Independent Auditor's Report

The Trustees
Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust
San Antonio, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following brief description of the Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which covers substantially all employees of Urban Concrete Contractors, Ltd and related employers (collectively, the employer) located in San Antonio, Texas. It was adopted effective January 1, 1994 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the employer over the age of 21 are eligible for participation in the Plan after being credited with 1,000 hours of service during the eligibility computation period. The initial "eligibility computation period" is the 12-month period beginning with the hire date. The eligibility computation periods subsequent to the initial period are the plan year beginning with the first plan year commencing prior to the first anniversary of the hire date. Entry dates are January 1 or July 1 after meeting the eligibility requirements.

Contributions

The employer may make discretionary matching contributions and for the year ended December 31, 2013 a matching contribution in the amount of $16,005 was made. The employer may also make nonelective contributions, not to exceed statutory limitations. The contributions are not limited by profits. To receive an allocation of these contributions, a participant must complete more than 500 hours of service during the Plan year or be employed as of the last day of the Plan year. A participant is also eligible to share in the allocation if the employee dies, retires, or becomes totally disabled during the Plan year. Each year, participants may contribute up to a maximum amount determined by the Federal Government, which for the years 2013 and 2012 was $17,500 and $17,000, respectively. Also participants who have obtained the age of 50 before the close of the Plan year are eligible to make catch-up contributions, which for the years 2013 and 2012 was an additional $5,500.

1. Description of Plan (continued)

Participant Accounts

Participants may direct their contributions to selected investments as made available by the Plan administrator. Participants may change their investment options throughout the year via direct access to American United Life Insurance Company.

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions (if any) and Plan earnings. The Company's matching contributions, if any, depend on the amount of the each participant's elective deferral contribution and is based upon a matching percentage set by the Company. Plan earnings are credited to each participant's account based upon the performance of the investments selected at each valuation date. The benefit to which a participant is entitled is the benefit that can be derived from the participant's vested account.

Payment of Benefits

On termination of service, a participant's account balance is distributed in one lump-sum amount equal to the participant's vested interest in his or her account.

Vesting

Participants are 100% vested at all times in their elective contributions, the contributions made by the employer, and in the accrued benefits derived from those contributions.

Forfeitures

There are no forfeitures as employees are 100% vested at all times.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The $50,000 maximum amount will be reduced by the participant's highest outstanding loan balance in the previous 12 months, even if amounts have been repaid. A participant may have no more than (2) loans outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Plan administrator. The

interest rate remains constant throughout the term of the loan. All loans must be repaid within five years except for the purchase of a primary residence, which have a maximum repayment period of thirty years. Principal and interest are paid ratably through monthly payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. If applicable the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at the value reported to the Plan by American United Life Insurance Company, which represents approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The employer pays expenses incident to the administration of the Plan, except for trustee fees.

Subsequent Events

Subsequent events were evaluated through September 29, 2014, the date the financial statements were available to be issued.

3. Information Certified by American United Life Insurance Company

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by American United Life Insurance Company, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

3. Information Certified by American United Life Insurance Company (continued)

The following table presents the fair value of participant directed investments in this Plan that were certified by American United Life Insurance Company. Individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013 are separately identified below:

Alger Large Cap Growth Port I-2	**$ 188,452**
Amer Cent Inc & Grth	**148,168**
AmCent Small Cap Value	**193,159**
Fidelity VIP Growth Inst	**181,343**

Vanguard Short-Term Federal	**396,118**
Other investments certified by American United Life Insurance Company	**393,128**
	$ 2,449,468

American United Life Insurance Company also certified the completeness and accuracy of the net appreciation in fair value of investments of $286,436 and the related interest and dividend income to the aforementioned investments of $22,307, for the year ended December 31, 2013.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value of $286,436 as follows:

