NOTE 1 – DESCRIPTION OF PLAN

The following description of the Health Care Managers, Inc. Retirement Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Organization

The Plan is a participant-directed defined contribution plan established by Health Care Managers, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan recognizes Five Points Health Care, LTD and Osprey of North Florida, Inc., as adopting employers for the benefit of eligible employees. The Plan was established on January 1, 2008 and amended on January 1, 2012, and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees, including employees of adopting employers, are eligible to participate in the Plan who have attained age 21 and have completed one (1) year of service, in which at least 1,000 hours of employment service have been worked. Employees become a participant on their entry date, which is on January 1st, April 1st, July 1st, or October 1st coinciding with or following the date that eligibility requirements are satisfied.

Participant Contributions

Participants may elect to contribute up to 100 percent of their eligible pre-tax compensation to the Plan up to the amount allowable under the plan document and subject to IRC limitations. Participants attaining age 50 before the end of the plan year are eligible to make catch-up contributions, up to the maximum annual amount allowed by the IRC. Participants may contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants may also make after-tax Roth 401(k) elective deferrals.

All contributions made by participants are deposited in the trust and allocated among the investment funds in accordance with the participants' effective elections.

Employer Contributions

The Company will make safe harbor matching contributions equal to 100 percent of elective deferrals up to the first 3 percent of the participant's eligible compensation and 50 percent of elective deferrals for the next 2 percent of compensation, subject to limits contained in the Plan and the IRC. A participant must make elective deferrals in order to receive the safe harbor matching contribution. Participants are immediately 100 percent vested in the Company's safe harbor matching contributions.

NOTE 1 – DESCRIPTION OF PLAN – Continued

Employer Contributions - Continued

The company may elect to make discretionary profit sharing contributions as determined annually by the Board of Directors. For the year ended December 31, 2013, the Company elected not to make discretionary profit sharing contributions.

Investment Options

Participants direct the investment allocations of their participant accounts. Participants can choose from a range of investment options with varying degrees of risk.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their rollover contributions, voluntary elective deferrals and safe harbor matching contributions, plus actual earnings thereon. The vested portion of any participant account attributable to discretionary profit sharing contributions and the earnings thereon is based on years of credited service. A participant becomes 100 percent vested after six (6) years of credited service, or upon reaching normal retirement age, becoming disabled or upon his or her death. Participants vest according to the following schedule:

Years of Service	Percentage
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeiture of Benefits

If a participant terminates prior to vesting 100 percent in their participant account, the forfeited balance will be retained in the Plan and may first be used to pay administrative expenses incurred by the Plan. The portion of the forfeitures account that is not used to pay administrative expenses will be used to reduce Company contributions payable under the Plan. There was no forfeiture account activity for the plan years ended December 31, 2013 and 2012.

NOTE 1 – DESCRIPTION OF PLAN – Continued

Notes Receivable from Participants

A participant may borrow from his or her account a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50 percent of their vested account balance. Loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five year period unless it is for the purchase of a principal residence in which case the loan repayment period may not extend beyond 10 years from the date of the loan. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1 percent. As of December 31, 2013, the interest rate for all loans is 4.25% with maturities between February 2, 2014 and August 29, 2018. A $75 new loan set up fee and a $25 annual loan maintenance fee is charged to the participant's account.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum amount equal to the participant's vested account balance. If the total vested amount of the terminated participant's account balance is greater than $1,000, but less than $5,000, the account balance will be automatically distributed to an individual retirement account unless the participant elects to receive the distribution directly or to have the distribution paid directly to another eligible retirement plan. If the participant's balance does not equal or exceed $1,000 upon termination, the balance will be paid in a single lump sum distribution.

Hardship withdrawals are not permitted by the Plan.

Administrative Expenses

The expenses related to the administration of the Plan are paid by the Plan unless the Company elects to make such payment.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants become 100 percent vested in their account balances.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962-325, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan does not maintain any investments that have been determined to be fully benefit-responsive.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuations and Income Recognition

Investments are reported at fair value. Fair value is the price received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) is recorded on the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Contributions

Contributions are recorded on an accrual basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2014, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Fidelity Management Trust Company, the custodian of the Plan, has certified that the following information included in the accompanying financial statements is complete and accurate:

a. Net Assets Available for Benefits as of December 30, 2013, as they relate to investments held by the trustee.
b. Changes in Net Assets Available for Benefits for the period ended December 30, 2013, as they relate to investments held by the trustee.

