REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The members of the
Sensus USA Inc. 401(k) Plan Benefits Committee:

Report on the financial statements

We were engaged to audit the accompanying financial statements of the **Sensus USA Inc. 401(k) Plan** (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on the 2013 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from this entity as for the year ended December 31, 2013, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2013 financial statements.

Other Matter

The financial statements of the Plan as of and for the year ended December 31, 2012 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the certified information. Their report, dated October 4, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplementary information

The supplemental schedule of assets (held at end of year) as of December 31, 2013 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the certified information described in Note 3, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 Description of the Plan

The following description of the Sensus USA Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General

On January 1, 2004, Sensus USA Inc. established a salary deferral plan under Section 401(k) of the Internal Revenue Code (the IRC). The Plan was created for employees who formerly participated in the Rockwell International, Inc., BTR plc, and Invensys plc defined contribution plans. Those employees were permitted to roll over their existing plan assets to the Plan. Effective September 1, 2013, the Plan was restated to allow Local No. 13836 union employees to participate in the Plan as they were not previously eligible to participate. The restated Plan continues to be for the exclusive benefit of eligible employees, and all employees covered under the previous plan shall continue to be covered under the restated Plan with no loss of benefits. Eligible plan participants include employees of the following adopting employers: Sensus USA Inc.; Sensus Metering Systems - North America, Inc.; Smith-Blair, Inc.; Sensus Metering Headquarters Corporation; Sensus Precision Die Casting, Inc.; and Measurement Solutions International-Northeast, LLC. The Plan is a defined contribution plan, covering substantially all employees of the adopting employers noted above (the Company). Eligible employees of the Plan include non-union employees, hourly paid union employees and employees in union probation period of Sensus Precision Die Casting, Inc., and hourly paid union employees and employees in union probation period of Smith-Blair, Inc., and a union employee of Local No. 13836. During 2013 and 2012, Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, served as the Plan's trustee (the Trustee). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Contributions

Each year, union employees of Smith-Blair, Inc. who participate in the Plan may elect to contribute up to 25% of their compensation as defined in the Plan on a pre-tax basis up to an amount which will not violate provisions of the Plan or exceed the maximum allowed for the year ended December 31, 2013 of \$17,500 as prescribed by the Internal Revenue Code. Union employees of Sensus Precision Die Casting, Inc. who participate in the Plan may elect to contribute up to 18% of their compensation as defined in the Plan, union employees of Local No. 13836 may elect to contribute between 1% and 25% of their compensation as defined in the Plan, and all other employees who participate in the Plan may elect to contribute up to 50% of their compensation as defined in the Plan. Effective January 1, 2008, the Plan was amended to include automatic enrollment. Based on the amendment, newly hired employees will be automatically enrolled in the Plan when the employee first becomes eligible to participate. The automatic elective deferral contribution is 3% of compensation. The participant may affirmatively elect a different percentage or elect not to make elective deferral contributions. Participants who have attained the age of 50 before the end of the Plan's year-end are eligible to make catch-up contributions up to \$5,500. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a collective trust fund, mutual funds, and a series of varied risk pooled separate accounts as investment options for participants. For non-union employees and union employees of Smith-Blair Inc., the Company matches 100% of the first 3% of eligible compensation and then 50% from 3% to 5% of eligible compensation. For union employees of Sensus Precision Die Casting, Inc., the Company matches 50% of the first 8% of eligible compensation. For union employees of Local No. 13836, the Company matches 50% of the first 3% of eligible compensation. There were no company match receivables as of December 31, 2013 and 2012.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Nonunion employees are 100% vested in the Company's contribution portion of their accounts plus actual earnings thereon. Hourly paid union employees of Smith-Blair, Inc., hourly paid union employees of Sensus Precision Die Casting, Inc., hourly paid union employees of Local No. 13836, and employees in the union probation period are vested in the Company's contribution portion of their accounts plus actual earnings thereon based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 1	0%
At least 1, but less than 2	20%
At least 2, but less than 3	40%
At least 3, but less than 4	60%
At least 4, but less than 5	80%
At least 5	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or the greater of 50% of their vested account balance or \$10,000. Loan terms range from one to five years, unless for the purchase of a primary residence in which the repayment period is not to exceed 30 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time of the loan. Principal and interest are paid ratably through payroll deductions. A participant may have only one loan outstanding at any time. Notes receivable outstanding at December 31, 2013 bear interest rates ranging from 4.25% to 9.25%.

Payment of Benefits

A participant is entitled to distributions under the Plan the later date of (a) when such participant reaches age 65 (the normal retirement date); (b) the tenth anniversary of the participant's entry date; (c) in the event of the death of the participant before retirement or other termination of employment; or (d) in the event of a financial hardship as defined by the Plan.

Participants entitled to distributions will receive their distributions in the form of a single sum payment.

Forfeited Accounts

Forfeitures represent nonvested matching or profit sharing contributions of participants who have terminated their employment with the Company. Forfeitures may be applied to pay administrative expenses or to reduce employer contributions. During 2013, \$6,969 in forfeitures were applied to employer contributions. As of December 31, 2013 and 2012, forfeited nonvested accounts totaled \$21 and \$906.

