MAYDAY MANUFACTURING
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Mayday Manufacturing (the "Plan Sponsor") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time employees. Eligible employees may elect to make pretax salary deferral contributions. Employees must complete one year of service and be employed on the last day of the year to be eligible for the discretionary profit sharing contribution. The Plan is administered by the Plan Sponsor along with Nationwide Trust Company & Trust and Great-West Life Trust Company (the "Trustees"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to contribute up to the maximum amount allowed by Internal Revenue Service ("IRS") regulations for the Plan year. In addition, the Plan Sponsor may make matching contributions equal to 50% of participant deferrals up to a maximum of 6% of the participant's eligible compensation. No matching contribution is required and no matching contribution was made for the years ended December 31, 2013 and 2012. In addition, the Plan Sponsor may also make a discretionary profit sharing contribution in an amount determined by the board of directors on an annual basis based on Plan Sponsor profitability. The Plan Sponsor's discretionary profit sharing contributions were \$118,000 for 2013 and 2012.

If a participant reaches age 50 during the calendar year and is making the maximum Plan or IRS pre-tax contribution, they may make an additional "catch-up" contribution each pay period, up to the annual IRS dollar limit.

Rollovers

Rollover contributions consist of amounts rolled over by participants from another qualified plan as defined by the Internal Revenue Code ("IRC").

Allocation of Forfeitures

Forfeitures attributable to Plan Sponsor matching contributions and discretionary profit sharing contributions are used to reduce the Plan Sponsor's contribution or to pay Plan expenses. At December 31, 2013 and 2012, there were accumulated forfeitures of \$15,256 and \$-, respectively. Forfeitures totaling \$10,737 and \$1,137 were used to reduce the Plan Sponsor's contributions or to pay Plan expenses during the years ended December 31, 2013 and 2012, respectively.

Participant Accounts and Investment Options

Separate accounts are maintained in the name of each participant. Participants direct their contributions, matching Plan Sponsor contributions, and Plan Sponsor discretionary contributions to be invested in one or a combination of available investment accounts. Participants may change their investment directive at any time during the year directly with the Trustees. Each participant's account is credited with the participant's contribution, the Plan Sponsor's matching contribution, the Plan Sponsor's discretionary profit sharing contribution, an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions. Plan Sponsor matching contributions and Plan Sponsor discretionary profit sharing contributions are vested under the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants

The Plan allows participants to apply for and obtain notes in an amount defined in the Plan (no less than \$1,000 and limited to 50% of the participant's vested account balance provided such notes do not exceed \$50,000), from the balance of the participant's account. All notes must be repaid within five years unless the note is used to acquire the participant's primary residence in which case the term of the note may be set for a term of up to 15 years. The notes are secured by the balance in the participant's account and bear interest at a fixed rate of Prime plus 1% as of the date of the note's inception. Payments of principal and interest are credited to the participant's account.

Notes are in default when payments are not made by the end of the calendar quarter following the quarter in which the payment was due, if there is still an outstanding balance on the note's maturity date, or employment with the Plan Sponsor is terminated. In the event of default, the entire outstanding note balance, consisting of the missed payments, remaining principal, and all accrued but unpaid interest, will be reported to the IRS as taxable income. If a note has not been fully repaid by the end of its term, the outstanding balance will be treated as a deemed distribution, and will be reported to the IRS as taxable income.

Payment of Benefits

On termination of service, if a participant's account is less than \$1,000, the participant must receive a lump-sum amount equal to the value of his or her vested account balance. If the participant's account balance is between \$1,000 and \$5,000 and the method of distribution is not specified by the participant, an automatic rollover to an Individual Retirement Account is made. If the participant's account exceeds \$5,000, the terminated participant may elect to defer distribution until a later date (not later than their normal retirement date).

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative fees are paid by the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants shall be fully vested and shall receive a full distribution of the balances in their respective accounts.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis.

Use of Estimates

In preparing the Plan's financial statements in accordance with accounting principles generally accepted in the United States of America, the Plan Sponsor is required to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities and the reported increases and reductions of Plan assets during the reporting period. Actual results could differ from these estimates.

Fair Value of Financial Instruments

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Notes Receivable from Participants

The Plan allows participants to apply for and obtain notes in an amount defined in the Plan (no less than \$1,000 and limited to 50% of the participant's vested account balance provided such notes do not exceed

MAYDAY MANUFACTURING

\$50,000), from the balance of the participant's account. All notes must be repaid within five years unless the note is used to acquire the participant's primary residence in which case the term of the note may be set for a term of up to 15 years. The notes are secured by the balance in the participant's account and bear interest at a fixed rate of Prime plus 1% as of the date of the note's inception. Payments of principal and interest are credited to the participant's account.

Notes are in default when payments are not made by the end of the calendar quarter following the quarter in which the payment was due, if there is still an outstanding balance on the note's maturity date, or employment with the Plan Sponsor is terminated. In the event of default, the entire outstanding note balance, consisting of the missed payments, remaining principal, and all accrued but unpaid interest, will be reported to the IRS as taxable income. If a note has not been fully repaid by the end of its term, the outstanding balance will be treated as a deemed distribution, and will be reported to the IRS as taxable income.

Valuation of Investments and Investment Income

The Plan's investments are stated at fair value at December 31, 2013 and 2012.

Investment income consists of dividend and interest income. The net appreciation of investments consists of realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported based on historical cost.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

Under the Income Taxes Topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), the Plan Sponsor is required to identify potential uncertain tax positions taken, assess and quantify those positions and record reserves. As of December 31, 2013 and 2012 and for the years then ended, the Plan Sponsor has identified no uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2010.

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2014, the date the financial statements were available to be issued. See Note 8.

NOTE 3 – SUMMARY OF FINANCIAL DATA CERTIFIED BY TRUSTEES (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements, which was prepared by the Trustees, as of and for the years ended December 31, 2013 and 2012, and furnished to the Plan Sponsor. The Plan Sponsor has obtained certifications from the Trustees as of and for the years ended December 31, 2013 and 2012, that such information is complete and accurate.

NOTE 4 – INVESTMENTS

The Plan's investments are participant-directed accounts that are held by the Trustees. At December 31, 2012, Nationwide Trust Company maintained a pooled separate account, Nationwide Qualified Plans Variable Account, which invested in the specific funds elected by the Plan and included in the contract application. Investments that individually represent five percent or more of the Plan's net assets are identified below as of December 31:

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Observable inputs such as quoted prices in active markets;

MAYDAY MANUFACTURING
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

- Level 2 – Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 – Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- Pooled separate account: Valued based on the underlying investments traded on the inactive market.
- Fixed annuities funds: Valued based on observable inputs (assumptions obtained from independent sources).
- Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methods.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2013		
	Level 1	Level 2	Total

The above table as of December 31, 2012 describes the specific funds elected by the Plan that are maintained in the pooled separate account.

NOTE 5 – TAX STATUS

The Plan Sponsor adopted the Tailwind Technologies 401(k) Plan on January 1, 2011. The Plan obtained its latest determination letter on April 9, 2012, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Sponsor is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status and believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by the Trustees, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included as a reduction of the return on each fund. There are also indirect fees deducted directly from the investment earnings of the Plan.
