Auditor's Responsibility Under U. S. Generally Accepted Auditing Standards

As stated in our engagement letter dated February 25, 2014, our responsibility, as described by professional standards and except as discussed in the first paragraph, is to express an opinion about whether the financial statements prepared by management with your oversight are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement. As part of our audit, we considered the internal control of NN, Inc. 401(k) Profit Sharing Trust. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters. Our audit of the financial statements does not relieve you or management of your responsibilities.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the entity's financial statements and report does not extend beyond the financial information identified in the report, in addition we do not have an obligation to perform any procedures to corroborate other information contained in these documents.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter.

Significant Audit Policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by NN, Inc. 401(k) Profit Sharing Trust are described in Note 2 to the financial statements. No new accounting policies were adopted during the year ended December 31, 2013.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We feel these estimates are reasonable for the audit period.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No such adjustments were made as a result of the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 7, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the organization's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to contact us to determine whether the consultant has all the relevant facts. To our knowledge, management has not consulted with other accountants about auditing and accounting matters.

Issues Discussed Prior to Retention of Independent Auditors

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

This information is intended solely for the use of those with the oversight responsibility over the financial reporting process, including the audit committee, Board of Trustees, and management, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Independent Auditor's Report

To the Administrator
NN, Inc. 401(k) Profit Sharing Trust
Johnson City, Tennessee

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of NN, Inc. 401(k) Profit Sharing Trust, (the Plan) which comprise the statements of Net Assets Available for Benefits as of December 31, 2013 and 2012, and the related statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Assets Held for Investment Purposes and Schedule of Reportable Transactions, together referred to as accompanying information, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the NN, Inc. 401(k) Profit Sharing Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution trust covering substantially all employees of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is made up of NN, Inc. – Ball & Roller Division, Delta Rubber Company, Industrial Molding Corporation, and Whirlaway Corporation.

Eligibility – All employees are eligible for participation in the Plan immediately upon their employment. Plan entry occurs on the first day of each month.

Contributions – Under the provisions of the Plan, the participant and the employer are both allowed to make contributions. The participants are allowed to contribute a portion of their salary to the Plan, subject to those limitations provided for in Section 401(k) of the Internal Revenue Code. The Company contributes a sum that is determined by the Company. There is no set amount or percentage for the amount of the Company's contribution; the amount is totally at the discretion of the Company. Forfeitures, if any, will be used to reduce future Company contributions to the Plan.

Participant Accounts – Each participant has two accounts, with each account designated for participant contributions and employer contributions, respectively. Participant contribution accounts are credited with the participant's contributions and the earnings of the specific investment vehicles selected. Participants may self-direct contributions into several different mutual funds. Allocations are based on participant earnings or account balances, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's account. Participants may also elect to take out loans against their balance. Loans must be for at least $1,000 and can be made for an amount up to the lesser of half the participant's account balance or $50,000.

Vesting – Participants are immediately 100% vested in their voluntary and employer contributions plus actual earnings thereon upon entering the Plan.

Forfeitures – Since all contributions are fully vested there are no forfeitures.

Payment of Benefits – Upon normal retirement age or death, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's account, or if elected by the participant, under a systematic withdrawal plan (installments.) A participant (or the participant's beneficiary).who is receiving distribution under a systematic withdrawal plan may elect to accelerate installment payments or to receive a lump sum distribution of the remainder of his account balance at any time. The account balance may also be rolled directly into an eligible IRA or other qualified retirement account. Benefits are also payable in the event of normal termination and under certain in-service circumstances.

2. Summary of Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement – Investments are stated at fair value on the last business day of the year. In accordance with the policy of stating investments at fair value, net unrealized appreciation or depreciation for the year is reflected in the statement of changes in net assets available for Plan benefits. Fair Value of investments is further discussed in Note 7.

Securities transactions are recognized on the trade date (the date the order to buy or sell is executed). Income from investments is recorded as earned on an accrual basis.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Concentrations of credit risk exist if a number of investments are engaged in similar activities and have similar economic characteristics that could cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions. The Plan has invested in a variety of financial instruments and investments involving diverse industries and geographic areas to mitigate exposure to credit risks.

Certification – Certain information related to investments and notes receivable disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable held at December 31, 2013, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

3. Administration of Plan Assets

The Plan assets are held by the Trustee of the Plan. Employer and participant contributions are invested by the Trustee as directed by the participants. The administrative expenses associated with the third-party administrator for the Plan are paid directly by the employer. Other expenses associated with the Trustee of the Plan are paid by the participants.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Notes Receivable

Participants of the Plan are permitted to withdraw loans from their account balance as long as they meet certain requirements. Interest rates on these loans range from 4.25% to 6.25% at year-end.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

The following table represents the loan receivable balances at December 31, 2013 and 2012:

	December 31,	
	2013	2012
Loans to Participants	$ 1,702,000	$ 1,660,365

7. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued based on the Net Asset Value (NAV) of shares held by the Plan as of the close of business of the NYSE at year end.

Common/Collective Trust: Valued based on a blend of the contract's rate of return and the liquidity component's daily mile rate.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	December 31, 2013	December 31, 2012	Level
Investments at Cost:			
Short-Term Money Market	$ 3,217,871	$ 3,800,547	N/A
Investments at Fair Value:

Domestic Equity	14,315,055	10,809,845	1
International/Global Equity	1,209,137	1,077,708	1
Total Investments at Fair Value	$ 33,886,751	$ 29,703,329	

The Plan's investments appreciated in fair value as determined by quoted market price as follows:

	December 31, 2013	December 31, 2012
Net Appreciation (Depreciation) in Fair Value		
Mutual Funds	$ 3,834,614	$ 2,162,835
Common Collective Trust	10,171	36,918
	$ 3,844,785	$ 2,199,753

8. Tax Status

The Internal Revenue Service has determined, in its letter dated November 12, 1996, that the Plan (before merger) is a qualified plan under Section 401(a) of the Internal Revenue Code, and the Plan, under which the Plan operates, is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. In addition, the Plan has submitted information to the IRS to receive a determination letter for the combined Plan.

The Plan has been amended since receiving its latest determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has adopted the "uncertain tax positions" provisions of accounting principles generally accepted in the United States of America. The primary tax position of the Plan is its filing status as a tax exempt entity. The Plan determined that it is more likely than not that their tax positions would be sustained upon examination by the Internal Revenue Service (IRS), or other State taxing authority. There were no penalties or interest related to income taxes recognized during the years ended December 31, 2013 and 2012. The Plan is no longer subject to U.S. federal income tax examinations by tax authorities for the years prior to 2010.

9. Reconciliation of Financial Statements to Schedule H of Form 5500