Investments that represent 5 percent or more of fair value of the Plan's net assets as of December 31, 2013 and 2012, are as follows:

Description	2013	2012
Fidelity Freedom 2020 Fund	$ 322,314	$ 297,944
Fidelity Freedom 2030 Fund	237,982	214,184
Fidelity Freedom 2035 Fund	160,964	172,331
Fidelity Freedom 2040 Fund	111,058	110,362
Fidelity Freedom 2015 Fund	78,366	89,360
Fidelity Freedom 2025 Fund	73,818	77,760
Fidelity Freedom 2050 Fund	86,321	76,985
Fidelity Small Cap Discovery Fund	97,539	-
Total Investments Exceeding 5% or More of Net Assets	$ 1,168,362	$ 1,038,926

For the period ended December 31, 2013, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $168,508, which relates entirely to mutual funds.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements* (ASC Topic 820) establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

ASC Topic 820 Fair Value Measurement Framework Fair Value Hierarchy Priority – Observable Inputs	
Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: a. Quoted prices for similar assets or liabilities in active markets; b. Quoted prices for identical or similar assets or liabilities in inactive markets; c. Inputs other than quoted prices that are observable for the asset or liability; d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. Note: If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value:

- ***Mutual funds:*** Valued at the net asset value of the shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2013.

NOTE 4 – FAIR VALUE MEASUREMENTS - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013:

NOTE 5 – TAX STATUS

Fidelity Management Trust Company has received a favorable opinion letter from the Internal Revenue Service, dated March 31, 2008, stating that its volume submitter plan, adopted by the Employer, is qualified under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended and restated since receiving the determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 5 – TAX STATUS - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010

NOTE 6 – ERISA BONDING REQUIREMENTS

The Plan maintains a fidelity bond and is in compliance with ERISA bonding requirements.

NOTE 7 – PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons just listed.

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the custodian of the Plan, and therefore, the transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to $8,546 for the year ended December, 31, 2013. Additional fees paid to the trustee are netted against investment returns.

Moreover, the plan sponsor is also a party-in-interest with respect to the Plan as personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan.

NOTE 8 – SIGNIFICANT RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are normally exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

There were no prohibited transactions, as defined by ERISA, for the period ended December 31, 2013.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013, and 2012, to Form 5500:

	2013	2012
Net assets available for benefits per the financial statements	$ 1,467,157	$ 1,336,445

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Health Care Managers, Inc. Retirement Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Organization

The Plan is a participant-directed defined contribution plan established by Health Care Managers, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan recognizes Five Points Health Care, LTD and Osprey of North Florida, Inc., as adopting employers for the benefit of eligible employees. The Plan was established on January 1, 2008 and amended on January 1, 2012, and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees, including employees of adopting employers, are eligible to participate in the Plan who have attained age 21 and have completed one (1) year of service, in which at least 1,000 hours of employment service have been worked. Employees become a participant on their entry date, which is on January 1st, April 1st, July 1st, or October 1st coinciding with or following the date that eligibility requirements are satisfied.

Participant Contributions

Participants may elect to contribute up to 100 percent of their eligible pre-tax compensation to the Plan up to the amount allowable under the plan document and subject to IRC limitations. Participants attaining age 50 before the end of the plan year are eligible to make catch-up contributions, up to the maximum annual amount allowed by the IRC. Participants may contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants may also make after-tax Roth 401(k) elective deferrals.

All contributions made by participants are deposited in the trust and allocated among the investment funds in accordance with the participants' effective elections.

Employer Contributions

The Company will make safe harbor matching contributions equal to 100 percent of elective deferrals up to the first 3 percent of the participant's eligible compensation and 50 percent of elective deferrals for the next 2 percent of compensation, subject to limits contained in the Plan and the IRC. A participant must make elective deferrals in order to receive the safe harbor matching contribution. Participants are immediately 100 percent vested in the Company's safe harbor matching contributions.

NOTE 1 – DESCRIPTION OF PLAN – Continued

Employer Contributions - Continued

The company may elect to make discretionary profit sharing contributions as determined annually by the Board of Directors. For the year ended December 31, 2013, the Company elected not to make discretionary profit sharing contributions.