Group annuity contract	$ -
Pooled separate accounts	286,436
	$ 286,436

3. Information Certified by American United Life Insurance Company (continued)

The following table presents the fair value of participant directed investments in this Plan that were certified by American United Life Insurance Company as of December 31, 2012. Individual investments that represent 5% or more of the Plan's net assets available for benefits are separately identified below:

Alger Large Cap Growth Port I-2	**$ 134,221**
AmCent Small Cap Value	**144,901**
Fidelity VIP Growth Inst	**126,470**
Group Annuity Contract	**741,891**

Vanguard Short-Term Federal	**369,724**
Other investments certified by American United Life Insurance Company	**405,176**
	$ 2,053,750

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for major categories of investments measured at fair value:

Level 2 Fair Value Measurements

The fair values of pooled separate accounts reported by the insurance company are measured based upon data provided by outside valuation service providers who in turn generally use the mean of bid and asked prices but may also use alternative observable pricing inputs for certain securities.

Level 3 Fair Value Measurements

The group annuity contract is a guaranteed investment contract with an insurance company and is not actively traded and significant other observable inputs are not available. Thus, the fair value of the contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations.

4. Fair Value Measurements (continued)

The Plan's investments, measured at fair value by the three levels of the fair value hierarchy as described above are as follows at December 31, 2013:

	Level 1	Level 2	Level 3	Fair Value
Assets:				
Pooled separate accounts	$ -	$ 1,680,039	$ -	$ 1,680,039
Group annuity contract	-	-	769,429	769,429
	$ -	$ 1,680,039	$ 769,429	$ 2,449,468

The Plan's investments, measured at fair value by the three levels of the fair value hierarchy as described above are as follows at December 31, 2012:

	Level 1	Level 2	Level 3	Fair Value
Assets:				
Pooled separate accounts	$ -	$ 1,311,859	$ -	$ 1,311,859
Group annuity contract	-	-	741,891	741,891
	$ -	$ 1,311,859	$ 741,891	$ 2,053,750

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the group annuity contract with the insurance company for the years ended December 31, 2013 and 2012:

Year Ended December 31, 2013:	
Balance, beginning of year	$ 741,891
Realized gains (losses)	22,307
Unrealized gains (losses) relating to instruments still held at the reporting date	-
Purchases	73,374
Sales	(68,143)
Transfers in and/or out of level 3	-
Balance, end of year	$ 769,429

4. Fair Value Measurements (continued)

Year Ended December 31, 2012:	
Balance, beginning of year	$ 645,848
Realized gains (losses)	21,938
Unrealized gains (losses) relating to instruments still held at the reporting date	-
Purchases	200,619
Sales	(126,514)
Transfers in and/or out of level 3	-
Balance, end of year	$ 741,891

5. Investment Contract with Insurance Company

The Plan entered into a benefit-responsive investment contract with American United Life Insurance Company ("AUL"). AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged with withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract as reported by AUL at December 31, 2013 and 2012 was $769,429 and $741,891, respectively. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any such events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

5. Investment Contract with Insurance Company (continued)

Contract value is also the fair value of the fund as the fund has no maturity date and because interest rates are reset quarterly as of the beginning of each calendar quarter, during which a new interest rate is applied daily to the total outstanding balance of the fund. Therefore, no corresponding adjustment is shown in the statement of net assets available for benefits since AUL reports that contract value is also the fair value of the contract.

The average yield and crediting interest rates for the year 2013 were 3.00% and 3.00%, respectively. The average yield and crediting interest rates for the year 2012 were 3.06% and 3.00%, respectively.

6. Related Party Transactions

Certain Plan investments are investments managed by AUL. AUL is the custodian as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. Total fees paid by the Plan for investment management and other services amounted to $954 for the year ended December 31, 2013.

