, the Company may convert the vested shares to cash and deposit the cash value in a conversion account until a disbursement is requested by the individual or the five year disbursement threshold has been met.

Participants in the Plan with five consecutive one-year breaks-in-service, under the age of 65 and never previously taken a distribution from the Plan, have the option of taking a distribution, requesting a transfer to the RE/SPEC Inc. 401(k) Retirement Plan (the 401(k) Plan) in a diversified account (Diversification).

RE/SPEC INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2013 AND 2012

(1) Plan Description (Continued)

Diversification

Diversification is offered to active participants close to retirement age so they may have the opportunity to move part of the value of their investment in Company stock into the RE/SPEC Inc. 401(k) Plan, which is more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a direct rollover to the RE/SPEC Inc. 401(k) Plan. At December 31, 2013 and 2012, participants' accounts eligible for diversification totaled **\$901,281** and **\$624,659**, respectively.

Voting Rights

Each participant is entitled to exercise voting rights on corporate matters relating to corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all assets of the business. Each participant will be notified in advance by the Trustee to vote the shares attributable to his or her ESOP account. The Trustee is permitted to vote the shares for which instructions have not been given by the participant. The Trustee is required to vote any unallocated shares on behalf of the collective best interests of the Plan participants and beneficiaries.

Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation and years of service. At December 31, 2013 and 2012, all of the Plan's shares have been allocated.

Vesting

A participant is 20 percent vested after two years of credited service, and continues to vest until they become fully vested after five years of credited service, or if less than five years of credited service, upon reaching retirement age, upon total and permanent disability or death, or upon termination of the Plan.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan is not readily tradable on an established market; therefore, participants have a put option to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

RE/SPEC INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED) DECEMBER 31, 2013 AND 2012

(1) Plan Description (Concluded)

Participant Accounts and Forfeitures

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. There were no forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2013 and 2012.

Plan earnings or losses are allocated to each participant's account based on the ratio of the participant's beginning of the year share balance to all participants' beginning of the year share balances.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The common shares of the Company are valued at fair value on December 31, 2013 and 2012. Fair value is determined by annual independent appraisals. Due to complexities inherent in valuing the stock of any nonpublic company, it is reasonably possible the value of the Plan's investments may change in the near term. Furthermore, the current appraisals are based on facts and conditions which existed at the date of the appraisals. It is reasonably possible these conditions may change in the near term.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. All operating expenses of the Plan are paid by the Company.

(3) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated May 2, 2012, the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Code. The Plan has been amended since receiving the determination letter; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has concluded as of December 31, 2013 there are no uncertain tax positions that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to examination for the tax years ended December 31, 2013 to 2011 and June 30, 2011 to 2010.

RE/SPEC INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED) DECEMBER 31, 2013 AND 2012

(4) Administration of Plan Assets

The Plan's assets, which consist principally of the Company's common shares, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, and makes distributions to participants.

Certain administrative functions are performed by officers and employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses of the Plan are paid directly by the Company.

(5) Investment

The Plan's investment in the Company's common shares is as follows at December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Number of Shares	168,326	168,326
Cost	\$ 814,128	\$ 814,128
Market	\$11,311,532	\$10,899,132

No shares were retired from the Plan during the 2013 and 2012 plan years. All shares are allocated at December 31, 2013 and 2012.

(6) Fair Value

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Fair value measurements are framed in a three level hierarchy defined as follows:

- Level One: observable inputs such as quoted market prices for identical assets or liabilities in active markets;
- Level Two: inputs include quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability;
- Level Three: inputs are based on prices or valuation techniques that are unobservable.

The only asset carried at fair value on a recurring basis is the investment in the RE/SPEC Inc. common stock. The following methods and assumptions were used to estimate the fair value of the asset at December 31, 2013 and 2012.

The fair value of the Plan Sponsor's common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of Company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP committee and key Company personnel, reviews in detail, discusses and approves.

RE/SPEC INC. EMPLOYEE STOCK OWNERSHIP PLAN

**NOTES TO FINANCIAL STATEMENTS (CONCLUDED)
DECEMBER 31, 2013 AND 2012**

(6) Fair Value (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The change in fair value of the Level Three financial assets are as follows:

Balance -- December 31, 2011	\$ 5,194,552
Allocation of 6,410.7821 Shares of Common Stock of Sponsor	
Company, at Fair Value	197,108
Distributions to Participants	(184,386)
Diversification	(12,722)
Net Unrealized Appreciation in Market Value of Investments	5,704,580
Balance -- December 31, 2012	10,899,132
Allocation of 7,863.9365 Shares of Common Stock of Sponsor	
Company, at Fair Value	509,190
Distributions to Participants	(371,848)
Diversification	(137,342)
Net Unrealized Appreciation in Market Value of Investments	412,400
Balance -- December 31, 2013	\$ 11,311,532

(7) Subsequent Events

The Plan Administrator has evaluated subsequent events through October 10, 2014, the date which the financial statements were available to be issued.

Subsequent to year-end, the Company offered employees a one-time opportunity to purchase ESOP shares with funds from the employee's Company sponsored 401(k) plan account. 42,836.753 shares were offered for purchase from August 1 to August 31, 2014.