2 Summary of Significant Accounting Policies**Basis of Accounting**

The financial statements of the Plan are presented on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principle generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net gain in fair value of investments includes the Plan's gains and losses on investments bought and sold (realized) as well as gains from investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as administrative expenses. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Risks and Uncertainties

The Plan's investment strategies include investments that are exposed to varying degrees of risk, such as interest rates, credit and overall market volatility risks. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

3 Trustee Information

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company (Principal), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2013 and 2012
- Total investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2013
- Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2013

4 Fair Value of Financial Instruments

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

- Level 1** Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange (NYSE).
- Level 2** Valuations for assets and liabilities that can be obtained from readily available pricing sources via independent providers for market transactions involving similar assets or liabilities. The Plan's principal markets for these securities are the secondary institutional markets and valuations are based on observable market data in those markets.
- Level 3** Valuations for assets and liabilities that are derived from other valuation methodologies, such as discounted cash flow models and similar techniques, and are not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The following is a description of valuation methodologies used for assets recorded at fair value. The determination of where an asset falls in the hierarchy requires significant judgment. The Plan evaluates its hierarchy disclosures each year and changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another. However, the Plan expects changes in classifications between levels will be rare. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2013, there were no transfers in or out of Level 1, 2, or 3.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund

The stable value fund has several investment contract types in the fund. Traditional investment contracts are valued at fair value by Union Bond and Trust Company (Union) using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. The individual assets underlying the synthetic investment contracts include domestic and foreign securities and investments in investment companies or collective investment trusts. When available, the fair value of securities is based on quoted prices of identical assets in active markets. When quoted prices are not available, the first priority is to obtain prices from third-party pricing sources and to confirm they are utilizing observable market information. Their methodologies vary by asset class and include inputs such as estimated cash flows, benchmark yields, reported trades, broker quotes, credit quality, industry events and economic events. The net asset value (NAV) of investment companies and collective investment trusts represents the price at which the fund believes it would be able to initiate a transaction. These investments are not exchange traded and are reflected in Level 2.

Participant transactions may occur daily. Were the Plan to initiate a full redemption of the fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled Separate Accounts

Valued at NAV based on the market value of the underlying investments, such as equities, preferred stock, bonds, real estate, and mutual funds. The majority of the underlying securities have observable Level 1 quoted pricing inputs. While the underlying asset values are quoted prices, the NAV of a pooled separate account is not publicly quoted. As such, these investments are reflected in Level 2.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012.

Fair Value in Investments in Entities That Use NAV

As of December 31, 2013 and 2012, the fair value of the collective trust fund, valued at NAV, totaled \$10,753,652 and \$12,063,196. All pooled separate accounts held by the Plan are valued at NAV. The aggregate fair value of pooled separate accounts as of December 31, 2013 and 2012 was \$47,394,015 and \$36,846,954. Both the collective trust fund and the pooled separate accounts have a daily redemption frequency and a redemption notice period of no longer than 12 months. There are no unfunded commitments.

5 Investments

The following table presents the fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31:

Principal International Emerging Markets Separate Account	*	5,080,215

* Investment does not represent 5% or more of Plan's net assets as of December 31, 2013.

** Investment does not represent 5% or more of Plan's net assets as of December 31, 2012.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by:

For the year ended December 31, 2013	Net Gain in Fair Value of Investments
	\$
Mutual funds	5,735,973
Pooled separate accounts	7,716,469
Collective trust fund	113,626
Total	13,566,068

Certain plan participants invest in the Principal Stable Value Select Fund, a fully benefit-responsive investment contract, with Principal Life Insurance Company (the Trustee). The Trustee maintains the contributions in a general account.

The contract is included in the statements of net assets available for benefits at fair value. The adjustment from fair value to contract value for the Principal Stable Value Select Fund is based on the contract value as reported to the Plan by the Trustee. Contract value represents contributions made under the contract, plus earnings and less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk or otherwise. The fair value as of December 31, 2013 was \$10,753,652 and as of December 31, 2012 was \$12,063,196. The crediting interest rates were 1.28% for 2013 and 1.64% for 2012. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The average yield interest rates were 1.44% for 2013 and 1.88% for 2012.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsored events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

6 Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to the third-party administrator of \$27,806 for loan, disbursement, and administrative fees, which were not covered by revenue sharing.

7 Party-in-interest Transactions

As indicated in Note 3, Principal Life Insurance Company is the Trustee of the Plan's assets. The Plan invests in certain funds managed by the Trustee. Therefore, transactions related to these funds qualify as party-in-interest transactions, as well as notes receivable and related loan payments from participants, as defined by ERISA.

8 Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31	2013	2012
	\$	\$
Net assets available for benefits per the financial statements	96,790,255	78,277,059
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	65,089	277,022
Net assets available for benefits per the Form 5500	96,855,344	78,554,081

The following is a reconciliation of net increase in net assets available for benefits per the financial statements for the year ended December 31, 2013 to the Form 5500:

For the year ended December 31	2013
	\$
Net assets available for benefits per the financial statements	18,513,196
Cumulative adjustment from contract value to fair value for fully benefit-responsive investment contracts	(211,933)
Net assets available for benefits per the Form 5500	18,301,263

The difference between net increase in net assets available for benefits per the Plan's financial statements and net increase in net assets available for benefits per the Form 5500 is because the financial statements were prepared using the contract value for fully benefit-responsive investment contracts, and the Form 5500 was prepared using the fair value for fully benefit-responsive investment contracts.

9 Federal Income Tax Status

The Plan obtained its latest determination letter on July 10, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC for amendments through September 1, 2013. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by federal and state tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

10 Subsequent Events

The Plan obtained an updated favorable determination letter dated July 10, 2014. The determination letter gives reliance for qualification changes that took place after the prior determination letter described in Note 9.

The Plan has evaluated all subsequent events through October 9, 2014, the date the statements were available to be issued, and determined that no significant events have occurred requiring adjustments to the financial statements or disclosures.