7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan sponsors that the Plan is qualified and not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan administrator is not aware of any course of action or series of events, including amendments that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, no uncertain positions taken or expected to be taken would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax years in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed intent to do so, the employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination, all participants would become fully vested in their account balances.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

Independent Auditor's Report

The Trustees
Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust
San Antonio, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following brief description of the Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which covers substantially all employees of Urban Concrete Contractors, Ltd and related employers (collectively, the employer) located in San Antonio, Texas. It was adopted effective January 1, 1994 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the employer over the age of 21 are eligible for participation in the Plan after being credited with 1,000 hours of service during the eligibility computation period. The initial "eligibility computation period" is the 12-month period beginning with the hire date. The eligibility computation periods subsequent to the initial period are the plan year beginning with the first plan year commencing prior to the first anniversary of the hire date. Entry dates are January 1 or July 1 after meeting the eligibility requirements.

Contributions

The employer may make discretionary matching contributions and for the year ended December 31, 2013 a matching contribution in the amount of $16,005 was made. The employer may also make nonelective contributions, not to exceed statutory limitations. The contributions are not limited by profits. To receive an allocation of these contributions, a participant must complete more than 500 hours of service during the Plan year or be employed as of the last day of the Plan year. A participant is also eligible to share in the allocation if the employee dies, retires, or becomes totally disabled during the Plan year. Each year, participants may contribute up to a maximum amount determined by the Federal Government, which for the years 2013 and 2012 was $17,500 and $17,000, respectively. Also participants who have obtained the age of 50 before the close of the Plan year are eligible to make catch-up contributions, which for the years 2013 and 2012 was an additional $5,500.

1. Description of Plan (continued)

Participant Accounts

Participants may direct their contributions to selected investments as made available by the Plan administrator. Participants may change their investment options throughout the year via direct access to American United Life Insurance Company.

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions (if any) and Plan earnings. The Company's matching contributions, if any, depend on the amount of the each participant's elective deferral contribution and is based upon a matching percentage set by the Company. Plan earnings are credited to each participant's account based upon the performance of the investments selected at each valuation date. The benefit to which a participant is entitled is the benefit that can be derived from the participant's vested account.

Payment of Benefits

On termination of service, a participant's account balance is distributed in one lump-sum amount equal to the participant's vested interest in his or her account.

Vesting

Participants are 100% vested at all times in their elective contributions, the contributions made by the employer, and in the accrued benefits derived from those contributions.

Forfeitures

There are no forfeitures as employees are 100% vested at all times.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The $50,000 maximum amount will be reduced by the participant's highest outstanding loan balance in the previous 12 months, even if amounts have been repaid. A participant may have no more than (2) loans outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Plan administrator. The

1. Description of Plan (continued)

interest rate remains constant throughout the term of the loan. All loans must be repaid within five years except for the purchase of a primary residence, which have a maximum repayment period of thirty years. Principal and interest are paid ratably through monthly payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. If applicable the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at the value reported to the Plan by American United Life Insurance Company, which represents approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The employer pays expenses incident to the administration of the Plan, except for trustee fees.

Subsequent Events

Subsequent events were evaluated through September 29, 2014, the date the financial statements were available to be issued.

3. Information Certified by American United Life Insurance Company

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by American United Life Insurance Company, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

3. Information Certified by American United Life Insurance Company (continued)

The following table presents the fair value of participant directed investments in this Plan that were certified by American United Life Insurance Company. Individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013 are separately identified below:

Alger Large Cap Growth Port I-2	**$ 188,452**
Amer Cent Inc & Grth	**148,168**
AmCent Small Cap Value	**193,159**
Fidelity VIP Growth Inst	**181,343**

Vanguard Short-Term Federal	**396,118**
Other investments certified by American United Life Insurance Company	**393,128**
	$ 2,449,468

American United Life Insurance Company also certified the completeness and accuracy of the net appreciation in fair value of investments of $286,436 and the related interest and dividend income to the aforementioned investments of $22,307, for the year ended December 31, 2013.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value of $286,436 as follows:

