INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Superior Energy 401(k) Plan
Broussard, LA

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Superior Energy 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by ING Life Insurance & Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Superior Energy 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

General

The Plan is a safe harbor defined contribution 401(k) plan covering all full time employees of Superior Energy Services, Inc. and its wholly owned subsidiaries (the Company).

Employees are eligible to participate in the Plan on the first payroll date on which the participant reaches sixty days of service with no age requirement. The Plan entry dates are the first day of each payroll period following completion of eligibility requirements.

The Plan allows participants to defer a percentage of their annual compensation through contributions to the Plan.

Effective January 1, 2012, the Plan was amended to establish a new eligibility requirement of sixty days from the date of hire in order to become eligible to participate. The Plan was also amended to qualify as a safe harbor plan, whereby participants are immediately 100% vested in employer matching contributions upon participation in the Plan.

Effective December 26, 2012, the Plan was amended and restated. It has adopted the ING Life Insurance & Annuity Defined Contribution Prototype Plan & Trust document.

Employer Contributions

Because this is a safe harbor plan effective as of January 1, 2012, in order to maintain "safe harbor" status, the Company will make safe harbor matching contributions equal to 100% of the participant's salary deferrals that do not exceed 4% of the participant's compensation. This safe harbor matching contribution is 100% vested.

At the end of each Plan year, the Company may declare an additional matching contribution in an amount equal to a percentage of the elective deferrals made by each participant by resolution of the Board of Directors, by the Committee, or by any person(s) to whom the Board has delegated, if the Board of Directors delegates this task to such Committee or person(s).

The Board resolution or Committee minutes may limit the contributions matched to a specified percentage of compensation or limit the amount of the match to a specified dollar amount.

NOTE 1 DESCRIPTION OF PLAN (continued)

Participant Contributions

Each year, participants may contribute up to the lesser of seventy-five percent (75%) of pretax annual compensation, including bonuses, or the maximum permissible by section 402 of the Internal Revenue Code ($17,500 in 2013). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants age 50 or older during the Plan year may also elect to make a "catch-up" contribution, subject to certain IRS limits ($5,500 in 2013). Contributions are subject to certain limitations as defined by the Plan.

Participant Accounts

Each participants account is credited with the participants' contribution and allocation of:

(a) The Employer's matching contribution,
(b) The Employer's additional contribution, when provided
(c) Plan earnings,
(d) Forfeitures of terminated participants' non-vested accounts, and
(e) Certain administrative expenses.

Matching contributions are allocated based on a percentage of the participant's elective deferral contribution, as defined. Additional contributions, if any, are allocated based on each eligible participant's annual compensation. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Expenses

Certain Plan administrative expenses are partially absorbed by the Employer. During 2013 the Plan incurred $182,291 in administrative expenses. These expenses were directly charged to those participants with certain transactions that occurred during the Plan year.

Investment Options

Each participant in the Plan determines the allocation of his/her account balance among the various pooled separated accounts and a stable value fund offered by the Plan. Participants may transfer all or a portion of their account balance among any of the options on a daily basis.

Vesting

Participants are immediately vested in their voluntary contributions, any matching contributions, plus actual earnings thereon.

NOTE 1 DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments, as defined. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of a participant's vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, is set at 1 percent above the prime rate when loan is executed, as defined. Principal and interest is paid ratably through payroll deductions.

Forfeited Amounts

At December 31, 2013 and 2012, the forfeited non-vested accounts totaled $34,732 and $23,891 respectively. These accounts will be used to reduce future employer contributions or pay for Plan expenses. During 2013, $32,689 was used to pay plan expenses.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participant's would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully-benefit responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are stated at fair value based on quoted market prices in an active market. The fair value of the guaranteed interest contracts is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Participant loans are valued at cost, which approximates fair value. Purchases and sales are recorded on a trade-date basis.

The statements of net assets available for benefits include fully benefit responsive investment contracts recognized at fair value with a corresponding adjustment to reflect these investments at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a group annuity contract with ING Life Insurance Company. See Note 5 for additional disclosures.

Interest is recorded as earned and dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year as well as net appreciation (depreciation) of the investments held at the end of the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2014, the date the financial statements were available to be issued.

NOTE 3 MERGER

In January 2013, Rising Star Services, 401(k) Plan (Rising Star Plan) was merged into the Superior Energy 401(k) Plan. A total amount of $2,124,605 was received in cash.