Investment Options

Participants direct the investment allocations of their participant accounts. Participants can choose from a range of investment options with varying degrees of risk.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their rollover contributions, voluntary elective deferrals and safe harbor matching contributions, plus actual earnings thereon. The vested portion of any participant account attributable to discretionary profit sharing contributions and the earnings thereon is based on years of credited service. A participant becomes 100 percent vested after six (6) years of credited service, or upon reaching normal retirement age, becoming disabled or upon his or her death. Participants vest according to the following schedule:

Years of Service	Percentage
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeiture of Benefits

If a participant terminates prior to vesting 100 percent in their participant account, the forfeited balance will be retained in the Plan and may first be used to pay administrative expenses incurred by the Plan. The portion of the forfeitures account that is not used to pay administrative expenses will be used to reduce Company contributions payable under the Plan. There was no forfeiture account activity for the plan years ended December 31, 2013 and 2012.

NOTE 1 – DESCRIPTION OF PLAN – Continued

Notes Receivable from Participants

A participant may borrow from his or her account a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50 percent of their vested account balance. Loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five year period unless it is for the purchase of a principal residence in which case the loan repayment period may not extend beyond 10 years from the date of the loan. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1 percent. As of December 31, 2013, the interest rate for all loans is 4.25% with maturities between February 2, 2014 and August 29, 2018. A $75 new loan set up fee and a $25 annual loan maintenance fee is charged to the participant's account.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum amount equal to the participant's vested account balance. If the total vested amount of the terminated participant's account balance is greater than $1,000, but less than $5,000, the account balance will be automatically distributed to an individual retirement account unless the participant elects to receive the distribution directly or to have the distribution paid directly to another eligible retirement plan. If the participant's balance does not equal or exceed $1,000 upon termination, the balance will be paid in a single lump sum distribution.

Hardship withdrawals are not permitted by the Plan.

Administrative Expenses

The expenses related to the administration of the Plan are paid by the Plan unless the Company elects to make such payment.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants become 100 percent vested in their account balances.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962-325, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan does not maintain any investments that have been determined to be fully benefit-responsive.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuations and Income Recognition

Investments are reported at fair value. Fair value is the price received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) is recorded on the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Contributions

Contributions are recorded on an accrual basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2014, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Fidelity Management Trust Company, the custodian of the Plan, has certified that the following information included in the accompanying financial statements is complete and accurate:

a. Net Assets Available for Benefits as of December 30, 2013, as they relate to investments held by the trustee.
b. Changes in Net Assets Available for Benefits for the period ended December 30, 2013, as they relate to investments held by the trustee.

Investments that represent 5 percent or more of fair value of the Plan's net assets as of December 31, 2013 and 2012, are as follows:

Description	2013	2012
Fidelity Freedom 2020 Fund	$ 322,314	$ 297,944
Fidelity Freedom 2030 Fund	237,982	214,184
Fidelity Freedom 2035 Fund	160,964	172,331
Fidelity Freedom 2040 Fund	111,058	110,362
Fidelity Freedom 2015 Fund	78,366	89,360
Fidelity Freedom 2025 Fund	73,818	77,760
Fidelity Freedom 2050 Fund	86,321	76,985
Fidelity Small Cap Discovery Fund	97,539	-
Total Investments Exceeding 5% or More of Net Assets	$ 1,168,362	$ 1,038,926

For the period ended December 31, 2013, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $168,508, which relates entirely to mutual funds.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements* (ASC Topic 820) establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

ASC Topic 820 Fair Value Measurement Framework Fair Value Hierarchy Priority – Observable Inputs	
Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: a. Quoted prices for similar assets or liabilities in active markets; b. Quoted prices for identical or similar assets or liabilities in inactive markets; c. Inputs other than quoted prices that are observable for the asset or liability; d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. Note: If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value:

- ***Mutual funds:*** Valued at the net asset value of the shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2013.

NOTE 5 – TAX STATUS

Fidelity Management Trust Company has received a favorable opinion letter from the Internal Revenue Service, dated March 31, 2008, stating that its volume submitter plan, adopted by the Employer, is qualified under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended and restated since receiving the determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 5 – TAX STATUS - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010

NOTE 6 – ERISA BONDING REQUIREMENTS

The Plan maintains a fidelity bond and is in compliance with ERISA bonding requirements.

NOTE 7 – PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons just listed.

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the custodian of the Plan, and therefore, the transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to $8,546 for the year ended December, 31, 2013. Additional fees paid to the trustee are netted against investment returns.

Moreover, the plan sponsor is also a party-in-interest with respect to the Plan as personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan.

NOTE 8 – SIGNIFICANT RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are normally exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

There were no prohibited transactions, as defined by ERISA, for the period ended December 31, 2013.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
