NOTE 1 - PLAN DESCRIPTION

The following description of Maintenance Methods, Inc. and Adopting Affiliates 401(k) Retirement Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

GENERAL - Maintenance Methods, Inc. and Adopting Affiliates (collectively, the company) adopted the Plan effective as of April 1, 2007. The Plan is a defined contribution plan covering substantially all full-time employees of the company who have completed one year of service (consisting of 1,000 hours of service in a calendar year) and are 18 years or older. The Plan is subject to the provisions of ERISA.

CONTRIBUTIONS - Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan. In addition, participants who are 50 years of age or older during the Plan year can make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The company may make matching contributions equal to a discretionary percentage to be determined by the company on an annual basis. All contributions are limited to the maximum amounts deductible under the applicable provisions of the Internal Revenue Code (IRC).

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contributions, the company's contributions, earnings on the account and an allocation of administrative expenses and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING - A participant is immediately 100% vested in the participant's contribution account balance. A participant is fully vested in the participant's allocation of company matching accounts upon reaching the age of 65, upon death or upon permanent disability. Termination of employment before any of the above occurs activates the following vesting schedule for company account balances:

Years of Service	Vesting Percentage
Less than one year of service	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

FORFEITURES - When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture. Forfeited balances of terminated participants' non-vested account balances may be used to offset expenses of the Plan. Forfeited account balances totaled \$1,222 as of December 31, 2013 and 2012.

**MAINTENANCE METHODS, INC.
AND ADOPTING AFFILIATES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
(see auditor's report)**

NOTE 1 - PLAN DESCRIPTION - continued

PAYMENT OF BENEFITS - On termination of service due to death, disability or retirement, a participant or the participant's beneficiary will be entitled to 100% of the participant's account balance. However, if employment terminates for other reasons, the participant will be entitled to only the vested percentage of his account balance.

HARDSHIP WITHDRAWALS - Participants may withdraw their vested contributions in the event of hardship as defined in the Plan.

PLAN TERMINATION - Although it has not expressed any intent to do so, the company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and practices followed by the Plan are as follows:

BASIS OF ACCOUNTING - The financial statements of the Plan are prepared under the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION - The Plan's investments are stated at fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Generally accepted accounting principles establish a fair value hierarchy which classifies investments into three levels. Level 1 includes investments valued using quoted prices in active markets for identical assets or liabilities, Level 2 includes investments valued based on inputs derived from or corroborated by observable market data and Level 3 includes investments valued based on significant unobservable inputs. Inputs are broadly defined as assumptions market participants would use in pricing an asset or liability. Assets and liabilities are classified based on the lowest level of any input that is significant to the fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized as earned on the accrual basis. Dividend income is recognized at the ex-dividend date.

Net appreciation (depreciation) in fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year and the realized gain or loss on investments sold during the year.

A description of the valuation methodologies used for assets measured at fair value, as reported by the trustee, is as follows:

Money market fund - Valued at amortized cost, which approximates fair value.

Mutual funds - Valued at the quoted net asset value of the shares held by the Plan at year end.

**MAINTENANCE METHODS, INC.
AND ADOPTING AFFILIATES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
(see auditor's report)**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodology used for the years ended December 31, 2013 or 2012.

INVESTMENT RISKS - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

PAYMENT OF BENEFITS - Benefits are recognized when paid.

ADMINISTRATIVE FEES - The Plan's administrative expenses are paid by either the Plan or the company as provided by the Plan Agreement.

ESTIMATES AND UNCERTAINTIES - The preparation of financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

RECLASSIFICATION - Certain amounts in prior year financial statements have been reclassified to conform with the current year presentation.

SUBSEQUENT EVENTS - The Plan Administrator has evaluated subsequent events for potential recognition and disclosure through October 9, 2014, the date the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by Capital Bank and Trust Company, the Plan's trustee. The trustee has certified to the completeness and accuracy of all investments reflected on the statements of net assets available for benefits as of December 31, 2013 and 2012, and the schedule of assets held for investment purposes at end of year as of December 31, 2013, and the related investment income reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012.

NOTE 5 - TAX STATUS

Effective January 1, 2013, the Plan adopted a standardized form of a volume submitter plan sponsored by American Funds Distributors, Inc. The volume submitter plan sponsor has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan.

Prior to January 1, 2013, the Plan utilized a nonstandardized form of a prototype plan sponsored by American Funds Distributors, Inc. The prototype plan sponsor received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter was relied upon by this Plan.

The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2010.