In February 2012, the Company announced the acquisition of Complete Production Services, Inc. All employees of Complete Production Services, Inc. (Complete) and Rising Star Services, Inc., a wholly owned subsidiary of Complete, become eligible to participate in the Plan when the merger was finalized. During this time, the Company elected to merge Complete Production Services 401(k) Retirement & Savings Plan (Complete Plan) and Rising Star Services, 401(k) Plan (Rising Star Plan) into the Superior Energy 401(k) Plan. A total amount of $76,715,241 was merged into the Plan on December 31, 2012 from the Complete Plan. Of the amount received, $52,843,933 was received in cash, $3,437,922 was received in participant loan balances, and $20,433,386 was held in a guaranteed investment account at Great West Life Insurance & Annuity Company (Great West). During 2013 the account held with Great West was liquidated and transferred into the Plan's Stable Value Fund.

NOTE 4 INVESTMENTS

The following represents investments that represent five percent (5%) or more of the Plan's net assets as of December 31, 2013 and 2012, respectively.

	2013
American Funds American Mutual Fund A	$18,425,336
ING Growth & Income Portfolio I	26,757,610
ING Stable Value Option	50,577,438
T. Row Price Blue Chip Growth Fund	29,445,577

	2012
American Funds american Mutual Fund A	$10,411,893
ING Growth & Income Portfolio I	19,600,430
ING Stable Value Option	26,973,346
T. Row Price Blue Chip Growth Fund	14,560,991
Great West Guaranteed Investment Option	20,433,386

During 2013, the Plan's investments in pooled separate accounts and guaranteed investment contracts (including gains and losses on investment bought and sold, as well as held during the year) appreciated in value by $42,648,623.

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a group annuity contract with ING Life Insurance and Annuity Company ("ING"), which is a benefit-responsive investment contract. ING maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the stable value investment contract is fully benefit responsive, contract value is the relative measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by ING, represents contributions made under the contract, plus any earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts at December 31, 2013 was $50,577,438. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting. The average yield for the year ended December 31, 2013 was 3.35%.

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Certain events limit the ability of the Plan to transact and contract value with the issuer. Such events include the following: (1) amendments to Plan documents (including complete are partial plan termination or merger with another party), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan's sponsor or other Plan sponsor events (for example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify from exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit ING to terminate the agreement prior to the scheduled maturity date.

NOTE 6 INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Company has elected the method of annual reporting compliance permitted by 29 CRF 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ING Life & Annuity Company has certified that the following data included in the accompanying financial statements and schedule is complete and accurate:

a. Investments, as shown in the statements of net assets available for Plan benefits as of December 31, 2013 and 2012.

b. Investment income, as shown in the statement of changes in net assets available for Plan benefits for the year ended December 31, 2013.

c. The schedule H, Line 4i – schedule of assets (held at the end of the year) as of December 31, 2013, as shown on the supplemental schedule.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and schedule.

NOTE 7 RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by ING Life Insurance & Annuity Company, the custodian of the Plan; therefore, the investment transactions qualify as party-in-interest.

NOTE 8 TAX STATUS

The Plan has adopted the ING Life Insurance & Annuity Defined Contribution Prototype Plan & Trust document, which obtained its latest determination letter on January 31, 2006, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the trustee believe that the Plan is currently designed and being operating in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 9 PLAN TERMINATION

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in accounts.

NOTE 10 RISKS AND UNCERTAINTIES

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques uses to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 11 FAIR VALUE MEASUREMENT (Continued)

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies use for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled Separate Accounts (PSA): One of the most common types of alternative investments. These investments are pooled funds that look like mutual funds, but they are not registered with the Securities and Exchange Commission. Often times, they will be invested in mutual funds or other marketable securities, but the unit price generally will be different from the value of the underlying securities because the fund may also hold cash for liquidity purposes, and the fees imposed by the fund are deducted from the fund value rather than charged separately to investors. Some PSA's have no restrictions as to their investment strategy and can invest in riskier investments, such as derivatives, hedge funds, private equity funds, or similar investments.

Stable value investment contract: Stable value investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (See Note 5). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

NOTE 11 FAIR VALUE MEASUREMENT (Continued)

As required by ASC 820 (formally SFAS No. 157), at December 31, 2013 and 2012, the Plan's portfolio investments were classified as follows, based on fair values:

	Assets Fair Value at December 31, 2013			
	Level 1	Level 2	Level 3	Totals
Stable value option	$ -	$ 50,577,438	$ -	$ 50,577,438

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Superior Energy 401(k) Plan
Broussard, LA

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Superior Energy 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by ING Life Insurance & Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Superior Energy 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

General

The Plan is a safe harbor defined contribution 401(k) plan covering all full time employees of Superior Energy Services, Inc. and its wholly owned subsidiaries (the Company).

