INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
CO Architects Retirement Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CO Architects Retirement Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Putnam Fiduciary Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes transactions. The Plan administrator has obtained certifications from the Trustee as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significant of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of or for the year ended December 31, 2013, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following brief description of the CO Architects Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

A) General

The Plan is a defined contribution plan covering all employees of CO Architects (the Company). Employees are eligible to participate in the Plan if they have completed six months of service and 500 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA).

The Plan allows for predecessor service credit of former Anshen & Allen Savings Plan employees for eligibility, vesting and plan allocations pursuant to the plan document.

Effective January 1, 2013, the Plan was amended to revise eligible compensation to exclude overtime pay and also revised allocation of forfeitures to be used to offset safe harbor contributions and plan expenses.

B) Contributions

Each year participants may contribute up to 100% of annual compensation, as defined in the Plan, not to exceed $17,500 for calendar year 2013. All eligible employees are automatically enrolled at a deferral rate of 3% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to an additional $5,500 for calendar year 2013. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan or through a self-directed brokerage account. Contributions are subject to non-discrimination rules as set forth in IRS code section 401(k).

The Company may elect to make discretionary safe harbor, matching, or profit sharing contributions. A participant must be employed with the Company on the last day of the Plan year to be eligible for that year's profit sharing contributions. During 2013, the Company made employer matching contributions of up to 5% of employee contributions. The Company also made a profit sharing contribution of up to 3% of participant plan compensation for non-key employees, less any matching contributions already made and forfeiture account re-allocation. During 2013 and 2012, employer matching contributions totaled $13,823 and $17,167, respectively, and employer profit sharing contributions totaled $143,830 and $117,410, respectively.

Note 1 - Description of Plan (Continued)

C) Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions as well as allocations of the Company's nonelective safe harbor and profit sharing contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D) Vesting

Participants are vested immediately in their contributions and the 3% nonelective safe harbor employer contribution plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100% vested after four years of credited service. Participants are immediately vested in the event of death, disability, or upon reaching age 65, with certain provisions for early retirement.

E) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The loan interest rate determined monthly is set at the prime rate, as defined; interest rates range from 3.25% to 8.0%. Principal and interest is paid ratably through monthly payroll deductions.

F) Withdrawals and Payment of Benefits

The Plan includes several sets of provisions for withdrawal or payment of benefits relative to a participant's age and circumstances, in compliance with provisions of the Internal Revenue Code. There are provisions for disability, death, hardship withdrawal, direct rollovers, lump sum benefit payments.

G) Forfeited Accounts

For the years ended December 31, 2013 and 2012, forfeited non-vested accounts totaled $417 and $3,317, respectively. These accounts will be used to pay future administrative expenses and reduce employer contributions. In 2013, employer contributions were reduced by $4,731 from forfeited nonvested accounts.

Note 2 - Summary of Significant Accounting Policies

A) Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Note 2 - Summary of Significant Accounting Policies (Continued)

A) Basis of Accounting (Continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for the collective trust is based on the net asset value of the funds as reported by the plan trustee. The Statement of Net Assets Available for Benefits presents the fair value of the investments in the collective trusts as well as the adjustment of the fully benefit-responsive investments in collective trusts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract basis for fully benefit-responsive investment contracts.

B) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

D) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS of $1,487 are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2013 excess contributions to the applicable participants prior to March 15, 2014.

Corrective contributions of $669 are also included in excess contributions payable. The corrective contributions were a result of the incorrect definition of plan compensation being used to calculate employee and employer contributions. Amounts were corrected subsequent to year end.

E) Payment of Benefits

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

F) Investment Valuation and Income Recognition (Continued)

The Plan's investments are reported at fair value less costs to sell, if significant. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. The Plan's interest in the collective trust is valued based on information from the audited financial statements of the collective trust at year end.

Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

G) Effects of New Accounting Pronouncements

In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements*. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of ASU 2012-04 did not have a material impact on these financial statements.

Note 3 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 4 - Information Certified by the Trustee

The Plan administrator has obtained certifications from the Trustee that information provided to the Plan administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Putnam Fiduciary Trust Company, the Trustee of the Plan, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

Note 4 - Information Certified by the Trustee (Continued)

The following table presents the investments in this Plan that were certified by Putnam Fiduciary Trust Company at December 31, 2013 and 2012. Single investments representing more than 5% of the Plan's net assets as of December 31, 2013 or 2012 are separately identified.

Common collective trust	20,105	30,499
	$ 1,164,054	$ 656,362

Note 5 - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Stable Value Fund common collective trust: Valued using the NAV which is based on the fair value of the collective trust's underlying investments as reported by the audited financial statements of the trust at year end.

Mutual funds: Valued at the daily closing price as reported by the Fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 5 - Fair Value Measurements (Continued)

Common stocks and exchange-traded funds (ETF): Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no significant transfers in or out of Levels 1, 2, or 3.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013.

Note 5 - Fair Value Measurements (Continued)

(a) This category includes a stable value collective fund whose objective is to provide a competitive yield with minimal market-related risk through investing in a variety of guaranteed investment contracts, security-backed investment contracts, and money market instruments. The investment in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. The fair value of the investment in this category has been estimated using the net asset value per share of the underlying investments.

Note 6 - Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Putnam Fiduciary Trust Company. Putnam Fiduciary Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code; therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.
