Plan Administration – The Plan is administered by the Company, which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

Eligibility – Employees who have completed six months of service and have attained 18 years of age. Employees meeting these criteria are eligible for participation as of the next election date, which is either the first day of the Plan year or the first day of the fourth, seventh, and tenth months of the Plan year.

Contributions – Each year, participants may contribute up to 92% of pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company matches 100% of employee contributions up to the first 3% of employee annual compensation and 50% of employee contributions from 3% up to 5% of employee annual compensation. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and related Company matching contribution; an allocation of the Company's profit sharing contributions, if any; plan earnings; and forfeitures of terminated participants' nonvested amounts. Participant accounts are also charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Direction of Investments – Participants may direct the investment of their account balances under the Plan. The recordkeeper will invest the participant's account balance under the Plan in accordance with their direction. Participants may modify their investment options daily.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012

Vesting Requirements – Participants are immediately vested in their voluntary contributions and employer matching contributions made by the Company. Vesting in the profit sharing contributions made by the Company are subject to the following vesting schedule:

<u>Years of Service Completed</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the participant's vested balance and bear interest at prime plus 1 % at the date the loan is originated; such rates currently range from 4.25% to 9.25%. Principal and interest is paid ratably through payroll deductions.

Forfeitures – Upon termination of employment and distribution of a participant's entire vested account balance or any reason other than death or permanent disability, the non-vested contributions are forfeited and are first used to pay administrative expenses and then used to reduce Company contributions. As of December 31, 2013, forfeited nonvested accounts totaled \$5,984.

Payment of Benefits – Upon death, retirement, disability financial hardship or termination of employment, a participant or his or her beneficiary may elect to receive a lump sum payment equal to the value of his or her account, or may elect to rollover the asset balance directly into an IRA or into another qualified plan sponsored by an employer.

A participant may request a withdrawal from his or her account balance based upon financial hardship as defined by IRC regulations. In the event such a withdrawal is made, the distribution is subject to a 10% excise tax if the participant has not attained age 59 ½. Also, upon making such a withdrawal, a participant is suspended from plan participation for a period of six months.

Administrative Expenses – Certain administrative expenses for individual participant transactions are paid by participants directly from their account balances upon completion of those transactions. The professional fees of the Plan are paid by the Company, including legal, accounting and administrative fees.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, participants' account would become fully vested, and all remaining Plan assets would be allocated to the participants as described in the full text of the Plan.

Transfers form the Plan – Long Term Care, Inc., was sold by the Company during 2013. The Long Term Care, Inc., employees' account balances were transferred from the plan on March 9, 2013.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Presentation – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments – Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Contributions – Contributions are reported in the year services are rendered to the Company by the Plan participants.

Payment of Benefits – Benefit payments are reported in the year paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. INVESTMENTS

The following represents the fair value of investments that represent 5% or more of net assets available for benefits of the Plan as of December 31, 2013 and 2012:

	2013	2012

LONGS DRUGSTORES OF SC INC 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated by \$471,839.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Money market fund – Valued at the net asset value (NAV) of the shares held by the plan at year end.

Mutual funds – Valued at the net asset value (NAV) of the shares held by the fund at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. During the year ended December 31, 2012, there were no significant transfers between Level 1 and Level 2 investments.

The Plan's investments are reported at fair value as follows:

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2013 and for the seven months ended December 31, 2013 and the Mid Atlantic Trust Company, the prior trustee of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments as of December 31, 2012 and the 5 months ended May 31, 2013:

- Investments, at fair value
- Net appreciation in fair value of investments
- Interest and dividend income
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. RELATED PARTIES

Participant loans are considered party-in-interest transactions since those participants have a vested interest in Plan assets.

7. TAX STATUS

No determination letter has been received for the Plan as it operates under a prototype document. The IRS issued an opinion letter for the prototype on March 31, 2008 stating that the form of the prototype is acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 13, 2014, which is the date the financial statements were available to be issued.