Employees are eligible to participate in the Plan on the first payroll date on which the participant reaches sixty days of service with no age requirement. The Plan entry dates are the first day of each payroll period following completion of eligibility requirements.

The Plan allows participants to defer a percentage of their annual compensation through contributions to the Plan.

Effective January 1, 2012, the Plan was amended to establish a new eligibility requirement of sixty days from the date of hire in order to become eligible to participate. The Plan was also amended to qualify as a safe harbor plan, whereby participants are immediately 100% vested in employer matching contributions upon participation in the Plan.

Effective December 26, 2012, the Plan was amended and restated. It has adopted the ING Life Insurance & Annuity Defined Contribution Prototype Plan & Trust document.

Employer Contributions

Because this is a safe harbor plan effective as of January 1, 2012, in order to maintain "safe harbor" status, the Company will make safe harbor matching contributions equal to 100% of the participant's salary deferrals that do not exceed 4% of the participant's compensation. This safe harbor matching contribution is 100% vested.

At the end of each Plan year, the Company may declare an additional matching contribution in an amount equal to a percentage of the elective deferrals made by each participant by resolution of the Board of Directors, by the Committee, or by any person(s) to whom the Board has delegated, if the Board of Directors delegates this task to such Committee or person(s).

The Board resolution or Committee minutes may limit the contributions matched to a specified percentage of compensation or limit the amount of the match to a specified dollar amount.

NOTE 1 DESCRIPTION OF PLAN (continued)

Participant Contributions

Each year, participants may contribute up to the lesser of seventy-five percent (75%) of pretax annual compensation, including bonuses, or the maximum permissible by section 402 of the Internal Revenue Code ($17,500 in 2013). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants age 50 or older during the Plan year may also elect to make a "catch-up" contribution, subject to certain IRS limits ($5,500 in 2013). Contributions are subject to certain limitations as defined by the Plan.

Participant Accounts

Each participants account is credited with the participants' contribution and allocation of:

(a) The Employer's matching contribution,
(b) The Employer's additional contribution, when provided
(c) Plan earnings,
(d) Forfeitures of terminated participants' non-vested accounts, and
(e) Certain administrative expenses.

Matching contributions are allocated based on a percentage of the participant's elective deferral contribution, as defined. Additional contributions, if any, are allocated based on each eligible participant's annual compensation. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Expenses

Certain Plan administrative expenses are partially absorbed by the Employer. During 2013 the Plan incurred $182,291 in administrative expenses. These expenses were directly charged to those participants with certain transactions that occurred during the Plan year.

Investment Options

Each participant in the Plan determines the allocation of his/her account balance among the various pooled separated accounts and a stable value fund offered by the Plan. Participants may transfer all or a portion of their account balance among any of the options on a daily basis.

Vesting

Participants are immediately vested in their voluntary contributions, any matching contributions, plus actual earnings thereon.

NOTE 1 DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments, as defined. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of a participant's vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, is set at 1 percent above the prime rate when loan is executed, as defined. Principal and interest is paid ratably through payroll deductions.

Forfeited Amounts

At December 31, 2013 and 2012, the forfeited non-vested accounts totaled $34,732 and $23,891 respectively. These accounts will be used to reduce future employer contributions or pay for Plan expenses. During 2013, $32,689 was used to pay plan expenses.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participant's would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully-benefit responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are stated at fair value based on quoted market prices in an active market. The fair value of the guaranteed interest contracts is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Participant loans are valued at cost, which approximates fair value. Purchases and sales are recorded on a trade-date basis.

The statements of net assets available for benefits include fully benefit responsive investment contracts recognized at fair value with a corresponding adjustment to reflect these investments at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a group annuity contract with ING Life Insurance Company. See Note 5 for additional disclosures.

Interest is recorded as earned and dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year as well as net appreciation (depreciation) of the investments held at the end of the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2014, the date the financial statements were available to be issued.

NOTE 3 MERGER

In January 2013, Rising Star Services, 401(k) Plan (Rising Star Plan) was merged into the Superior Energy 401(k) Plan. A total amount of $2,124,605 was received in cash.