Group annuity contract	$ -
Pooled separate accounts	286,436
	$ 286,436

3. Information Certified by American United Life Insurance Company (continued)

The following table presents the fair value of participant directed investments in this Plan that were certified by American United Life Insurance Company as of December 31, 2012. Individual investments that represent 5% or more of the Plan's net assets available for benefits are separately identified below:

Alger Large Cap Growth Port I-2	**$ 134,221**
AmCent Small Cap Value	**144,901**
Fidelity VIP Growth Inst	**126,470**
Group Annuity Contract	**741,891**

Vanguard Short-Term Federal	**369,724**
Other investments certified by American United Life Insurance Company	**405,176**
	$ 2,053,750

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for major categories of investments measured at fair value:

Level 2 Fair Value Measurements

The fair values of pooled separate accounts reported by the insurance company are measured based upon data provided by outside valuation service providers who in turn generally use the mean of bid and asked prices but may also use alternative observable pricing inputs for certain securities.

Level 3 Fair Value Measurements

The group annuity contract is a guaranteed investment contract with an insurance company and is not actively traded and significant other observable inputs are not available. Thus, the fair value of the contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations.

4. Fair Value Measurements (continued)

The Plan's investments, measured at fair value by the three levels of the fair value hierarchy as described above are as follows at December 31, 2013:

	Level 1	Level 2	Level 3	Fair Value
Assets:				
Pooled separate accounts	$ -	$ 1,680,039	$ -	$ 1,680,039
Group annuity contract	-	-	769,429	769,429
	$ -	$ 1,680,039	$ 769,429	$ 2,449,468

The Plan's investments, measured at fair value by the three levels of the fair value hierarchy as described above are as follows at December 31, 2012:

	Level 1	Level 2	Level 3	Fair Value
Assets:				
Pooled separate accounts	$ -	$ 1,311,859	$ -	$ 1,311,859
Group annuity contract	-	-	741,891	741,891
	$ -	$ 1,311,859	$ 741,891	$ 2,053,750

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the group annuity contract with the insurance company for the years ended December 31, 2013 and 2012:

Year Ended December 31, 2013:	
Balance, beginning of year	$ 741,891
Realized gains (losses)	22,307
Unrealized gains (losses) relating to instruments still held at the reporting date	-
Purchases	73,374
Sales	(68,143)
Transfers in and/or out of level 3	-
Balance, end of year	$ 769,429

4. Fair Value Measurements (continued)

Year Ended December 31, 2012:	
Balance, beginning of year	$ 645,848
Realized gains (losses)	21,938
Unrealized gains (losses) relating to instruments still held at the reporting date	-
Purchases	200,619
Sales	(126,514)
Transfers in and/or out of level 3	-
Balance, end of year	$ 741,891

5. Investment Contract with Insurance Company

The Plan entered into a benefit-responsive investment contract with American United Life Insurance Company ("AUL"). AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged with withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract as reported by AUL at December 31, 2013 and 2012 was $769,429 and $741,891, respectively. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any such events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

5. Investment Contract with Insurance Company (continued)

Contract value is also the fair value of the fund as the fund has no maturity date and because interest rates are reset quarterly as of the beginning of each calendar quarter, during which a new interest rate is applied daily to the total outstanding balance of the fund. Therefore, no corresponding adjustment is shown in the statement of net assets available for benefits since AUL reports that contract value is also the fair value of the contract.

The average yield and crediting interest rates for the year 2013 were 3.00% and 3.00%, respectively. The average yield and crediting interest rates for the year 2012 were 3.06% and 3.00%, respectively.

6. Related Party Transactions

Certain Plan investments are investments managed by AUL. AUL is the custodian as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. Total fees paid by the Plan for investment management and other services amounted to $954 for the year ended December 31, 2013.

7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan sponsors that the Plan is qualified and not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan administrator is not aware of any course of action or series of events, including amendments that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, no uncertain positions taken or expected to be taken would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax years in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed intent to do so, the employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination, all participants would become fully vested in their account balances.