In February 2012, the Company announced the acquisition of Complete Production Services, Inc. All employees of Complete Production Services, Inc. (Complete) and Rising Star Services, Inc., a wholly owned subsidiary of Complete, become eligible to participate in the Plan when the merger was finalized. During this time, the Company elected to merge Complete Production Services 401(k) Retirement & Savings Plan (Complete Plan) and Rising Star Services, 401(k) Plan (Rising Star Plan) into the Superior Energy 401(k) Plan. A total amount of $76,715,241 was merged into the Plan on December 31, 2012 from the Complete Plan. Of the amount received, $52,843,933 was received in cash, $3,437,922 was received in participant loan balances, and $20,433,386 was held in a guaranteed investment account at Great West Life Insurance & Annuity Company (Great West). During 2013 the account held with Great West was liquidated and transferred into the Plan's Stable Value Fund.

NOTE 4 INVESTMENTS

The following represents investments that represent five percent (5%) or more of the Plan's net assets as of December 31, 2013 and 2012, respectively.

	2013
American Funds American Mutual Fund A	$18,425,336
ING Growth & Income Portfolio I	26,757,610
ING Stable Value Option	50,577,438
T. Row Price Blue Chip Growth Fund	29,445,577

	2012
American Funds american Mutual Fund A	$10,411,893
ING Growth & Income Portfolio I	19,600,430
ING Stable Value Option	26,973,346
T. Row Price Blue Chip Growth Fund	14,560,991
Great West Guaranteed Investment Option	20,433,386

During 2013, the Plan's investments in pooled separate accounts and guaranteed investment contracts (including gains and losses on investment bought and sold, as well as held during the year) appreciated in value by $42,648,623.

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a group annuity contract with ING Life Insurance and Annuity Company ("ING"), which is a benefit-responsive investment contract. ING maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the stable value investment contract is fully benefit responsive, contract value is the relative measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by ING, represents contributions made under the contract, plus any earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts at December 31, 2013 was $50,577,438. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting. The average yield for the year ended December 31, 2013 was 3.35%.

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Certain events limit the ability of the Plan to transact and contract value with the issuer. Such events include the following: (1) amendments to Plan documents (including complete are partial plan termination or merger with another party), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan's sponsor or other Plan sponsor events (for example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify from exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit ING to terminate the agreement prior to the scheduled maturity date.

NOTE 6 INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Company has elected the method of annual reporting compliance permitted by 29 CRF 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ING Life & Annuity Company has certified that the following data included in the accompanying financial statements and schedule is complete and accurate:

a. Investments, as shown in the statements of net assets available for Plan benefits as of December 31, 2013 and 2012.

b. Investment income, as shown in the statement of changes in net assets available for Plan benefits for the year ended December 31, 2013.

c. The schedule H, Line 4i – schedule of assets (held at the end of the year) as of December 31, 2013, as shown on the supplemental schedule.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and schedule.

NOTE 7 RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by ING Life Insurance & Annuity Company, the custodian of the Plan; therefore, the investment transactions qualify as party-in-interest.

NOTE 8 TAX STATUS

The Plan has adopted the ING Life Insurance & Annuity Defined Contribution Prototype Plan & Trust document, which obtained its latest determination letter on January 31, 2006, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the trustee believe that the Plan is currently designed and being operating in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 9 PLAN TERMINATION

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in accounts.

NOTE 10 RISKS AND UNCERTAINTIES

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques uses to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 11 FAIR VALUE MEASUREMENT (Continued)

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies use for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled Separate Accounts (PSA): One of the most common types of alternative investments. These investments are pooled funds that look like mutual funds, but they are not registered with the Securities and Exchange Commission. Often times, they will be invested in mutual funds or other marketable securities, but the unit price generally will be different from the value of the underlying securities because the fund may also hold cash for liquidity purposes, and the fees imposed by the fund are deducted from the fund value rather than charged separately to investors. Some PSA's have no restrictions as to their investment strategy and can invest in riskier investments, such as derivatives, hedge funds, private equity funds, or similar investments.

Stable value investment contract: Stable value investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (See Note 5). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

NOTE 11 FAIR VALUE MEASUREMENT (Continued)

As required by ASC 820 (formally SFAS No. 157), at December 31, 2013 and 2012, the Plan's portfolio investments were classified as follows, based on fair values:

	Assets Fair Value at December 31, 2013
